SPECIAL NOTICES.

ASTHMA.—The most distressing forms of this complaint arise from irregular nervous stimulation, causing in the end, enlargement of the air-cells, and spasmodic contraction of the air-tubes on the slightest provocation. The PERUVIAN SYRUP equalizes the circulation, calms the nervous symptoms, and restores the equilibrium of the nutritive powers.

R. R. R.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus Ivy, a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—has finally been cured with **R. R. R. RELIEF.** In the month of December, 1857, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1858, when he went to Manaroneck, to put up some country seats, where, by exposure, he was prostrated with fever and ague. He was treated according to the old mode of treatment, which made him worse—came back to New York, took the Ready Relief and Regulators; was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by himself and bungling a new-fangled cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 June street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M. it was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietor, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ringworm, Barber's Itch, Boils, Blotches, Pimples, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

The Original and Only London Gin Imported. THIS GIN, Distilled in London, rum sound and Brilliant, is manufactured under the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable recipes for the Stomach of any other kingdom, rendering it in the opinion of great numbers of men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin of Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, INDIGESTION, LIVER COMPLAINT, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, in the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., while the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "best and superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as to travellers exposed to changes of water and air.

For sale in quarts at seventy-five cents, and in pints thirty-eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—Non Ozza is Imported.

May be bought in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 2 Cornhill; S. K. Pocker, 20 Elm st; J. Moran, 136 Hanover st.; M. L. Davis & Co., 2 Winter st.; E. LOCAL.

NUISANCES.—We copied a few days ago, an article from the Ballot, about slaughter house nuisances.—The Gazette suggests that the sufferers can get the owner indicted. Perhaps they can:—but there ought to be a shorter course than that. We think there is. A man in Boston fell down the cellar stair way of the Traveller office; and he sued the city, and recovered damages! Another broke his leg by slipping on an icy sidewalk, and sued, *not* the owner of the house near by, but the city, and got his money.

In this city, a man fell into a hole, left in a railroad crossing, and got his remedy by action for damages against the city.

We suppose the men who suffer most from the slaughter house or stable drain nuisances, have a similar remedy by suit against the city. We are not positive,—but it seems reasonable.

☞ A spirited horse belonging to Mr. J. G. Rand, while drawing a sleigh (in which were two young daughters and a little son of Mr. R.) down High street, Tuesday afternoon, became frightened by the giving way of the whiffle-tree bolt.—One of the girls fell out, and the horse ran, kicking across Market Square, down Daniel Street, and threw the sleigh against a post in front of Mr. Rand's house, which threw the other children out—but none of them were hurt. The horse then ran around through State and Pleasant streets, and fell at Mr. Peyser's store, and was soon after caught—the sleigh being entirely smashed in the run. The little boy managed the horse skilfully and bravely, and of course must have drawn the whole load by his arms till he was dashed out—which but for his coolness would have happened. A large crowd were delighted to learn that neither of the little riders were hurt.

☞ The Mercantile Fair "opened rich" last evening—and was well attended, of course. The Tableaux are well worth the ticket, to say nothing of an opportunity to hear the Granite State Bards, and invest a few quarters in a good cause. New programme this evening.

Contributions to the Fair may be left at Jefferson Hall to-day and to-morrow.

☞ We learn that the Rockingham House was entered on Saturday night, and robbed of about $150 worth of silver ware, which was abstracted from a drawer in the lower part of the house.

☞ The bill of mortality for November shows the number of deaths to be thirteen, as follows:

Males five—aged 11 years, 23, 32, 37, and 87.

Females eight—aged 3 mos., 10 mos., 6 years, 42, 64, 67, 72, 78.

☞ The Continental Harmonists (Old Folks Choir) Rehearse at Exchange Hall on Thursday Evening, Dec. 8th, at 7;—Sunday Evening, 12th, at half-past 6.

"SHELLS OF OCEAN."—Mr. McClusky is now in this city for a few days—offering to our citizens a variety of most beautiful Sea Shells at reasonable rates. It is a rare opportunity to procure exquisite ornaments.

[For the Chronicle.]

SIGNIFICANT.—Exeter, the home of Gilman Marston, Esq., sends six Marston delegates to the Congressional Convention at Dover, headed by Hon. John Sullivan, Attorney General of New Hampshire; and Sandbornton, the residence of Hon. James Pike, present Representative from this District, in Congress, has elected four Marston delegates. We learn that two other towns, in Belknap county, have chosen Marston delegates. And all these towns have elected Goodwin delegates for Governor.

RAYMOND.

☞ Particular attention is invited to a column of progressive democracy on our 4th page this morning, copied from the New Hampshire Gazette of last Saturday. Hon. Jefferson Davis, of whom the Gazette now speaks so contemptuously and so truly, is precisely the same man, and just such a man, to-day, as he was when he occupied the important post of Secretary of War under President Pierce.

He is the same man who went into Maine and Massachusetts before their elections, to tell men how they ought to vote, so as to be National Democrats.

And he is the same man who called on President Buchanan as he went home, and then blazed out with the speech which the Gazette blows up.

The whole Tableaux offers a great view of harmony, as well as progress.

A quack doctor, on his death bed, willed all his property to a lunatic asylum, giving as a reason for doing so, that he wished his property to return to the liberal class who patronized him.

MARRIED.

In this city, on Tuesday Evening, Nov. 7th, by Rev. Prof. Holmes, Mr. JAMES B. YEATON to Miss SUSAN EMMA TRIP.

In Manchester, Edwin O. Smith of M., to Lucy A. Smith of Unity.

In Des Moines, Iowa, Joseph A. Stickney, formerly of Great Falls, N.H., to Asenath H. White, of Newport.

DIED.

In Kittery, Dec. 4th, Miss Mary Hussey, aged 18 years, daughter of Mr. Daniel Hussey.

In Plainfield, Susan C. Freeman, aged 50 years, wife of Enoe Spaulding.

THE BERKS ELECTION.—The last election in Berks county, Pennsylvania, is more remarkable than the preceeding. The majority is much greater, and the character of the opposition candidate makes the victory a more marked rebuke to the Administration. The Pennsylvanian (Mr. Buchanan's organ) says:

It will not be alleged that Gen. Keim is a Democrat. He has been a life-long and consistent opponent of Democratic men and measures. He was nominated by the opposition, ran as their candidate, the exponent and defender of their principles, and the bitter antagonist of every doctrine of the Democratic party. He does not differ with the party *alone* on the Kansas policy of Mr. Buchanan, which was the only point the opponents of Mr. Jones affected to antagonize the national organization upon. Gen. Keim is a full-feathered Black Republican, and stands beside Seward on the Rochester platform. Yet this man was voted for and elected by men claiming to be democrats, and some of whom are holding office under the State administration.

A DISLOCATED NECK.—The Oxford, Me., Democrat speaks of a child in Woodstock, who had its neck put out of joint by falling down stairs. The neck was dislocated at the second vertabræ, and the head was so turned back that the face and neck were set at right angles. A doctor was called who succeded after much effort in placing the head in its proper position, but the muscles drew it immediately back again. Chloroform was then employed to relax the muscles, and after a length of time, the head was replaced, and remained. The child continued comfortable, and has entirely recovered.

☞ Rev. B. U. Onderdonk, formerly the Bishop of the diocese of Pennsylvania, died in Philadelphia, on Monday.

☞ Mr. Letcher has been nominated for Governor in Virginia by the democratic convention.

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentlemen in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomium, nor useless puffery from the press:

BATH, ME., Jan. 20, 1856.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy than it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the fifteen years, and am known to nearly every one here and many towns. Any one can use or make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.

BALTIMORE, JAN. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.

WM. DYER.

Brookfield, Jan. 12, 1852.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood: and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

ASSASSINATION OF NAPOLEON III.

By the last steamer we learn that what has been predicted by many, feared by some, and hoped for by others, has finally taken place, viz:—That they *manufacture* and sell more Cloaks and Raglans at Messrs. Allen & Paine's than at all the other stores together in Portsmouth. Also that they sell their garments and Ladies' Cloths, Broadcloths, Beavers and other Cloak goods, at much lower prices than any one else.

PERPETUAL MOTION DISCOVERED.—They are manufacturing *twenty-five Cloaks* per day, and some days are unable to meet the demand, so great is the rush for them in consequence of the *latest styles, best of work*, and *very* low prices at which they are sold, at the establishment of Messrs. Allen & Paine.

OUR NEXT PRESIDENT.—Our lady readers when they want a *nice fitting* garment go to Messrs. Allen & Paine's and have one made.—These go-a-head young gentlemen cut and make them right in their own store—and having a full new stock of Beaver and Broadcloths, in Black, Drabs, Peach Brown, &c., they are *sure* to *suit every customer*.

☞ A splendid new Sleeve and Collar pattern, for the *scolloped Raglan*, just received by Allen & Paine.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

From the N. H. Gazette.

Jefferson Davis and His Return Speech.

We have until recently entertained a high estimation of the ability and statesmanship of the late Secretary of War, Hon. Jefferson Davis. He spent a considerable portion of the past summer in Maine, and we frequently heard from him in the way of speeches and letters. His tone was national, Democratic and highly conservative. The sentiment of his political expressions was such as to commend itself to the thinking and honest portions of all parties. We heard him in Faneuil Hall, and published a considerable portion of the speech which he made there, and although it was not as explicit on some matters as would have been desirable, still we could discover nothing in it at which a Democrat could rightfully cavil, nothing out of which our opponents could make any capital against us. We were rejoiced that Jefferson Davis, the reputed fire-eater and slavery propagandist, was not, after all, the impracticable, ultra, pro-slavery fanatic which he had been represented to be. We believed, in our simplicity, that the enthusiastic and eloquent eulogium passed upon him by Caleb Cushing on that occasion was well deserved. Such was Jefferson Davis at Faneuil Hall. But Davis has gone home, and delivered to his constituents at Jackson, Miss., a very different sort of speech from those which filled his mouth when figuring as a Union-lover at Augusta, Portland and Boston. Among the first of the pretty things he felt it necessary for him to get off, when on his own dung-hill, feeling himself secure against the hisses and kicks of the Northern Democracy, was a tirade against Stephen A. Douglas, whom he denounced in quoting a portion of a speech made by himself while in Maine, in defence of popular sovereignty. Davis declared that Douglas and Lincoln were too much alike for him to care whether the one or the other conquered—he rather "hoped they would make a Kilkenny fight of it, and neither be left to proclaim the victory." If we recollect right, Mr. Davis in Faneuil Hall rejoiced greatly that he could stand there and elsewhere before an audience of New England Democrats, and proclaim the same principles, and enforce them with the same arguments and illustrations which he should utter at home before his own constituents. We should have enjoyed being present at some meeting of the Democracy of this State or of the State of Maine, and witnessed the manner in which his denunciation of Senator Douglas would be received. The gallant Colonel would have occasion to remember the effect produced by such a speech longer than he would care to; for we fancy the labors of the orator would come to a termination more sudden than graceful, and he would learn that the Democratic "mud-sills" of the North have strong voices and wear pegged boots, generally.

After denouncing Douglas, Davis attempts a review of Seward's speech, which, bad as it is, is complimentary and liberal compared with Davis' fire-eating harangue. Contemplating the probability of the election of a Republican President, this is the advice that Davis gives to the people of his State—remember this is from the man who went over New England a few months ago, shouting "Hold! cannot as the Union, peace and good will to all men!"

"He advised the people of the South to turn their old muskets into Minnie rifles, prepare powder, shot, shell, ammunition of all kinds, and fortifications, so as to be ready against any emergency. Get skilled artificers who could cast cannon, make guns, and manufacture all the necessary implements of warfare; that this was but the part of prudent precaution. *Its effect would be to strengthen and not weaken the bonds of the Union*—to cement, and not separate the States."

Now it strikes us that that sort of talk has a good deal of "the music of the Union" in it—over the left. Had Seward gone so far as this, and urged the people of New York to make warlike preparations to resist the operations of the present Administration, we apprehend that a storm would be raised about his ears that would make him an uncomfortable philosopher for a while; indeed, we are not sure but his arrest as a common brawler would follow such a tirade as that, unless the speaker could shield himself under a plea of war troops, and get into the asylum instead of the jail.

We should not have said so much as we have about this speech, had we not observed an attempt in defence of its atrocious sentiments to assume a Democratic contemporaries. To our mind it is clear, that the people of this Union must discard such sectionalists as Jeff. Davis and his senatorial colleague, Brown, on the one hand, and Seward, Lincoln & Co. on the other, and rally upon conservative and patriotic statesmen who will leave these to froth and foam and talk about blood, and cannon powder and shot, to the dirty crowds who like to hear such folly, and will applaud the disgraced harlequins with their empty bravos. We are sick of such intemperate fustian, such foolish and wicked threats and menaces on either hand. The Democracy of the North and West is strong enough to stand between the bellicose fanatics of both sections, and preserve the peace; though perhaps it would be better to let them have a tilt at each other; a few thousand knocked over on both sides would be to the advantage of the Union.

☞ Moses Kimball, Esq., the proprietor of that excellent place of recreation and instruction, the Boston Museum, has been nominated for Mayor of Boston by the Republicans of that city. He will be elected, for the people of that city have got thoroughly tired of the "no party" government, which not being responsible to anybody, has gone on recklessly and increased the expenses and fooled away the resources of the city. We regret that Kimball is not a Democrat, but we are sure he is full as near a Democrat as the "eminent gravity" old fogies in specs, who have been recently elevated to high places in the city government by the aid of Democratic votes. Kimball is, we understand, a "Popular Sovereignty" Republican, and will be found on the white side, when the line is drawn, as it soon will be, between the discordant elements of Republicanism.

MORE TO BE ADMIRED THAN THE
RICHEST DIADEM
Ever worn by Kings or Emperors.
What? Why a Beautiful Head of Hair.
BECAUSE it is the ornament *God himself ordained* for all our race. Reader, although the rose may bloom ever so brightly in the glowing cheek, the eye be ever so sparkling, the teeth be those of pearls, if the head is bald or thin, covering, or the hair be snarled and shriveled, *dirty and dry*, or worse still, if sprinkled with gray, nature will have more than half lost her charm. Prof. Wood's Hair Restorative, if used two or three times a week, will restore and permanently secure to all such an ornament. Read the following, and judge. The writer of the first is the *celebrated Pianist, Thalberg:*

New York, April 19, 1858.

DR. WOOD:—*Dear Sir,*—Permit me to express to you the obligation I am under for the entire restoration of my hair to its original color; about the time of my arrival in the United States it was regular gray, but on applying the first bottle of your 'Hair Restorative,' it soon recovered its original hue. I consider your Restorative as a very wonderful invention, quite efficacious as well as agreeable. I am, dear sir, yours truly,
S. THALBERG.

"Drych a'r Gwyllelydet."
Welsh Newspaper Off., 13 Nassau st., Apr. 12, '53.
PROF. O. J. WOOD:—*Dear Sir.*—Some month or six weeks ago I received a bottle of your Hair Restorative and gave it to my wife, who consulted to try it on her hair, little thinking at the time that it would restore the gray hair to its original color, but to her as well as my surprise, after a few weeks' trial it has performed that wonderful effect by turning all the gray hairs to a dark brown, the same time beautifying and strengthening the hair. I strongly recommend the above Restorative to all persons in want of such a change of their hair.
CHANSAY DAVIES.

New York, July 28, 1857.
PROF. O. J. WOOD: With confidence do I recommend your Hair Restorative as being the most efficacious article I ever saw. Since using your valuable preparation my hair and whiskers which were almost white have gradually grown dark; and I now feel confident that a few more applications will restore them to their natural color. It also has relieved me of all dandruff and unpleasant itching, so common among persons who perspire freely.
J. G. BLAKE.

CHICAGO, Ill., May 1, 1857.
PROF. WOOD—About two years ago my hair commenced falling off and turning gray; I was fast becoming bald, and had tried many Remedies to no effect. I commenced using your Restorative in January last. A few applications furnished my hair firmly. It began to fill up, grow out and turn back to its original color, (brown,) and this time it is fully restored to its original color, health, and appearance, and I cheerfully recommend it to such as need it.
J. D. HOGS.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 30 per cent more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

YOU HAD BETTER TRY
MY MOTHER'S SALVE
This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their numerous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.
"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.
"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.
"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.
"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.
Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck.

UNITED STATES AND FOREIGN
PATENT AGENCY.
SAMUEL COOPER,
Late Principal Examiner of Patents in the United States Patent Office, at Washington,
HAS REMOVED HIS OFFICE TO
WEBSTER BANK BUILDING,
13 EXCHANGE STREET, BOSTON.
PATENTS secured in the United States, and in all other patenting countries. Specifications and drawings prepared. Caveats filed.—Reconsiderations procured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Reissues and extension procured, and in general, all business connected with the Patent Office transacted with care and promptness.
British and other foreign patents procured through prompt and confidential agents in London and Paris.
Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of visiting Washington.
He begs leave to refer those unacquainted with him to the following testimonials:—
From Hon. Chas. Mason, Commissioner of Patents.
U. S. PATENT OFFICE, Feb 23, 1855.
I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted
CHARLES MASON, *Commissioner.*
From the Examiners of the Patent Office.
The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

L. D. GALE,
S. H. LANE,
T. R. TWEED,
THOS. T. EVERETT, } *Assistant Examiners.*
F. SOUTHGATE SMITH,
WM. C. LANGDON.
From long acquaintance and intimate official relations with Mr. Cooper, I fully and heartily concur in the foregoing recommendation made by my late colleagues. W. P. N. FITZGERALD,
Late Principal Examiner of Patents.

Morning Chronicle.

THURSDAY, DECEMBER 9, 1858.

☞ In the U. S. *Senate*, on Tuesday, Dec. 7, Mr. Wilson gave notice of his intention to introduce a bill to appropriate one million acres of the public lands for the support of the free public schools of the District of Columbia.

Mr. Gwin moved to take up the Pacific Railroad bill, but objection was made.

Mr. Cameron gave notice of a motion for a pension to the widow of Gen. Persifer F. Smith, and Mr. Seward gave a similar notice in behalf of Mrs. Myra Clark Gaines. The Senate adjourned till Thursday.

In the *House*, Gen. Keim, elected in place of Glancy Jones, was sworn and took his seat.

The House took up the resolution requesting the President to take such steps as may, in his judgment, be best calculated to effect a speedy abrogation of the Clayton-Bulwer treaty. [This resolution was at the last session reported from the Committee on Foreign Affairs.]

Mr. Ritchie of Pa. moved to lay the resolution on the table. Negatived—90 against 93.

The three New Hampshire members voted yea.

The resolution was referred to the Committee of the Whole.

Mr. Billinghurst of Wis. moved to reconsider the vote by which yesterday Mr. Curtis's bill for a Central Pacific Railroad was referred to the select committee on the subject. Disagreed to—yeas 48, nays not counted.

Mr. Otero of New Mexico introduced a bill to grant lands to New Mexico, Kansas and Missouri for railroads therein.

Mr. Bernhisel of Utah offered a resolution, which was adopted, instructing the Committee on Military Affairs to inquire into the expediency of refunding to Utah the expenses incurred by said territory in suppressing Indian hostilities in 1853. Also, instructing the same Committee to enquire into the expediency of constructing a military road from Bridger's Pass to Salt Lake city.

Mr. Stevens of W. T. offered a resolution, which was adopted, instructing the Committee on the Military to inquire into the expediency of constructing a wagon road from Fort Arbuckle to Seattle, Puget's Sound, W. T., and the survey of the Upper Missouri and Columbia rivers for military purposes. Adjourned till Thursday [to give time to arrange committees.]

The Democrats generally, in the House on Tuesday, voted against the resolution for laying the Clayton-Bulwer treaty on the table. The sending it to the Committee of the Whole was to give an opportunity for discussion.

☞ A shocking accident occurred in Portland on Saturday afternoon, by which a little girl, five years old, daughter of Mr. Nathan W. Smith, was so dreadfully burned that she died in a few hours. The girl had been left fastened in a room with her younger brother while their mother was temporarily absent, and it appears that in attempting to light a lamp her clothes caught fire, as did also the clothes of the little boy. A man who was passing heard their screams and attempted to burst in the door, but failing went to the window, broke in the sash and drew the girl enveloped in flames, into the street. He tore her clothes from her, badly burning his own hands and arms, but the injuries she sustained were such that she died about 10 o'clock in the evening. The little boy was only slightly burned.

☞ Dr. Wayland is opposed to the erection of expensive churches, and the employment of ministers at high salaries, because in this way the masses of the people are excluded from the church, and turned over to the devil. He says that "if we keep on in our present course, building expensive churches, and keeping up our expensive worship, our population will all be heathen" eventually. Rich Christians will gratify their pride, however, at whatever sacrifice to the religious interests of others.

☞ It is said that a young lady, the daughter of a highly respectable citizen of Washington, took the veil at a convent in Georgetown; but becoming dissatisfied, ex-President Pierce, who was a friend of the family, interceded through Lewis Cass, Jr., Minister at Rome, with the Pope, and a "dispensation" was obtained, which released the young lady of her vows.

☞ The Worcester Transcript mentions an instance of newspaper enterprise, of which we had not before heard, as follows:

When the Tract Society held its stormy meetings last spring, admission was refused to reporters. Only members of the society, made such at $100 a head, could enter. The morning of the meeting, the Tribune and the New York Times, finding admission on other terms impossible, each sent a hundred dollars and made their reporters life members; and the Secretaries finding these reporters thus fairly in, admitted the rest of free grace.

THE TALK.—The city talk, in political circles, for a few days past, says the Manchester Mirror, has been the conversion of B. B. Banker, a lawyer in that city, to Republicanism. No man has been more intensely hated and despised by the party whose "fond embrace" he is now courting. Of course, now, the Democrats look upon him in the same light. But he is used to the rough-and-tumble of politics, and will take the kicks of his former political bedfellows, philosophically—says the Mirror.

SCHEME DEFEATED.—The proposition of Mrs. Harrison Gray Otis, to visit the Boston public schools, make addresses, and take such contributions as the scholars might make in behalf of the fund for the Mount Vernon purchase, was defeated in the School Committee by a vote of 15 to 31.

If it had prevailed, the schools would have been bored by beggars and talkers of every stripe.

☞ The financial secretary of the Church South gives utterance to the following:—

"We must take the ecclesiastical oversight of the country. This is the legitimate business of Methodism. We ought to have done this, in a great measure, long ago. We must do it. It is our business, our mission. We were sent into the world by the Almighty on that errand.—We are going to do it."

Whereupon, a contemporary adds:

"It must be remembered that the M. E. Church South, holds about two hundred thousand of whom none are able to read and write—and that it was as unable at its last General Conference to express an *opinion* for or against the African slave-trade. Some will be foolish enough to think that such a church will have about enough to do if it properly oversees its own affairs—especially its 200,000 slaves."

BURNING OF A CHURCH.—St. Michael's Church, Episcopal, in Bristol, R. I., was destroyed by fire on Sunday evening, the flames having caught from a furnace in the east end of the building. The loss is about $25,000, on which there was an insurance of $10,000, $1,000 of which was on the organ. The edifice in which this church worshipped was one of the oldest in Rhode Island, having formed in 1719.

RASCALITY PUNISHED.—Every member of the Wisconsin Legislature or Executive department who was a party to the infamous land bribery in that State, and who offered himself as a candidate for office at the recent State election, was defeated, with one exception, although in many instances they were wealthy and influential.

The Phrenological Journal. Devoted to phrenology, human nature, education, self-improvement, biography (with portraits), mechanism and the natural sciences. Monthly, at $1 a year in advance.

The Water-Cure Journal and Herald of Reforms. Devoted to physiology, hydropathy, and the laws of life and health: with anatomical and other engravings, illustrating the human system; with familiar instructions to learners. It is emphatically a guide to health and longevity.—Monthly, at $1 a year in advance.

Life Illustrated, a first-class pictorial family newspaper, devoted to entertainment, improvement and progress. Weekly, at $2 a year.

All the above are widely known and highly esteemed by a large and increasing class of readers. They are all published by Fowler & Wells, New York. All begin new volumes with the New Year.

☞ The Boston Daily Advertiser has become the property of Mr. Charles Hale. He will be assisted in his editorial labors by his honored father, who has been connected with the paper more than forty-four years. The Advertiser, we rejoice to learn, is now enjoying a large share of public support. We congratulate the new proprietor upon its present prosperous condition, and wish him the most abundant success.

☞ Godey's Lady's Book for New Year contains three steel engravings, one of them colored; sixty engravings; fifty-eight articles; one hundred pages reading, and eleven full length figures of fashions. Louis A. Godey publisher, Philadelphia.

☞ The New York Journal of Commerce and the Portsmouth (Va.) Transcript endorse and approve the speech of Hon. Jefferson Davis, as sound and fair; though the same document and doctrines are condemned by the Bath Times and Portsmouth (N. H.) Gazette.

The "good will" of any enterprise may be likened to the wag of a dog's tail. You can buy the tail, but not always the wag thereof.

The ugliest of trades, said Jerrold, have their moments of pleasure. Now, if I were a grave digger, or even a hangman, there are some people I could work for with a great deal of enjoyment.

CHURCH MUSIC.—These seems to be a strange mistake as to the uses of church music, as well as to those of preaching.—We believe that the popular notion, in both cases, is that the uses are twofold: the display of the performers and the amusement of the hearers. There is, however this difference between the two cases: the preachers, as a body, dissent from the popular view; while the musicians have almost without an exception adopted it. Did the clergy fall into the same error, the mischief would be incalculable. As it is, the prevalence of these notions among the laity, whether musicians or not, produces enormous evils. Yet it seems impossible to make the great body of church goers understand the the principles of public worship. Preaching indeed is not a public worship, although it is a divinely authorized act united to it.—But music is a part of public worship itself. Yet both are notoriously regarded as amusements, for the enjoyment of which people go to church. That is, the enjoyment of the delights of music and eloquence has come to be regarded as the final cause of church-going, if not of churches. The public worship is a mere accessary.—*Monitor.*

CITY ELECTIONS.—The experiment of running "independent" or "citizens' tickets" for city officers, has been tried in nearly every city in Massachusetts, and has failed. This is shown by the fact that in nearly all of them, this year, nominations have been made in the old way upon political grounds. On Monday, the Republicans carried, by large and satisfactory majorities, the cities of Chelsea, New Bedford, Lawrence and Springfield.—*Atlas.*

PRONUNCIATION.—Sheridan agreed with Walker about the word wind—pronouncing it wynd; but differed from him with respect to gold, which he would pronounce goold. Sheridan tells us that Swift used to jeer those who pronounced wind with a short *i*, by saying: "I have great a mind'd to find'n why you pronounce the word wind'd. An illiberal critic retorted this upon Mr. Sheridan, by saying: "If I may be so bould, I should like to be toold why you pronounce it goold!"

DOUGLAS MEETING IN NEW ORLEANS.—*New Orleans, Dec.* 6.—The Douglas mass meeting to-night is one of the largest and most enthusiastic ever witnessed in this city. Odd Fellows Hall was filled to its utmost capacity before the hour appointed for the organization, and many thousands crowd Lafayette square and the adjoining streets. Hon. Mr. Soule presides over the meeting.

Senator Brown benevolently expressed his willingness to extend the blessings of slavery even to the Yankees. If the distinguished gentleman would take a trip this way, and see how readily some people change their fronts, and swear white is black and black is white, to be sure of being on the same plank with Messrs. Hammond and Davis, he would no longer talk about *sending* slavery here.—*Bath Times.*

☞ Judge Samuel M. Hart, of Cincinnati, died on Thursday last of injuries received the day before by attempting to spring upon a train of cars in motion.—Judge Hart was serving his second term as City Solicitor of Cincinnati.

☞ The exercise of "snow shoveling" is a favorite sport in Montreal in the winter season. A silver cup, the gift of General Sir William Eyre, is to be competed for this winter by the Montreal Snow Shoe Club.

RUM'S DOINGS.—On Saturday night, Mrs. Catharine McNerney, aged thirty years, and living at 53 Bennington street, East Boston, was found dead in her bed with a bottle of rum beside her. She died from the effects of rum, and leaves three small children.

☞ The Augusta Age has an article in relation to the late manifestations of Disunion in Mississippi. The Age remarks that Senator Davis that he "is a *Mississippian* and not an *American*"—a "*State*-man and not a Statesman."

☞ The daughter of Mr. David Pettengill of Loudon, aged about nine years, on the first instant, was playing with the fire in an open fire-place, when her clothes took fire, and before the fire could be extinguished, she was burnt so that she survived but a few hours.

Bonner, of the New York Ledger, has in his arrangement for the publication of the Mount Vernon papers, only acted upon the suggestion of Judge Story many years since, that "fame follows applause where *Ever-cit* goes."—*Louisville Journal.*

A barrel of rot gut whisky was seized one day last week, somewhere in Berkshire county, and a gentleman, who thought he would see how much it contained, inserted his cane throught the bung hole, and upon drawing it out the paint and varnish had entirely disappeared!

He who hates his neighbor is miserable himself, and makes all around him feel miserable.

Imitations please, not because they are mistaken for realities, but because they bring realities to mind.

A CARD TO THE LADIES.

DR. DUPONCO'S

French Periodical Golden Pills,

FOR FEMALES;

Infallible in Removing Stoppages or Irregularity of the Menses.

THESE Pills are nothing new, but have been used by the Doctor for many years, both in France and America, with unparalled success in every case; and he is urged by many thousand ladies who have used them to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these Pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to health; otherwise these Pills are recommended. Full and explicit directions accompany each box.

Price $1. Sold in Portsmouth by JOSEPH H THACHER, in Dover by Chas A. Tufts, in Exeter by C. A. Merrill, and in Newmarket by J. A Prendergast. They will supply dealers at the Proprietor's prices, and also send the Pills to the Ladies (confidentially) by mail to any part of the city or country, on receipt of $1 through the Post Office.

N. B.—Ladies will be particular in asking for *Dr. Duponco's Golden Pills.* Observe the signature *J. Duponco* is upon each box. You will then obtain a Pill you can rely upon.

J. DUPONCO, Proprietor.

SPECIAL NOTICES.

ASTHMA.—The most distressing forms of this complaint arise from irregular nervous stimulation, causing in the end, enlargement of the air-cells, and spasmodic contraction of the air-tubes on the slightest provocation. The PERUVIAN SYRUP equalizes the circulation, calms the nervous symptoms, and restores the equilibrium of the nutritive powers.

R. R. R.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L—, a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism, and finally been cured with **R. R. R. RELIEF.** In the month of December, 1852, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was able to attend to his business the next morning. He continued well until the beginning of April in 1853, when he went to Manaroneck, to put up some cottage buildings, and by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which made him worse—came back to New York, took the Ready Relief and Regulators; was cured entirely in thirty-six hours! On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about them three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as infallible as fate. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending any public assembly.

The original recipe has been purchased by the present proprietors, and is guaranted to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes Tan, Sun Burn Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED. THIS GIN, Distilled in London, from second Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and of some of the more valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid quality which makes the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, GENERAL DEBILITY and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., which the weaker sex will find by its adoption some relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the celebrated medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in bottles at one dollar, and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'—NONE OTHER is genuine.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 1 Cornhill; S. E. Pecker, 26 Elm st; J. Kendall, 1 Adams square st; M. Davis & Co., 57 Blackstone st; R. LOCAL.

THE DAILY CHRONICLE at Portsmouth is now in its 13th volume—the only Daily in New Hampshire; and though it publishes no telegraphic record, it contrives by close attention to local matters, to make a racy and always welcome sheet.—*Bath Times.*

Not exactly correct, Br. Times—there are two other Dailies in New Hampshire, the Mirror and the American, at Manchester—one of which, the Mirror, is a year or two older than the Chronicle. It is important, in all enterprises, to have good opinion of yourself; and still more desirable, for success, to have the good opinion of others, on whom you depend for support. We needed no more confidence in the result of our efforts, at the outset; but the half dozen years of publication of the Chronicle, have established it in the minds of our citizens generally, as a permanent institution of the city—which we regarded it from the start.

And not least pleasant among the many agreeable incidents of our experience, are such favorable notices from our brethren of the press, of all parties, as that we copy above. We deem the Bath Times, which is a Democratic Daily, one of the most racy of our exchanges; as is evinced by our frequent extracts from it—and the voluntary endorsement of so able and successful a journal, we deem as no small compliment.

As to telegraphic intelligence, or rather telegraphic matter, it would not pay us for the labor and expense—as we amply tested at the commencement of our Daily. The strong hold of the Chronicle on the esteem of the public, was never better illustrated than when the price was raised from $3 to $4 per year, without decreasing its circulation or growth. The Bath Times is $5 per year—and cheap at that.

EASTERN RAILROAD.—We notice that the managers of the Eastern Railroad have, with due regard to the wishes of the patrons of the Saugus Branch, placed upon that road an additional train each way, which affords residents on the line of the branch liberal facilities for reaching Boston through the winter. Arrangements are being made for excursion trains from several towns and cities to hear Picolomini in Boston. Some of the places on the line of the road, from whence parties intend visiting the opera, are farther from Boston than our own city. Have we not enterprise and musical taste enough in Portsmouth also, to collect together three hundred people who would enjoy an excursion of this character? **

☞ Mercantile Fair at Jefferson Hall this (Thursday) evening—doors open at half past 6. The Tableaux are very fine, the Bards furnish good singing, and the ladies are very agreeable—if you patronize them well.

☞ A little brass dollar, counterfeit, purporting to be gold, is in circulation here. Look out for them, and take $1 bills of our own banks in preference. We think the brass dollars came here in the pockets of two brazen-faced young men whom we saw on Market square last Friday or Saturday.

REPUBLICAN TRIUMPH IN NEW YORK.—*New York, Dec. 8.*—Our city election yesterday resulted as follows: Hawes, Republican, is chosen Comptroller, he having 32,000 votes against 11,000 for Purser, the Tammany candidate, and 11,000 for Rossell, anti-Tammany Democrat, round numbers. Of the nine Aldermen elected, five are Republican and four Tammany men. Charles Brooninghauser, Republican, and Isaac Townsend, Democrat, are chosen Almshouse Governors. Of the school officers a majority are Republican.

The Police Commissioners received information last evening that an attempt was to be made by certain individuals to burn the Comptroller's office. A large force of policemen were on guard all night.

MARRIED.

IMPORTANT TO
TOBACCO CHEWERS.
DR. GUSTAV LINNARD'S
TASTE RESTORATIVE TROCHES,
The Great Substitute for Tobacco.

IT is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe

MENTAL AND PHYSICAL DISORDERS

to which the race of man is subject, as careful analysis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing many to suppose that organ to be seriously diseased.

TOBACCO affects also the entire nervous system, manifesting itself—as all who have ever used the noxious weed will testify—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character.

THE TASTE RESTORATIVE TROCHES are designed to counteract these baneful influences, and have proved entirely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the system, restoring the taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the Stomach, invigorate the whole system.

Persons who are extremely fearful of undermining their constitutions and shortening their lives, should use these Troches immediately and throw off the injurious and unpleasant habit of Tobacco Chewing.

These Troches or Lozenges are put up in a convenient and portable form at the low price of 50 Cents per Box. A liberal discount to the Trade.

Prepared solely by the undersigned, to whom all orders should be addressed.

JAMES E. BOWERS, Druggist,

TRIUMPHANT SUCCESS OF
Buchan's Hungarian Balsam of Life,
THE GREAT ENGLISH REMEDY FOR
Colds, Coughs, Asthma, and Consumption.

Astonishing Cures of Consumption.

Two cases pronounced beyond the reach of Medical Aid.

AUGUSTA, Me., May 27, 1845.

DR. BRADLEE—SIR—The Hungarian Balsam, has been of the most infinite service to me. I have been cured of an affection of the Lungs, which was thought to be incurable by all my friends, by the use of a few bottles. One of my children was also restored to health, after being pronounced BEYOND THE REACH OF MEDICAL AID, and this medicine is now my constant resort in case of any difficulty in the Throat and Lungs.

Yours truly, FRANCIS J. WEEKS.

BELFAST, Me., June, 1845.

DR. BRADLEE—SIR—Mr. Clark of Palmyra, Me., a friend of mine, was taken sick about a year ago with bad Cough, Pain in the side, general debility, &c. He consulted several doctors, who prescribed for him—but was finally told HE COULD NOT GET WELL! He stopped taking medicine, but continued to grow worse, until he was so weak that he could scarcely sit up. He saw a notice of the Hungarian Balsam, procured a bottle, and continued to take it according to the directions, and, strange to say, in a few months he was a strong man, and as he believes, permanently cured.

Yours truly, R. G. O. WARBURTON, Bookseller.

☞ Sole Proprietor, DAVID F. BRADLEE, Watertown, Mass, to whom all orders should be addressed. Sold by Druggists and dealers in medicine in every town in the United States and British Provinces. may 24—ealmw

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the cost being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT:

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked four cakes in them in twelve minutes, with a cool fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,
IT WILL BAKE QUICKER,
IT WILL WEAR LONGER,
THAN ANY RANGE IN MARKET.

These fabrics, since their first introduction to the public, (about three years since,) have been fully tested, and the result has proved them to possess all the qualities requisite to make a perfect article. They have on hand numerous testimonials from gentlemen in the navy and merchant service, which they would be pleased to show any one who would favor them with a call. They have been supplying some of the officers of the Falmouth, who have tested the Rubber goods, and found them suit for sea service.

Indian Physician.

Dr. R. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY Dr. GOODWIN. Consumption in the first stages, Coughs, Colds, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cholera Morbus, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentlemen in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

HATE, ME., Jan. 20, 1858.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; contrary to my expectations it proved beneficial. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it accomplished what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used none. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy; and it has been free from dandruff for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours, A. C. RAYMOND.

BATH, ME., Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and so would express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Methodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. W. DREW.

Brookfield, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, I feel no hesitance to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching in the skin, which I have been troubled from my childhood: and has also restored my hair, which was becoming gray, to its original color. I have used no other article with satisfaction, with the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These Gums remove all morbid or bad matter, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, **purifying the blood**, giving tone and vigor to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious Attacks are cured, and what is worth everything to the occasional use of the Liver Invigorator.

One dose often relieves the stomach and prevent the sick headache.

Only one dose taken before retiring, prevents nausea.

Only one dose taken at night, loosens the bowels and cures **costiveness.**

One dose taken after each meal will cure **Dyspepsia.**

One dose of two teaspoonfuls will always relieve **Sick Headache.**

Only one dose immediately relieves **Colic.**

One dose taken at short time before each meal, gives vigor to the appetite and makes the food digest well.

One dose often repeated, cures **Chronic Diarrhea** in its worst form, when all else failed.

Dysentery and **Bowel Complaints** yield almost to the first dose.

A few doses will cure **Dropsy** by exciting the absorbents.

We take great pleasure in recommending this medicine as a preventive for **Fever and Ague, Chill Fever,** and all Fevers of a **Bilious type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *offer Five Years of the second trial*, we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either steep or flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most confidently and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

Benthe's Patent Spring Gun Animal Trap.

More certain of its prey than the most practiced hunter, in the hands of the most experienced marksman, without lessening the value of Pelts or Skins, as is the case in ordinary mode of shooting, it effects the capture of the animal alive or dead or (if preferred) alive; the barrels discharge themselves, simultaneously with the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its construction neither cumbersome nor difficult to arrange.

There are three different sizes, which will effectually operate on Mink, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Standard*, Nashville *Gazette*, Atlanta *Intelligencer*, and New York Weekly *Dream Book*. Write your address plainly, and direct to S. SWAN & Co., Augusta, Georgia

Prizes paid in full—no percentage deducted from prizes sent in lottery tickets.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empirics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post-paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be turned from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RESTORATIVE PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, and have been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 dly

YOU HAD BETTER TRY
MY MOTHER'S SALVE
This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and happiness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to the rich and poor, that all afflicted may avail themselves of its healing qualities.
"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.
"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.
"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the pain, heals the wound more speedily and effectually than any other preparation.
"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.
Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. Sore Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck.

IMPORTANT TO
TOBACCO CHEWERS.
DR. GUSTAV LINNARD'S
TASTE RESTORATIVE TROCHES,
The Great Substitute for Tobacco.
IT is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe
MENTAL AND PHYSICAL DISORDERS
to which the race of man is subject, as careful analysis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the heart, causing many to suppose that organ to be seriously diseased.
TOBACCO affects also the entire nervous system, (manifesting itself—as all who have ever used the noxious weed will testify—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character.
THE TASTE RESTORATIVE TROCHES are designed to counteract these baneful influences, and have proved entirely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the system, restoring the Taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the Stomach, invigorate the whole system.
Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw off the injurious and unpleasant habit of Tobacco Chewing.
These Troches or Lozenges are put up in a convenient and portable form at the low price of 50 Cents per Box. A liberal discount to the Trade.
Forwarded by the undersigned, to whom all orders should be addressed.

TRIUMPHANT SUCCESS OF
Buchan's Hungarian Balsam of Life,
THE GREAT ENGLISH REMEDY FOR
Colds, Coughs, Asthma, and Consumption.
Astonishing Cures of Consumption.
Two cases pronounced beyond the reach of Medical Aid.
AUGUSTA, Me., May 27, 1845.
DR. BRADLEE—SIR—The Hungarian Balsam, has been of the most infinite service to me. I have been cured of an affection of the Lungs, which was thought to be incurable by all my friends, by the use of a few bottles. One of my children was also restored to health, after being pronounced BEYOND THE REACH OF MEDICAL AID, and this medicine is now my constant resort in case of any difficulty in the Throat and Lungs.
Yours truly, FRANCIS J. WEEKS.
BELFAST, Me., June, 1845.
DR. BRADLEE—SIR—Mr. Clark of Palmyra, Me., a friend of mine, was taken sick about a year ago with bad Cough, Pain in the side, general debility, &c. He consulted several doctors, who prescribed for him—but was finally told HE could NOT GET WELL! He stopped taking medicine, but continued to grow worse, until he was so weak that he could scarcely sit up. He saw a notice of the Hungarian Balsam, procured a bottle, and continued to take it according to the directions—and, strange to say, in a few months he was a strong man, and as he believes, permanently cured.
Yours truly, H. G. O. WASHBURN, Bookseller.

American and Foreign Patents.
R. H. EDDY, solicitor of Patents,
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
No. 76 State st, oppo. Kilby st, Boston.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britian, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remmitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL, AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and do prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
Boston, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unanimitable proof of great talent and ability on his part, I can only recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on twice rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

HOME STUDIES.

Messrs. Editors:—Having half a dozen children attending school at the present time, I read with some interest a couple of articles in recent issues of your paper. I do not desire to enter into any controversy upon the matter, but I feel constrained to say that though all of my children study at home—and all of them from *choice*—they seldom call for assistance, their studies being thoroughly explained at school; though should they need aid and encouragement, it would be given by parents who would esteem it a privilege rather than a burden so to do, and who would be very sorry to have their children owe their mental or moral advancement *wholly* to any teacher, however faithful and efficient.

If parents find so much trouble from attending to their own children, with whose dispositions, temperaments and capacities they are, or ought to be, fully acquainted, how can they rightly estimate the labor of the teacher who has upwards of sixty pupils—some well-trained and cared for at home, others totally neglected — whose habits and characteristics are unknown to him?

A teacher of a public school in this city told me a few days since, that she listened during the month of November to 1276 recitations, besides, of course, regulating the conduct of the pupils. No, no, dear Public, the teacher's work cannot be *made easy*, though it would be less arduous should children receive proper home-culture.

A parent who objects to making any sacrifice for his children's good, made a mistake in having any. For one, I wish mine to receive such instruction as I would have them impart, in turn, to my *grand-children*; and to insure this, I shall attend to their education as much as possible myself, keeping in view this axiom—If children are properly trained at home, they will find little trouble at school.

A PARENT.

EDUCATION.—*Physical* training and development is beginning to receive some little attention, as well as the crowding and cramming the young brain with all sorts of studies. The article we copied, a few days since from the Independent, and the communication of J. on Wednesday, express our views pretty nearly, except in their reflections on teachers—who, we believe, richly earn all the pay they get, and generally much more.

The communication we publish to-day from A Parent, is well enough in its way, but it seems to us the writer has got on the wrong track. The idea is not, that either teachers or parents should neglect the children—but that they, the scholars, should not have more lessons given them than they can learn and recite in school-hours. These are too long now, and should not certainly be increased, except from choice, by "taking books home;" and this should not be allowed, even when preferred.

The physical system needs scientific and continual education,—which it does not get now, anywhere in our land, except at a few military schools. When shall physiology, including music, gymnastics, &c., take the place of much of the comparatively useless study now imposed on children too young or too feeble to be in school at all? r.

☞ A Washington letter in the Atlas says:—

The conduct of Mr. Douglas in touring South has destroyed his strength with his anti-Lecompton Democratic compeers in Congress. They are chagrined and mortified. His declamation in favor of the Democratic organization is denounced in unmeasured terms by them all except the Illinoisians, for all of them were returned to Congress by breaking from that organization and appealing to the people who were opposed to it. Buchanan is as severe as ever upon Douglas. The Little Giant is between two very rough mill-stones each of which are approaching him, hourly and he cannot escape from his position.—He will not reach here until after the Holidays, to avoid entanglement in debate and on the record.

MICHIGAN.—By the official count in this State the average Republican majority on the State ticket is 10,514. Mr. Leach, Republican candidate for Congress in the 4th district, whose defeat was at one time claimed by the friends of the opposing candidate, has a majority of 1223.

STRANGE.—Considering that the Kansas question is "settled," dead and buried, how strange it is that the President makes it the first topic of his message, and devotes so large space to it.—*Prov. Jour.*

There is an announcement in the New Orleans papers that Tobasco had fallen into the hands of the Liberals, "after *fighting for seventeen days*, with *seven* men killed on *both sides!*"

MUNICIPAL NEGLECT.—The facts developed in the city canvass just closed in New York, (says the Boston Journal,) show the consequences of neglecting political duties—a sin which is too apt to lie at the doors of those who ought to be the last to encourage it. One paper says: "Our taxes now amount to one hundred dollars for each vote usually cast at our elections."—Another paper publishes the occupations of the candidates to one hundred and twenty important offices, filled yesterday. It appears that the largest number of any one class in this catalogue, is that of parties who have no apparent local habitations, and no business; that the next, in point of numbers, is composed of proprietors of porter houses, corner groceries and low drinking saloons. The names of *fifty-one* do not appear in the City Directory! One hundred and sixty-seven are non-paytaxers leaving the tax-paying candidates in a majority of twenty-one only!

Now when such men are thrown before the people as candidates for office, nothing but mismanagement and corruption can result. But such man cannot rule in any other way than through the neglect of those who would otherwise be called "good citizens."

☞ Signoria Mario—late Jesse Meriton White—who was imprisoned in 1857, on account of her exertions in the cause of Italian liberty in Genoa, where she resided, as correspondent of the London Daily News, delivered the first of a course of lectures on "The Religious, Social and Political Aspect of the Italian Question," in New York, on Wednesday. Hon. Horace Greeley introduced her to the large audience, and she and her lecture were well received. She is said to be eloquent, and not unpreposessing in her appearance. In the course of her remarks she said she had seen Italians standing on their own shores and looking towards the star spangled banner with love and affection; and she had heard them hopefully exclaim that, though in Europe they were kept down and oppressed by the presence of bayonets and soldiers, yet there was a land on the other side of the Atlantic, and a people there who sympathized with them; and this consoling thought has given them hope and courage in their struggles. "Go and speak to them," these Italians have said, "and we shall see whether they will side with our tyrants when our next struggle shall come." And this was the reason why she (the lecturer) came to these shores to plead for Italy.

SUGARS.—The New York Prices Current indicate that the recent attempt to get up a sugar speculation, for about the tenth time within the last eighteen months, has broken down. Prices are again lower, and the holders seem inclined to rush them off at the best prices they can get at auction or private sale. The decline in new crop Louisiana, within ten days, has been 3-4 c. per lb., and refining grades Cuba 3-8 a 1-2 c. lower. The receipts from New Orleans continue large, considering the early season, and bid fair to exceed those of any previous year up to January, 1859. The sales have been large this week. New Orleans 7 a 7 1-2 c.; Cuba and Porto Rico 6 1-2, and Havana boxes at 6 7-8 a 7 1-2 c.; refined dull at 9 1-2 a 9 5-8 c.; A coffee crushed 8 3-4 c.; B 8 1-2c.; yellow 7 1-4 and 7 3-4 c.

☞ Mr. James B. Atkinson of Lowell, who had been troubled with a sore throat several days, died suddenly on Friday. A post mortem examination was made, when a piece of iron, about three-fourths of an inch long, and about as wide as an ordinary board nail, was found lodged near the top of wind-pipe. It is supposed that he must have taken this piece of iron in his food several days before, that it lodged there, and was drawn thence into the wind pipe, while sipping his tea. He was 28 years old, and leaves a wife and child.

☞ The ghost who undertook to remove the bones of his "mortal coil" from Hartford to New York, appears to have become tired of delivering them one by one, and on the evening of the 1st of October Dr. Orton was astonished by the fall of a complete shower of human bones while standing on the piazza, which performance was renewed in doors the next day, when the climax was capped by the hurling of a "bag full" of small bones among a number of doctors who were standing at a table. Are the "dark ages" returning upon us?

☞ W. H. H. Allen of Surry, Cheshire county, has been appointed Clerk of the Courts in Sullivan county, in place of T. W. Gilmore, Esq., resigned.

☞ Effort is being made to establish a "floating school" at New Orleans, on the plan of that in operation at Baltimore.

☞ Mr. Kirkland, a native of Louisiana, but now a Nicaraguan planter, says that the correspondents of the New York and New Orleans papers at Aspinwall and Panama are most unreliable in reference to affairs in Central America. They do not tell the truth about things there one time in a hundred.

☞ A preacher near Genoa took umbrage at the gay dresses worn by his fair parishioners, and he not only denounced them, but questioned the virtue of their wearers. The women were indignant, and an action was brought against him, which resulted in a sentence to pay a fine, besides being imprisoned five days. He will be more cautious in his dealings with crinoline hereafter.

☞ Mr. Lichtle, a Catholic priest, of Christiana, in Norway, has just been condemned to a fine of twenty rixalders, for having allowed a Protestant lady to abjure her faith, and having inscribed her on the list of his flock, without first obtaining the consent of the Lutheran clergy.

☞ The Board of Engineers of the New York Fire Department passed a resolution at their last meeting *declining* in future to participate in reception parades. The Board do not think it consonant with their dignity to tramp through the streets of the city whenever a strange company visits New York.

☞ Robert Eaton, a Canadian, visited Chicago last week and got on a pretty wild spree. A person attempted to get him to his lodgings, but the hackman who was employed to do it robbed his passenger of $600, and then left him and the carriage to take care of themselves, and fled.

☞ Mr. Mason of Virginia is about to blow the fire brand which Mr. Buchanan has thrown into Congress,—by recommending payment for the Amistad negroes.—The Supreme Court of the U. S. declared they were *never slaves*, but freemen! And now, Messrs. B. and M. ask us to pay for them.

☞ Mr. Walter Haywood, of Fitchburg, raised this season, on four and a half acres of ground, 405 bushels of corn—more than ninety bushels to the acre. Who says great crops cannot be raised in New England?

☞ The State of Texas has granted forty-four charters to railroad companies, of which seventeen have been forfeited, leaving twenty-seven charters still in force. Of these eleven are in process of construction, an aggregate length, when completed, of 2223 miles.

☞ On Saturday night last a sailor, (name unknown) fell from the railroad train on the route from Boston to New York, near Tobey's corner, between Mansfield and Providence, and was killed.

☞ At a Republican caucus in Lowell, Monday evening, the floor of the Ward room fell through and rested on a cannon in the armory of the City Guards, who occupied the room below. Singularly enough, not a single person was injured.

☞ It is understood that a bill for the suppression of polygamy in Utah and all the other territories will be introduced at an early day in Congress, and vigorously pressed.

☞ Some compiler of statistics estimates there are 2000 newspapers published in the United States, 550 in Great Britain and Ireland, 56 in Russia and Poland, 30 in Asia, 26 in Portugal, 24 in Spain, 10 in Australia.

☞ Col. Colt, whose claim upon the city of Hartford for $140,000 for his dyke and other improvements, was contested, has been awarded by the referees the sum of $80,745 35.

☞ Diamonds of fine quality have been found in Hall and other counties of Georgia, and arrangements are making to commence washing for them.

☞ Dressed chickens were selling at Toledo last week at 2 1-2 to 4c per pound.—At Syracuse they have been purchased, in quantities, at 4 cents.

☞ Since the disappearance of the yellow fever in Galveston and New Orleans, the influenza has been very prevalent in those places.

Young Carroll who arrived home at Bangor, a short time since from Frazer river, being one of the lucky diggers, says there were only about two hundred fortunate ones out of some thirty thousand, and the rest were worse off than nothing.

4 DAYS LATER FROM EUROPE.

ST. JOHN'S, N. F., Dec. 8.—The steamship City of Washington, from Liverpool on Wednesday the 24th ult., passed Cape Race at three o'clock yesterday (Tuesday) afternoon.

Nothing has been heard from the missing steamer Indian Empire. Insurance was being effected at twenty-two guineas.

The steamer Ariel was unable to reach Bremen owing to the ice, and had returned to Southampton.

Later India and China advices had been received, but the news was not of special interest. A hurricane had occurred at Swatow, during which twenty vessels were wrecked. No American reported among them.

The London Morning Post (anti-ministerial) announces the recall of Lord Napier from Washington, and the promotion of Mr. Lyons, from Florence, to that station, and says the assigned cause of Lord Napier's recall is his tendency in favor of the Monroe doctrine.

The Globe (ministerial) confirms the report, but says Lord Napier will have a European mission, the government merely making a change in the regular course of diplomatic promotion, and being perfectly satisfied with his course.

The overdue ship Agincourt, with 70,000 ounces of gold, had arrived from Melbourne.

The trial of Montalembert was commenced in Paris on the 24th ult. The press was specially forbidden to take notes of the trial.

The Paris press have also been forbidden to discuss religious topics.

The Sardinian government follows the example of France in storing corn.

It is said that American agents are persuading Denmark to sell St. Thomas and St. John's Islands to the United States.

JUSTICE TO THE SAILOR.—The Fall River Monitor in alluding to the Junior mutineer case, says:

Many a poor tar has been hung for mutiny and murder, but we have yet to learn of the first ship-master who has been hung in this country for the last thirty years for the murder of a sailor. If Jack commits a crime, even under the grossest provocation, no mercy is extended to him in the U. S. Court, but for the slightest offence, he is made to undergo long imprisonment; but let him be kicked and beaten within an inch of his life, and his tyrants are let off with a fine of perhaps $20 and a few days of confinement. We go for exact justice both for master and sailor. It is high time there was a reform both in the merchant and whaling service. Men utterly incompetent, are too often put in command of vessels, who can neither govern themselves or those over whom they are placed. Let our merchants employ men of character and probity, instead of the ranting, swearing, rum-drinking commanders, that are too often found on board our ships, and our commercial marine would ere long be manned by respectable American seamen, instead of being made up of outcasts of almost every nation on the globe.

SPECIAL NOTICES.

ASTHMA.—The most distressing forms of this complaint arise from irregular, nervous stimulation, causing in the end, enlargement of the air-cells, and spasmodic constriction of the airtubes on the slightest provocation. The PERUVIAN SYRUP equalizes the circulation, calms the nervous symptoms, and restores the equilibrium of the nutritive powers.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L—, a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—has finally been cured with **R. R. RELIEF**. In the month of December, 1852, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1853, when he went to Mamaroneck, to put up some country seats, where, by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which made him worse—came back to New York, took the Ready Relief and Regulators; was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he could never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Fever and Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevent them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARNETT'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

THIS GIN, Distilled in London, rom sound Barley, under the surveilance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the medical profession, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, GALL STONES, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES OF THE URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., while the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of climate, &c.

For sale in quarts at seventy five cents, and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of immitations. Buy only CHARLES'.—NONE OTHER is IMPORTED.

MERCANTILE FAIR.

The Mercantile Fair will be continued this evening. Some of the best Tableaux will be exhibited, and there will also be an Auction for the sale of such articles as may not be sold previously.

This will be the last, and one of the most attractive evenings of the Fair. It is continued this evening on account of the unfavorable weather of the first evening. To be held at Jefferson Hall. Doors open at 6 1-2 o'clock. †

THE CONCERT to be given this evening by the Ojibway Indians furnishes a novel and pleasing entertainment, exceedingly gratifying to the appreciative public. It is both instructive and amusing. The Newburyport Herald says, "the singing is of a high character, the voices blending more perfectly than those of any musical troupe we have heard for a long time. We think we have never heard those familiar airs so exquisitely performed. The lecture by Rev. George Copway did not disappoint the high expectation we had formed of his eloquence as a speaker. It was full of rich thought on an interesting subject. He has the high appreciation of the beautiful in nature that we should expect of the red man of the forest. The audience were held in rapt attention with eager appetites, until the speaker concluded.

"Everybody seemed delighted with the originality and quaintness of Chief Maungwadaus. His acquaintance with human nature, together with his native keenness, render him an interesting speaker. His explanatory lecture contained many things from which the *white man* should be instructed, especially that which related to to a good form and a healthy organism.—The entertainment was one that will do good instead of harm; its moral tone will harmonize with christian sentiment and feeling.

"The objection of these concerts being to raise money to educate two of their number for teachers among them, is a worthy one, and should secure the patronage of the public and awaken in our hearts sympathy and interest for the Indian."

☞ The good ship Kate Hunter, Capt. Healey, sailed from this port for Mobile on Thursday morning. She went down river and out of the harbor in good style, in charge of Pilot Preble; and with such a good stiff nor'wester behind her, was probably clear of Cape Cod by sundown. Messrs. Nath'l K. Haynes and John H. Miller, of this city, and Eastman Cutts, of Kittery, were passengers to Mobile—whence the two first-named gentlemen are intending to make a trip to Texas, to dodge our cold weather, and to learn by personal observation, something of the beauties and attractions of the Lone Star State.

☞ The Continental Harmonists (Old Folks Choir) Rehearse at Exchange Hall Sunday Evening, 12th, at half-past 6.

☞ The New Orleans and Metropolitan Burlesque Opera Troupe will give one of their Grand Ethiopian Concerts, in this city, Tuesday Evening, Dec. 14.

EXTRAORDINARY HITS.—Dr. Haynes was called on yesterday to examine four leading gentlemen of this city, and gave correctly every leading feature of their characters. If Dr. Haynes does not understand human natnre nobody does.—*Portland Argus.*

By the advertisement of Doctor Haynes, it will be seen that he has taken rooms at the Rockingham House for a few days.

☞ The votes for Comptroller at the New York city election on Tuesday were incorrectly given by telegraph. Mr. Haws had 32,000 to 11,500 for Russell, and 18,000 for Purser.

HOLD ON, BOYS.—Hold on to your tongue when you are just ready to swear, lie, speak harshly or say any improper word. Hold on to your hand when you are about to strike, pinch, scratch, steal, or do any disobedient or improper act. Hold on to your foot when you are on the point of kicking, running away from duty, or pursuing the path of error, shame or crime. Hold on to your temper when you are angry, excited, or imposed upon, or others are angry about you. Hold on to your heart when evil associates seek your company and invite you to join in their games, mirth and revelry. Hold on to your good name at all times, for it is more valuable to you than gold, high places, or fashionable attire. Hold on to your truth, for it will serve you well and do you good thro' eternity. Hold on to your virtue, it is above all price to you in all times and places. Hold on to your good character, for it is, and ever will be, your best wealth

Dr. Watt's Hymns were first published in England in 1704, and his psalms in 1719. He sent specimens of them to Cotton Mather. These hymns were first published in America by Dr. Franklin in 1741, and the psalms were published the the same year in Boston. They did not come into general use till after the Revolution.

A MAN WITH A SOUL.

BY DR. J. HAYNES.

There's many good things to admire
In nature's extended domain;
There's genius, and wit, and the fire
That flashes and leaps from the brain;
There's knowledge and wisdom and skill,
And beauty, no choice can control,
But what's there in Nature can thrill
The heart, like a man with a Soul?

How many have pleasures and mirth,
And joys and wealth at command,
Who feast on the cream of the earth,
And build all their hopes on the sand:
Their garments are crimson and gold,
And Fashion she garlands the whole,
While sympathy's dead and is cold,—
They've bodies but not any Soul!

A man may be poor and forlorn,
A destitute creature of earth;
To Fame and to Fortune ne'er born,
Nor inherit a Title by birth;
He may not have learning in store,
Nor wisdom nor wit at his call;
But yet, is he rich evermore.
If he be a man with a Soul!

We love the bright stars of the night,
And the sun we almost adore,
And the rays of the moon's soft light
Are blessings we prize evermore!
But the moon with her silver ray,
And the sun with his fire at control,
Are eclips'd by the light of the day,
That beams from a Man with a Soul!

WASHINGTON, Dec. 8.—The Senate Democrat Caucus has appointed Messrs. Fitch, Hammond and Allen of Rhode Island to reconstruct the Senate Committees.

The President directs that Douglas be deposed as Chairman of Committee on Territories.

The Southern Democrats are somewhat excited about the President's recommendation of specific duties.

LOTTERY TICKETS SEIZED.—In Philadelphia, on Wednesday last, three persons were arrested for keeping a lottery dealing establishment on Walnut street. Upwards of $40,000 worth of tickets of the Maryland lotteries, packed up in tin boxes, and letters, memorandums and communications addressed to a number of persons, were captured by the officers.

NEW YORK, Dec. 9.—The Board of Education yesterday rejected, by a vote of 12 to 11, a report in favor of reading the Scriptures in the public schools.

A young man named Christopher Goff was stabbed to death in West Broadway, yesterday, by another young man named Michael Forester.

WASHINGTON, Dec. 9.—The Spanish Minister has addressed a note to Gen. Cass on behalf of his Government.

Judge Eckles had an interview on Tuesday night with the President on the subject of suppression of polygamy in Utah. The President didnot indicate what course he would pursue in the matter. Gen. Cass is understood to be favorable to measures for suppression.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to an Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling with out any increase of fuel.

THE RANGE IS PERFECT IN ITSELF, and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the cost being of DOUBLE THICKNESS, will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely —

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform to reach at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked four cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range, it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,
IT WILL BAKE QUICKER,
IT WILL WEAR LONGER,
THAN ANY RANGE IN MARKET.

These fabrics, since their first introduction to the public, (almost three years since,) have been fully tested, and the result proved them to possess all the qualities requisite to make a perfect article. They have on hand numerous testimonials from gentlemen in the navy and merchant service, which they would be pleased to show any one who would favor them with a call. They have been supplying some of the officers of Portsmouth, who have tested the Rubber goods, and found them unlit for sea service.

Indian Physician.

Dr. R. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.

CONSULTATION FREE.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN. Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhea, Cholera Morbus, Cancers, Dropsey, Worms, all Disease peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of reason and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

THE GREAT WONDER

Of The Nineteenth Century,

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman of high standing, which speaks strongly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are guarantee of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, ME., Jan. 20, 1856.

PROFESSOR O. J WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and beard, and my hair has resumed its natural color, and I believe more soft and glossy t an it has been before for twenty five years. I am now sixty years old; my good wife at the age of 50 years, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will slightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one in this and adjoining towns. Any one may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours, A. C. RAYMOND.

BALTIMORE, Jan. 28 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854. I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FIRLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Methodist Church, at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DYER.

Brookfield, Jan 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing dandruff and a constant and painful tendency to itching with which I have been troubled from my childhood: and has also restored my hair which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 50 per cent more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest easily, purifying the blood, giving tone and health to the whole mechanism, removing the cause of the disease—effecting a radical cure.

Bilious Attacks are cured, and what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Two pills taken before retiring, prevents **nightmare.**

One pill taken at night, loosens the bowels gently, and cures **costiveness.**

One pill taken after each meal will cure **Dyspepsia.**

One pill and two teaspoonfuls will always relieve **Sick Headache.**

Only one dose immediately relieves **Colic.**

One dose often repeated is a sure cure for **Cholera Morbus,** and a preventive of **Cholera.**

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for **Jaundice** removes all sallowness or unnatural color from the skin.

One dose in a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures **Chronic Diarrhea** in its worst form, while **Summer and Bowel Complaints** yield almost to the first dose.

A few bottles will cure **Dyspepsia** by exciting the absorbents.

We take pleasure in recommending this preparation as a preventive for **Fever and Ague, Chill Fever,** and all Fevers of the **Bilious type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix a wineglass in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor. 585 Broadway, N. Y.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many years to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial*, we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or 1 ply of Tarred Paper, than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most confidently and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a severe test of many years, it stands as firmly and as good as when first put on, without change or decay.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would especially call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. Each ticket has a number of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Standard*, Nashville *Gazette*, Atlanta *Intelligencer*, and New York Weekly *Day Book*. Write your orders plainly, and direct to S. SWAN & Co., Augusta, Georgia

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment hundreds of victims in this and surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most infallible secrecy preserved.

DR. HUGHES can with safety say during the last year he has practised in Boston more than three hundred cases of disease which have been improperly treated by empirics have come under his care, and more than three-fourths of this number are described in the books as being incurable.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, to be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

YOU HAD BETTER TRY
MY MOTHER'S SALVE
This celebrated preparation has obtained an enviable and world-wide reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.
"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.
"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, ECZEMA, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.
"My Mother's Salve" is a BURN or SCALD, taken out the fire, removes the irritating pain, and heals the wound more speedily and effectually than any other preparation.
"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.
Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ills, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck.

☞ Great Discovery of the Age. ☜
IMPORTANT TO
TOBACCO CHEWERS.
DR. GUSTAV LINNARD'S
TASTE RESTORATIVE TROCHES,
The Great Substitute for Tobacco.
IT is a well known and incontrovertible fact that the use of Tobacco is the promoting cause of many of the most severe
MENTAL AND PHYSICAL DISORDERS
to which the race of man is subject, as careful analysis and long and painful experience have clearly proved that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood devange the functions and operations of the Heart, causing many to suppose that organ to be seriously diseased.
TOBACCO affects also the entire nervous system, manifesting itself—as all who have ever used the noxious weed will testify—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character.
THE TASTE RESTORATIVE TROCHES are designed to counteract these baneful influences, and have proved entirely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the system, restoring the taste which has become vitiated or perverted by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which are always consequent upon obtaining from the use of tobacco, and thus giving a healthy tone to the Stomach, invigorate the whole system.
Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw off the injurious and unpleasant habit of Tobacco Chewing.
These Troches or Lozenges are put up in a convenient and portable form at the low price of 50 Cents per Box.
Forwarded to any address, free of Postage, on receipt of price, directed to the undersigned, to whom all orders should be addressed.

TRIUMPHANT SUCCESS OF
Buchan's Hungarian Balsam of Life,
THE GREAT ENGLISH REMEDY FOR
Colds, Coughs, Asthma, and Consumption.
Astonishing Cures of Consumption.
Two cases pronounced beyond the reach of Medicinal Aid.
ATGUSTA, Me., May 27, 1845.
DR. BRADLEE—SIR—The Hungarian Balsam, has been of the most infinite service to me. I have been cured of an affection of the Lungs, which was thought to be incurable by all my friends, by the use of a few bottles. One of my children was also restored to health, after being pronounced BEYOND THE REACH OF MEDICAL AID, and this medicine is now my constant resort in case of any difficulty in the Throat and Lungs.
Yours truly, FRANCIS J. WEEKS.
BELFAST, Me., June, 1845.
DR. BRADLEE—SIR—Mr. Clark of Palmyra, Me., a friend of mine, was taken sick about a year ago with bad Cough, Pain in the side, general debility, &c. He consulted several doctors, who prescribed for him—but was finally told HE COULD NOT GET WELL! He stopped taking medicine, but continued to grow worse, until he was so weak that he could scarcely sit up. He saw a notice of the Hungarian Balsam, procured a bottle, and continued to take it according to the directions—and, strange to say, in a few months he was a strong man, and as he believes, permanently cured.
Yours truly, H. G. O. WARREN, Bookseller.

UNITED STATES AND FOREIGN
PATENT AGENCY.
SAMUEL COOPER,
Late Principal Examiner of Patents in the United States Patent Office, at Washington,
HAS REMOVED HIS OFFICE TO
WEBSTER BANK BUILDING,
13 EXCHANGE STREET, BOSTON.
PATENTS secured in the United States, and in all the other patent-granting countries. Specifications and drawings prepared. Caveats filed.—Reconsiderations procured, or applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Reissues and extension procured, and in general, all business connected with the Patent Office transacted with care and promptness.
British and other foreign patents procured through prompt and confidential agents in London and Paris.
Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.
He begs leave to refer those unacquainted with him to the following testimonials:—
From Hon. Chas. Mason, Commissioner of Patents.
U. S. PATENT OFFICE, Feb 29, 1855.
I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, and close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.
CHARLES MASON, *Commissioner.*
From the Examiners of the Patent Office.
The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

Morning Chronicle.

SATURDAY, DECEMBER 11, 1858.

"UNDER WHICH KING?"

Geo. J. L. Colby, of the Herald, has been nominated by the Citizens, for Mayor of Newburyport, and has a column of "declaration of sentiments" in his paper. He says, "the main question is, 'shall the liquor law be enforced in Newburyport?' and to that, I for one answer, 'yea.' "

As Newburyport is not the only city governed by the rum interest, the remarks of the candidate for the Mayoralty will be read with interest by many here.

I am in favor of the *prompt, impartial, full* execution of the License laws of this Commonwealth; and, in or out of office, will give what influence I may have for that purpose.

I do not myself believe that much trouble or excitement would grow out of the execution of the law. Whenever the people shall elect a "Maine law" Mayor and Board of Aldermen, the influence of such an election would do much to break up tippling shops and induce the better class of men to give up the business. Probably three-quarters of the twenty-eight licensed agents of the city would abandon the traffic at once, if they received no protection from the city government. They have no idea of prosecuting a calling that would render themselves liable to evil consequences, and might bring sorrow and disgrace to their families. When they are no longer protected, it would be their interest and labor to stop the sale entirely. The remaining sellers would be more cautious in their transactions; and when upon complaint, backed by sufficient evidence, the Mayor should call upon them to cease an illegal business, most of them would obey that summons; and where they would not, and continued to sell in disregard of law and of official persuasion, to the public injury, the law would do its work, and the evil cease.

It is not necessary that any rash or fanatical measures should be adopted, or any system of persecution set in operation;—these men have their reasons as others do—they have their interests and their honor, and when they foresee the consequences of action, they will govern themselves accordingly. Prudence and unwavering firmness are most of all required in the Mayor of our city; and were I that officer, not expecting that everything can be done in a day, I would hold myself accountable for the execution of the law, as I have held others accountable for the evils of the license system.

It is conceded that for various purposes spirituous liquors are needed. If so, let them be had under the laws, which will secure all that is required and save us from the adulterated and poisoned mixtures that drive to madness and crime—to sickness and death. For such purposes let the city sell, and derive profit therefrom.

The city has suffered enough from the past sales, in the pauperism and crime that has occurred. Three-quarters of the poor expenses of the past year, the overseers on their oath return, was occasioned by the use of spirituous liquors. The total poor expenses are some $16,000; so that $12,000 are on our taxes because of intemperance; and $12,000 is nearly equal to the total sum expended for all the schools in the city.

Two-thirds of our police expenses are from the same cause. Men stop to dispute who shall be City Marshal; but if there were liquor traffic, there would be no need of a city marshal, and for one half the other police officers, lamp posts might be substituted with great advantage. If, then, so much cost has come to the tax payers from the sale of ardent spirits, let now the profits go their benefit—to lighten the taxes and reduce the debt.

But business men should not be licensed, for if, as the law indicates, the right to sell liquors is in the government and not in the people as a natural right, then the government should not use that privilege for the benefit of the few; not to coin money or attract trade for the few; but for the general good of all. It should be impartial, and when it licences one should confer the same advantages on all; and the evils of so many licenses are too well seen to need any naming. One agency in the centre of the city, with a branch at each extremity of the town, is as much as the public good requires.

NEWBURYPORT.—The City Marshal reports the number of arrests for the eleven months ending Dec. 1, 383:

Drunkenness, 164; Assault and battery, 40; Breach of peace, 40; larceny, 23; violation of liquor law, 18; all other offences, 98; 315 were committed to the watch house at the time of arrest.

Number of cases before Police Court, 182. Drunkenness, 32; assault and battery, 40; violation of liquor law, 18; larceny, 23; vagrants, 10; all other offences, 59.

STRONG COMPARISON.—The Washington correspondent of the New York Tribune says:

"There is about as much likelihood that Spain will sell Cuba to Mr. Buchanan, as that Great Britain will sell Ireland to John Mitchell and take its pay in subscriptions to the Southern Citizen."

☞ A lad about 14 years of age, belonging in Bangor, broke into the vestry of the 3d Parish Church, in Portland, on Monday last, and robbed the contribution box of $8.

☞ The New York Journal of Commerce deems the President's message a very creditable document—calm, able, and of course 'statesmanlike.' But when it comes to particulars, the current sets the other way with great force. In regard to the President's remark about slavery in the Territories, it says that a "large portion of the Democratic party will not probably sustain such a position." The project for purchasing Cuba is not endorsed, especially as it is inferred that, in case Spain refuses to sell, Mr. Buchanan will be in favor of taking the island by force, on account of our grievances against the mother country. Neither does the outline of the new policy with regard to Mexico suit the Journal of Commerce any better. It says that if our cause of complaint are sufficient to justify a resort to hostilities, the same rule would apply to other nations, and thus "Spain and England might while we take possession of Northern Mexico, step in and occupy the balance, much to our inconvenience, and against the principles which we have enunciated as the settled policy of this government."

THE VIRGINIA CONTEST.—A terrible time has been going on in Democratic convention of Virginia. The first families and all the other families of the State have been at it during the whole summer—being divided for the purpose into two great families of the House of Hunter and the house of Wise. The former has had for its favorite in the convention Hon. John Letcher, while the latter seemed to be willing to take anybody else. In spite of all opposition, Mr. Letcher has easily obtained the nomination for Governor, and will also have the election, unless the Wise men should combine with all the opposition materials. This contingency is not very promising. We may, therefore, (says the Boston Journal,) consider Virginia as elevating Senator Hunter into the same prominence for the Presidency which has been generally assigned to Messrs. Seward and Douglas, in consequence of the action of their respective States. Indeed, his prospect will be much better than theirs, so far as a *nomination* is concerned; for it appears most probable that the Charleston Convention will take a Southern man, and there is now no one so little objectionable as Mr. Hunter.

HELP.—Uncle Toby would suggest, that they are best helped who help themselves. He has often heard an excellent American housewife say, in the true spirit of New England Independence, "I would not be plagued with the best girl that I could hire. I had rather do my own work."

This, to be sure, is not always possible, nor possible for all people; but wherever it can be done, it is vastly better.

☞ A gentleman applied in the Probate Court at Cincinnati, on Wednesday, for a license to marry a lady. He was informed by the clerk that upon an application made on the previous day, a license had been issued to another party to marry the lady. A license was given to the second applicant, however, and he has since married the lady. The mother favored the first applicant; the daughter, the second.

☞ A most amusing book has appeared at Berlin, full of anecdotes concerning the professors and students of Jena. The following is an extract.

"Prof. Thomas Haselbach of Vienna lectured publicly for *twenty-two* years on the first chapter of Isaiah, without ever having come to an end; his colleague and admirer, Aegidius Guthmann, divided his lectures on the first five verses of Genesis into twenty-four volumes. Crusius lectured eight years on the Psalms, without going through the first half. Petrus Pontanus used to chalk on doors of his lecture room, when he was in his cups, a group of P's, which meant, *Petrus Pontanus, Professor Publicus, Propter Poculo Prohibetur Praelegere.* Eobanus Hesse took a pitcher of wine with him into the pulpit, drinking a mouthful at every fine passage of the poet, on whom he was lecturing, till at last every passage appeared fine to him.—Friedrich August Wolf, at Berlin, when he had no mind to lecture, or wanted to work for himself, used to put up a bill in the lecture room, with the words 'I shall be ill for a week.' Prof. Walch at Gottingen, on the contrary, fell really ill during the vacations, because he could not then read to his auditors."

A NEW PAPER.—The New Hampshire Journal of Agriculture, is published by Gilmore & Martin, Manchester. Z. Breed, Agricultural Editor, and Moses A. Cartland, Editor of the Educational and Miscellaneous department. They both live in Weare, this State. This new paper has sifted from the ashes what was worth anything of the "Granite Farmer."

☞ S. S. Brewer, from Fairhaven, Mass., (formerly a Methodist,) will preach at the Advent Chapel to-morrow.

WASHINGTON NEWS.

The war in Congress has begun. The Thursday dispatch says the Democratic *Senators* in caucus have arranged the standing committees. The most important change is the substitution of Mr. Green for Mr. Douglas as chairman of the Committee on Territories. A special dispatch to the Atlas says:

The Democratic caucus, which has been in session so-day, voted to depose the Douglas territorial committee, by a vote of *seventeen* to *seven*. Great indignation is felt, and there is evidence everywhere of much ill-feeling.

These seventeen are the Buchanan Democrats; the seven are Douglas men. The Democratic Senators have hit Senator Douglas a hard blow. This is commencing to discipline the rebels in earnest.

In the *House*, on Thursday, the Speaker announced the standing committees.

Mr. Morris of Illinois gave notice of his intention to introduce a bill providing for the election of Governors and Judges by the people in the organized territories—Also, a bill to admit sugar and salt free of duty; and a bill to amend the naturalization laws.

The report of the Judiciary Committee in the case of Judge Watrous, was then taken up. Mr. Ready of Tenn. wanted a postponement until next Thursday, in order to give the members time to look into the case.

After debate the House refused to postpone, and proceeded to the consideration of the subject.

Mr. Chapman of Pennsylvania remarked that two memorials had been sent to the House, asking for the impeachment of Judge Watrous of Texas, and proceeded to review the facts in the case. Mr. Chapman believed that confidence in Watrous' administration had been shaken to its foundation.

Mr. Tappan of N. H. was opposed to the impeachment of Judge Watrous. He asked the House to examine the evidence, and not be diverted from the proper lines of proceedings by outside pressure. On this evidence alone he wanted them to say whether Watrous was innocent or guilty.

☞ The Indian Bureau has received a letter from Dr. Toucey, Superintendent of Indian Affairs for Utah. About the 1st of November he returned from Humboldt river to Salt Lake City, whither he went to inquire about the robbery of the mail and other outrages. He found the Indians quiet, but in a destitute and very degraded condition, and ready to make restitution, and enter into a treaty to obey the laws of the United States.

SPECIAL NOTICES.

ASTHMA.—The most distressing forms of this complaint arise from irregular nervous stimulation, causing in the end, enlargement of the air-cells, and spasmodic contraction of the air tubes on the slightest provocation. The PERUVIAN SYRUP equalizes the circulation, calms the nervous symptoms, and restores the equilibrium of the nutritive powers.

R. R. R.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L. a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—has finally been cured with **R. R. RELIEF.** In the month of December, 1852, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1853, when he went to Mamaroneck, to put up some country seats, where, by exposure, he was prostrated with Fever and Ague. He was treated according to the model of treatment, which made him worse—came back to New York, took the Ready Relief and Regulators; was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He went to the residence of his son-in-law, No. 76 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

R. R. R. Office, 162 Fulton street, New York.

N. B.—Cure for Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietor, and is guaranteed to the ladies of Boston to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

THIS GIN, Distilled in London, rom sound & Barley, under the surveillance of the British Excise Laws and delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, GRAVEL, STONE, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., while the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers across the ocean, or where good water and air.

For sale in quarts at seventy-five cents, and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES', NONE OTHER IS IMPORTED.

BAD TEMPER.—A bad temper is a curse to the possessor, and its influence is most deadly wherever it is found. It is allied to martyrdom, to be obliged to live with one of a complaining temper. To hear one eternal round of complaint and murmuring, to have every pleasant thought scared away by this evil spirit, is a sore trial. It is like the sting of a scorpion—a perpetual nettle, destroying your peace, rendering life a burden. Its influence is deadly; and the purest and sweetest atmosphere is contaminated into deadly miasma wherever this evil genius prevails. It has been said truly, that while we ought not to let the bad temper of others influence us, it would be as unreasonable to spread a blister upon the skin, and not expect it to draw, as to think of a family not suffering because of the bad temper of any of its inmates.—One string out of tune will destroy the music of an instrument otherwise perfect; so if all the members of a church, neighborhood, and family, do not cultivate a kind and affectionate temper, there will be discord and every evil work.—*Steele.*

UNDERGROUND RAILROAD.—The Albany Evening Transcript says:

"We understand from the conductor of the Underground Railroad that forty fugitives from slavery have passed through this city from the Eastern and Southern depots on route for Canada, since October 17th. This establishment must require no small amount of money to keep it in operation, and it is a mystery to us where Mr. Myers can have raised the funds in these hard times. Indeed, he has informed us that passengers are coming in so plentifully that he is getting behind, and has been obliged to borrow funds, for which he is in debt to one gentleman $75. During the last six months nearly twice as many fugitives have passed over the road as in any equal period of time before. The agent's accounts are examined regularly by a committee of gentlemen of this city."

HUMBOLDT AT THE POLLS.—The venerable Humboldt, notwithstanding his well known intimacy with the King of Prussia, appeared at the polls at the late election in Berlin, and cast his votes for the candidates of the Liberal party, who have always claimed him as one of their number.

☞ The Archbishop of Cologne has ordered prayers to be offered up that the approaching elections "may be agreeable to God," and in a pastoral letter has recommended "good Catholics" to take an active part in the elections, by voting for men who are notoriously faithful to God, and are devoted to the country and the regent.

SUDDEN DEATH.—Mr. Isaac N. Haynes, who recently removed to Cambridge from Manchester, N. H., died suddenly in an East Cambridge omnibus on Wednesday evening. He was on his way home from a meeting. Mr. Haynes was about 50 years old, and leaves a wife and several children.

FATAL EXPLOSION.—In Salem, Dec. 9, the steam boiler at the tannery of Jas. B. Lord exploded, completely demolishing the building and instantly killing Mr. Henry Miller, the engineer.

WASHINGTON, Dec. 9.—(Tribune correspondence.)—There were only seven votes for Douglas in the Democratic Senatorial caucus. These were thrown by Shields, Stuart, Clingman, Brown, Toombs, Green and Bigler. The debate lasted from ten in the morning till late in the afternoon.—Great bitterness was manifested, and Mr. Toombs left the caucus while the discussion was at its height. Mr. Broderick was not invited, and Senator Hammond and others absented themselves.

MOBILE, Dec. 9.—The schooner Susan escaped on Tuesday afternoon. The cutter McClellan got aground in Navy Cove, and when she got off the schooner was about 400 miles away. The fillibusters here are greatly elated.

THE OLD-FASHION FIRE.

BY DR. J. HAYNES.

You may talk of the comforts of home,
Your parlors, pianos—settees—
Of the fashions and baubles that foam,
To dazzle, enchant and to please:—
Of the stove, and its heat, when it snows,
And its pipe that you so much admire,
But for the courting and toasting my toes,
Why, give us the old fashion fire.

When the winter and tempests arrive,
And the gay summer hours are gone;
When the cold searching winds ever strive,
And through the drear woods ever moan:
When the labor and toiling shall cease,
And Eve sweeps the strings of the lyre;
And when friendship and love meet in peace
Then give me the old-fashion fire!

It is frigid and cheerless to see,
(And no matter where we may rove,)
If o'er continents, oceans and sea,)
A fire boxed up in a stove!
You may talk of economy's skill,
And dangers that never prove dire;
But endurance and health it will kill,
So give us the old-fashion fire!

How inviting and merry the sight
Of the old-fashion chimney-place;
When the firewood laughs and gives light,
And throws out its arms to embrace!
How cheering and sweet to behold,
The little ones whom we admire,
As they laugh at the stories told,
And sit by the old-fashion fire!

A CARD TO THE LADIES.

DR. DUPONCO'S

French Periodical Golden Pills,

FOR FEMALES;

Infallible in Removing Stoppages or Irregularity of the Menses.

THESE Pills are nothing new, but have been used by the Doctor for many years, both in France and America, with unparalled success in every case; and he is urged by many thousand ladies who have used them to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these Pills while pregnant, as the proprietor assumes no responsibility after the above admonition, though their mildness would prevent any mischief to health; otherwise these Pills are recommended. Full and explicit directions accompany the box.

Price $1. Sold in Portsmouth by JOSEPH H THACHER, in Dover by Chas. A. Tufts, in Exeter by C. A. Merrill, and in Newmarket by J. A Prendergast. They will supply dealers at the Proprietor's prices, and also send the Pills to the Ladies (confidentially) by mail to any part of the city or country, on receipt of $1 through the Post Office.

N. B.—Ladies will be particular in asking for *Dr. Duponco's Golden Pills.* Observe the signature *J. Duponco* is upon each box. You will then obtain a Pill you can rely upon.

LECTURE ON THE WEST INDIES.—We are pleased to learn that CHARLES TAPPAN, Esq. will give a lecture on the subject of Emancipation, for which he has well qualified himself by a recent personal investigation. He will treat the subject in an interesting manner, and give many facts well worth knowing. Those who attend will also have the satisfaction of knowing that they are aiding the funds of the Howard Benevolent Society, which are now low.

IN THE WOODS.

I walked alone in depths of Autumn woods;
The ruthless winds had left the maple bare;
The germ was withered, and the sweet brier's breath
No longer gave its fragrance to the air.

The barberry strung its coral beads no more;
The thistle-down on gauzy wings had flown;
And myriad leaves, on which the Summer wrote
Her blushing farewell, at my feet were strown.

A loneliness pervaded every spot;
A gloom of which my musing soul partook;—
All Nature mourns, I said; November wild
Hath torn the fairest pages from her book.

But suddenly a wild bird overhead,
Poured forth a strain so strangely clear and sweet,
It seemed to bring me back the skies of May,
And wake the sleeping violets at my feet.

Then long I pondered o'er the poet's words,
"The loss of beauty is not always loss,"
Till like the voice of love they soothed my pain,
And gave me strength to bear again my cross.

O murmuring heart! thy pleasures may decay,
Thy faith grow cold, thy golden dreams take wing,
Still in the realm of faded youth and joy,
Heaven kindly leaves some bird of hope to sing.

Portsmouth, N. H. ALBERT LAIGHTON.

NEW MUSIC FOR THE PIANO.—"Five Falling Leaves, composed for four hands, by John Fritag," in five numbers; and "Four Mazurkas for the Piano, composed by A. Hammerer,—also more of the new pieces of music which are being published by Messrs. Russell & Tolman, Boston. Mr. C. C. Harvey is agent for them.

In accordance with a vote of the City Council, passed on 8d inst. for all Taxes for 1858 unpaid on the 15th of Dec. summons will be issued. So those who have not yet paid had better at once "march up to the Captain's office."

AMERICAN WATCHES.—Mr. F. W. Ham advertises a supply of Appleton, Tracy & Co.'s celebrated American watches. Call and see them.

PROTESTANT PUBLIC WORSHIP IN JAPAN.—A correspondent of the Boston Traveller reports, at considerable length, the exercises of Protestant public worship, held for the first time in Japan, at the house of Townsend Harris, Esq. U. S. Consul, on Sunday, Aug. 1st, on occasion of the ratification of the new treaty with the Japanese Government, securing to American citizens perfect freedom to practice and promulgate their religion throughout the empire. The rooms were filled with officers and men from the U. S. frigates Mississippi and Powhattan.

A PRIMITIVE METHODIST GONE.—The death of the Rev. John Hickling, the oldest Methodist preacher in the world, and the last survivor of the "helpers" of John Wesley, England, is reported.—Mr. Hickling was in the 71st year of his ministry, and was nearly 93 years old. A fortnight ago he lectured in Birmingham on Early Methodism;" and, at the time of his death, was announced to conduct other services. He died at Audley, Newcastle-under-Lyme.

An appalling accident happened at St. Vincent's Rocks, Clifton, near Bristol, on Saturday, 23d ult. Miss Mary Richmond, aged eighteen, the daughter of a clergyman, and grand daughter of the well known Leigh Richmond, approached too near the edge, and was precipitated down the rocks a distance of upwards of three hundred feet. She was of course dashed to pieces. The coroner's jury returned a verdict of accidental death.

Mrs. Hope Scott of Abbotsford, the grand daughter of Sir Walter Scott, and daughter of John Gibson Lockhart, died recently at a comparatively early age. She has left two children, and an infant of some five weeks old, motherless. A fatality seems to attend the house of Sir Walter. All the members of the family of that distinguished man have hitherto died young.

Many of the lower orders of the population o Paris believe the emperor has caused the ancient caves and catacombs beneath the city to be stuffed with gunpowder, and that the means of firing them by electricty, are in his private rooms at the Tuilleries and St. Cloud. At the moment of a successful revolution he will fire the train, and blow the city of refinement and polish into the air!

THE CONVICT BANKERS.—We understand that Mr. Bates has been released after an imprisonment of three years. Sir John Dean Paul and Strahan, lie prostrated in the infirmaries of their respective prisons.

DIVIDEND DECLARED.—The holders of stock in the Portland, Saco & Portsmouth Railroad, will learn that a dividend of 3 per cent is payable on the 13th of this month.

Lecture on the West Indies,

For the Benefit of the Howard Benevolent Soc.

POSTPONED FROM MONDAY LAST.

ON MONDAY evening next, at the TEMPLE, a LECTURE will be delivered on the WEST INDIES, particularly with regard to EMANCIPATION, by CHARLES TAPPAN, who passed the last winter on the Islands.

Doors open at 7, lecture at 7½ o'clock. Tickets 15 cts. to be had at the Bookstores of J. H. Foster and J. F. Shores, Jr. and at the door. Dec. 11.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling with out any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely —

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,

Indian Physician.

Dr. B. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN. Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, Female Diseases, Scrofula or Female Humour of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter from Mr. Wood, of this city, from a gentlemen in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantee of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, ME., Jan. 20, 1856.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy! as it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your disposal. I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.

BALTIMORE, Jan. 26, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no one can express my obligations to you in giving to the afflicted such a treasure.

F. FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.

WM. DYER.

Brookfield, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, it has been, and is, excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours respectfully, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These Gums remove all morbid or bad matter from the system, supply the place of bile, a healthy flow of bile, invigorating the stomach, causing one dose of it to effect well, **purifying the blood**, giving tone and health to the whole machinery.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents **nightmare**.

One dose taken at night, loosens the bowels gently, and recommended.

One dose taken after each meal will cure **Dyspepsia**.

One dose of two teaspoonfuls will always relieve **Sick Headache**.

Only one dose immediately relieves **Colic**.

One dose often repeated is a sure cure for **Cholera Morbus**, and a preventative of **Cholera**.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for **Jaundice** removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes some food digest well.

One dose, often repeated, will cure **Chronic Diarrhœa** in its worst form, while **Summer and Bowel Complaints** yield almost to the first dose.

A few bottles will cure **Dropsy**, by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for **Fever and Ague, Chill Fever, and all Fevers of a Bilious type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.

Bilious Attacks are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD, Proprietor, 585 Broadway, N. Y.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to consolidate articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Fire and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial*, we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN.

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or 1 in. at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most candidly and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

Reuthe's Patent Spring Gun Animal Trap.

More certain of its prey than the most perfect Rifle in the hands of the most experienced marksman, without lessening the value of Pelts or Skins, as is the case in ordinary mode of shooting, it effects the capture of the animal either dead or (if preferred) alive, the barrels discharging themselves, simultaneously when the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its construction, neither cumbersome nor difficult to arrange.

There are three different sizes, which will effectually operate on Mink, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for a chance to win a fortune, which is as at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to puzzle the buyer. Prizes vary from $60 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Mercury*, Savannah *Gazette*, Atlanta *Intelligencer*, and New York Weekly *Day Book*. Write your address plainly, and direct to

S. SWAN & CO., Augusta, Georgia

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of persons in the surrounding towns surrendering their lives to the hideous inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints to a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by regular physicians, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

Patients can write letters addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at a cheap rate, when what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 18 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE VANITING PILLS. These pills are unrivalled in efficacy and certainty in regulating all female irregularities Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impostures that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been gut up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—18 Howard street, Boston.

YOU HAD BETTER TRY
MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their benefit to bestow upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"**My Mother's Salve**" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Purifying Virtues never before combined in a Salve or Ointment.

"**My Mother's Salve**" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"**My Mother's Salve**" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"**My Mother's Salve**" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "**My Mother's Salve**" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, Croup, and the like ails, rub in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck.

IMPORTANT TO
TOBACCO CHEWERS.
DR. GUSTAV LINNARD'S
TASTE RESTORATIVE TROCHES,
The Great Substitute for Tobacco.

IT is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe

MENTAL AND PHYSICAL DISORDERS

to which the race of man is subject, as careful analysis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood change the functions and operations of the Heart, causing many to suppose that organ to be seriously diseased.

TOBACCO affects also the entire nervous system, manifesting itself—as all who have ever used the noxious weed will testify—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character.

THE TASTE RESTORATIVE TROCHES are designed to counteract these baneful influences, and have proved entirely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the system, restoring the taste which has become vitiated, or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the Stomach, invigorate the whole system.

Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw off the irritability and unpleasant habit of Tobacco Chewing.

These Troches or Lozenges are put up in a convenient and portable form, and the low price of 50 Cents per Box: A liberal discount to the Trade.

Prepared solely by the undersigned, to whom all orders should be addressed.

TRIUMPHANT SUCCESS OF
Buchan's Hungarian Balsam of Life,
THE GREAT ENGLISH REMEDY FOR
Colds, Coughs, Asthma, and Consumption.

Astonishing Cures of Consumption.
Two cases pronounced beyond the reach of Medical Aid.

AUGUSTA, Me., May 27, 1845.

DR. BRADLEE—SIR—The Hungarian Balsam, has been of the most infinite service to me. I have been cured of an affection of the Lungs, which was thought to be incurable by all my friends, by the use of a few bottles. One of my children was also restored to health, after being pronounced BEYOND THE REACH OF MEDICAL AID, and this medicine is now my constant resort in case of any difficulty in the Throat and Lungs.

Yours truly, FRANCIS J. WEEKS.

BELFAST, Me., June, 1845.

DR. BRADLEE—SIR—Mr. Clark of Palmyra, Me., a friend of mine, was taken sick about a year ago with bad Cough, Pain in the side, general debility, &c. He consulted several doctors, who prescribed for him—but was finally told HE COULD NOT GET WELL! He stopped taking medicine, but continued to grow worse, until he was so weak that he could scarcely sit up. He saw a notice of the Hungarian Balsam, procured a bottle, and continued to take it according to the directions—and, strange to say, in a few months he was a strong man, and as he believes, permanently cured.

Yours resp'y, H. G. O. WASHBURN, Bookseller.

American and Foreign Patents.
R. H. EDDY, solicitor of Patents.
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
No. 76 State st, oppo. Kilby st, Boston.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britian, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remmitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them as early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.

Boston, February 8, 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such has been the proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

Morning Chronicle.

MONDAY, DECEMBER 13, 1858.

☞ In the U. S. *Senate*, on Friday, Dec. 10, a report was received from the Secretary of the Interior, covering the amount of expenditures for the District of Columbia, and one from the Secretary of the Treasury, enclosing his accounts.

Monday was fixed for the appointment of Committees.

Considerable routine business was then disposed of, and the Senate adjourned till Monday.

A Washington despatch says that Senator Fitzpatrick of Alabama becomes Chairman of the Committee on Territories, in place of Judge Douglas: Mr. Green peremptorily declined the place.

In the *House* of Representatives, Mr. Boyce asked leave to introduce a resolution to admit Lieut. Mowry to the floor of the House as a delegate from Arizona.

Mr. Jones of Tenn., objected, saying Arizona is part of New Mexico, and he saw no use of admitting two delegates from one Territory.

Consideration of the Watrous impeachment case was resumed, and three or four members spoke on the subject.

WILL OF AUGUSTUS THORNDIKE.—The fact that Mr. Thorndike, in his last will and testament, disinherited a son and a daughter, and insulted his wife, is creating considerable inquiry in Boston, in reference to the will. The will was opened by the executors and read, and was then left at the Probate office, but has not yet been offered for probate. Indeed, it is somewhat doubtful whether any of the executors will accept the unpleasant trust. In that case, a previous will, believed to be a little less objectionable, will probably be presented. The objectionable will is very lengthy, and was written by the deceased himself.

ILLINOIS LEGISLATURE.—*Messrs. Editors:* Will you please inform one of your subscribers at what time the Illinois Legislature meets, as there are many persons who don't know. You will oblige some of your subscribers by informing them through your paper. S. C.

Answer. — The sessions of legislature there, are biennial. There will be a session in January, 1859, next month.

BRAVERY REWARDED.—Oliver N. Brooks, keeper of the Faulkland Island Light, has received a gold medal from the New York Life-Saving Benevolent Institution, for his humane and perilous exertions in rescuing four lives from a wreck in Long Island Sound, on the 23d of November. In addition to this appropriate acknowledgement of his services on that occasion, the citizens of New Haven have presented Capt. Brooks a handsome purse of money; and there has been purchased, as a present to his wife, a beautiful tea service of silver plate and salver—with napkin rings and cups of the same material for each member of the family.

☞ A German sailor in Philadelphia, who had saved up a capital of one hundred dollars, desired to establish himself in business on shore, and while on the lookout for a favorable opening, he saw an advertisement which set forth that a man possessing a capital of $100 could procure a light and profitable business. The sailor applied for the chance, and the advertiser informed him that he was a conveyancer (of other people's money,) but wished to dispose of his business, which he would do for $100, and teach the purchaser the art of conveyancing in two months. The sailor purchased, but at the expiration of two months, he knew no more of conveyancing than preaching, and closed his place of business. The conveyancer was arrested, but the poor sailor could not recover his money, so he wisely went to sea, satisfied that the perils of the deep are trifles compared to land sharks. So says an exchange.

☞ The U. S. Court at Portland, has sentenced John A. Miller to the State Prison, 10 years, for robbing the U. S. Mail.—Charles Foster was convicted with him of the same offence, but his sentence for this crime was suspended for the present. Foster was sentenced to the same prison but 3 years for cutting open the mail bags.—This lenity to Foster, is shown in payment for his aid in recovering the stolen mails, and in preventing at least one mail robbery.

In an article in the New York Evening Post, on the salaries of musical artists, it is stated that Tamberlik, every time he sings a certain high note, demands $500. It ought to be a very high note indeed to be up to the pitch of the price.

THIRTY-SEVEN OF THE CITIZENS INDICTED FOR RESCUING A FUGITIVE SLAVE.—On the 13th of September last, a slave named "Little John" was arrested in Oberlin, Ohio, by U. S. Deputy Marshal Lowe of Columbus, by order of U. S. Commissioner Crittenden of the Southern District of Ohio—at the instance of Anderson J. Jennings—the deputed agent of the owner, John G. Bacon, both residents of Mason county, Kentucky. The same day a mob was raised to prevent the execution of the process by the Marshal, and the negro was rescued at Wellington, a few miles from Oberlin. The citizens of the latter place held a glorification meeting, and determined to resist for the future any and every attempt to arrest a negro at Oberlin.

The recollection of the affair has mostly died away, but its history is revived by the recent act of the U. S. Grand Jury at Cleveland, who have brought their labors to a close, by finding true bills against thirty-seven of the ringleaders in this affair, including the Rev. Henry Peck, Professor in Oberlin College, the Rev. James M. Fitch, formerly Missionary to Jamaica, several theological students, five fugitive slaves, and thirty other citizens of all colors. The two clergymen and eleven others are indicted for aiding and abetting the rescue of the negro, and the remaining twenty-four are indicted for the rescue itself. It is surmised that whatever course the white men and free negroes may adopt in regard to exposing themselves to trial, the fugitive slaves among the indicted will at least disappear from the scene and take the underground railroad for some secure retreat.

DISAPPOINTED LABORERS.—About fifty laborers, who recently left Philadelphia to work on the Havana, Cuba, railroads, have returned. They were promised on leaving, $1.50 a day, but on their arrival they found that the cost of their passage out was to be deducted from this sum; also twenty-five cents per day for boarding, and twenty-five cents per day was to be reserved by the company until the conclusion of the term (six months) for which they were engaged; and the hours for labor were from sunrise to sunset, which, in that country, is a very long period. These conditions were repudiated by most of the men, and nearly all have returned. The Philadelphia Press says there are so many persons out of employment that any chance for obtaining it is eagerly embraced by many, but before making engagements all should "look before they leap," and fully understand the conditions upon which they are to labor.

☞ The Boston Pilot defends the papal conduct in keeping the Jew's child, Mortara, which was clandestinely baptized by the trick of a superstitious and silly nurse. The Pilot says:

The matter is entirely a legal one, and has been decided by the tribunals of Italy on principles that are recognized in the courts of England and America. The father of the Mortara boy transgressed the law in taking a Christian servant into his family. By leaving his child when dangerously ill in the charge of that servant, he implicitly acquiesced in the child's baptism, which he knew the servant's religion would impel her to perform, and which (under the circumstances) the law permitted. It is folly to pretend that the contemner of law can claim its protection. It may be said that it is a hard case for a child to be separated from its parents in this way—but when the parents allow a child to be instructed in a different religion from their own, and persist for years in living contrary to the law framed for their protection, they have no right to complain.

The Protestant press stigmatizes the Pope's protection of the Christian child, Mortara, against his Jewish parents, as an outrage.

It is, indeed, a great outrage—and tho' the Pilot is doubtless correct in pronouncing it *legal*, yet such laws are most contemptible, as they are repugnant to common sense.

☞ At the communion in the Plymouth Church, Brooklyn, Mr. Beecher invited communicants in precisely these words:

"I invite all to sit with us that feel they have the true love of Jesus within them, whether they are members of any church or not, they being the judges themselves."

So says Burleigh; but the Congregationalist deems him unreliable.

☞ The New York Herald says the success of Mdlle Piccolomini is easily accounted for. Unlike every other artist that has preceded her, she owes her triumphs not to any one excellence, but to a combination of qualities, rarely found united in the same person. Excellent singer, admirable actress, and intellectually and physically charming, she may be considered a little Crichton in petticoats.

The man who undertook to blast his neighbor's prospects, used too short a fuse, and got blown up himself.

THE HOLMES CASE AT PORTLAND.—The Portland Argus says the counsel in the case of Capt. Holmes, convicted of murder on the high seas, have filed their motion for a new trial, with the reasons assigned.

"Owing to the absence of Judge Clifford, now in attendance on the Supreme Court Bench at Washington, the motion will not be heard till next spring. It at the hearing, Judges Clifford and Ware should concur in opinion, their judgment thereon will be final. Should they disagree, the question on which they so differ will be carried to the Supreme Court a year hence for its opinion, the result of which will be communicated, by mandate, to the Circuit Court, here, to carry its judgment into execution. Under any state of facts, the case will not be finally disposed of before the last of next April."

☞ Mr. John F. Gerald is a temperance lecturer in New Hampshire, having the confidence and bearing the certificate of the State Temperance Committee, signed by the Chairman and Secretary. He has lectured with success in many parts of the State, and is now in Concord, where the Congregational Journal speaks of him as follows:

Mr. John F. Gerald, a reformed sailor, from Taunton, Mass., gave a lecture in Concord a few days since, on the evils of intemperance and the iniquity of the liquor traffic, in the old-fashioned Washingtonian style. He makes a plentiful use of nautical figures, and is often truly graphic and eloquent in describing the horrors of drunkenness, of the drunkard's home, and the abominations of the liquor trade. He is one of nature's orators, having had little or no aid from education.—He is self employed, and has been lecturing, we understand, in this capacity, more or less, since 1841. For a few months past he has been lecturing in this State. On the whole he leaves a good *impression*, and if times were as they were fifteen or twenty years ago, he would doubtless be an efficient agent in the temperance reform.

It is very clear we cannot go *back* fifteen years, in anything. We think Mr. Gerald will do something by *going forward* in his work.

☞ Early Friday morning, in New York city, fire was discovered in one of the rooms on the second floor of the New Haven and Harlem Depot, corner of Centre and White Streets. The fire broke out in the shop of J. Murdton, tin and lead ware manufacturer, burned very rapidly, and, filling the building with smoke, very little could be done to save the contents. The firemen and others were early on the premises. The fire had not burnt long before the second floor fell in, seriously injuring Andrew Burns, Stephen Hallett, and Peter Johnson, insurance watchmen. It was supposed that one man, name unknown, who was on the same floor at the time, was killed; his body is supposed to be in the ruins. Nearly half the structure was destroyed. It was occupied by more than thirty mechanics and manufacturers, for shops, &c.

☞ A short time since, we published a little scrap about rum and tobacco for "the spirits," to be taken by the media. The Charlestown Advertiser, in publishing the same item, says:

Spirits who desire spirit for their spiritual natures through the carnal medium of the Judge, should come down with the dust. If the dear departed spirits who are hankering for spirit, would only drop a few yellow boys down from heaven, they would soon find plenty of "mediums" to drink whiskey for them.

☞ The bark Holmes is about to sail from New York for Liberia. She takes out in frame, a complete church edifice, for the mission under the charge of Bishop Payne, at Cape Palmas. When erected, this building will contain six hundred persons, and cost about $5,000. A new vessel, belonging to the republic of Liberia, will sail from New York about the middle of January, and will take out a number of emigrants.

☞ The Michigan papers announce the conviction of Fuller and Walker for the murder of Holden, at Ann Arbor. This man's life was insured in the sum of $20,000; the payment of which was resisted by the Companies, on the ground that the deceased had committed suicide. Such resistance was made that Mrs. Holden compromised the case for $20,000, and so lost $9000.

☞ A youth named William Waines, son of Mr. Jessie Waines, who resides in Baltimore, was arrested on Tuesday by officer Craver, for attempting to shoot his father. The boy, for some time past, has been beyond the control of his parents, and, it is said, whipped his father for what he considered undue interference to check his headlong career.

☞ Mr. Henry C. Fay, late of Bangor Theological Seminary, has accepted a unanimous call from the Congregational church in Northwood.

☞ The good time is coming, for certain. Wait only a little longer. An editor of the N. H. Patriot writes from Washington, Dec. 4:—

We are informed that Judge Douglas has written a letter to a friend in Philadelphia, in which he avows his loyalty to the Democratic party and his determination to abide by its usages in the most distinct and equivocal terms, and repudiates the idea of being made an independent candidate for the Presidency in 1860, or the candidate of any party opposed to the Democracy, or the candidate of any portion of the Democratic party, save by a regular nomination, in accordance with the recognized usages of the party, at the hands of the National Democratic Convention to be held at Charleston. His friends here also claim the same position for him, and scout the idea of any members elected to the Illinois Legislature as Democrats failing to vote for him. They say also that the Judge will take an early occasion to assume a position beyond the reach of cavilers, by pledging an earnest and cordial support to whoever may be the Charleston nominee of the Democratic party.

We think the Democracy of New Hampshire may look forward to *quiet* and conciliatory times *here;* that peace and harmony will be *demanded* by the leading and influential men of the party in every section of the country; and that peace and harmony in the ranks of the party will fully result. They may therefore go in for a vigorous fight, in the expectation that they will be called upon to carry no *extra weights* in the great race, and whip black republicanism out of its boots.

THE VICAR OF WAKEFIELD.—In these hard times for money-getting, it may be well for our young people to pay attention to something else that is quite as essential to their happiness in life, as the greed of gain; and as a hint to them, as well as to another influential class who are supposed to have the well-being of all men at heart, we copy a couple of paragraphs from the history of the good old Vicar of Wakefield, to explain to them what people thought about certain things, and how they acted in the well-ordered parishes of olden time. The Vicar says:

"I was ever of opinion that the honest man who married and brought up a large family, did more service than he who continued single and only talked of a population. From this motive I had scarcely taken orders a year, before I began to think seriously of matrimony; and chose my wife, as she did her wedding gown, not for a fine glossy surface, but for such qualities as would wear well." * * * "I also set a resolution of keeping no curate, and of being acquainted with every man in the parish, exhorting the married men to temperance and the bachelors to matrimony, so that in a few years it was a common saying, that there were three strange wants at Wakefield, a parson wanting pride, young men wanting wives, and ale-houses wanting customers."

Let him that is wise, understand!

REVIVAL SONGS.—Mr. Shores has for sale, in sheets, the words and music for use in the social circle or at conference meetings: "Stand up for Jesus," the dying charge of Rev. Mr. Tyng; "Going Home," by Geo. W. Campbell; "No Sorrow There," by Rev. E. W. Dunbar. This is a cheap and convenient form for such pieces—which are beautifully adapted to the purposes named.

☞ The New York Post says some forty professional English thieves, house breakers, &c., many of whose portraits figure in the "Rogues' Gallery," left for home in recent European steamers, some of them carrying away comfortable fortunes!

☞ Rev. Wm. Page was dismissed from his pastoral charge of the Congregational church in Salem, on the 30th ult.

SPECIAL NOTICES.

NIGHT SWEATS.—This exhausting accompaniment, of any debilitating disease, should not be treated by astringents and sedatives, but by tonics and restoratives. The PERUVIAN SYRUP with protoxide of iron, fills a gap, long open in the Materia Medica, in the treatment of this symptom. It enriches the blood, renovates the system, and restores the normal action of the skin.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L., a well known builder in the city of New York, and worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—but has all, been cured with **R. R. R. RELIEF.** In the month of December, 1852, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1853, when he went to Mamaroneck, to put up some ornamental work, when, by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which made him worse—came back to New York, took the Ready Relief and Regulators; was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He suffered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 Janes street, who immediately took a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 8th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether Internal or External—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

THIS GIN, Distilled in London, from malted Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry and combines the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in nature.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., while the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in quarts at seventy-five cents, and in pints thirty-five cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE GENUINE IMPORTED.

AMERICAN REPUBLICAN CAUCUS.—The call for the meeting of the American Republicans of Portsmouth at Rechab Hall, last Friday evening, for the election of delegates to the several conventions to be holden next month, and for the appointment of prudential committees in the several wards, was well attended. The assembly was called to order by Alfred W. Haven, Esq., and the delegations from the different wards organized separately,—Wards 1 and 2 at opposite ends of the hall, and ward 3 in the ante-room—and proceeded to the business before them. The result was as follows:—

WARD ONE.

☞ Read Allen & Paine's advertisement.

☞ A snow-white owl—measuring 2 1-2 feet between the tips of his wings—was shot by Mr. John Marden, one night last week, and exhibited at the Mercantile Fair. When discovered, he was engaged in a fierce encounter with some voracious crows, who were probably anticipating a rich feast on the carcass of the poor bird. White owls are rather scarce in this region.

☞ Last Saturday afternoon, we saw about two hundred men, women and children on the South Mill Pond, engaged in the healthy amusement of skating.

☞ Mr. Tappan's lecture, this evening, at the Temple—for the benefit of the Howard Benevolent Society. Come all—only 15 cents admission. Good subject—and good object.

☞ The Continental Harmonists (Old Folks Choir) Rehearse at Exchange Hall Thursday evening, Dec. 16th.

☞ Read Allen & Paine's advertisement.

RAILROAD ACCIDENT.—As the last train East, on the Eastern railroad was passing through North Chelsea, on Friday, Mr. Chaflin of Medford was driving a spirited horse, that ran a few rods by the side of the cars, which finally struck the carriage, when the horse was thrown under the cars and had his head cut off. The man was not injured, and the accident was attributed to careless driving.

☞ The New Haven Journal says that one of the churches of that city is engaged in investigating a lamentable charge of conjugal infidelity—involving the reputation of several church members, male and female, and even assailing with suspicion some of the highest authorities in the church.

HOW WE TELL IT.

We are frequently asked *how* we arrive at our conclusions, and *how* we tell men's manner of living, their predominating desires, characteristics, talent, &c. We would answer all such questions by saying, *experience*.

Lavater, Gall, Combe, and all other writers on human nature, have set forth many truths and some errors.

That man has a physical character, no person will doubt; but the evidences of that character are as multifarious and general as his *physique;* so that it is impossible to lay down any infallible system that divides one part of the organization from the other, as a safe rule by which to determine character. The great mistake is in describing one part of the physical system as containing *all* the evidences of a man's peculiarities—for example, his head, or face. Men very often claim for the truth more than the truth claims for itself—kill what they befriend, and decorate facts, till they appear as the errant jades of fiction! Phrenology, probably, as a system, contains *more* truth than any other system, by which to judge human nature, but is far from containing *all* truth respecting a man's character.

As a system of mental philosophy, phrenology seems the most reasonable, but in its practical application many things are to be considered—the temperaments, color of hair, skin, eyes; the coarseness or delicacy of the system; expansion of the lungs; circulation of blood, and a thousand other things impossible to name. We have had twelve years' experience, and examined at least 50,000 persons, and could not to-day, for the life of us, fully describe *how* we always arrive at the truth, or reach the facts that we do reach. Much, no doubt, must be attributed to intuition.

DR. J. HAYNES.

☞ By the steamship Washington, arrived at New York, Dec. 11, from Nicaragua, we learn that the outward bound passengers per steamer Washington were refused leave to cross the country, as they were suspected of being fillibusters.

The steamer Washington was visited by American and English naval officers.

At San Juan, she was boarded outside the harbor by a boat from the U. S. frigate Savannah; entered the harbor at noon. The Savannah, Jamestown, and British ships Leopard and Valorous were in port.

Col. Childs, the Company's Agent, gave notice that the Nicaraguan government refused to permit the Washington's passengers to go through the country, alleging they were fillibusters.

The Jamestown sailed for Aspinwall on the 22d. The Washington sailed for the same port, to send her passengers forward via Panama, and arrived on the morning of the 18th, in company with the Moses Taylor. No order having come by that ship for the Washington's passengers to go forward by the mail route, they remained on board the Washington, and returned to New York. Not a case of sickness occurred on board.

☞ At St. Louis, Flora Temple has beaten Reindeer, winning a purse of $1000, two mile heats; time 5:11 1-2.

The Palmer Journal says that the school marm who *wasn't* kissed by the town high school teacher, last spring, has lately been married to a man more successful in his approaches.

Fair Notice.

All persons having any Dishes or other articles which were borrowed from Jefferson Hall during the recent Fair, are requested to return them to the store of E. A. STEVENS immediately.—Several Glass and other Dishes are missing, which were taken by persons who made purchases at the Auction, and those should, in all cases, be returned. One Lantern is also missing.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling with out any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of careless.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked four cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Indian Physician.

Dr. B. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 8 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.—Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Scurvy, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentlemen in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are guaranteed of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, ME., Jan. 20, 1856.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months ago to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was doing what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now testify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy t an it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to present the results of nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.

BALTIMORE, Jan. 25, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the low fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FIDLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.

Brookfield, Jan 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching, which I have been troubled from my childhood: and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit. Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These Gums remove all morbid or bad matter from the system, and supply again their place a healthy flow of bile, invigorating the whole system, each causing food to digest well, **purifying the blood,** giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious Attacks are cured, and when better prevented by the occasional use of the Liver Invigorator.

One dose of the pills is sufficient to relieve the stomach and prevent vomiting from rising and souring.

Only one dose taken before retiring, prevents nightmare.

Only one dose taken at night, loosens the bowels and cures **costiveness.**

One dose taken after each meal will cure **Dyspepsia.**

One dose of two teaspoonfuls will always relieve **Sick Headache.**

Only one dose immediately relieves **Colic.**

One dose often repeated is a sure cure for **Cholera Morbus,** and a preventive of **Cholera.**

One bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for **Jaundice** removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives good relish, appetite and makes the food digest well.

One dose, often repeated, cures **Chronic Diarrhœa** in its worst form, while **Summer Complaints** yield almost to the first dose.

A few bottles will cure **Dropsy** by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for **Fever and Ague, Chill Fever,** and all Fevers of a **Bilious type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE inventor of this Roofing labored many year to combine articles which would answer the above purpose, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by fire and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial*, he would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or 1 in. at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most confidently and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

Reuthe's Patent Spring Gun Animal Trap.

More certain of its prey than the most perfect Rifle in the hands of the most experienced marksman, without lessening the value of Pelts or Skins, as is the case in ordinary modes of shooting. It effects the capture of the animal either dead or (if preferred) alive: the barrels discharging themselves, simultaneously with the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its construction; neither cumbersome nor difficult to arrange.

There are three different sizes, which will efficiently operate on Minks, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certifiy that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A Lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The rules are simple, the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Standard*, Nashville *Gazette*, Atlanta *Intelligencer*, and New York *Weekly Day Book*. Write your address plainly, and direct to S. SWAN & Co., Augusta, Georgia.

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of individuals, in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last 20 years of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are mortified upon the books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

The Medicine can also be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is speedy and sure, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by mercenary pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call upon the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

GYMNASIUM AT HARVARD COLLEGE.—A Boston gentleman has given $8000 to erecting and furnishing upon the college grounds a suitable gymnasium for exercise of the students. The money was paid through Rev. Dr. Huntington. The generous donor of this wise and practical gift insists upon remaining anonymous, and his name is known to nobody except the gentleman through whom his bounty was was transmitted.

The Advertiser well says:—It is a subject of congratulation that so important a deficiency in the means for training the youth who gather at Cambridge, is now to be supplied. Libraries, museums and philosophical instruments are very well; but while there was no apparatus to aid in the physical development of the bodily powers of the students, there was indeed a grave want in the resources of the college. The thanks of all friends of sound learning are due not only to the unknown donor, thro' whose timely munificence the want has now been supplied; but also to Professor Huntington, to whose intelligent perception of the requirements of the case, must be attributed the successful accomplishment of a most desirable object.

EMANCIPATION IN RUSSIA.—Accounts from St. Petersburg to Nov. 4 say:

The work of preparing the scheme for the emancipation of the serfs, advances slowly and steadily. Most of the provincial committees placed the movement upon the ground of benevolent condescension accorded by the nobility to the serfs; but the military Governor of Kazan, in his late address at the inauguration of the committee, took higher ground, and represented it as an act of strict justice and reparation due to the serfs, in compensation for what they have endured during long years of servitude. This is the sound view taken of the matter by the Emperor, who does not consider himself engaged in a scheme of philanthropy, but in securing long delayed justice to the masses of his subjects.

The stomach of Mr. John Grimes, who died at Greenfield a short time since under the suspicions of being poisoned, has been examined by skillful physicians in Boston, and no trace of poison could be found.—Thus it should be inferred that young Grimes and the wife, who were charged with basely destroying the life of Grimes by administering poison, are entirely innocent of the charge.

Mr. Grimes called at the apothecary's in this village, on Wednesday last, but was not identified by Miller as the man who called for strychnine to kill crows; neither was he seen by others as before stated. We are glad to feel Mr. Grimes is innocent of so horrid a crime.—*Peterboro' (N. H.) Transcript.*

RATHER EMBARRASSING.—The Memphis Bulletin of the 27th ult., says:—

"Mr. Geo. W. Darden, of DeKalb, Hickman county, Tennessee, was arrested yesterday by the police, from the fact of his supposed resemblance to a runaway negro from South Carolina, whose description was telegraphed to this city, with a request that he be arrested on his arrival here. The fugitive is charged in the dispatch with running away with a white girl, with a view of marriage. Fortunately for Mr. Darden, however, he had little difficulty in proving himself to be of Anglo-Saxon blood, and was soon set at liberty again. The real fugitive has not yet been apprehended."

TRADE OF THE PACIFIC.—Chili has been for many years, except occasionally when there has been a deficient harvest, the great granary of the Pacific, but recently California has shipped more or less grain there. The last intelligence announces the arrival at Valparaiso of a full cargo of barley, which paid freight and nearly 50 cents per hundred pounds net profit. A cargo of beans from California also sold at a fair profit. A letter says, "next year California wines will be introduced, and her sparkling California Angelica and Champagne will be all the rage."

THE TRUE CHURCH.—By his church, our Saviour did not mean a party, bearing the name of a human leader, distinguished by a form or an opinion, and, on the ground of that distinction denying the name or character of Christians to all but themselves. He meant by it the body of his friends and followers, who truly imbibe His spirit, no matter by what name they are called, in what house they worship, by what peculiarities of mode they are distinguished, under what sky they live, or what language they speak. They are the church—men made better, more holy, virtuous, by His religion—men who, hoping in his promises, keep his commandments.—*Channing.*

'Sally, how do you like your new place? Is it a religious family?" "Well, I rather guess it is—they always have beans on Sunday."

There is a large hog in New Brunswick which will be "guessed for" on Christmas day. The hog is to be weighed alive, and the person guessing the nearest to its weight gets the hog.

PATENT AGENCY.
SAMUEL COOPER,
Late Principal Examiner of Patents in the United States Patent Office, at Washington,
HAS REMOVED HIS OFFICE TO
WEBSTER BANK BUILDING,
13 EXCHANGE STREET, BOSTON.
PATENTS secured in the United States, and in all other patent granting countries. Specifications and drawings prepared. Caveats filed.—Reconsiderations prepared, and applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Re-issues and extension prepared, and in general, all business connected with the Patent Office transacted with care and promptness.
British and other foreign patents procured through prompt and confidential agents in London and Paris.
Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.
He begs leave to refer those unacquainted with him to the following testimonials:—
From Hon. Chas. Mason, Commissioner of Patents.
U. S. PATENT OFFICE, Feb 23, 1855.
I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.
CHARLES MASON, *Commissioner.*
From the Examiners of the Patent Office.
The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments qualify him eminently fit him for the business in which he is about to engage.

TUESDAY, DECEMBER 14. 1858.

MANCHESTER POLICE.

A day or two ago we published some Newburyport local matters, with a remark that other cities might profit by a consideration of the subject. We now present some extracts from a report lately made by Mayor Smith, of Manchester, in answer to the Aldermen, who requested him to make a statement of the unlawful sales of liquor in that city. He says:

First, then, all the information I possess, in relation to the subject, can be obtained and could have been obtained by consulting the Police records, which are open to the inspection of all; and has, also, been embodied in the Marshal's quarterly reports to this board.

From these records it will be seen that there have been, since the first of May last, 34 prosecutions for selling liquors and keeping for sale, most of which were bound over, indicted, and convicted, or settled without trial. There have been over 30 searches, without obtaining that evidence that liquors were kept for sale unlawfully, which is required by law.

Whether the keepers of such places have abandoned the sale altogether, or have kept the evidence out of sight, and sold openly in the night, at which time the law does not allow of a search, or whether they have been apprised of the operations of the Police by spies, paid for doing the menial service of watching and letting them know, or have been so apprised by the Police themselves, is yet an unsolved problem.—That our efforts have, however, in some way, been neutralized, contravened, and thwarted, is a presumption beyond peradventure. I have every reason to believe that in some way (perhaps with more caution) the places do mostly continue to keep liquors for sale, and do continue to sell. I apprehend those who so earnestly oppose the law, and have opposed, in every possible way, every law, or the enforcing of every law, for the suppression of intemperance, could, if they would, better explain the foregoing queries than I can, or any other class of the community.

To my mind, it is not a strange thing that some persons are found who persist in violating the laws, when so large a portion of the community are ready to wink at the same, yea, to encourage and back them up in the wrong; and when they are assured by able and learned counsel that they can have any amount of legal assistance, *free of charge*, "when their cases are transferred to a respectable court." In regard to the enquiry how many places are there where liquors are sold, I have no means of knowing that others do not possess. Indeed, on this point, I think those who are opposed to enforcing the law are the best judges.

I have no definite knowledge that liquors are kept for sale contrary to law, at any one particular place; still, I have good reason to believe they are so kept and sold. And one of the best reasons is that so many are opposed to the law against selling. It is said that in Fremont Block it is sold in great abundance, and that almost every house in the neighborhood of the Park street school house is a rum hole; and especially the building known as the Emerald Block is full of rum; but if such be the fact, the occupants are remarkably shrewd in avoiding detection. It is to be presumed, however, that the owners of said building would not allow of its being prostituted to so base a purpose. I would here remark that if any one believes liquors are kept for sale, contrary to law, at any place, "the same not being a private dwelling house, no part of which is occupied as a store, shop, eating room, or place of common resort," it is his prerogative, guaranteed by the law itself, and it is his duty as a good citizen, desiring to see the laws respected and enforced, to swear out warrants against such places;—and here I will say, what I have repeatedly said during the past season, namely:—That any Police officer, refusing to serve such warrants, shall be at once discharged, so far as the executive is concerned.

I desire here also to state what has already been hinted at, viz.; some of the obstacles in the way of enforcing the law. Every one knows the utter inefficiency of any law not well supported by public opinion, and how true is it that public opinion is not up to the mark on this all-absorbing question. Let as large a portion of the community talk against the laws which prohibit stealing, and *practice* against them too, as there does against the laws prohibiting the traffic in ardent spirits—let nearly two-thirds of the male population, over 15 years of age, practice stealing from three to ten times per day, or even once a day, and then not be able to recollect whether the same was stolen from a toy-shop or a slaughter house, and think you, how easy a thing it would be to enforce the laws against *stealing*? Public opinion is *wholly* against stealing, and yet there is stealing almost every day. Let the best of public sentiment be as strongly set against rum-selling and rum-drinking as it is against stealing, and there would be no occasion for laws to suppress rumselling.*

Again, it appears to me that that portion of the law known as the search clause, is deficient, inasmuch as it confines all searches to the day-time, whereas, no doubt, vastly more liquors are sold and drank in the night. If the law was amended, so as to allow searches to be made in the night, it is clear to my mind it would be decidedly more efficient. Still, I unhesitatingly give it as my firm conviction, formed from carefully watching the whole matter, that the great formidable obstacle in the way of enforcing the laws for the suppression of intemperance, is that so many oppose and throw every hindrance possible against its being enforced. Against what other law upon our statute book does a large majority of one political party bend their entire energies? I am happy to say there are some honorable exceptions, as in the case of the democratic members of this Board. But, that a vast majority of the democratic party have tried every expedient within the reach of their fruitful imagination to thwart, nullify and bring into disrepute the law in question, is a truism that no *honest* man will risk his reputation in denying. Again, I ask, for the testifying against what other crime, but selling rum, could a man be decoyed from his own peaceful home, beaten almost to death, limbs broken and mangled most shockingly—and yet the offense be winked at and chuckled over by almost an entire political party? Still with all these impediments in the way, something has been done; there have been more persons bound over in the Sept. term of the Court the current year, than in the two preceding whole years, and more indictments and convictions (if I am correctly informed,) than in three preceding years. By the Police records, there has been less drunkenness, noise and brawl than during the past year; and this too, with the odds of so many having been out of employ, against the present year.

If liquor has been sold, it has been somewhat driven out of sight; as proof of this position I would cite the fact that more than 30 searches have been made, where it was supposed to be for sale, without finding it. If in some of the ways already hinted at, the sellers have been informed when the Police have been on the lookout, it should only stimulate to greater vigilance and more determined action. The foregoing considerations will show the substance of what was called for by the resolution, and present some of the obstacles in the way of enforcing the laws against liquor selling. And since the information has been called for, I am extremely happy to avail myself of so favorable an opportunity communicate them to this Board. All of which is respectfully submitted.

* This sentence strikes us as not very sound logic. If it *were* sound, then we ought forthwith to repeal our laws against theft, sell the State Prison, and starve the judges. Nevertheless, the whole piece deserves a careful reading.

WHAT IS WANTED?—A very able paper in Boston says, speaking of liquor laws:

In the majority of cases the juries refuse to convict. The trouble is, with the best of officers, the machinery is out of place—the present law is not the law for Boston. Six *four-fifths* of our people really feel;—and as long as they feel so, it is so, no matter how the law looks on paper. What we *want* is a good stringent law which shall put the liquor traffic in *responsible hands* and confine it within manageable bounds. The day that see our vile groggeries crushed out, will see a mighty step taken in the true advancement of the temperance cause in Boston.

They had just such "good stringent license laws" in Boston, for one hundred years; and they only gave dram drinking and *selling* a legal sanction. If four-fifths of the people there choose to be ruled by rum, they can have it so. It is the Sebastopol of drunkenness for New England.—They have *now* the nuisance act, under which the "vile groggeries" can be "crushed out," if *the people* wish—but not otherwise. Their will is the real law.

GOOD FEEDERS.—Dr. Rea, the gentleman who secured the relics of Sir John Franklin's expedition, in 1854, recently delivered a lecture before the Geographical Society, of New York. The subject was his experiences in the frozen regions of the North. The frost of that country must create enormous appetites; for the Doctor says the Hudson Bay Company allow eight pounds of buffalo meat as the daily ration of their employees.

MORMONISM IN NEW JERSEY.—The Monmouth (N. J.) Democrat says that a man calling himself Brigham Young, Jr., has established himself in Ocean county, and called his place "New Utah," or "Little Salt Lake." He has also induced three silly women to join him, as a starting point in his stock of wives.

SENTENCE FOR MANSLAUGHTER.—In the Municipal Court, Boston, James H. Gould, convicted last term for manslaughter of William R. Chapman, on Friend street, was sentenced to *seven years* of hard labor in the State Prison and one day solitary confinement. Gould has been confined in jail for about ten months.

☞ A number of houses in Deptford, England, were lately condemned as unsafe, and ordered by the magistrates to be pulled down—one being that occupied by Peter the Great, when he worked as a shipwright in the dock-yard there.

☞ Rev. Nathan W. Sheldon, late of Bremen, Me., has removed to Stoddard, where he has engaged as a stated supply of the Congregational church and society.

Mr. Foster Hale, the inventor of raised letters for the use of the blind, fell down dead on a pavement in Selma, Ala., on the 26th ult.

NATIONAL TRAITS IN NEW YORK CITY.—Burleigh, in a letter to the Boston Journal, thus classifies criminals, and reproves extravagance in our own people.

The assault and battery cases and murders are mostly done by the Irish; the thefts, receiving stolen goods, and that class of crimes, have fallen into the hands of the Germans and Jews; the burglaries are mostly committed by the English; and the frauds, forgeries, &c., are taken in hand by the Yankees. As a people, the French are freest from crime. Another fact deserving of notice is that the hearty importing business is passing rapidly out of the hands of Americans into the hands of foreigners, and the heaviest importers now are of this stamp. And the reason is that these men have credit abroad, and Americans have not. The style of living adopted in New York the few past years has nearly ruined the American credit abroad. The foreigner comes here—he can live on $1000 a year; and when times go well with him he can live on $5000.—But as soon as an American gets along at all, he must have his house in Fifth avenue, at a cost from $100,000 to $200,000; his style of living must match; and the end is soon to d. And by a foolish, and vain, and insane ostentation, the American is quietly and surely flinging away the great gift placed in his hands. And when one sees the luxury, the effeminacy, the indolence, the want of physical culture among the children of those called our "first families," and then looks at the keen wit, the sharp common sense, the physical energy of the poor, ragged or neglected children—the sons of coal-heavers, wood-sawyers, draymen, and the poor—no one can be long in doubt from whence is to come the rulers and leaders of this country. NEGRO.—A negro belonging to George Brent, of Northumberland Co., Va., was whipped to death a few days ago by a gang of negroes with whom he had been associated in trafficking for stolen goods, and against whom he informed. The gang suspended him from a tree, built a fire under him, and then scourged him with switches until he died.

SINCERITY.

BY DR. J. HAYNES.

O, what a matchless blessing,
To feel we are sincere,
To know we're safely resting
On whom we deem most dear.
It is a joy forever,
More than we can express,
To feel that nought can sever,
Or make affection less.

Life would indeed be dreary,
If confidence were lost;
And none to love, when weary,
And on life's billow tost!
The soul would sink with sorrow,
And loathe the things most dear;
And dread a coming morrow,
If all were insincere.

It is a peerless treasure,
To have a truthful heart;
An everlasting pleasure,
That riches can't impart;
There's nothing worth the mention,
There's nought we need to fear,
If in the world's contention,
We find ourselves sincere!

The vices and the passions
That most afflict mankind,
Are low deceit and fashions,
That rule the weaker mind.
It's noble, and diviner,
When Conscience, bright and clear,
Sits up as a refiner,
And proves us all sincere.

SPECIAL NOTICES.

NIGHT SWEATS.—This exhausting accompaniment, of any debilitating disease, should not be treated by astringents and acids, but by tonics and restoratives. The PERUVIAN SYRUP with protoxide of iron, fills a gap long open in the Materia Medica, in the treatment of this symptom. It enriches the blood, renovates the system, and restores the normal action of the skin.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L—, a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—has finally been cured with **R. R. RELIEF.** In the month of December, 1852, he had a severe attack—was confined to his bed one week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1853, when he went to Manamoreck, to put up some country seats, where, by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which nearly killed him—he came back to New York, took the Ready Relief and Regulators; was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He labored in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 70 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was applied; at six minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand respiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN FIMPLE DESTROYER, which has been used by thousands, and is considered an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few days Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED. THIS GIN, distilled in London, from second A Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and one of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of the harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., whilst the weaker sex will find its peculiar adaption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as to travellers exposed to changes of water and air.

For sale in quarts at seventy-five cents, and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE GIN is genuine.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co, 1 Cornhill; S. J. Foster, 20 Union st; J. Wright, 116 Washington st.; M. A CARD TO THE LADIES.

DR. DUPONCO'S
French Periodical Golden Pills,
FOR FEMALES.

Infallible in Removing Stoppages or Irregularity of the Menses.

THESE Pills are nothing new, but have been in used by the Doctor for many years, both in France and America, with unparalled success in every case; and he is urged by many thousand ladies who have used them, to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these Pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to health; otherwise these Pills are recommended. Full and explicit directions accompany each box.

Price $1. Sold in Portsmouth by JOSEPH H THATCHER, in Dover by Chas. A. Tufts, in Exeter by C. A. Merrill, and in Newmarket by J. A. Prendergast. They will supply dealers at the Proprietor's prices, and also sell the Pills to the Ladies (confidentially) by mail, to any part of the city or country, on receipt of $1 Order to Fort Office.

N. B.—Ladies will be particular in asking for *Dr. Duponco's Golden Pills.* Observe the signature *J. Duponco* is upon each box. You will then obtain a Pill you can rely upon.

LOCAL.

☞ Dr. Haynes is certainly one of the best, if not *the* best, of all the readers and analyzers of character that we ever met. He didn't exactly tell us more about ourselves than we knew before; but he did tell us the why and wherefore of our actions, much better than we or our most intimate acquaintance could do. A half hour cannot be better spent than with him. His chart will be a valuable aid to improvement for any man or woman. He has rooms at the Rockingham House; and we advise all who are interested in mental and physical philosophy, to call on him.

☞ The New Orleans and Metropolitan Burlesque Opera Troupe, who have given such great satisfaction, and draw large and fashionable audiences wherever they go, are here again. It will be seen by our advertising columns, they announce positively but one concert previous to their departure for their Southern tour—at the Temple this (Tuesday) evening. They will give you your money's worth of music and fun.

☞ The Continental Harmonists, (the original Old Folks Choir of this city, with assistance from abroad,) are to give a Concert on Sunday Evening, Dec. 26th, at the Temple, in this city, of which an advertisement will be found in another column. The choir comprises upwards of a hundred performers, of all ages; and this concert will be one of their best.

The Choir have also been invited to sing in several of the neighboring towns, and may do so during the winter.

Their rehearsals are on Thursday and Sunday evenings next, at Exchange Hall.

☞ The Ojibway Indians gave a very acceptable, instructive, amusing and attractive entertainment, at the Temple, last Friday evening. Such clear, sonorous voices we never heard before, as theirs in singing. They announced another exhibition, concert and lecture, for Friday evening of this week.

☞ The Stone Church is rapidly approaching completion; and Christmas Eve (Friday, Dec. 24th) is talked of as the time for the Dedication Services. The new Organ arrived several days since, and is about ready for use. It is a very fine instrument; and it is a pity we had not a public hall furnished with one equally good, for public use.

☞ The Mutual Improvement Temperance Society of this city, have resumed their Weekly Meetings at Academy Hall, and are about commencing a series of Lectures, to be delivered on successive Wednesday evenings, by the several Ministers of the city, and others. The first lecture is to be delivered by Rev. T. H. Miller, on Wednesday Evening of this week, at 1-4 before 8. The lectures following are expected from Rev. Messrs. Whiting and Hall, and Drs. Peabody and Lamson.

An Unwelcome Visitor.—A few nights since, a resident of the outskirts of the city, visited his barn in the evening, according to his usual custom, leaving the house door open. On returning, his olfactory nerves were greeted by an intolerable smell, and upon examination, found Mr. Skunk carefully surveying the kitchen. Our host called the dog, who quickly dispatched the intruder, but not until he had left *quantum sufficit* of his peculiar "fragrance."

A few evenings since, as a gentleman and two ladies were passing through Fleet street, they saw what they supposed to be a kitten, trotting along behind them, but owing to its singular form and movements, thought it best not to meddle with it, which they afterwards proved to be the best course, as he left an unmistakable evidence of his character, by the peculiar odor he imparted. Skunks are very numerous, which is said to be an indication of a mild, open winter. c.

Naval.—U. S. frigates Roanoke and Savannah were at San Juan Dec. 1. The latter has some sickness on board. The Saranac is at Panama.

U. S. steam frigate Merrimac, Commodore Long, arrived at Honolulu Oct. 12, from Callao. She subsequently laid in a large supply of stores, which would obviate the necessity of her going to San Francisco, and sailed Oct. 23 for Mazatlan.

The U. S. ship Cumberland was at Loanga October 10.

The U. S. ship Vincennes was passed Oct. 21, in lat. 6 30 S., lon. 11 E.

FROM EUROPE.

THREE DAYS LATER

NEW YORK, Dec. 12.—Steamship Persia, Judkins, from Liverpool Nov. 27th, arrived at 3 o'clock this afternoon.

The Persia reports heavy westerly gales, with very high sea, considerable hail, snow, and sleet, the entire passage. She brings 171 passengers.

There is no news of the steamship Fulton, now a fortnight out from New York for Southampton.

It is considered certain that the Great Eastern will be ready for her first trip to Portland by mid-summer next.

The British Board of Trade returns for October, show a falling off of nearly £717,000 in the value of exports, as compared with the same month last year.—The shipments of cotton manufactures, however, exhibited a large increase.

Mr. Lemon Oliver, the London stock broker who was found guilty of forgery, and applying to his own use securities and property entrusted to his care, had been sentenced to 20 years penal servitude.

The rate of insurance on the overdue steamship Indian Empire had advanced 35 a 40 per cent., even at which transactions could not be effected to any extent.

The Canadian News has undoubted authority for saying that, although her Majesty finds it impossible for her and the Prince consort to pay a visit to Canada, a short interval only will elapse before one of the young princes will go there.

Intelligence had reached Lloyds of the loss of eight homeward-bound ships. Except in the case of the Claude, there was little or no loss of life.

France.—The Count de Montalembert, and M. Doundil, editor of the Correspondent, were tried on the 24th. The Judges deliberated one hour, and pronounced the following judgment:—Montalembert to be imprisoned six months, and pay a fine of 300 francs; Doundil, one month imprisonment, and 1000 francs fine.

It is stated that Montalembert will appeal against the verdict. The result of the trial has called forth bitter articles from the English press, and caused a slight depression in the funds at London and Paris.

Italy.—The King of Naples is said to have decided that all foreigners employed in his States must be naturalized.

Washington Matters.—The correspondent of the New York Tribune says:

The action of the Senatorial caucus in removing Mr. Douglas from the Chairmanship of the Committee on the Territories has created the greatest excitement. It is regarded as demonstrating the intention of the Democratic leaders to adhere to the extreme pro-slavery policy adopted at the last session—to reduce the Anti-Lecompton men to the position of a faction, and to drive them from the party.

A leading Southern Senator said to day that they had temporized long enough, and that they had concluded to drive Douglas out of the party. The South will tolerate no half way position.

Jefferson Davis and Slidell led the attack on Douglas in the caucus.

Mr. Seward, on hearing the result of the caucus, remarked that it was the best illustration that could be given of the truth of the statement that there was an irrepressible conflict between Freedom and Slavery.

From the Times' corsespondence:—

There was no concealment of the fact that this action (against Mr. Douglas) was had at the President's bidding. At the same time, a portion of those who obeyed the mandate professed to do so because Douglas is expected to be absent until January. Others manfully declared their votes to be decided by the fact that Douglas holds to the power of a Territorial Legislature to exclude slavery, while the South claims that slavery cannot be prohibited until after the Territory shall have been admitted as a State into the Union. Mr. Brown of Mississippi reminded the caucus that the rejection of Van Buren's nomination to the London mission made him President, and warned his fellow-Democrats to beware of the results of their present action.

☞ Warrants were issued in New York and arrests made on Saturday, of lottery ticket dealers; but Benj. Wood and Geo. T. Eddy had disappeared.

One Teddy Tooley stabbed several people on Sunday evening.

On the same evening, Policeman Davis was assaulted in the street, and stabbed, it is feared fatally, by Joe Coburn, the prize-fighter.

TO THE PUBLIC.

In order to reduce our Stock of Fall Goods as low as possible before taking our annual Stock Account on the first of January, we have marked the prices of them down without regard to cost. And until that time we shall endeavor to offer extra inducements in the way of good bargains. ALLEN & PAINE.

A Money Making Business.—If you wish to make money or what is the same thing, *save money*, don't neglect to visit the establishment of Messrs. Allen & Paine some time this month and secure some of the many Bargains which they are offering in order to reduce their Stock before taking their annual stock account.

"*Five Hundred sure ways to make money.*"

We often see the above foolish heading to an advertisement, and probably there are some people foolish enough to be taken in by them in following their directions to send money to the writer, &c. But we have found from experience that the *surest* way to make money is to purchase all our Dry Goods at the Establishment of Messrs. Allen & Paine, which at this time would be of particular advantage as until the 1st of January they will actually sell their goods without regard to cost. It pays well to visit them.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS PERFECT IN ITSELF, and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the cost being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked four cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,

Dr. B. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No 3 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.—Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhea, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentlemen in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press.

HATE, ME., Jan. 20, 1856.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now refer to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy! as it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above statement I deem due to you for your valuable discovery. I am assured that wherever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the good nature in others as well as myself. I am, truly yours, A. C. RAYMOND.

RAYMOND, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing which I desired, for hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Gragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a Christian of great influence and universally beloved.

Brookfield, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching, with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. GRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds ½ a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These Gums remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, **purifying** the blood, giving tone and health to the whole machinery, removing the cause of the disease, effecting a radical cure.

Bilious Attacks are cured, and when better prevented by the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent sick headache.

Only one dose taken at night, loosens the bowels and cures **Costiveness.**

One dose taken after each meal will cure **Dyspepsia.**

One dose of two teaspoonfuls will always relieve **Sick Headache.**

Only one dose immediately relieves **Colic.**

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Dr. SANFORD Proprietor, 365 Broadway, N. Y.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial*, we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or 1 in. at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most candidly and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

A Revolution in the Hunting World.

Reutbe's Patent Spring Gun Animal Trap.

More certain of its prey than the most perfect Rifle in the hands of the most experienced marksman, without loosening the valuable Fur or Skins, as is the case in ordinary mode of shooting, it effects the capture of the animal either dead or (if preferred) alive—the barrels discharging themselves, simultaneously with the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its operation, and neither cumbersome nor difficult to arrange.

There are three different sizes, which will effectually operate on Minks, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money is accompanied with the order. The prizes are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—*New Orleans Delta, Mobile Register, Charleston Standard, Nashville Gazette*, Atlanta *Intelligencer*, and New York *Weekly Book*. Write your address plainly, and direct to S. SWAN & CO., Augusta, Georgia.

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consulting a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are incurable or in shocks as perfect cures.

Patients treated by letter by advertising Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE REMOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities Their action is speedy and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been put up by miserable pretenders who are entirely ignorant of the efficacy of medicine.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 diy

The latest scheme for abolishing the slave trade, is a proposition that France, England, and United States unite in establishing courts of adjudication without appeal, in different parts of the slave trade coast; and, upon the clearest proof being shown of the slaver's guilt, let the captain, chief mate, and every third man of the crew, be hanged before the court breaks up. There is to be no appeal to a higher tribunal; the law is to be carried into effect as soon as judgment is passed.

Men are called good fellows if they spend their money freely—tip top fellows. After they have impoverished themselves, for the benefit of others, and are unable to pay their little debts, they are no longer the good fellows aforesaid—they are rascals. Queer world. And if a man fails for a million, it is all right; but let him fail to the amount of his board bill, and he is a scoundrel. Promiscuous world!—*Ex.*

SOCIETY OF FRIENDS.—A conference of three hundred of the members of this religious society has been held lately in London, at which it was agreed to sanction marriage between individuals of this community, (although not in membership) by allowing them to take place within its religious meetings, and that all restrictions in regard to what is called plainness of speech, behavior, and apparel, may also be discontinued, but confirming its ancient testimony in favor of Christian moderation in these respects.

Robinson Crusoe, when in manuscript, went begging for a publisher. One bookseller at last, not remarkable for his discernment, but for his speculative turn, engaged in the publication.

A sensible colored man, in a recent convention of his brethren in New York, gave the following cut direct: "There has been a great deal of capital sheared from our wool, but we have got none of the profits, and we should not be dumb before the hearers any longer."

The proposition to do away with the saw requiring juries to be unanimous in their verdicts, is creating much discussion among the legal gentlemen of England.

Nothing more completely baffles one who is full of trick and duplicity, than straight-forward and simple integrity in another.

YOU HAD BETTER TRY
MY MOTHER'S SALVE
This celebrated preparation has obtained an enviable and world-wide reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and strength that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.
"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.
"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, ULCERS, TETTERS, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.
"My Mother's Salve" is a BURN OR SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.
"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.
Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M.Beck.

American and Foreign Patents.
R. H. EDDY, solicitor of Patents,
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
No. 76 State st, oppo. Kilby st, Boston,
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britian, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on the shortest terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for equally good services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
Boston, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
E. H. EDDY.

WEDNESDAY, DECEMBER 15, 1858.

JEFFERSON DAVIS A NATIONAL MAN.—The N. H. Gazette of week before last made some severe strictures on Davis's speech, which strictures we copied. In the last week's Gazette it was said the first report of Davis's speech was grossly erroneous: and the Gazette adds:

We have carefully read Davis's speech, and though we cannot consent to some of its theories upon the subject of slavery in the territories, we attest to its conciliatory and conservative sentiments, and the temperance of its language, and we find no *threats or intimation of disunion* upon any other contingency than would be deemed by all national and patriotic men a good and sufficient cause.

Now let us see what Mr. Davis really said, as reported by himself and his friends:

Whether by the House or by the people, if an *abolitionist* be chosen President of the United States, you will have presented to you the question of whether you will *permit* the government to pass into the hands of your implacable enemies. Without pausing for your answer, I will state *my own* position to be that *such* a result would be a species of revolution by which the purposes of the government would be destroyed and the observances of its mere forms entitled to no respect.

In that event, in such manner as would be most expedient, I should deem it your *duty* to provide for your safety *outside* of a Union with those who have already shown the will, and would have acquired the power, to deprive you of your birthright and to reduce you to worse than the colonial dependence of your fathers.

The plain English of all this is—if a Republican president, or such an abolitionist as Jefferson, Franklin or Jay, should be chosen, or Douglas, even—then Mr. Davis would leave! Well, perhaps he would; but we don't believe a word of his gammon. We have heard such as this, these 40 years.

A VOICE FROM VIRGINIA.—After the Wise faction had been beaten in the recent Petersburgh Convention by the nomination of their fiercest opponent, John Letcher, the repulsed leaders sought to ease their fall by obtaining from the Convention a tolerance, if not an endorsement of Senator Douglas. Accordingly Mr. O. J. Wise, editor of the Richmond Enquirer, offered two resolutions,—the first praising Mr. Buchanan, endorsing his administration, and identifying the democratic party with him; and the second rejoicing in the late democratic victory in Illinois, and expressing "congratulation in defeat of a dangerous sectional organization."

In offering them the mover intended to be understood as signifying thereby his his willingness to ride the Administration horse, if they would allow the Anti-Lecompton nag to be hitched on the same team.

In the "noise and confusion" attendant upon the proceedings of the Convention, these resolutions were adopted *nem. con.*, but immediately afterward a Mr. Brannon moved to reconsider the second resolution, and after a sharp discussion, the Convention voted to reconsider the second resolution on the table. Thus we find Douglas unceremoniously kicked out of a Virginia Democratic Convention—the majority of the delegates refusing to rejoice in his triumph even over a Republican opponent.—Taken in connection with the expulsion of Douglas from the Chairmanship of the Territorial Committee, it looks like a declaration of perpetual war on the Anti-Lecompton wing of the Democratic party.

DOUGLAS AND THE ADMINISTRATION.—The fact that Senator Douglas has been deposed from his place as Chairman of the Committee on Territories by the Administration Senators, is significant, and cannot fail to convince the most skeptical that there is to be no armistice and no peace between the Administration and the Douglas Democracy. The telegraph reports that the Senatorial Caucus lasted from ten in the morning till late in the afternoon, and that great bitterness was manifested. In connection with the subject, the Washington correspondent of the N. Y. Evening Post writes that "there are reports in that city that Mr. Buchanan, by the power of the federal patronage, has fixed the Illinois legislature so that Mr. Douglas cannot be elected. As Mr. Buchanan, has effected more wonderful things than the purchase of two or three votes in a State Legislature during his administration, I shall not doubt the rumor, although a change in that Legislature, if any occurs, seems more likely to favor Mr. Lincoln than the Buchanan candidate."

☞ The total value of steamers afloat on the Mississippi and its tributaries is more than $60,000,000, and number as many as 1500—more than twice the steamboat tonnage of England, and equal to that of all the other parts of the world.

MOVEMENTS AT WASHINGTON.—On Monday, when the Senate met, Mr. Seward, of N. Y. moved to dispense with the rule requiring a ballot for the committees, and to take a vote instead.

The proposed list being read, a vote was taken as to whether the list be accepted or not, resulting as follows:

YEAS—Messrs. Allen, Bates, Bayard, Benjamin, Bigler, Brown, Clay, Davis, Durkee, Fitch, Green, Gwin, Hammond, Hunter, Iverson, Johnson of Tenn., Jones, Kennedy, Mason, Pearce, Polk, Rice, Reid, Sebastian, Shields, Slidell, Stuart, Thomson of N. J., Wright—31.

NAYS—Messrs. Bell, Broderick, Cameron, Chandler, Clark, Collamer, Dixon, Doolittle, Fessenden, Foot, Foster, Hale, Hamlin, Harlan, King, Seward, Simmons, Trumbull, Wade, Wilson—20.

ABSENT—Crittenden, Douglas, Fitzpatrick, Houston, Johnson of Ark., Pugh, Sumner, Thompson of Ky., Toombs, Yulee, Mallory—11.

The only committee in which the whole public are interested is that on Territories, from the chair of which Mr. Douglas has been deposed by the administration or Buchanan party. The committee now consists of,—Mr. Green, Chairman, Douglas, Sebastian, Jones, Collamer, Wade.

Mr. Clingman of N. C., addressed the Senate on that portion of the President's message referring to the Clayton Bulwer Treaty. While we are talking about the Monroe doctrine, Great Britain, he said, has applied the Monroe doctrine to ourselves. The scope of his remarks was that the Clayton Bulwer Treaty must be abrogated, and thus liberate the bonds of this government.

The Senate's Pacific Railroad Bill was called up, by a vote of 30 to 18.

Mr. Gwin, of Cal., addressed the Senate.

The *House* resumed the consideration of the Watrous impeachment case, and three or four members spoke on the subject, but no vote was taken.

Mr. Clay of Ky., offered a resolution, which was adopted, requesting the President, if not inconsistent with the public interests, to communicate all the information in his possession, or which may shortly come into his possession, regarding the recent reported boarding by British naval officers, of American vessels in the Gulf of Mexico.

☞ The singular political spectacle is exhibited, of a President and his Secretary of the Treasury differing *in toto* in regard to a tariff policy. Mr. Buchanan, in his Message, advocates specific duties, while Mr. Cobb argues strongly and earnestly in favor of the ad valorem system, and battles Mr. Buchanan's points and the logic of protectionists as fiercely as he knows how.

FROM CALIFORNIA.—The steamship Moses Taylor, from Aspinwall, 4th inst., has arrived with California dates of the 20th ult.

The Moses Taylor brings about 350 passengers, and nearly $1,200,000 in treasure.

It had been discovered that $90,000 worth of California State warrants have been issued, which are not recorded on the books.

☞ At the Temperance Ratification meeting in Boston, on Friday evening, Rev. Mr. Miner alluding to arrests in Boston by the police, said that in a population of 160,000, 20,000 were arrested annually, or one in every eight of the inhabitants.—Only one had been made for violation of the liquor law, and only 14, all told, for violation of the nuisance act. The average disturbances in the city were fifteen per day. The murders and assaults with dangerous weapons averaged one every other day. He called upon the citizens to look at these facts and act accordingly.

☞ Hon. Stephen Salisbury of Worcester has given to Harvard University five thousand dollars, the income therefrom to be devoted to the purchase of classical literature. If at any period the whole income is not needed for this purpose, it may be expended for books to be presented to meritorious students.

☞ One of the students in Trinity College, Hartford, being dismissed, his fellows made a fuss about it, breaking windows, blowing tin trumpets, and yelling generally, at the expense of the peace of the town, which resulted in a night's lodging in the watch-house for one of them, and the expulsion of several more.

☞ Senator Douglas left New Orleans in the steamship Black Warrior for New York, en route for Washington. He was escorted to the steamer by the Mayor and a large concourse of citizens. A salute of one hundred guns was fired, and there was great enthusiasm manifested by the people, of the Soule and American parties.

[Chronicle Correspondence.]

NAVY YARD, MARE ISLAND, CAL., November 19, 1858.

* * * At present the Yard here looks quite lively, there being over 400 men's names on the roll.

A new foundry, 350 feet front, with two wings, each four hundred feet long, has been commenced here, and is, I believe, the largest in the United States.

The "side wheel steamer for the China seas," which is to be built here, has been commenced and has now the keel laid, stem and stern post up, and 40 frames up; and the rest all out, ready to put up, which will be done next week.

The U. S. steamer Merrimac, Commodore Long commanding, is expected here daily, having sailed from the Sandwich Islands about the 23d of October. W.W.H.

☞ A man living in Cambridgeport called upon officer Twist Sunday evening, and requested his protection while he himself destroyed a quantity of liquor, which one W. W. Wallace of Boston, an itinerant liquor dealer, had left at his house for his wife to sell, in defiance of the express orders of the husband, who alleges that an improper intimacy has for some time been maintained between the liquor dealer and his agent. So strong were his suspicions on this point that about a week since he separated from his wife, but returning to his home found his wife in possession of a full supply of the ardent. The woman at first resisted the efforts of her husband and the officer to carry out their design, but finally yielded, when the husband, fearing the prosecution of his wife if she continued the traffic, removed from the house four ten gallon kegs, six or eight two gallon jugs, one barrel of ale, four decanters, a set of tin measures and tunnels, and seizing an axe he demolished the vessels and spilled their contents.

Officers Twist and Bridden subsequently proceeded to the house of Margaret Sullivan in Brookline street, which they visited about two weeks since on a similar errand, and destroyed half a barrel of ale, two jugs of rum, and several vessels containing other potables.

☞ The case of Jane Anderson, the girl who was arrested at Cincinnati dressed in boy's clothes, has aroused much interest in that city. She was accompanied by her brother, Joseph;—and their statement was that she had worn this disguise for three years, for the sole purpose of being with her brother all the time. They had worked as common laborers, and her sex had not before been mistrusted. It is stated that they were remarkably well behaved, drinking no liquor and using no bad language. The girl was sent to the City Prison for ten days, during which time it is hoped that she will be prevailed upon to wear the clothing and engage in the avocations peculiar to her sex.

CLERICAL PUNNING.—Parson Twiss of New Hampshire had just married a lady whose christian name was Desire, and it being in his course of remark, on a certain Sabbath, to illustrate the difference between the renewed and unrenewed man in the exercise of love, he delivered himself, to the amusement of his audience, in this way—"Formerly I had no Desire to love, but now I have a Desire to love and I love freely."

Very good story,—but who was Parson Twiss of New Hampshire?—and *where* did he preach? Can anybody tell us? We never heard of him before.

The season for freezing to death was ushered in by Eugene Riley, who stiffened in a shed at Green, Chenango county, New York, Friday night—no mention of an empty bottle.—*Boston Post.*

The Post evidently supposes there must have been a bottle in the case, though it is left out of the item.

☞ The Hartford Times states that the Union Arms Company had a contract to furnish the British government with 25,000 Minie rifles. They have turned out about 16,000 of them, but becoming embarrassed some time since, they were unable to go on with the work, and last week decided to give notice to the British government that they were unable to complete the contract.

MASSACHUSETTS CITIES.—In Boston, Mayor Lincoln, the Parker house candidate is re-elected, having 6295 votes. Kimball, Amer. Repub. 4446; Palmer, Temp. 1007; scat. 181. Citizens' tickets for Mayor, have succeeded in Worcester, Lynn, Charlestown, and Newburyport, while in Lowell and Roxbury, the American Republicans prevailed.

Gerrit Smith figures that, taking in the expense of traveling, establishing newspapers, feeding pauper followers, &c., his votes for Governor at the election cost him just four dollars each.

☞ Across the face of the Prussian bank notes is printed some fifty times, in very small type, the penalty for counterfeiting, which is from five to fifteen years' imprisonment. Convicted counterfeiters cannot plead ignorance of the law.

☞ The starch factory at Bethel, Me., has ground up about fifteen thousand bushels of potatoes this season.

☞ In Bristol, Mo., and vicinity, four new divisions of the Sons of Temperance were instituted last week.

SPECIAL NOTICES.

NIGHT SWEATS.—This exhausting accompaniment, of any debilitating disease, should not be treated by astringents and acids, but by tonics and restoratives. The PERUVIAN SYRUP with protoxide of iron, fills a gap long open in the Materia Medica, in the treatment of this symptom. It enriches the blood, renovates the system, and restores the normal action of the skin.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L—, a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—has finally been cured with **R. R. RELIEF.** In the month of December, 1853, he had a severe attack—so much confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1854, when he went to Mamaroneck, to put up some country seats, where, by exposure, he was prostrated with Fever and Ague. He was treated according to the old fashioned method, which made him worse—came back to New York, took the Ready Relief and Regulators; was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to a neighbor of his son-in-law, No. 76 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured; that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. The Pimple, obstructing the perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending a ball or party.

The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

THIS GIN, Distilled in London, from sound A. Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES OF THE URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., while the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles's London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as to travellers exposed to changes of water and air.

For sale in quarts at seventy-five cents, and in pints (thirty-eight cents, by all Druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE OTHER is genuine.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 1 Cornhill; S. K. Pecker, 20 Elm st; J. Moran, 116 Blackstone st; M. The Great English Remedy.

SIR JAMES CLARKE'S

Celebrated Female Pills.

Prepared according to the prescription of Sir Jas. Clarke M.D., Physician Extraordinary to the Queen.

THIS invaluable Medicine is unfailing in the cure of all those painful and dangerous disorders to which the female constitution is subject. It moderates all excess, removes all obstructions, and a speedy cure may be relied on.

TO MARRIED LADIES

It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

Each bottle, Price One Dollar, bears the Government Stamp of Great Britain, to prevent counterfeits.

CAUTION.

These Pills should not be taken by females that are pregnant, during the FIRST THREE MONTHS, *as they are sure to bring on Miscarriage, but at every other time and in every case they are perfectly safe.*

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain iron, calomel, antimony, or any thing hurtful to the constitution.

Full directions accompany each package.

LOCAL.

☞ The schooner Maria Jane, Crosby, now in this port, reports at 11 A. M., Saturday, saw a schooner bottom up, 10 miles S. E. Cape Ann—apparently about 80 tons, with her masts lying alongside, but could not make out her name.

The old schooner Patriot, of Rockland, which went ashore on Wallis's Sands, Rye, a fortnight since, in a snow-storm, still sticks in the sand. Her masts are out, and her deck mostly removed, and she is badly stove at the bow. She had no cargo.

The schooner Reunion still lies on the rocks at Odlorne's Point, Rye, little damaged,—and is advertised, in another column, for sale at a bargain. Her cargo of lumber has been purchased by dealers in this city, and is landed and being carted up.

☞ Dr. Haynes is yet at the Rockingham House. His charge for Verbal Examination is only 50 cts.; for the Chart, $1. It is of interest and benefit to all to "know themselves" in this way; but more especially for parents and others to learn "what there is in" their children. It is not common to have so good opportunity as Dr. H's visit here affords our citizens, old and young.

☞ All persons interested in the establishment of a Young Men's Christian Association in this city, are invited to meet at the Temple Vestry, this (Wednesday) Evening, at half-past 7 o'clock.

SPORT.—A notice from Albert Blaisdell, Esq., will be seen in our advertising columns—a challenge to Mr. Mann, a neighbor of his in Greenland, to trot horses.—Of course Mr. Blaisdell will not back down; and Mr. Mann can now test whether his "mare is the better horse" or not. Each animal is highly prized by his owner, and both can show a good gait; but the Superintendent is hard to beat, in the horse line as well as in putting up handsome buildings—and he is all ready to toe the mark. What say, Mr. Mann, shall we have some fun; or is it all talk, and no coming to the scratch? F.

☞ The Mutual Improvement Temperance Society of this city, have resumed their Weekly Meetings at Academy Hall, and are about commencing a series of Lectures, to be delivered on successive Wednesday evenings, by the several Ministers of the city, and others. The first lecture is to be delivered by Rev. T. H. Miller, on Wednesday Evening of this week, at 1-4 before 8. The lectures following are expected from Rev. Messrs. Whiting and Hall, and Drs. Peabody and Lamson.

☞ It will be seen by advertisement that Warren Chase, of Ohio, is to lecture on Spiritualism, at Rechab Hall, this evening. We advise all interested in this subject to go and hear him. E.

☞ The Continental Harmonists (Old Folks Choir) Rehearse at Exchange Hall Thursday evening, Dec. 15th.

☞ We are quite unconscious of any desire, as we certainly are of any obligation, to conduct the Chronicle to suit the editor of any other paper.

RELIGIOUS PERSECUTION.—The Washington correspondent of the N. Y. Herald telegraphs as follows:—

Information has been received by our own government that the newly appointed Governor of Fernendo Po and dependencies, off the coast of Africa, went there in a man-of-war, and declared the religion of Spain the only religion of the island, and threatened the immediate expulsion of our missionaries. The subject has been brought to the attention of the State Department, and the necessary steps taken in the matter. The Spanish Minister here disclaims all knowledge of the matter, and is understood to have addressed his government upon the subject. It is thought serious difficulties may arise from it, as the island does not belong to Spain.

MORE SLAVES LANDED AT THE SOUTH.—*Savannah, (Ga.) Dec., 13.*—The Republican of this morning says the yacht Wanderer positively landed Africans near Brunswick.

Joseph Ganahl, the District Attorney, arrived on Saturday with three men, believed to be implicated. Their names are Juan St Pajesta, N. A. Brown, Miguel Aginoi or Raguet, hailing from New Orleans. Mr. Ganahl refused to take bail for their appearance at Court, and the prisoners were lodged in jail on the charge of piracy. Ganahl is using exertion to obtain evidence, and has sent to Brunswick to elicit information. The examination will probably take place on Thursday.—A tug was despatched to Brunswick to tow the Wanderer to Savannah, but the shipmaster on board refused to give her up.

It is reported that the Collector of Darien states that the Wanderer has no appearance of having had slaves on board.

The Republican says that the Africans were landed on Jekyl Island, and that a steamer which left Savannah took 150 and conveyed them past Savannah to the river plantations, and from thence they were scattered through the country. The cargo shipped is said to have consisted of 350 negroes. The Wanderer hails from St. Helena, is without regular papers as there is no American Consul there, but has informal papers from native officials, without any seals attached.

SUFFERING.—A letter of Dec. 4, from Aspinwall, says:

The steamer Washington, which arrived on the 27th Nov., left here on the 1st, with C. I. Fox, United States Consul here. He had to leave on account of a bottomry bond, which the captain had to give before he could get provisions for the return home. About half of the passengers had to pay to get to San Francisco; the other half the captain had to take back to New York, because they could not raise money to take them over. The passengers were all crying through the streets. It was a most piteous thing to see these poor people, without one dollar in their pockets, begging the Consul to send them over; the captain and the Panama Railroad, also, they were begging to send them over.—The Pacific Mail Steamship Company reduced their price fifty dollars, and the Panama Railroad reduced theirs ten dollars, so they would have a better chance to get over. There were a great many watches sold here very cheap.

SPAIN DECLARES WAR AGAINST MEXICO. *New York, Dec. 13.*—The Philadelphia Press of this morning says the Spanish Minister called upon Gen. Cass yesterday afternoon and announced to him that Spain had declared war against Mexico.

Horace, the slave of Mr. Thomas Hendric, was executed a few days since for the murder of his master on the 10th of September last, in Breckinridge county, Ky. He confessed the deed, and met his fate with great composure.

He was valued at $1150, the which sum will be paid to the heirs of his master's estate out of the public treasury.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling with out any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the cast ngs being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely :—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform as much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,

Indian Physician.

Dr. B. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are Strictly Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN. Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhea, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, ME., Jan. 20, 1858.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy! as it has been for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.

BALTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.

Brookfield, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching, with which I have been troubled from my childhood: and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These Gums remove all morbid or bad matter, and purify the blood, giving supplying in their place a healthy flow of bile, invigorating the system, and a preventive of the disease—effecting a radical cure.

Bilious Attacks are cured, and, what is better, prevented, by the occasional use of the Liver Invigorator.

Taken after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents **Nightmare.**

Only one dose taken at night, loosens the bowels and leads to the cure **costiveness.**

One dose taken after each meal will cure **Dyspepsia.**

One dose of two teaspoonfuls will always relieve **Sick Headache.**

Only one dose immediately relieves **Colic.**

One dose often repeated is a sure cure for **Cholera Morbus,** and a preventive of **Cholera.**

One bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for **Jaundice** removes all yellowness or unnatural color from the skin.

One dose taken a short time before eating prevents the appetite and makes the food digest well.

One dose, often repeated, cures **Chronic Diarrhea** in its worst form, while **Summer and Bowel Complaints** yield almost to the first dose.

A few bottles will cure **Dropsy** by exciting the absorbents.

We have a great in recommending this medicine as a preventive for **Fever and Ague, Chill Fever,** and all Fevers of a **Bilious type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.

We are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE 25 CENTS A BOTTLE, OR SIX BOTTLES FOR $1 PER BOTTLE.

Dr. SANFORD Proprietor, 345 Broadway, N. Y.

E. P. RUSSELL'S

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the several trial*, we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most confidently and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

A Revolution in the Hunting World.

Reuthe's Patent Spring Gun Animal Trap.

More certain of its prey than the most experienced hunters, without lessening the value of Pelts or Skins as it throws in order to save the life of shooting, it effects the capture of the animal (either dead or (if preferred) alive; the barrels discharging themselves, simultaneously with the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its construction neither cumbersome nor difficult to arrange.

There are three different sizes which will effectually operate on Mink, Woodchucks, Otters, Wildcats, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10, halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Standard*, Nashville *Gazette*, Atlanta *Intelligencer*, and the New York Weekly *Day Book*. Write your address plainly, and direct to S. SWAN & Co., Augusta, Georgia

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain diseases which we shall suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of the following cases may be by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

Dr. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empirics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, Box 1049, and medicine sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE REGNOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some conspicuous name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 d1y

YOU HAD BETTER TRY
MY MOTHER'S SALVE
This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.
"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.
"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.
"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.
"My Mother's Salve" is worthy of confidence, and having used it and recommended it to their friends is a test of its worth.
Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M. Beck.

IMPORTANT TO
TOBACCO CHEWERS.
DR. GUSTAV LINNARD'S
TASTE RESTORATIVE TROCHES,
The Great Substitute for Tobacco.
IT is a well known and incontrovertible fact that the use of Tobacco is the promoting cause of many of the most severe
MENTAL AND PHYSICAL DISORDERS
to which the race of man is subject, as careful analysis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing many to suppose that organ to be seriously diseased.
TOBACCO affects also the entire nervous system, manifesting itself—as all whohave ever used the noxious weed will testify—in Lassitude, Nervous Irritability, Weak Eyes, Dyspepsia, and many other disorders of a similar character.
THE TASTE RESTORATIVE TROCHES are designed to counteract these baneful influences, and have proved entirely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the system, restoring the taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which invariably consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the Stomach, invigorate the whole system.
Persons who are irretrievably undermining their constitutions and shortening their lives, should use these Troches immediately and throw off the injurious and unpleasant habit of Tobacco Chewing.
These Troches or Lozenges are put up in a convenient and portable form at the low price of 50 Cents per Box. A liberal discount to the Trade.
Prepared solely by the undersigned, to whom all orders should be addressed.

THE GREAT ENGLISH REMEDY FOR
Colds, Coughs, Asthma, and Consumption.
Astonishing Cures of Consumption.
Two cases pronounced beyond the reach of Medical Aid.
AUGUSTA, Me., May 27, 1845.
DR. BRADLEE—SIR—The Hungarian Balsam, has been of the most infinite service to me. I have been cured of an affection of the Lungs, which was thought to be incurable by all my friends, by the use of a few bottles. One of my children was also restored to health, after being pronounced BEYOND THE REACH OF MEDICAL AID, and this medicine is now my constant resort in case of any difficulty in the Throat and Lungs.
Yours truly, FRANCIS J. WEEKS.
BELFAST, Me., June, 1845.
DR. BRADLEE—SIR—Mr. Clark of Palmyra, Me., a friend of mine, was taken sick about a year ago with bad Cough, Pain in the side, general debility, &c. He consulted several doctors, who prescribed for him—but was finally told HE COULD NOT GO BEYOND THE REACH OF MEDICAL AID, and that he must shortly die. He commenced taking your medicine, but continued to grow worse, until he was so weak that he could scarcely sit up. He saw a notice of the Hungarian Balsam, procured a bottle, and continued to take it according to the directions—and, strange to say, in a few months he was a strong man, and as he believes, permanently cured.

From Hon. Chas. Mason, Commissioner of Patents.
U. S. PATENT OFFICE, Feb 23, 1855.
I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the office, by which I have acquired a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.
CHARLES MASON, *Commissioner.*
From the Examiners of the Patent Office.
The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.
HENRY B. RENWICK, } *Principal Examiners.*
L. D. GALE,
S. H. LANE, } *Assistant Examiners.*
T. R. PEALS,
THOS. T. EVERETT,
F. SOUTHGATE SMITH,
WM. C. LANGDON.
From long acquaintance and intimate official relations with Mr. Cooper, I fully and heartily concur in the foregoing recommendation made by my late colleagues. W. P. N. FITZGERALD,
Late Principal Examiner of Patents.

Morning Chronicle.

THURSDAY, DECEMBER 16, 1858.

☞ The Boston Liberator says:—

"There is no constitutional President of the United States, but a daring usurper of the rights and liberties of the people of the North."

To this the Boston Post replies:—

If you violate a law of the United States, Mr. Garrison, we think you will find an Executive that will make you answer for it.

And Uncle Toby subjoins:—yes, especially, if you offend against slavery, while offenses against liberty are visited more lightly:—But the earth moves, and sometime in the future it may be otherwise.

☞ In New York, on Monday evening, the jury brought in a verdict of manslaughter in the first degree against Cancemi, who killed a policeman, and who has been *twice* convicted of murder.

This is his *fourth* trial. A more horrid murderer never lived.

☞ McNulty is on trial in Boston, for the murder of policeman Hodsdon. The prosecuting officer made the droll mistake of saying McNulty was arrested in this city. This was not so. He was sheltered in some of the dens here; but was arrested in Dover.

Presentation.—Mr. George H. Torr, who has for twelve years been employed in the counting-room of the Cocheco Manufacturing Company, at Dover, N. H., being about to assume a more responsible position at Andover, Mass., his friends called upon him a few evenings since and presented to him a gold pen and pencil and a gold chain and key, as a token of their high respect. The presentation ceremony was performed by Mr. Wallingford, Superintendent of the Cocheco Company.

Hum Praise.—Perley, in a letter from Washington to the Boston Journal, says:

The argument of Mr. Tappan of New Hampshire, on Thursday, in the Watrous debate, is highly eulogized by political friends and opponents. It evinced a legal ability and high reasoning powers that are rarely found in the House, and carried conviction with it. Although Mr. Tappan has a reputation as a "working member," no one was prepared to find him so ready a debater.

Recruiting for the U. S. army has been so brisk during the fall that nearly all the regiments are now filled up, and it has been decided to discontinue enlisting at Buffalo, New Haven, and several other important stations in various States.

This would prove—if proof were wanting—that business is depressed, laborers unemployed, and employment hard to procure.

☞ A little girl, nine years of age, daughter of Benton Hiatt, of Crosby Township, Ohio, went to bed on Wednesday night last, in good health, but on arising the next morning she was perfectly blind, having lost her eyesight during the night. The eyes have not changed any further than bearing a glassy appearance.

☞ The Richmond Enquirer, Gov. Wise's organ, solves the doubts that have been expressed about its course, by hoisting the name of Letcher for Governor, with the comment: "We opposed the aspirant, we support the nominee." So the Administration is triumphant in Virginia, and the friends of both Douglas and Wise surrender to its rule.

☞ In Scotland, last year, Dennistoun, Cross & Co. called a meeting of their creditors and got an extension which was to reach partly to 1860, their debts being over $10,000,000. They have just issued a circular announcing that they are ready to pay all their outstanding liabilities with interest in full.

☞ The Legislature of Georgia seems disposed to repeal all lotteries in that State. The House has passed a bill to that effect, which prescribes certain penalties for all schemes and sale of tickets, after the 1st of June, 1860.

☞ George Thornily and his wife being convicted at Greenfield, before the trial justice, as common sellers of liquor, the husband appealed and went free on bail, but let his wife serve out her sentence in jail.

Charles Sumner.—A letter from Paris to the New York Evening Post, says that Mr. Sumner has been advised by his physician not to return to Congress for the present session, and that he was about leaving Paris for the South of France.

☞ It is announced in Texas that Gen. Houston will again be a candidate for Governor of that State.

☞ Congress is busy. On Tuesday, Dec. 14, in the *House*, the Watrous impeachment case was discussed for the greater portion of the session.

The *Senate* took up the Pacific Railroad bill, and discussed the location of the road at considerable length.

Mr. Mason of Virginia, thinking it unlikely that the bill could pass both Houses this session, moved that it be laid on the table, which the Senate refused to do by nays 32, yeas 23, as follows:

Yeas — Messrs. Allen, Bates, Bayard, Benjamin, Brown, Cameron, Clay, Clingman, Crittenden, Fitzpatrick, Hamlin, Hammond, Houston, Hunter, Iverson, Johnson of Tenn., Mason, Pearce, Reid, Sebastian, Slidell, Thompson of N. J., Toombs—23.

Nays — Messrs. Bell, Bigler, Bright, Broderick, Chandler, Clark, Collamer, Davis, Dixon, Doolittle, Durkee, Fessenden, Fitch, Foot, Foster, Green, Gwin, Harlan, Jones, Kennedy, King, Polk, Rice, Seward, Shields, Simmons, Stuart, Trumbull, Wade, Ward, Wilson, Wright —32.

Absent — Douglas, Hale, Johnson, of Ark., Mallory, Pugh, Sumner, Thompson of Ky., Yulee—8.

It will be seen by this vote that it is not a party question—but questions of location will presently make it sectional.

Telling Ghost Stories to a King.—The Paris correspondent of the New York Commercial Advertiser relates the following incident:

M. Merimee is noted for his story-telling qualities, and it is related that a few evenings ago, while a cold rain was pouring down, and a general dullness reigned in the palace, M. Merimee was sent for to enliven the imperial fireside. The distinguished academician was comfortably seated before the fire, the Emperor and Empress and a select circle of the guests drew up around him, and the entertainment commenced. But M. Merimee's mind ran that night on supernatural things, and he gave them such a dose of ghosts and hobgoblins, that when the hour of retiring came the imperial circle was in such a state of freight that each one declared himself or herself afraid to explore the darkness of his or her chamber.

Hon. Kenneth Raynor.—The Louisville, (Ky.) Journal says: "Hon. Kenneth Raynor, of North Carolina, has written a lengthy letter in favor of protection, and against Buchanan's administration. Mr. Raynor advocates a fair protection to the industry of all nations, and disputes the propriety of sacrificing all other industry to cotton. He deprecates the denunciation of the South by the North, and says that the South is not responsible for the evils brought on the country by Peirce and Buchanan, but the Democratic party of the South. Let that party be overthrown, and an amity between the sections will be restored.

At Washington, in the House Committee on Territories, Monday, a motion to report a bill admitting Oregon was lost by a tie vote—four to four. It is understood that Zollicoffer, who is absent, is opposed to the bill on account of its naturalization clause. Mr. Grow endeavored to have a clause added, providing that Kansas also could be admitted without the English population restriction, but that was voted down.

The individuals who expended their quarters to witness the walking performances of the Highland Maid may be interested to know that the lease of the hall in Newburgh, where she has been walking, says that "the 'Maid' was in the habit of stepping off the plank whenever no spectators were present; that at night she went to bed regularly, and when customers appeared in the morning she was on hand as if she had been at her walking task all night."

Mr. Appleton, Assistant Secretary of State, has within a few days formally declined to take the editorial charge of the Union newspaper. It will probably be found necessary to "the harmony of the party," to kick out as soon as possible Mr. Sim Johnson, the present sheet iron thunderer.—*N. H. Gazette.*

☞ At Manchester, on Tuesday, E. W. Harrington, democrat, was elected Mayor, receiving 1099 votes, against 1086 for Alonzo Smith, republican.

☞ The orange crop of Louisiana this season is very large, and the crop is selling from plantations at from six to eight dollars per thousand.

☞ Vessels to freight coal to Northern and Eastern ports are in great demand at Alexandria, Va., and, it is said, will command an advance in freights.

☞ A new variety of coal, exceedingly oily, has been discovered at Parksburg, Va. It is extremely gaseous, and fit only for making gas or oil.

☞ The first instalment of $57,000 has been paid by the regent of the Mount Vernon Fund for the purchase of "the Mecca of our country."

HOLIDAY BOOKS.

Here is a book in 12 mo. of 434 pages, bound in red, with a gilt Crescent ornamenting the cover. Looking within, we find the title to be,—

Arabian Days' Entertainments, Translated from the German, by Herbert Pelham Curtis,—Published by Phillips, Sampson and Company. It is a series of Eastern Tales, well imitated, and furnished with characteristic illustrations,—some of them odd enough.

Here, also, is an 18 mo. in claret, of 274 pages, from the same publishers, entitled,—"Poor and Proud, or the Fortunes of Katy Redburn, by Oliver Optic," illustrated: it is a spirited life sketch, with just enough of improbable possibility to make a good romance.

Then we have two 16 mos. in red and blue, of 104 and 117 pages: the first is Karl Keigler, or the Fortunes of a Foundling, an honest German boy, whose fortunes were blended with those of Mary Grafton; and the second is Walter Seyton, a Story of Rural Life in Virginia.

All of them are got up in the usual good style of Phillips, Sampson & Co.—and are advertised in the Holiday list of Joseph H. Foster, of this city.

Romance of a Silk Stocking.—A few days since, two ladies and gentlemen well known in the Fifth avenue and fashionable circles up-town, being out together on an excursion in Broadway, dropped in at Pursel's and ordered dinner. It was served in the most exquisite style, with the rarest game, wines, &c., at a cost of fifty-two dollars. The company converted the entertainment into a revel, which was prolonged to a very late hour. At length, as the festivities closed, the parties repaired to their respective homes, somewhat oblivious of the mode in which the adventure terminated. The next day, as the sun was high up in the sky, one of the ladies awoke from her trance, and found herself quietly reposing in her own elegant apartments.—Recalling her senses, she arose and proceeded to perform her toilette. Having completed the attiring of an elegant person, she next attempted to adorn herself with her jewels, when, to her extreme disappointment, they were not to be found. Somebody must have stolen them, was her first thought. A diamond cross, ear-rings, pins, etc., worth about a thousand dollars, had all been taken. It was perplexing to decide who was the robber. Her friends, with whom she had spent so many pleasant hours, were above suspicion; and yet she could imagine no one else who could have been near enough to perpetrate the crime. In this dilemma she sought the assistance of the police, obstinately refusing, however, to reveal the names of the parties with whom she had dined. She offered a large reward for the recovery of the missing articles. The detectives employed their utmost skill to ferret out the purloiners, but in vain. Her friends, learning her misfortune, offered to make up her loss, but to this she would not consent. Not a little excitement prevailed in the circles in which the parties moved, which was hightened by the mystery which hung round the matter.

But the solution came at last, in a manner most unexpected. Two or three days ago the lady in question was dressing for a walk, and attempted to put on a pair of silk hose which had not been worn for some time, when, to her astonishment, in the foot of one of the stockings she found the missing jewelry. She had, on the evening of the dinner, placed the articles there for safe keeping, and had not been conscious afterward of the circumstance. The first glad excitement over, she hastened to inform her friends of the occurrence. It was resolved to keep the matter a profound secret; but it had been placed in too many hands, and it soon came to the knowledge of outsiders.—*N. Y. Post.*

That is to say, the lady was drunk. Too horrible for a joke. Too common to excite notice but for the other circumstances.

Straws from Washington. — Perley speaks of "the adjournment of the Senate, by which the day of an *explosion* among the Administration men has been postponed—perhaps prevented," and then says:

The champions of "State Rights" consider the recommendations of the message on specific duties, a bankrupt law, and the Pacific Railroad, entirely heterodox, and the Richmond Enquirer of this morning brings the decree that the departure of the message "from the rule of the political faith laid down in the platform of the Democratic Republican party, are too marked and too frequent to admit of its endorsement by the democracy of Virginia." "Christian Life."

The summary deposition of Judge Douglas will for a time appease some of these arrogant gentlemen, and will "draw the fire" of others. Whether the Judge, thus stripped of his corporal's chevrons, and reduced to the ranks of the Senate, will submit, remains to be seen. He has, like Calhoun, and Van Buren, and Benton, defied the organized authority of his party; he is now under the ban of party displeasure. Whether he will put himself upon good behavior, and "*fall*" *in on the extreme left*, or whether he by some *coup d'etat* will place himself at the head of the column at Charleston is beyond my ken.

Returning to the Tariff, I do not see much hope that the "suggestion" of the President will be carried into effect by the present Congress. Mr. Secretary Cobb's views will undoubtedly find more favor with the members from the West and South, and the formation of the Committee of Ways and Means is evidence that there is no great desire to encourage the manufactures of New England.

SPECIAL NOTICES.

NIGHT SWEATS.—This exhausting accompaniment, of any debilitating disease, should not be treated by astringents and sedatives, but by tonics and restoratives. The PERUVIAN SYRUP with protoxide of iron, fills a gap long open in the Materia Medica, in the treatment of this symptom. It enriches the blood, renovates the system, and restores the normal action of the skin.

R. R. R.

AN INTERESTING CASE.

TO THOSE WHO MAY DOUBT.—Mr. Sylvanus L., a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—has finally been cured with R. R. R. RELIEF. In the month of December, 1852, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1853, when he went to Mamaroneck, to put up some country seats, there, by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which made him worse—came back to New York, took the Ready Relief and Regulators; was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the R. R. R. office, and stated that he was entirely cured, that he would never again throw aside the R. R. R. "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed, by an application of Gardner's Parisian Pimple Destroyer, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

The Original and Only London Gin Imported. This GIN, Distilled in London, rom sound Barley, under the surveilance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the Gin known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, Bewy, C, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES OF THE URINARY ORGANS, the KIDNEYS, and the BOWELS, NERVOUS DEBILITY, &c., whose the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently render their existence a burden.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in quarts at seventy five cents, and in pints thirty eight cents, by all druggists, grocers, Liquor dealers, and country merchants, and of imitations. Buy only CHARLES'.—None Genuine Imported.

A CARD TO THE LADIES.

DR. DUPONCO'S

French Periodical Golden Pills,

FOR FEMALES;

Infallible in Removing Stoppages or Irregularity of the Menses.

THESE Pills are nothing new, but have been used by the Doctor for many years, both in France and America, with unparalled success in every case; and he is urged by many thousand ladies who have used them to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these Pills while pregnant, as the proprietor assumes no responsibility after the above admission, although their mildness would prevent any mischief to health; otherwise these Pills are recommended. Full and explicit directions accompany each box.

Price $1. Sold in Portsmouth by JOSEPH HATHACHER, in Dover by Chas. A. Tufts, in Exeter by C. A. Merrill, and in Newmarket by J. A. Prendergast. They will supply dealers at the Proprietor's prices, and also send the Pills to the Ladies (confidentially) by mail to any part of the city or country, on receipt of $1 through the Post Office.

N. B.—Ladies will be particular in asking for *Dr. Duponco's Golden Pills.* Observe the signature *J. Duponco* is upon each box. You will then obtain a Pill you can rely upon.

LOCAL.

☞ Rev. Lyman Whiting, pastor of the the North Church and Parish in this city, was formally dismissed from his charge on Tuesday, Dec. 14, by a mutual council, who commended him to the regard and fellowship of the churches. His ministerial term here closes with the year; and he is to begin the next with the Park Presbyterian Church at Brooklyn, N. Y., in a wider field, with increased salary, and under many favorable circumstances. He will be followed thither by the good wishes of many friends whom he has gained during his short ministry here, among the clergy of his own and other denominations, with whom he has labored earnestly to advance truth and purity.

Just as the above had been put in type, we received the following more particular statement:

An Ecclesiastical Council was convened in this city on Tuesday, 14th inst., by the call of Rev. Mr. Whiting and the North Church and Parish to consider the pastor's request for a release from his pastoral relations to them. The churches in Eliot, Me., in Hampton, North Hampton, Exeter and Greenland were represented.

The documentary action of the pastor of the church and parish was laid before the council; a full and minute statement of the history of the call was made by the pastor, and of his motives for desiring to accept it; questions were raised and answered by the pastor and committee to the satisfaction of the council; who then *voted* to be in private session—in which they adopted the following as their result:

Result of Council held with the North Church, in Portsmouth, Dec. 14, 1858.

Whereas, in the Providence of God, the Pastor of this church, Rev. Lyman Whiting, has been called to serve in the ministry of the Gospel in a field which seems to present a wider prospect of usefulness, and has therefore asked release from his present pastoral relation, and this church has acceded to his request; this council after a full and careful consideration of the subject, have come to the conclusion that the pastoral relation of Rev. Mr. Whiting to this church be dissolved with the close of the present year.

In coming to this result, the council cannot avoid expressing their deep and unfeigned regret in letting our brother Whiting go from this vicinity; they feel that they lose a faithful, *earnest* and *beloved* co-laborer in the Gospel ministry, and most cordially commend him as an able and successful minister of the Gospel to the Christian and ministerial fellowship of those with whom he may be connected in the field of labor to which the Providence of God has called him.

They also express their Christian sympathy with this church again so soon to be deprived of a pastor, praying that the Lord may be their Shepherd, and they the people of his flock: and that soon he may give them another pastor who shall likewise truly and faithfully dispense unto them the word of life.

Portsmouth, N. H., Dec. 14.

Otis Holmes, Moderator.
Edward Robie, Scribe.

☞ Vices grow in clusters. Our readers will bear witness that we have often spoken (some may have thought too often) of the shelter which certain drinking and gambling dens in this city afford to robbers, murderers and counterfeiters from other places. McNulty, now on trial for murder in Boston, was here in some of these dens for some time, and about the same time the master of an eastern vessel was robbed and thrown overboard. Had not an *extensive* organized opposition been made to executing the law for the suppression of intemperance here, the holes where the murderer stayed would have been closed, and he could not have stayed here at all. But *the people* chose to keep the *nuisance*, and they take the consequences.

Now let us see what sort of places such men seek, and what company they go with. At the trial in Boston, Marinus W. Nicoll was the first witness called. He testified that on the afternoon of the 17th of October, 1857, he started from Price's saloon in North street, Boston, on a ride to Lynn, taking Joyce, who was the barkeeper, and the prisoner, with him. They all drank liquor frequently, and his companions (one of whom wore a silk hat) had a scuffle at a public house, in consequence of being refused liquor, when they disappeared; he was detained at the hotel over night. Witness returned to Boston alone next day.

On cross-examination he admitted that he was so much intoxicated that he could not remember all the circumstances of the excursion. He was a draughtsman by profession, and was formerly employed in the City Engineer's office, but lost his situation through intemperance. Before going to Lynn he had been drinking at Brighton.

☞ Peter Lagadee, a seaman, who arrived here a few days ago, in the schooner Mary Jane, from Baltimore, was taken before Albert K. Hatch, Esq., U. S. Commissioner, on Tuesday, on a charge of stealing gold coin from one of his shipmates, on board of the schooner on the high seas. The respondent plead guilty, and was ordered to recognize in the sum of $200, for his apearance at the District Court to be holden at Exeter, on Tuesday next, and for want of bail was committed.

Sewing Machine Concert.—We learn that an entertainment with this unique title, is to be given in this city, sometime in January next. One thousand tickets will be sold, at $1 each; and ten of Grover & Baker's celebrated Family Sewing Machines will be distributed among the audience.

☞ The Continental Harmonists (Old Folks Choir) Rehearse at Exchange Hall Thursday evening, Dec. 16th.

☞ Dr. Haynes will remain at the Rockingham House to make phrenological examinations, until Friday.

Bible in Schools.—Some days ago we had an item which looked as if the Bible men in New York city were defeated. It is not exactly so, as appears by the following from the Boston Courier:

The question of requiring the stated reading of the Bible in the New York city schools, was very fully discussed at a special meeting of the Board of Education, on Wednesday. The general practice in the schools has been in favor of the reading, but for fourteen years there have been exceptions. At the meeting of the board, a committee submitted a long report in favor of the practice, concluding with a resolve recommending to the local boards that the Bible be read at the opening of public schools, without note or comment. After a session of seven hours, the question was finally taken on the report, and it was rejected by a vote of 12 in the negative to 11 in the affirmative. Neither of the parties was able to carry an affirmative vote upon any main question, pro or con; that is, neither could carry a vote recommending to the local boards any course of action in the premises. In the new board, which goes into office on the first of January, 29 members are reported as in favor of requiring the Bible to be read, and 15 are opposed to it. The Board of Education does not appear to have any actual authority in in the matter.

New York, Dec. 15.—A dispatch from Washington says the Spanish Minister has received no intelligence of the rumored declaration of war by Spain against Mexico.

The President's foreign appointments have all been reported on favorably by the committee.

Philadelphia, Dec. 15.—Special dispatches from Washington report that the President demands satisfaction from England for the visitation of the steamer Washington, and will send a special message on the subject to Congress to-day.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling with out any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the cost being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,
IT WILL BAKE QUICKER,
IT WILL WEAR LONGER,
THAN ANY RANGE IN MARKET.

Indian Physician.

Dr. B. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.

Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhea, Cholera Morbus, Cancers, Dropsy, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, ME., Jan. 20, 1856.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become very gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now truthfully to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy; as it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of this letter, with my name knowing it is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours, A. C. RAYMOND.

BALTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DREW.

Brookfield, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, I feel bound to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood: and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These **Gums** remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the system, each causing tood to digest well, **purifying the blood**, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Billious Attacks are cured, and what is better, prevented by the occasional use of the Liver Invigorator.

One dose after eating, is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents **nightmare**.

Only one dose taken at night, loosens the bowels in a gentle way, cures **costiveness**.

One dose taken after each meal will cure **Dyspepsia**.

One dose of two teaspoonfuls will always relieve **Sick Headache**.

Only one dose immediately relieves **Colic**.

One dose often repeated is a sure cure for **Cholera Morbus**, and a preventive of **Cholera**.

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for **Jaundice** removes all yellowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures **Chronic Diarrhea** in its worst form, either **Summer and Bowel Complaints** yield almost to the first dose.

A few bottles will cure **Dropsy** by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for **Fever and Ague, Chill Fever,** and all Fevers of a **Billious type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

E. P. RUSSELL'S

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial*, we would invite the earnest attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do not hesitatingly and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

A Revolution in the Hunting World.

Reuthe's Patent Spring Gun Animal Trap.

More certain of its prey than the most perfect marksman, without destroying the value of Pelts or Skins, as is the case in ordinary modes of shooting, it effects the capture of the animal either dead or (if preferred) alive: the barrels discharging themselves, simultaneously with the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its construction neither cumbersome nor difficult to arrange.

There are three different sizes, which will effectually operate on Minks, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Bears, Beavers, Buffaloes, etc.: in fact, on all animals which repay hunting.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten will have a prize. Tickets are: Whole, $1; half, 50c; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Standard*, Nashville *Gazette*, Atlanta *Intelligencer*, and New York Weekly *Day Book*. Write your address plainly, and direct to S. SWAN & Co., Augusta, Georgia

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of these maladies will be sent by express or otherwise, to all who may desire it, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all the female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely worthless. They been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only pills in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 dly

American and Foreign Patents.

R. H. EDDY, solicitor of Patents,

(*Late Agent of U. S. Patent Office, Washington, under the Act of* 1837.)

No. 76 State st, oppo. Kilby st, Boston,

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britian, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL. AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.

All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.

TESTIMONIALS.

I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.

I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
Boston, February 8 1858.

Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and the one now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.

From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on *twelve* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

Morning Chronicle.

FRIDAY, DECEMBER 17, 1858.

☞ The Concord, N. H. Patriot, of Wednesday, contains a few lines of Congress news of Monday, among them the statement that the Senate Committees were announced: and remarks:

The Democratic Senators in caucus appointed a committee to arrange the committees of the Senate, which committee reported Mr. Green of Missouri as chairman of the committee on Territories in place of Judge Douglas, who has long held that position. * * * A more foolish and *suicidal* movement could not have been made by the Democratic enemies of Judge Douglas. It cannot harm him, while it may injure the Democratic party by alienating from it men who are quite as useful to it, and whose co-operation is quite as essential to its success as that of the movers in this petty act of spite. We are glad to learn that this proceeding was discountenanced by the President.

This last item is quite important, if true—but we have not seen it elsewhere.—The Boston Post and Portland Argus, of Wednesday, make no mention of it,—and express no indignation like that of the Patriot.—But then, they have no Governor to nominate in those States.

Col. Forney of the Philadelphia Press, who is now at Washington, writes to his paper in italics:

I have the best reasons for saying that the President counseled the attack upon the Senator from Illinois.

☞ The Portland Argus has a leader headed "Slavery agitation dying out;" and says there seems to be "good reasons" for hoping it is so. The first of these reasons is thus given in the Argus:

The governors of the slave States have, in several instances, given the subject the go-by in their annual messages, and confined themselves appropriately to State affairs. This course, on the part of Southern governors, has been commended by Northern papers heretofore delighting in agitation, and hints have been thrown out that Northern governors would do well to follow the example.

The commendations by Northern agitators, all that we have seen, were written in irony or burlesque, as food for a laugh, but no foundation for an argument.

A HARD CASE.—A Western forwarder says he has been cleaned out by the wheat speculations. Two months ago he had an abundance of money but no wheat. Subsequently he had both wheat and money, but now he has neither. A few weeks since wheat fell to 85 cents, and he bought at that rate, looking for a rise. Very soon it dropped to 68, and hoping to make up his loss, he mortgaged the first lot and bought more. As it still kept dropping, he thought it his duty to go into Chicago and see about it, where the first greeting that met his eye was a telegram from New York, "wheat is *flat*." He thought it rather a *sharp* truth when he found that having gone to the extent of his credit, he was obliged to sell at 55 cents.

☞ The Mobile Register is highly indignant at the government's action in the affair of the schooner Susan. It says—"If the people of Mobile and of Alabama, and of the whole South, can submit to this insulting invasion of their rights and liberties, then let them meekly wear the yoke which Northern aggression and federal force have together prepared for them. We have heard it suggested that a meeting of the people be called here to consider and take action upon the unparalleled outrage upon Southern 'free trade and sailors' rights.' We approve the suggestion. It is time for the people to act in earnest."

☞ The Washington correspondent of the Tribune writes—"Lord Napier is transferred to the Hague, much to his disgust, it is said. The trouble about a House printer came to a head to-day. Wendell, during last session, bought out Steadman for $31,000. Steadman came back this session and demanded an additional bonus, threatening, if refused, to resign. He actually placed his resignation in the hands of a member this morning, but the matter was settled by Wendell paying $1100.—Judge Douglas has prepared, and will soon publish, a declaration of his intention not to be a candidate for the Presidency in 1860."

☞ Mr. Walsh writes from Paris that immense quantities of wine have arrived at the depots in the environs; the railroads of Orleans and Lyons alone brought in a week sixty thousand pipes and casks of every quality; in a single day eleven bateaux came from the upper Seine, laden each with an average of two hundred and fifty hogsheads of white or red Burgundy.

The man who was bent on matrimony, straightened up soon afterwards.

For the Chronicle.

SERENADING.

The practice of serenading newly married couples may be well enough as an expression of respect and honor to those who have been joined in wedlock, or as a season of diversion to those who are disposed to engage in it. It may be well enough, we mean to say, under these circumstances and when the refreshment offered to each is in some of the fruits of the field or the apples of the orchard, &c. But when the treat is in cider or strong drink, it is absolutely low, vulgar, and demoralizing. It is a sort of spree, or Irish "wake," that, though attended with momentary pleasure, and that only sensual in character, results in much pain. In some cases, where cider or wine is offered, it is drugged with alcohol that intoxicates, and in this way some are awfully intoxicated who are not in the habit of being overcome by inebriation.

We say to all that wish to be safe, that wish to be respectable, beware of going on a serenading party where liquors of any kind may be offered. J. P.

RAYMOND.

SAD ITEMS.—Among the local items of New York papers is mentioned the dreadful death of Selina Stinson, formerly of Connecticut. She was once a rich widow of the class so numerous in New York, kept a fashionable boarding house and lived in splendid style. From one reverse to another, she arrived at the most miserable poverty, and died a drunken outcast in the basement of an unoccupied house in Watts street. She had wandered, penniless, diseased and emaciated, about the streets of New York, meaning to find shelter in the hospital, but before reaching it she died alone in a cold, dreary building, and will be consigned to Potter's Field.

Among the items of the Boston Traveller of the same day, we see that John Sanderson, a young man of 25 years, unmarried, was found dead in his bed, the previous morning, with a bullet hole directly in the ear. The ball had buried itself in the brain. A pistol was found lying beside him, and also an empty half ounce phial marked laudanum. No very particular cause is assigned for the act. He was reported to be a smart young man, but on account of occasional dissipation, had lost a clerkship recently, and no doubt felt discouraged. His father formerly kept a public house on the Milldam.

In Lynn, Edmunds Davis, the People's candidate, had 276 majority over Johnson; the Temperance candidate. With the defeat of Mr. Johnson there is not left a Temperance mayor in Essex county.

☞ Isaac Sturdivant, Esq., the largest real estate owner in Portland, died at the residence of his son-in-law, Mr. Joseph Drowne, at Exeter, N. H., on Monday.—He was born at Yarmouth, in that part of the town which was set off to Cumberland, March 4, 1784. In early life he took to the sea, and eventually became a ship owner, as well as ship master. He had accumulated a very large estate, both real and personal, in Portland, owning more bank stock than any other person in Maine. He leaves four children—two sons and two daughters. His age was 75 years.

☞ After four separate trials, Canceni has been convicted in New York of manslaughter in the first degree. The Journal of Commerce calls the verdict extraordinary and illogical, and says his crime—"killing a policeman—if he committed any, was murder and punishable with death.—The Express says the ingenious subtleties of his counsel saved his neck. The grand jury, in the case of Stephens, who was arrested on charge of poisoning his wife, have thrown out the indictment, and the accused will be discharged.

☞ It is said that the in Prussian standing army of one hundred and twenty six thousand men, but two soldiers are unable to read; and of two million nine hundred thousand children between the ages of seven and fourteen, at the last census, two million three hundred and twenty-eight thousand were actually attending the schools.

☞ There was one curious case among the prisoners at Rochester, N. Y., when so many 15 broke out of jail.—John McLean, charged with highway robbery, refused to depart, alleging that if he went it would leave his mother liable on an old bail piece for $1700, and he had rather remain than subject her to such a penalty.

☞ A great fool in Cincinnati the other day undertook to eat a whole cheese weighing 15 pounds, on a wager. At the sixth pound he was seized with violent vomiting, by which he ruptured a blood vessel, and came near dying. Served him right.

WASHINGTON ITEMS.—In the *House* of Representatives, on Wednesday, Dec. 15, the Watrous Impeachment case was finished.

The resolution pending was in favor of impeachment, for which the House, by 111 against 92, adopted a *substitute*, that the testimony be taken before the Judiciary Committee, in the case of Judge Watrous, is *insufficient* to justify the preferring of articles of impeachment against him for high crimes and misdemeanors. The house agreed to the resolution, as thus amended, by 113 against 86.

Mr. Comins gave notice of his intention to introduce a bill to modely the tariff law, and impose specific duties on Iron and other articles to which that principle can be applied.

In the *Senate*; various memorials of little importance were presented, with the exception of one from the Convention of Iron masters, who met at Philadelphia on December 20, 1847. On this Memorial Mr. Cameron addressed the Senate, showing from the tables of the Secretary of the Treasury that an ad valorem duty on iron is alike opposed to the interests of the government and the consumers of foreign iron and steel.

The Senate then declined to call up Mr. Clingman's Clayton-Bulwer resolution, by a vote of yeas 24, nays 25.

After an ineffectual attempt to take up the Pacific Railroad Bill, the vote being 24 in favor of it and 24 against it, the Senate went into executive session.

The Senate in executive session disposed of much business. C. M. Pine, editor of the Chicago Herald, was confirmed as Marshal for the Nothern district of Illinois.—All the Illinois appointments made during the recess of Congress were also confirmed *without opposition*, together with the appointments in other States.

The treaties with China and Japan were also ratified, and Hon. Wm. Preston confirmed as Minister to Spain Gen. Ward of Georgia, as Minister to China, and Hon J. Glancy Jones as Minister to Prussia. On the last there was a party division.

There is now much less apprehension of trouble with Great Britain than was anticipated when the intilligence was first received respecting the recent events in Central America.

The rumors that the President intended sending Congress a war message are not well founded.

WORKING UP SAWDUST.—It will interest the proprietors of sawmills and carpenters in general to learn that the ingenuity of Parisian cabinet makers in the Faubourg St. Antoine has found a use for common sawdust which raises the value of that commodity far above the worth of solid timber. By a new process, combining the hydraulic press and the application of intense heat, these wooden particles are made to reform themselves into a solid mass capable of being moulded into any shape, and presenting a brilliant surface, a durability and a beauty of appearance not to be found in ebony, rosewood or mahogany.

☞ The papers state that Bayard Taylor has already over a hundred lecturing appointments for the winter, and declines further appointments. He gets $100 a lecture. A few years ago Taylor was a penniless boy, and could hardly get money enough to make the tour of Europe on foot. His present position shows what unremitting application will do.

☞ Mrs. Swisshelm says it is marvelously strange how a woman can think herself contaminated by the slightest intercourse with the victim of a seducer, but covers her face all over with smiles to receive the seducer himself.

LIVING OUT.—An exchange paper states that Rev. Henry Ward Beecher, in a recent speech, declared that he would rather that a daughter of his should work as a domestic, in a virtuous family, than to accept a situation in a manufactory or store. If Mr. Beecher made this statement he never uttered a more proper sentiment in his life. The repugnance of the American girls to domestic service and their preference to any other occupation, even where the duties are more arduous, and the remuneration less, is the cause of a great part of the female distress and often of the degradation of which we hear such frequent and pathetic accounts. It is also the source of much domestic discomfort, arising from the ignorance of housekeeping to which it gives rise, and to the waste of means and the propagation of dyspepsia. The idea that domestic service is not respectable or genteel, but that crouching over needlework, in the manufacture of overalls, or standing behind the counter of a toy shop is altogether lady like and refined, is a very fallacious idea.—*Brooklyn Eagle.*

☞ Voltaire had a perfect horror of inquisitive persons. He said to one of these *pumpers*—

Sir, I am delighted to see you, but I give you fair warning, I know nothing about what you are going to ask me.

☞ Rev. John Woods has relinquished his charge as a stated supply of the Congregational church in Fitzwilliam, on account of feeble health.

☞ It was said of a rich miser that he died in great want—of more money.

SPORT!

As I have heard of much boasting from Mr. MOSES MANN, of Greenland, that his sorrell Mare can out trot my bay Horse: to test the matter, and satisfy myself and the sporting public who feel any interest in the matter, and convince Mr. Mann.—

I hereby publicly announce that I will trot my Horse against Mr. Mann's Mare, for any distance from one to five miles, and for any stakes from $100 to $500; or, if it suits Mr. Mann better, merely for the fun of the thing, without stakes—on receiving one week's notice from Mr. Mann.

Sport It Is.

I am no friend to or patron of Horse Racing—and have never encouraged or attended a race; but I have a friend who will accept the challenge of ALBERT BLAISDELL, to trot my Sorrel Mare against his Bay Horse; and will make a match for two hundred dollars a side, half forfeit,—Col. Wm. S. Hadley of Portsmouth, to be stakeholder—the forfeit money to be deposited with him as early as Dec. 20th inst. The Race to be mile heats, best three in five, to harness, and take place on Thursday, December 30th, 1858, on the Granite State Trotting Park, at Dover, N. H.*

SPECIAL NOTICES.

NIGHT SWEATS.—This exhausting accompaniment, of any debilitating disease, should not be treated by astringents and acids, but by tonics and restoratives. The PERUVIAN SYRUP with protoxide of iron, fills a gap long open in the Materia Medica, in the treatment of this symptom. It enriches the blood, renovates the system, and restores the normal action of the skin.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L——, a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for sixteen years, with Rheumatism—has finally been cured with **R. R. RELIEF.** In the month of December, 1852, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1853, when he went to Mamaroneck, to put up some country seats, where, by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which made him worse—came home in New York, took the Ready Relief and Regulators; was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranteed, to be the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

THIS GIN, Distilled in London, rum sound. Barley, under the supervision of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable properties of the Berry are also imparted, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by the faculty in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., while the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "an excellent article for other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, and to travellers exposed to changes of water and air.

For sale in quarts at seventy-five cents, and in pints thirty-eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE OTHER IS IMPORTED.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 1 Cornhill; S. M. Pecker, 20 Elm st; J. Moran, 116 Blackstone st.; M. Davis & Co., Blackstone st.; E. A CARD TO THE LADIES.

DR. DUPONCO'S
French Periodical Golden Pills,
FOR FEMALES;

Infallible in Removing Stoppages or Irregularity of the Menses.

THESE Pills are nothing new, but have been used by the Doctor for many years, both in France and America, with unparalled success in every case; and he is urged by many thousand ladies who have used them, to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these Pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to health; otherwise these Pills are recommended. Full and explicit directions accompany each box.

Price $1. Sold in Portsmouth by JOSEPH H THACHER, in Dover by Chas. A. Tufts, in Exeter by C. A. Merrill, and in Newburyport by J. A. Prendergast. They will supply dealers at the Proprietor's prices, and also send the Pills to the Ladies (confidentially) by mail to any part of the City or country, on receipt of $1 through the Post Office.

N. B.—Ladies will be particular in asking for *Dr. Duponco's Golden Pills.* (Observe the signature *J. Duponco* is upon each box. You will then obtain a Pill you can rely upon.

LOCAL.

"Sport if is," Mr. Mann says, in his notice in our advertising columns—in acceptance of Mr. Blaisdell's challenge to to trot horses. It would seem that the matter has now been left with the horses for settlement, and that nothing save snow-banks or something of the sort can deprive the lovers of good trotting in this vicinity, of some rare sport on the 30th inst.

Mr. Mann names the Granite State Trotting Park as the place; $200 a side, half forfeit, as the stakes—to be holden by Col. Wm. S. Hadley of this city; the Race mile heats, best three in five, to harness. Both gentlemen have too much spirit to back out; and though, of course, both horses can't beat, whichever wins the purse must make good time. We shall see what we shall see. F.

☞ McNulty's Trial for murder in Boston, brings out some Portsmouth matters in bold relief.

James H. Benson, one of the chief witnesses, to whom McNulty confessed his crime, testifies:

I am seventeen years old; in November of last year I was stopping in Portsmouth, N. H., and boarded on Middle street, at Mrs. Keyhew's; while in Portsmouth I saw McNulty: I first knew him in the early part of November; I made his acquaintance at a house in Market street, occupied by Mrs. Chase; McNulty at this time said he was lame; during the night I went out with him alone, and took a walk; during the walk I noticed that he wouldn't go where it was light; when we came to a gas light he would cross over to the other side of the street. * * * He gave me half a dollar and asked me not to say anything about what he had told me, but asked me to call at Mrs. Chase's and see him again; at this time McNulty wore a moustache, but had no whiskers; I saw him agaid in about a week or a fortnight: sitting at a window at Mrs. Chase's; he came out of the house and spoken to me; he said, Hallea, sonny, how are you; he gave me a drink of Medford rum, and then asked me if I had heard or seen anything in the papers about the murder.

Miss Susan Chase—Has lived in Portsmouth for twenty-six years, and used to keep boarders; some time in November of last year a stranger came to my house and wanted lodging; he gave the name of William Blake; the prisoner is the man; he said he was from Boston, and wanted to get a chance on board a ship, I procured him a chance, but he did not go, and I afterwards heard he never meant to go; he staid in the the house most all the days he was at my house, but went out nights.

I asked him how he came to Portsmouth and about his circumstances, as he had not paid his bill and I could not afford to keep him; he said he come from Boston; I said I would get him a pass to Boston; he said he did not want to go, and that he was afraid of the officers; I asked him what the trouble was, and he said he had knocked down a policeman in Boston.

Wholesale Forgery.—Mr. D. S. Keeney of New London, a manufacturer of rivets and dealer in spices, coffee, &c., has been arrested on a charge of forging notes to the amount of $20,000. He has acknowledged this amount, and there may be more. The names mostly forged are Messrs. John R. Bolles, Hon. W. H. Starr, William Champlin, (Keeney's father-in-law) and Avery Noyes. It creates quite an excitement in New London and is regarded as a stupendous game. Keeney's establishment was burnt down on the 10th inst., and is now thought that the premises may have been fired by him. He waived an examination before the court, and in default of bail was committed for trial. Keeney is a young man, has been a prominent of the Baptist Church, and has a family and many relatives in New London.

People have different *ideas* of heaven.—A Hottentot got up a painting of Heaven. It was inclosed with a fence made of sausages, while the counter was occupied with a fountain that sent forth pot-pie.

We have some doctors in our midst, whose talents they should use, by practising the healing art—healing boots and shoes.

Sentence for Life.—Stephen Lowry, who was born on board the frigate Chesapeake, and has been employed in the navy ever since, has been sentenced to Sing Sing Prison for life, on a conviction of the crime of rape. The trial, conviction and sentence occupied only three hours.

African Eloquence.—Missionaries are bringing to light many interesting facts in regard to the mental characteristics of the people of Africa. Mr. Moffat, who has seen much of the southern part of this continent, gives us the following narrative, related to him by a man from Bornou (Central Africa.) It is perhaps without a parallel in literature for its simplicity:

"My years eighteen There was war.—At that time my mother died. My father died. I buried them. I had done. The Foulahs caught me. They sold me. The Housa people bought us. They brought us to Tomba. We got up. To a white man they sold us. We had no shirts. We had no trowsers. We were naked. Into the midst of the water—into the midst of a ship they put us. Thirst killed somebody. Hunger killed somebody. By night we prayed. At suntime we prayed. God heard us. The English are good. God sent them. They came. They took us. Our hunger died. Our thirst died. Our chains went off from our feet. Shirts they gave us. Every one was glad. We all praised the English. Whoever displeases the English, into hell let them go.—*Colonization Herald.*

Washington, Dec. 16, 1858.—There can be no doubt a perfect understanding exists on Central American affairs between this government, England, France and Spain, which will in duo time be announced.

☞ Mr. Charles A. Greenwood, of Nashua, N. H., was killed on Tuesday last, on the Nashua and Worcester Railroad. He was acting as temporary brakeman, and was on one of the freight cars, when his head came in contact with a bridge in Groton Centre, and was so badly crushed that he survived but a short time.

☞ Snow fell in Clarksville, Texas, on the 19th ult., to a depth of four inches on a level.

YOU HAD BETTER TRY
MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and world-wide reputation for its great curative properties, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with Rheumatism, Salt Rheum, Erysipelas, Gout, Piles, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a Burn or Scald, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck.

ON THE PREMISES,
SAGAMORE HOUSE,
ON FROST'S POINT,
At the entrance of Little Harbor, 2½ miles by land, by water 3 miles, from Portsmouth. The House commands a view of Portsmouth, Newcastle, Kittery, the Navy Yard, Forts Constitution and M'Clary, Portsmouth Harbor, and the Isles of Shoals. The outbuildings consist of barn, corn house and bowling alley, all in good repair. The grounds contain 10 acres, bordering Little Harbor and the sea, and are well stocked with fruit trees. If more land is desired, it can be obtained on reasonable terms at private sale.

The facilities for sailing, fishing and bathing are unequalled, rendering it a desirable place for a private residence, a private boarding house, or a public house.

Terms at sale.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling with out any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the cast nge being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,
IT WILL BAKE QUICKER,
IT WILL WEAR LONGER,
THAN ANY RANGE IN MARKET.

Indian Physician.

Dr. B. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN. Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms; all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

The philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guaranteed of truth, the Dr. needs no encomiums, nor useless puffery from the press.

BATH, ME., Jan. 20, 1858.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy; as it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service. I wish to preserve the benefits of nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.

BALTIMORE, Jan. 22, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.

Brookfield, Jan 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with any thing like the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These Gums remove a self morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, **purifying the blood,** giving one healthy tone to the whole machinery, removing the cause of the disease—effecting a radical cure.

Billious Attacks are cured, and, what is better prevented by the occasional use of the Liver Invigorator.

One dose taken at evening is sufficient to relieve the stomach and prevent the food from rising, and souring, and causing heartburn.

Only one dose taken before retiring, prevents **Costiveness.**

Only one dose taken at night, loosens the bowels gently, and cures **costiveness.**

One dose taken after each meal will cure **Dyspepsia.**

One dose of two teaspoonfuls will always relieve **Sick Headache.**

Only one dose immediately relieves **Colic.**

One dose often repeated is a sure cure for **Cholera morbus,** and a preventive of **Cholera.**

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for **Jaundice** removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.

One dose, often repeated, cures **Chronic Diarrhœa** in its worst form, while **Summer and Bowel Complaints** yield almost to the first dose.

A few pills will cure **Dropsy** by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for **Fever and Ague, Chills and Fever,** and all Fevers of a **Billious type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial,* we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most candidly and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered,* and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

A Revolution in the Hunting World.

Reuthe's Patent Spring Gun Animal Trap.

More certain of its prey than the most practiced rifle in the hands of the most experienced marksman, without lessening the value of Pelts or Skins, as is the case in ordinary modes of shooting, it effects the capture of the animal either dead or alive (as preferred) alive: the barrels discharging themselves, simultaneously with the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its construction neither cumbersome nor difficult to arrange.

There are three different sizes, which will effectually operate on Mink, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

☞ To be hadin large or small quantities, o

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with them is the same in form and in the same manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $1; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Standard*, Nashville *Gazette*, Atlanta *Intelligencer*, and New York *Weekly Day Book*. Write your address plainly, and direct to S. SWAN & Co., Augusta, Georgia

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain diseases which they might cure, if suffering from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and not one instance of the latter number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and inclosing five dollars, from any part of the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely worthless. Females have got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 dly

WEBSTER BANK BUILDING,

13 EXCHANGE STREET, BOSTON.

PATENTS secured in the United States, and in all other patent-granting countries. Specifications and drawings prepared. Caveats filed.—Reconsiderations procured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Re-issues and extension procured, and in general, all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured through prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:—

From Hon. Chas. Mason, Commissioner of Patents.

U. S. PATENT OFFICE, Feb 23, 1855.

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.

CHARLES MASON, *Commissioner.*

From the Examiners of the Patent Office.

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

HENRY B. RENWICK, L. D. GALE,	*Principal Examiners.*
S. H. LANE, T. R. TALE	
THOS. T. EVERETT, F. SOUTHGATE SMITH, WM. C. LANGDON.	*Assistant Examiners.*

From long acquaintance and intimate official relations with Mr. Cooper, I fully and heartily concur in the foregoing recommendation made by my late colleagues. W. P. N. FITZGERALD,
Late Principal Examiner of Patents.

SATURDAY, DECEMBER 18, 1858.

GROWTH OF USE OF OPIUM.—The New York Evening Post, in a lengthy article on the growth of the use of opium and its preparation in this country, says that in that city the use of this drug increases from year to year at a ratio of thirty per cent., and that the quantity now consumed annually averages about two ounces for every adult inhabitant. The Post states that from an investigation of localities where the greater proportion of opium is sold for consumption, it would appear that very few young persons are addicted to its use. It is mostly confined to individuals above thirty years.

Of the number under that who consume it, more than three-fourths are females.—Indeed, so far as we are capable of judging, women, rather than men, are addicted to the practice, and these generally without much reference to their employment or condition in life. With the stronger sex, tobacco and alcoholic beverages are more largely employed, and operate as a check to the formation of this habit. Yet several of our judges, lawyers and clergymen are evidently in the habit, and exhibit the physiognomical and physiological characteristics resulting from it.

TRINITARIAN CONGREGATIONAL CHURCHES IN NEW HAMPSHIRE.—The minutes of the General Association for 1858 have just been issued from the Dartmouth Press.—The following are the footings of the summary:—14 associations, 92 pastors, 68 stated supplies, 31 ministers without charge; total number of ministers, 191; churches, 189—of which 32 are vacant.—Male members, 5824; females, 12,407; total resident members, 18,231; absent, 3471; grand total, 21,244. Added by profession, 1359; by letter, 476; total additions, 1826; removals by death, 424; by dismission, 644; by exclusion, 27; total removals, 1095; net increase, 737.—Adults baptised, 679; infants, 392; whole number in Sabbath schools, 21,903. The statistics are returned for the year ending August 1, 1858.

☞ A gay young gentleman in St. Louis entered a daguerreian establishment a few days ago, and prepared to be done in the highest style of art. Pending the preliminary arrangements, he suggested that he would look better if he had a gold chain on, whereupon the operator kindly took out his watch and accompanying pendant, which he handed over with a very patronizing air. The likeness was taken, the plate removed from the instrument and taken to the darkened chamber where certain mysterious enchantments are supposed to be pronounced. At this critical moment the gay young gentleman took his hat and departed, forgetting to leave behind him the watch and chain.

☞ The old system of penal colonies, barbarous in itself, is producing beneficent results, not intended. Siberia, the Botany Bay of Russia, has become one of the most prosperous and promising of the Russian provinces. It has been civilized by the exiles sent thither, emigration has been attracted thither, and now four of its five million inhabitants are Europeans, or of European descent, and there is not a serf among them. Siberia is fast becoming a place of great commercial importance. Its proximity to Oregon and California will give it a trade which will soon make it one of the most active portions of the great Russian empire. The ice used in San Francisco was formerly obtained from the United States. It now comes from Siberia, affording constant employment to half a dozen ship.

A JUROR CORRECTING A JUDGE.—A judge in Cincinnati last week had just charged a jury in a very important case, when, to the great astonishment of all present, a professional juror, who happened to be on, arose from his seat and begged to call the attention of his honor to a slight mistake he had made in his charge, and actually quoted authorities to sustain his opinion. Upon referring to his citations, it was found, to the no small amusement of the spectators, that the juryman was right and his honor was wrong; whereupon, with all due gravity, he informed the bench that he knew he was correct, as he had been charged at least forty times on the same point in the last four months, and could not be mistaken!

☞ Joab, a slave belonging to Senator Fitzpatrick, of Alabama, brought his cotton crop to Wetumpka on last Saturday, and sold it for one hundred and sixty dollars, in clean cash.

MANCHESTER MATTERS.—In Manchester, on Tuesday, E. W. Harrington, democrat, was elected Mayor by 1099 votes to 1086 for Alonzo Smith, republican. The American says that in all the wards except ward 5, Smith had 253 majority, and that the democratic officers of that ward kept the polls open till dark, and had their Irish retainers vote three or four times apiece on the names of absentees until the required majority was obtained. One Irishman who voted the republican ticket in that ward was set upon and had to be rescued and escorted away by the police. The American adds that, "There is not 200 majority for Harrington in that Ward as every man in the city knows. Smith is therefore elected."

The American says:

Ward Five gives a *bogus* vote of 290 to 22. These base frauds will be treated as they deserve.

Republican Ward officers have been elected throughout the city in every ward but one by a majority of 200, but owing to a split on men, Mr. Harrington the Democratic nominee for Mayor is elected by 15 plurality, allowing the Kickapoo returns.

The same paper says elsewhere, on the day after the election:—

It cannot be denied that the last administration has been economical in expenditure; but the Republicans through their officers must come up to the enforcement of the laws or they will inevitably fall between two fires; from those who disapprove the liquor law and in consequence agree against the party enacting it, and from those who are its friends and stand aloof because it is not carried out in good faith. Any person seeing the demonstration last night, the fast driving, the illuminated grog shops, and the tumultuous gatherings about every den where bad liquor is sold, must come to the conclusion that, however great the number of respectable men voting for Mr. Harrington may have been, the keenest interest and the most unbounded delight was felt in his election by rumsellers and gamblers.

There was more liquor drank, and more intoxication on Elm St. last evening, than during the whole current year of Mr. Smith's Administration. There is no doubt about that. A police officer says that more than 500 Americans and Irish were thoroughly drunk. The general scenes excelled in drunkenness and riot anything ever seen at a Barrington or Goffstown muster.

Last evening during the interesting procession in honor of the possible election of E. W. Harrington Mayor, one of the unterrified native-foreign-born, lost his equilibrium and plunged from the ranks in the middle of street, and brought up in the scuttle hole at the window of Capt. Harrington's grog cellar. His friends hauled him out with ropes, and he was soon able to hooray for "*Captain Harrington inthirely!*"

EFFECT OF THE MORTARA CASE.—A certain Miss Rothschild, in marrying a rich merchant at Leghorn, made it a stipulation in the marriage contract, that the residence should be at Turin, dreading the snares laid for the Jewish children whom it might be wished to gain for Christianity. It is known that Sardinia is the only country in Italy, which grants protection against such outrages.

"Suffer your little ones to come to me,"
Said Christ; so said His Vicar to the Jew:
"I take your child, Mortara; and will see
That he shall suffer; you shall suffer too."

☞ The Genoa correspondent of the London Record states that the nunnery of Sassari (Sardinia) was lately taken by internal convulsion. A rebellion broke out amongst the vestals. Many said they were "free born," and would be liberated from their prison. But the Bishop turned a deaf ear to their petitions, dreading their example would be imitated. Two, however, escaped, and are enjoying the society of their relatives.

Weekly Chronicle Correspondence.

NEWPORT, N. H., Dec. 15.

Enclosed please find $1, and send me a receipt, telling me when it will be used up in paying for your Weekly Chronicle. I shall send you another about that time, for I would as soon do without my *bread and butter* as without the Chronicle on Saturday night. It is a good sight better than *rum*, or any of its kindred *spirits*.

Yours truly, N. W.

☞ Major General Williams, the hero of Kars, in addressing the Sons of Temperance at Halifax, the other day, alluded particularly to the defense of Kars, and stated that he owed his control over that garrison greatly to the fact of the complete sobriety of both the officers and men—water was their drink.

☞ The Religious Herald (Baptist) of Virginia, notices that the great revival of the present year has awakened unprecedented opposition to the doctrine of "Close Communion," and caused a "vigorous onslaught" upon it from the press, the pulpit, and the platform. The Herald explains the fact thus: "It is in times of revival that error seeks to root itself more widely and securely among Christians."

The $1,500 seized by the New York police in a lottery office has been confiscated to the use of the poor, according to the law of that State.

☞ A New York gentleman has patented a new hooped skirt of the expansive and collapsive variety, that will infallibly torment all the men and enrapture all the women. It is made of white horse-hair in open work, and so pliable are the hairs, through their saturation with some new material, which is also patented, a full skirt of forty hoops, with all the essentials of elasticity, fullness and strength, can be carried within a muff, occupy scarcely more space than a portmonaie, and in an instant be adjusted to the person, expanding a robe to a diameter of six or seven feet, giving the wearer the agreeable circumference of from nineteen to twenty-one feet.

A COSTLY DRESS.—The Empress Eugenie has just purchased the dress in point d' Alencon given by the city of Rouen to the aunt of Louis XVI, on her visit there with Louis XV. The Empress has paid the sum of ten thousand dollars for the dress, which has a train of two yards and a quarter in length, and is covered with birds, and trees, and emblematic figures of all kinds. We have seen lace dresses, at weddings in Philadelphia, worth five or six thousand dollars; but ten thousand, as yet, is a figure above republicans.—*Peterson's Magazine.*

☞ From Europe we have seven days later news, by the Arabia at Halifax, which has Liverpool dates to Dec. 4.

The Arabia reports having experienced strong westerly gales during the entire passage.

The Indian Empire reached Broadhaven, County Mayo, the 26th ult. All well.—Her fuel was exhausted and she was obliged to consume a portion of the cargo and wood-work. She was also short of provisions. The ship was obliged to lay to for a week when within a day or two's steaming of Galway, owing to furious storms.

Jas. Davies and Sons, extensive leather and boot exporters of London, have failed.

All English papers containing reports of the trial of Montalembert are forbidden to enter France.

Calcutta mails of Oct. 23, and Hong Kong Oct. 13, reached England the 28th ult.

The Typhoon at Swatow was of unprecedented violence, and houses and everything was in ruins. Vessels were driven high up on the land. About three thousand Chinese were drowned and also several Europeans.

A meeting of gentlemen connected with the corn trade, Liverpool, adopted resolutions, making the weight of one hundred pounds the standard in all sales of grain, flour and meal, and proposed to adopt the system throughout England on the first day of February.

Much anxiety is felt for the troop ship Bombay, with about three hundred soldiers on board, bound for India. The ship was dismasted and lost some of her crew as she was proceeding to Cork for additional troops. She was afterwards seen battling against the storm in a most distressed condition, but still later was spoken making good headway under jury-masts for Plymouth.

The French Emperor has issued a pardon to Montalembert; but the latter declines accepting it, and determines to appeal.

☞ An effort is now making to raise *one hundred thousand* dollars by subscription, for the benefit of Dartmouth College. It was started by the united action of the Trustees and the Alumni, at the last commencement. Circulars have been issued to the Alumni, and to others friendly to the cause of liberal education, setting forth the necessities of the College, and soliciting their aid. The several subscriptions now being made, are to be null and void, unless the sum of thirty thousand dollars be subscribed by the first of June next.

The President in his Message contend for specific duties on imports as the only correct line of policy and the only means of security against frauds, while the Secretary of the Treasury in his Report insists upon *ad valorem* duties as the only rule admissible under democratic principle; and yet some of our exchanges declare that both the Message and the Report are of unimpeachable soundness. How under heaven some editors contrive to look both ways at once without breaking their necks, is past our comprehension. How a mere automaton, moved by wires and springs, can be made to turn thus suddenly is perfectly simple, but that a being made up of *muscles* and *bones*, and governed by *free volition*, can safely pursue so devious a way, seems utterly impossible.—The anatomists should look into the matter.—*Bath Times.*

☞ A State Temperance Convention for Vermont was held at Bradford, Dec. 15th and 16th. The late legislature of that State provided that liquors should not be given away at raisings and moving of buildings, and that seized liquor replevined should remain in the hands of the officer serving the replevon writ until a decision was had, when he should dispose of it according thereto.

☞ The *New York Journal of Commerce* manifests decided Douglas proclivities. It openly rebukes the Administration for taking that Senator from the Territorial Committee.

TO NEW SUBSCRIBERS.

For $4, we will supply the DAILY CHRONICLE from this date to Jan. 1st, 1860.

For $1, we will furnish the WEEKLY CHRONICLE from this date to Jan. 1st, 1860.

For $6, we will furnish the Daily Chronicle and the Atlantic Monthly, for one year.

For $3, we will furnish the Weekly Chronicle and the Atlantic Monthly, for one year.

The money to be paid in advance, in all cases, of course. The price of the Atlantic is $3 per year—the Daily Chronicle $4, the Weekly $1 per year. Subscribers paying now for the paper and Magazine for 1859, will receive the Chronicle free of charge to the commencement of the year.

SPORT!

As I have heard of much boasting from Mr. MOSES MANN, of Greenland, that his sorrell Mare can out trot my bay Horse: to test the matter, and satisfy myself and the sporting public who feel any interest in the matter, and convince Mr. Mann.—

I hereby publicly announce that I will trot my Horse against Mr. Mann's Mare, for any distance from one to five miles, and for any sum from $100 to $500; or, if it suits Mr. Mann better, merely for the fun of the thing, without stakes—on receiving one week's notice from Mr. Mann.

ALBERT BLAISDELL.

Greenland, Dec. 14, 1858.

Sport It Is.

I am no friend to or patron of Horse Racing—and have never encouraged or attended a race: but I have a friend who will accept the challenge of ALBERT BLAISDELL, to trot my Sorrel Mare against his Bay Horse; and will make a match for two hundred dollars a side, half forfeit,—Col. Wm. S. Hadley of Portsmouth, to be stakeholder—the forfeit money to be deposited with him as early as Dec. 20th inst. The Race to be mile heats, best three in five, to harness, and to take place on Thursday, December 30th, 1858, on the Granite State Trotting Park, at Dover, N. H. MOSES MANN.

Greenland, Dec. 17, 1858.

That Trot.

Mr. Mann has *not* accepted my challenge—which was to Trot our Horses one mile or five miles; and I now withdraw it. But I cannot accept his—to Trot on the Dover Track. That is too far from my place of residence and business, and too difficult of access. Besides, it would be impossible, in the winter season, to Trot Horses on any circular or curved Track. If not covered with snow-banks or ice so as to be absolutely impassable, there would certainly be ice enough to prevent any than the most moderate driving, on runners or wheels.

I am not a sporting man or horse-jockey, and keep horses only for family use; and care nothing about their speed on a race-course—and Mr. Mann doubtless has similar ideas. But he has boasted loudly and long that his Mare can out-trot my Horse on the road—and that he can't get a chance to test it. So I publicly offered him an opportunity—and expressed my willingness to put up stakes sufficient to pay for the trouble and time consumed, if he preferred. My object was and is simply to let him boast less or more—and if he has the fastest road-horse, I envy him not, but wish he may long enjoy that with his other blessings.—My idea was that we should drive our own horses, just for the fun of the thing; as we drive them daily; and not to make a jockey affair, for the benefit of the Granite State Trotting Park—to enter which, all who feel any interest in the matter, must pay to witness the fun, after travelling twenty miles.

Neither duty nor inclination will allow me to visit the distant ground named, nor any other regular Trotting Track; but I accept Mr Mann's proposition, with the single change of LOCATION—and will Trot as he proposes for $200 a side, half forfeit, at 10 o'clock, A. M., on the 30th inst; on any mile of Road or ground not more than three miles distant from Greenland Parade—on receiving one week's notice from Mr. Mann; mile heats, best three in five, to harness—having 10 minutes between the heats. I am willing for Col. Hadley to be forfeit and stake-holder, provided he has no interest in the matter; but should prefer some neighbor in Greenland mutually acceptable. ALBERT BLAISDELL.

SPECIAL NOTICES.

NIGHT SWEATS.—This exhausting accompaniment, of any debilitating disease, should not be treated by astringents and opiates, but by tonics and restoratives. The PERUVIAN SYRUP with protoxide of iron, fills a gap long open in the Materia Medica, in the treatment of this symptom. It enriches the blood, renovates the system, and restores the normal action of the skin.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L.—, a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—has finally been cured with **R. R. RELIEF.** In the month of December, 1853, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1858, when he went to Mamaroneck, to put up some country seats, where, by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which made him worse—came back to New York, took the Ready Relief and Regulators, was cured entirely in thirty-six hours, and on about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, recommended by the good housewife as a never failing cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.—THIS GIN, Distilled in London, rum sound I. B. Farley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, GRAVEL, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., whilst the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in quarts at seventy-five cents, and in pints thirty eight cents, by all druggists, grocers, and country merchants. Beware of imitations. Buy only CHARLES'.—NONE OTHER IS IMPORTED.

May be obtained in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 1 Cornhill; S. E. Pecker, 20 Elm st; J. Moran, 116 Blackstone st; M. Dow & Co., 75 Blackstone st; R. Smith & Co., 20 Exchange st; Gilbert, Abbott & Co., 78 Broad st; Deland & Snow, 34 Elm st, and others. In Portland, Me., of H. H. Hay & Co., C. W. Atwell, and C. C. Mussell & Son.

The Great English Remedy.

SIR JAMES CLARKE'S

Celebrated Female Pills.

Prepared from a prescription of Sir Jas. Clarke M.D., Physician Extraordinary to the Queen.

THIS invaluable Medicine is unfailing in the cure of all those painful and dangerous disorders to which the female constitution is subject. It moderates all excess, removes all obstructions, and a speedy cure may be relied on.

TO MARRIED LADIES

It is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

Each bottle, Price One Dollar, bears the Government Stamp of Great Britain, to prevent counterfeits.

CAUTION.

These Pills should not be taken by females that are pregnant, during the first three months, as they are sure to bring on Miscarriage, but at every other time and in every other case they are perfectly safe.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain iron, calomel, antimony, or any thing hurtful to the constitution.

Full directions accompany each package.

Sole Agent for the United States and Canada JOB MOSES,
(late I. C BALWDIN & CO.,) Rochester, N. Y.

N. B.—$1 and 6 postage stamps enclosed to any authorized Agent, will insure a bottle of the Pills by return mail.

For sale, wholesale and retail, by W. R. PRESTON, Portsmouth, and by Druggists in every town in the United States.

LOCAL.

BURGLARS ABOUT.—On Thursday night, an attempt was made to pry open a shutter on the back side of Rowe & Stokell's grocery store, corner of Hanover and Market streets. A woman in a house near by was awakened by the noise, and she in turn frightened the burglar by calling out to ask what he wanted, when he suddenly left. The watchmen did not happen to come along just then. The would-be robber was probably some one who knows the premises.

☞ We forgetfully omitted to state, at the time we published the full and accurate report of the Republican Caucus held in this city a few evenings since—that we were indebted to the editor of the Ballot for it; he furnishing it to us for publication in advance of his own issue. Although we may not always give the proper public "credit" for such favors, we are not unmindful of the numerous similar courtesies we have received from this source. Seeing the same item of news in the Journal, "credited" to the Ballot, reminded us of our indebtedness.

☞ L. Bowtell, rom Groton, Mass., (formerly a Congregationalist) will preach at the Advent Chapel to-morrow.

☞ The Continental Harmonists (Old Folks Choir) Rehearse at Exchange Hall Sunday evening, Dec. 19th. See programme, &c., in another column.

☞ The "Ladies' American Magazine" is a new candidate for the favor of the fair—and will not fail to find it. Graham's Magazine is incorporated with it, and the new monthly is to be issued in New York, commencing in January—Henry White publisher. It is well printed and very handsomely illustrated—and appears to be judiciously edited. Only $2 a year. The steel engravings in this number are "Saturday Night," a capital humorous hit; and "Papa's New Year's Present"—and happy they who receive such.

☞ A laboring man and his wife and two children were found wandering thro' the streets of New York on Wednesday evening, the parents and one of the children, a little girl only four years old, being intoxicated. The child was almost insensible from liquor, and was with difficulty restored to consciousness.

NEW YORK, Dec. 16.—Ship Ocean Express, which arrived here to-day from Elide Island, Lower California, reports:—July 28, while at anchor off the island, Joseph Wilson, John Williams and Gilmore, a native of New York, all seamen, deserted to the main land. Aug. 13, received a dispatch from San Burcos, an island fifty miles off, that Gilmore and Williams had died of starvation on the road, and Wilson was in a dying state at San Burcos.

A family of criminals are under course of legal treatment at Ann Arbor, Michigan. Walker and his wife are in jail for burglary, and their son James has been convicted of murder, while a daughter is in jail for larceny.

☞ The Georgia Legislature has set apart a new county, from Lowndes and Thomas, and given it the name of Brooks, in honor of the late Preston S. Brooks.

The Senate on Thursday, on motion of Mr Wilson, called on the President for information in regard to the landing of slaves from the yacht Wanderer. An ineffectual attempt was made to bring up the resolution abrogating the Clayton-Bulwer treaty.

In the house the Maryland contested election case was discussed, and was laid on the table. Mr. Harris, U. S. Consul at Japan, was granted permission to receive certain gifts from the British government.

PLEASURE.—"All pleasure," was the shrewd observation of Foster, "must be bought at the expense of pain. The difference between false pleasure and true, is just this—for the true, the price is paid *before* you enjoy it; for the false, *afterwards*.

WHAT ATTRACTIONS!

This exclamation the visitor at Mr. Shores's involuntarily makes. It is a Museum of Curiosities, containing all that Santa Claus ever dreamed of, and many more things than he ever dispensed in this generation. The counters, shelves and lines are literally filled with them. It would take a column to enumerate half that meets the eye.—And such a display of beautiful books, Parian articles, games, views and toys—there was never seen before the like in Congress Block. Every body, of course, will visit this museum, when they know that the proprietor charges no entrance fee.

A MERRY CHRISTMAS & HAPPY NEW YEAR!—All who desire to do their part to fulfil these wishes to their friends, should examine the array of books and fancy articles suitable for presents, for sale by Joseph H. Foster, as in part detailed in his advertisements on the first and third pages of our paper to-day.

BOSTON ALMANAC FOR 1859—by Damrell & Moore, and George Coolidge, is as neat an affair as heretofore, and embraces more information for business men than can be found in any other form for 25 cents.

THE LADY'S ALMANAC for 1859, by the same publishers, is a neat and useful work for any lady's frequent reference, containing all that relates to the calender, and a great abundance of useful information to aid in domestic economy.

THE JUVENILE ALMANAC, by the same publishers, is done up in a corresponding style of neatness, and will be a very acceptable present for the season. All the above are provided with blanks for daily memoranda. They can be found at the bookstores.

"GIVE US SOME GOOD BOOKS TO READ."

Our last issue contained a paragraph from the Manchester American, with the above heading.—It was designed to call attention to an advertisement in that paper, signed by Frederick Smyth, Treasurer of the House of Reformation, appealing to the benevolent to furnish its inmates with books. The appeal is one which it is hoped will be responded to, and we know of no better way that this work can be met than through the agency of the Sabbath Schools in the State. Previously to the appearance of the advertisement of Mr. Smyth the object was presented to the Middle St. Sabbath School in this city, by its superintendent, Hon. H D. Walker, and a collection was taken up, sufficient to purchase a hundred volumes of suitable books. These have been purchased and forwarded to the Institution, and the "thanks of the boys and girls through their own autographs" have been received It is hoped that many other schools will follow the example, until the Institution shall be well furnished with books whose influence will be salutary There is no more promising way of meeting the higher, the intellectual and moral wants of the inmates, than this.—*Journal.*

Mr. Buchanan, in his Mesage, says "résistance to lawful authority," it is shown by the example of Kansas, "cannot fail in the end to prove disastrous to its authors." One might infer from this, says the New York Tribune, that the free State men, of Kansas, especially the upholders of the Topeka movement, were broken down and scattered to the ends of the earth. Instead of this, the defamed free State men, though resisted and trampled on by the Federal Executive, with every Federal office filled throughout by their bitter enemies, and all the patronage and power of the nation exerted for their overthrow, are to-day in tranquil possession of Kansas, while their adversaries have nearly disappeared from the Territory! These latter are in Arizona, in Utah, in New Mexico; n Virginia, Georgia and Missouri; hardly a dozen who achieved any prominence remain in Kansas. Is it not strange, if the free State men were disturbers and revolutionists, whose course has proved 'disastrous," that they are in quiet possession of the fiercely disputed region, while their leading adversaries can only be found by an industrion scrutiny of the Blue Book?—*Journal.*

SALE OF THE SAGAMORE HOUSE.

The sale of the Sagamore House was postponed to this day. Saturday, at 2 o'clock, on the premises.

The sale of most of the personal property, advertised last week, will take place at 11 o'clock, at hesame place.

STONE CHURCH.—The extensive improvements made in this church, to the cost of some $10,000—and the introduction of a superior organ, at the cost of about $4000—renders this edifice, in its internal arrangement and finish, probably the first church in New Hampshire. It is now approaching completion, and will probably be opened for the first service on Christmas Eve or Christmas.

UNIVERSALIST CHURCH.—The sale of Pews, which extended over two evening, produced a premium on the appraisal of about $1200. Nearly all the Pews on the lower floor were disposed of.

A RICH CASKET OF JEWELS.—Paris is talking a good deal this week of two purchases. Count Duchatel has bought for his wife a ruby, for which he has paid $80,000, which makes her the mistress of the finest casket in Paris, except that enjoyed by the Empress—mind, I say enjoyed, for the Empress' casket does not belong to her, but to France. The Countess Duchatel's casket is worth a million dollars.

The Nashua Telegraph thinks the nomination o Hon. THOMAS M. EDWARDS in District No. 3 is nearly a certain thing, and rejoices to learn that it is so. Mr. Edwards is one of the strong men of Cheshire county, most eminently qualified for the the place.

The "Sons of New England" in Philadelphia propose to celebrate Forefather's Day by a tea party, or festival, in good New England style' on the 22d inst.

BOSTON & MAINE RAILROAD.—It is reported in the Boston papers that this road has earned nearly 5 per cent. in the last six months, and dividend of more than 3 per cent. is expected.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and at an extra room if desired.

Wood or Coal may be used for fuel, the cost being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Dr. R. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of Medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are strictly Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES RECOMMENDED TO BE TREATED BY DR. GOODWIN: Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhoea, Cholera Morbus, Cancers, Dropsey, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Scrofula and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentlemen in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, ME., Jan. 20, 1858.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was everything what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now satisfy the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy as it has been for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that wherever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.

HARTWICK, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854. I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my feelings towards you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Hiraj, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.

WM. DYER.

Brookfield, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. BRIGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These **Gums** remove all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, **purifying the blood,** giving tone and vigor to the whole machinery, removing the cause of disease—effecting a radical cure.

Bilious Attacks are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.

One dose taken at night, loosens the bowels; two doses cures **costiveness.**

One dose taken after each meal will cure **Dyspepsia.**

One dose of two teaspoonfuls will always relieve **Sick Headache.**

Only one dose immediately relieves **Colic.**

One dose often repeated will cure **Dropsy** by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for **Fever and Ague, Chill Fever,** and all Fevers of a **Bilious type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

ONE DOLLAR PER BOTTLE PER BOTTLE.

Patent Mastic Roofing.

Imperious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant on Tin, Iron, Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial,* we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most confidently and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered,* and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

More certain of its prey than the most perfect Rifle in the hands of the most experienced marksman, without lessening the value of Pelts or Skins, as is the case in ordinary modes of shooting. It effects the capture of the animal either dead or (if preferred) alive; the barrels discharging themselves, simultaneously with the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its construction, and neither cumbersome nor difficult to arrange.

There are three different sizes, which will effectually operate on Minks, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Managers would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. Drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta, Mobile Register,* Charleston *Standard,* Nashville *Gazette,* Atlanta *Intelligencer,* and New York Weekly *Day Book.* Write your address plainly, and direct to S. SWAN & Co., Atlanta, Georgia

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment hundreds in Portsmouth and the surrounding towns, surrendering their lives to the secret inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consult the physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the strictest description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which had been improperly treated by empyrics have come under his care, and more than three-fourths of this number are now enjoying the blessing of perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with the worthless and dangerous remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivaled in efficacy and superior virtue in regulating all female irregularities Their action is specific and mild, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practised by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miscreants who are entirely ignorant of the efficacy of medicine.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 1ly

Dye your Hair and Whiskers.

BY using Hutchins' Liquid HAIR DYE, you can colour Red or Gray Hair to a beautiful Brown or Black. This is the best article in use. A lady says it is cheaper to use it than to buy caps to cover her gray hair.

Look at that gentleman's whiskers—Hutchins' Hair Dye makes them look so handsome.

American and Foreign Patents.
R. H. EDDY, solicitor of Patents,
(*Late Agent of U. S. Patent Office, Washington, under the Act of* 1837.)
No. 76 State st, oppo. Kilby st, Boston.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britian, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate. The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents."
Boston, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
R. H. EDDY.

PIERPONT ON SPIRITUALISM.

Rev. John Pierpont lectured Sunday afternoon and evening, Dec. 12, in Newburyport, on Spiritualism. We need not say that John Pierpont has a clear head and a ready utterance, nor need we say that the Herald reports as fairly as any paper can, that does not give a verbatim copy of what is said. The reader therefore may rely on getting the substance of the lecture in the following sketch. We think it interesting to every person who can think soberly on such a subject, whether he be Christian, Deist, Spiritualist, or Atheist.

Mr. Pierpont, in opening the lecture, remarked—"we have all come here as believers in a true and living God, and I now invite you to join with me in an act of worship." He then addressed the throne of grace in a fervent supplication for light to aid us in searching after the truth; then a hymn was sung, by only a few voices, and he proceeded in his remarks, after reading the 22th chapter of 1st Kings, where a lying spirit comes forth from God to cause the prophets of Baal to prophesy falsely to Ahab and Jehoshaphat.

Mr. Pierpont then went on to say that in this case there was a clear majority in favor of Baal, as but one prophet, Micaiah, was found to prophesy truly—and yet the truth did not seem to lie on their side. He then adverted to the great fact that certain phenomena had occurred and are occurring daily that require some solution, or the cause for which is a question of vast magnitude to the minds of inquirers. The phenomena could not be denied, and the question is, what causes them? To look at the simplest form of these manifestations, raps are produced, and ponderable objects are moved which certainly are the effects of physical force. Now we know that matter as such has no power; that is, no force can be exerted by matter upon matter; for if a man pulls upon a lever and so moves a rock, the force he exerts is known to be in his spirit; and so we see, after all, that it is spirit that is force—for all the great agencies of nature which show manifestations of power find their source in God himself. Now in these movings of ponderable objects it is clear that the real force must be spirit-power of some sort, located somewhere. But still further: not only are ponderable objects moved, but intelligent answers are given to questions, thus showing that there is an intelligent source from which they flow. Now these phenomena can be proved by hundreds of men; and therefore to deny them is folly—and the great question is, whence come those intelligent replies? We answer, they come from spirits, and come naturally to the conclusion that the spirits of men who once have lived on the earth do, under certain conditions, which we do not always know, communicate with their friends now in the body. Now this is a doctrine which if true commends itself to the candid consideration of every living person; for who has not longed for communication with departed friends? And this idea, if true, will stand. It may be sneered at, ridiculed, laughed at, but it will stand, if true. Truth is the only thing that can stand. All forms of religion are only the announcements of what are considered facts, and all creeds also.—So in this case, if it can be established that this theory is fact, it will stand. And to look at this matter closely as to its being fact or not, let us look at some of the antecedent probabilities and improbabilities.

First, we will look at the improbabilities. It is objected that it conflicts with many established religious notions, and the news is too good to be true. I shall only touch on one or two of the great number of points connected with this subject, for the field is a large one and would require many hours to go entirely over it. Now as to the objection—"Would a spirit come all the way from heaven to commune with man upon this little globe?" Well, let us see. Where is heaven? The ancient Jews thought heaven was the upper surface of the firmament over our heads. But astronomical researches have blown away that floor, and heaven's locality remains no longer a fixed place. Now, astronomically speaking, the earth is as much in heaven as any one of the planets, and why may not the earth be heaven? In Revelation 5th chap., 9 and 10 verses, we read of saints reigning upon the earth, and what is there unreasonable in the idea that the spirits of good men do take an interest in the world where all their former associations are linked with friends still left behind? It seems to us highly reasonable that this earth may be heaven to the spirits of the departed, and if so the objection on the ground of distance disappears.

Secondly, it is objected that the communications are of so trifling a nature as not to be worthy of a man's attention.—The other day I met a man who remarked to me, "Well, I see you have given up Unitarianism." "Ah, I didn't know it," said I, what makes you think so?" "Why," said he. "I understand you are preaching Spiritualism." "Yes," said I, "we think Spiritualism affords a little more light on some topics, yet I see nothing to hinder one believing both." "But," said he, the communications are so trifling. Here the other day a worthy woman of my acquaintance received from her mother a communication how to make bread." "Well," said I, "do you not pray, 'Give us this day our daily bread,' and did it ever occur to you that God in answer to your prayer had to work several months to produce the wheat out of which your bread is made? and if so, is it derogatory to an ordinary spirit to take interest enough in her beloved daughter to teach her to make bread, and good bread?" Why, anything may be made ridiculous by being laughed at, even the most serious things, but we know that God is continually at work on the minutest things, and finishes even the bill of the mosquito as elaborately as the eye of a man. So the truth is that everything tending to benefit man is important, and ought not to be considered as small.

Thirdly, we cannot believe the spirits, for they contradict each other. But this is not the question; the real question is, do they say anything?

Fourthly, Says one, "Well, I'll stick to the Bible, then I am safe, for that is certain and harmonious in its statements."—Well, let us look at this matter. I am not going to say anything against the Bible, it is a book we Spiritualists cannot do without, it is the great source of Spiritual truth as given us by history.

But let us compare 2nd Samuel, 24th chapter, 1st verse, with 1st Chron., 21st chap., 1st verse, and we find a direct contradiction—for in one chapter the number of fighting men in the kingdom is given at thirteen hundred thousand, and in the other at fifteen hundred and seventy thousand. Now which is right? The error may be laid to transcribers or to other proper causes, but how is it with the fact? Do we know what the real number of fighting men was? Now I never preached the absolute plenary inspiration of the Scriptures, as is held by some, and so these errors never gave me much trouble. But since I have been convinced of the truth of Spiritualism, I have been enabled to believe many parts of the Scriptures that I did not believe before. For instance, I never could believe the story of the woman of Endor—witch they called her, but without Bible authority—for there she is called a woman, and a good character is given her by the facts there stated. I do not quarrel with the word witch as to its real meaning, for it is from the old English word wit; from that comes wittich, contracted into witch, implying a person of more than usual vivacity or wisdom. But it has been used in the base sense of one who uses evil spirits for her purposes, and who lets them use her for theirs. Now this character is not applicable to the woman of Endor, but has been applied through malignity. We see by the account that she was a common seeing medium, and what she communicated came to pass the next day. We are after truth—it is better than any form of falsehood, however ancient, and it can't be exchanged for falsehood, without a loss in the bargain.

The fifth objection is, this doctrine tends to infidelity. Well, in my experience it is right the opposite, for I could hardly believe the literal truth of the story of the transfiguration, till I embraced Spiritualism, but now I see the beauty of that story where Moses and Elijah came and communed with Christ and strengthened him to do his father's will. So we find the antecedent improbabilities to have but a shadowy foundation, and to disappear before the touch of investigation. And as I am announced, but without my consent, to give some of my own experiences in this matter, I will do so in the evening, trusting that my reputation for veracity will be of sufficient strength to insure me a candid hearing.

☞ The Quincy School House, in Boston, was burnt on Friday night, and the walls fell. The fire was first seen pouring out of a ventilator, which was near a register of the furnace. The house was four stories high, and the *hand* engines could not reach the fire till it had burnt down a good piece.

The building was a magnificent one, and cost in all between thirty and fifty thousand dollars. It was built in 1847, and remodelled in 1854. The philosophical apparatus attached to the school was saved. There is no doubt that had the first two engines which arrived at the fire been steam engines, the fire might have been confined to the fourth floor. The fire was supposed to have originated from the registers or flues in some way, although others hinted at the probability that fire was set in the attic. This was hardly possible, however.

SOUTH CAROLINA.—The Charleston Courier of Wednesday says that Hon. Lawrence M. Keitt will close his Congress career, after serving out the next term.

The new Governor of South Carolina, (Gest,) says, in his inaugural message:—"It is to be hoped that no occasion will arise requiring the State to call upon her sons for defence of her rights and position," but believing this hope will prove fallacious, he continues:—"We should not only endeavor to unite the State, but the entire South, so that when we can no longer retain our places in our Confederacy, will be prepared to form a more perfect union under the style and title of the United States of the South."

☞ In a case tried at Jersey City the other day, the question was raised whether the wardrobe of the wife could be sold to satisfy a claim against the husband, but the jury disagreed. It is understood that ten were against the legality of such a claim and two for it.

☞ A Los Angelos, California, paper, records the product of Don Luis Sainsevan's vineyard this year as 48,000 gallons.

NEWSPAPER THIEVES.—One chap, who owes for two years' subscription to the Union, recently left his paper uncalled for at the post-office. We inquired of the post-master as to his whereabouts and ability to pay, and received the following short answer: "He is in the Theological Seminary, at ——, preparing for the ministry!" —*Machias Union.*

He will need considerable "preparation" before he is "fitted," we should think, judging from this incident.—A settled minister in a neighboring town, who owes us for about two years of the Weekly Chronicle, recently changed his residence without paying his bill or notifying us! We recommend to all such christians, Paul's counsel: To "Think on whatsoever things are honest;" and to "Owe no man anything." We don't believe that many more men will ever get our paper two years without paying for it. In the words of our neighbor of the Gazette, "If they know anybody who can furnish them with newspapers for nothing, or can and will wait from one to three years for their pay, we beg they will transfer their patronage to that establishment forthwith.

WASHINGTON.—On Friday, Dec. 17, the Senate was not in session.

In the House there was a long discussion on the bill to provide for the examination and payment of the claims of the citizens of Georgia and Alabama on account of losses sustained by the depredations of the Creek Indians, involving about a million and a quarter of dollars.

Mr. Shorter of Ala. made a speech in favor of the bill.

Mr. Washburn, of Wisconsin, replied, making a remark not complimentary to the bravery of the citizens of Alabama and Georgia, who fled in fear of the Indians.

Mr. Shorter characterized the assertion as false and slanderous.

Mr. Washburn replied the gentleman was very brave, as he had illustrated here to-day.

Not a little sensation was produced by this exchange of "shots." The chairman (Mr. Sherman, of Ohio,) promptly called order.

After further debate the House adjourned till Monday.

The members of Congress have drawn up more closely to date than usual, an evidence that money is not abundant everywhere. The Sergeant-at-Arms of the House has disbursed since the 6th inst., on account of mileage and arrears of salary, $327,408. His total disbursements for the present Congress, up to Wednesday last, amounted to $1,435,292.

Not a little excitement exists among some of the Pennsylvania policians, on hearing that certain parties, said to be federal office-holders, propose publishing a new Democratic paper in Philadelphia, to the injury, they suppose, of the Argus and Pennsylvanian, when both those journals might be united.

☞ The Pittsfield Eagle states that Hiram Merrill formerly of Great Barrington, slipped on the ice in Falls Village, on Sunday week, and was instantly killed. It is supposed that he must have struck the side of his head on the ice with a sufficient blow to break it, as he had a severe wound on his face and eyebrow, and his neck was found broken.

SAD IGNORANCE.—Mr. Thackeray thinks that maple sugar is made in *autumn!* In the last number of his "Virginians," he says:

"As we advanced, the woods became redder and redder. The frost nipped sharply of nights. At this time of the year, the hunters who live in the mountains get their sugar from the maples."

☞ William Stapleton, a lad of 17 years old, confessed having helped burn a liquor store in New York at the request of his uncle, James Seaby, who kept it. Michael Lynch assisted him, and Lynch and Seaby have been arrested. The contents of the store were insured above their value.

In Philadelphia, the Grand Jury have refused to find indictments against sundry keepers of gambling houses who had been arrested while carrying on their illegal occupations. The gamblers thereupon petitioned the court for the restoration of their implements; and faro tables, dealing boxes, dice, cards, &c., &c., were all returned to them.

☞ James Wilson, a Methodist clergyman at Locks Village, Mass., has been fined one dollar for throwing a fork full of manure on E. H. Fitts, a school teacher.

☞ One of the fifteen prisoners who broke from the Rochester jail, Sunday night, has returned. He is a negro, who was arrested for stealing a gun.

☞ The extensive brewery vaults of Philip Reinhardt, situated on the corner of Best and Jefferson streets, Buffalo, nearly completed, caved in on Sunday, entailing a loss of $10,000.

AUGUSTA, GA., Dec. 17.—The Grand Jury, after two days' examination of the presentments in the case of Swan & Co., the lottery men, have returned no bill.

SPECIAL NOTICES.

CONVULSIONS.—Spasmodic symptoms, whether depending on functional derangement, or a disease of the nervous centres, are rapidly modified by the tonic and alterative power of the PERUVIAN SYRUP; the terrifying convulsions cease, and order is restored by removing the exciting cause, and the prevention of the predisposition.

R. R. R.
AN INTERESTING CASE.
TO THOSE WHO DOUBT.—Mr. Sylvanus L—, a well known builder in the city of New York, a worthy member of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—has finally been cured with **R. R. RELIEF.** In the month of December, 1857, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the spring of April in 1858, when he went to Mamaroneck, to put up some country seats, where, by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which made him worse—came back to New York, took the Ready Relief and Regulators; was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure, but it proved to be for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 5 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. The messenger left at 5 P. M. It was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."
R. R. R. Office, 162 Fulton street, New York.
N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.
Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevent them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GRAHAM'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.
The original recipe has been purchased by the present proprietors, and is guaranteed to be the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worm, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.
THE ORIGINAL AND ONLY LONDON GIN IMPORTED.
THIS GIN, Distilled in London, from sound R. Barley, and rectified according to the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.
It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.
Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES OF THE URINARY ORGANS, and KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c, while the weaker sex will find by its adoption a sure relief from those peculiar annoyances to which frequently attend their delicate organisation.
Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."
It is peculiarly adapted to residents in the Northern and Eastern States, as it will not let or freeze even when exposed to changes of water and air.
For sale in quarts at twenty-five cents, and in half pints at twenty-cents, by druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE OTHER IS IMPORTED.
May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 1 Cornhill; S. K. Pecker, 20 Elm st; J. Morse, 116 Blackstone st; M. Davis & Co., 51 Blackstone st; E. A CARD TO THE LADIES.
DR. DUPONCO'S
French Periodical Golden Pills,
FOR FEMALES;
Infallible in Removing Stoppages or Irregularity of the Menses.
THESE Pills are nothing new, but have been used by the French for many years, both in France and America, with unparalled success in every case; and he is urged by many thousand ladies who have used them to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these Pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to health; otherwise these Pills are recommended. Full and explicit directions accompany each box.
Price $1. Sold in Portsmouth by JOSEPH H THACHER, in Dover by Chas. A. Tufts, in Exeter by C. H. Merrill, and in Newmarket by J. A. Prendergast. They will supply dealers at the Proprietor's prices, and also send the Pills to the Ladies (confidentially) by mail to any part of the city or country, on receipt of $1 through the Post Office.
N. B.—Ladies will be particular in asking for *Dr. Duponco's Golden Pills.* Observe the signature *J. Duponco* is upon each box. You will then obtain a Pill you can rely upon.

LOCAL.

☞ The Mount Vernon Fund is gradually, but surely, rolling up; and while one instalment has just been paid to the seller, by the Lady Regent who has the matter in charge;—it is intended to increase the effort to complete the payment for the whole purchase at the earliest day practicable.

To promote this object, increased agencies are required; and ladies are appointed in various parts of the country to act as agents in selecting and collecting funds, to complete the purpose of owning and preserving the Home and Burial Place of Washington as a national monument to the nation's benefactor.

Mrs. I. Goodwin of this city, has been duly appointed and commissioned by the Regent to act as Agent for the County of Rockingham, and she will enter at once on the duties of the appointment.

Circulars will be issued, and channels of communication so opened that all ladies in the county, who are disposed to aid in this national and patriotic work, can bestow according to their several ability, in the fullest confidence that their funds will be faithfully applied.

☞ A barn situated at the south part of Rye, owned by Mr. John Mace, was totally destroyed by fire on Friday night of last week. Some hay (we did not learn the quantity) was also consumed. It is supposed to have been the work of an incendiary. Mr. Mace is an industrious fisherman, and was absent at the Shoals at the time of the fire.

☞ Rev. A. J. Patterson is to deliver the next Lecture before the Mutual Improvement Temperance Society, on Wednesday Evening, at Academy Hall.

A CARD.—At the meeting of the Mercantile Library Association on Friday evening, 17th inst., it was

Voted, That the thanks of the Association be presented to those ladies who generously assisted in the recent Fair, and to all others who in any way aided the Association on that occasion.

J. W. TUCKERMAN, Sec.

☞ The jury in the McNulty murder case, in Boston, *disagreed*, not as to his guilt—for in that there could be no doubts—but as to the *degree* of murder. The Journal report says:

During the night they stood eleven to one in favor of a verdict in the first degree. Saturday morning the jury was equally divided upon the question. Mr. Edward Lynch is the juryman who held out for a verdict of murder in the second degree during the night. During the morning the prisoner had worn a troubled and apprehensive expression of countenance, which upon the announcement of the foreman gave place to a smile of triumph.

The court assign him a new trial on Thursday at 9 o'clock.

☞ The Amesbury Villager records the deaths of two aged women, viz., in Amesbury, at the Alms-house, 7th inst., Miss Avis Huse, aged 98 years, and in South Hampton, N. H. Dec. 13th, Mrs. Martha Currier, wife of Mr. Samuel Currier, aged 89 years. Her husband, now living, is 94 years of age, and they had lived a married life of 64 years.

HONOR TO SENATOR DOUGLAS. — *New York, Dec.* 18.—The Board of Aldermen and Councilmen last evening passed resolutions complimentary to Senator Douglas, and appointed a committee to extend him the hospitalities of the city when he arrives here en route for Washington.

STUPIDITIES.—Walking along the streets with the point of an umbrella sticking out behind under the arm or over the shoulder. By stopping suddenly to speak to a friend, or other cause, a person walking in the rear had his brain penetrated through the eye, in one of our streets, and died in a few days.

Steping into a a church aisle, after dismission, and standing to converse with others or to allow occupants of the pew to pass out before, for the courtesy of precedence, at the expense of a greater boorishness to those behind.

To carry a long pencil in vest or outside coat pocket; not long since a clerk in New York fell, and the long cedar pencil so pierced an important artery that it had to be cut down upon from the top of the shoulder to prevent his bleeding to death, with three month's illness.

To take exercise or walk for the health, when every step it a drag, and instinct urges to repose.

To guzzle down glass after glass of cold water on getting up in the morning, without any feeling of thirst, under the impression of the health giving nature of its washing out qualities.

To sit down to a table and "force" yourself to eat when there is not only no appetite, but a positive aversion to food.

To take a glass of soda, or toddy, or sangaree, or mint drops, on a summer day, under the belief that it is safer and better than a glass of cold water.

To economize time, by robbing yourself of necessary sleep, on the ground that an hour saved from sleep is an hour gained for life, when in reality it two hours actually spoiled.—*Journal of Health.*

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possess Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN OF SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling P aces.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling with out any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

To Segar Dealers & Smokers.

I HAVE ON HAND THIS DAY
150,000 HAVANA & PRINCIPE CIGARS,
to which I wish to call your attention. I am confident I can sell you Cigars a little cheaper than you have ever bought before, quality considered. Because I buy for cash and from first hands, and because I know a good Segar when I see it, I am enabled to do so.

Look at my Segars before you purchase and you will be satisfied it is so.

THE ORPHAN BOY.

A little boy, an orphan too,
Whose fingers ends, with cold were blue,
With pearly drops in either eye,
Ready to start when pity's nigh;
With timid steps approach the door,
Some scanty pittance to implore.
Whose brazen knocker, smooth and bright,
Mocked all the efforts of the wight.
His little hands its place supplied,
And open flew the portal wide—
A clergyman, of modern date,
Less fam'd for kindness than estate,
Now eyed the boy from top to toe,
And listening to his tale of woe,
Said, take this crust, 'tis mouldy too,
But, still, tis good enough for you!
The boy received it with good grace,
And turned about to quit the place.
Stop, said the priest, an orphan boy
Should not pursue such bad employ;
Answer me this, pray can you read?
Ah! no sir, 'tis truth, indeed.
Not read! why then you cannot pray!
I'll teach you—after me thus say:
Our Father who in heaven art—
"Our Father" touched his little heart,
Is he your father, then, and mine?
Yes, said the reverend divine,
God is the father of us all,
Of rich and poor, of great and small.
With feelings undisguised, the boy
Summ'd up the whole in this reply:
We're brothers, let it not be said
You ever gave me mouldy bread!

REV. E. W. JACKSON.—The Newburgh N. Y. Gazette says of the several visits of this gentleman and his labors in behalf of the temperance cause:—

Mr. J. deals in solid arguments and facts, which convince opposers almost against their will; the way being thus prepared, we were especially rejoiced to learn that we were again to be visited by one who had earned so enviable a reputation as a public lecturer, and our hopes thus far have not been disappointed. He has had good audiences and awakened a still deeper interest than heretofore. We anticipate a vast amount of good from the visits and labors of our brother from the Pine-tree State, and wish he could visit and present his facts and arguments in every town in our State. But he informs us that from our County he will return to his own native State of Maine, there to labor with her noble and true sons in the glorious warfare they are now waging against the traffic in intoxicating drinks. We wish there were more to labor like him in this good work.

☞ Benjamin F. Butler, the distinguished politician of New York, left one-tenth of his estate to be applied to charitable purposes, after certain specific bequests to his family and immediate friends. Benjamin Marshall, late of Troy, N. Y., after making provision for his family, devised one half of the income of the remainder of his property to the American Bible Society, the American Home Mission Society, and American Tract Society, and the other half to support and maintain the Marshall Infirmary in the city of Troy, for the support of indigent poor or lame persons, which is located on the lands and premises on the south side of Poestenkill, near the Ida Mills.

THE PRESIDENCY.—The New England Republicans are making movements for the Presidency, in concert with similar movements in the Western and Northern States. An effort is being made to combine the strength of New England with the West, so as to combine the strength of New England with the West, so as to cut off all aspirants in the Middle States. The movement has already assumed a strength that threatens success. The American element strongly predominates in the Eastern States—the organization being pledged to the principles and purposes of the American party. This is inclining towards Hon. John Bell, of Tennessee, as a candidate to whose support all the elements of opposition might be rallied.—*Albany Statesman.*

YOU HAD BETTER TRY
MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for ITS GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to each and proof, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" is a SURE cure for SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as for rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Beck BURRILL & HUNTING, Sole Proprietors, No. 6 Tremont Street, BOSTON.

THE GREAT WONDER
Of The Nineteenth Century.
PROFESSOR WOOD'S
HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman of this place, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. need no encomiums, nor useless puffery from the press:

HAYS, MO., Jan. 20, 1856.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application for one myself. My hair had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it, which cost me, I was proving what I had wished. I used it about twice a week. I have since procured another bottle, one of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy; as it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty, was the mother of twelve children.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one between Iowa Point and Kansas City. I make the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.
BALTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

SIDNEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orphan's Home at Brookfield, Mo. He is a gentleman of great influence and universally beloved. WM. DYER.

Brookfield, Jan 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff, and a constant tendency to Itching with which I have been troubled from my childhood: and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

YOURS truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!
PREPARED BY DR. SANFORD,
Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

Bowel Complaints remove a foul humor from the system, supplying in their place a healthy bile, invigorating the stomach, causing food to digest well, **purifying the blood**, giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.

Bilious Attacks are cured, and what is better, prevented by the occasional use of the Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before bed, will prevent **nightmare**.

Only one dose takes at night loosens the bowels gently, and cures **costiveness**.

One dose taken after each meal will cure **Dyspepsia**.

One dose of two teaspoonfuls will always relieve **Sick Headache**.

Only one dose immediately relieves **Colic**.

One dose or two teaspoonfuls will always relieve **Sick Headache**.

Only one dose immediately relieves **Colic**.

One dose or two teaspoonfuls will always relieve **Cholera Morbus**, and a preventive of **Cholera**.

Only one bottle is needed to throw out the system the effects of medicine after a long sickness.

One bottle taken for **Jaundice** removes all yellowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and makes the food digest.

One dose, often repeated, cures **Chronic Diarrhea** in its worst form, while **Summer and Bowel Complaints** yield almost to the first dose.

A few bottles will cure **Dropsy** by expelling the water.

We take pleasure in recommending this medicine as a preventive of **Fever and Ague, Chill Fever**, and all Fevers of a Bilious type. It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow together.

PRICE, ONE DOLLAR PER BOTTLE.

E. P. RUSSELL'S
Patent Mastic Roofing.
Impervious to Water, and a Sure Protection against Destruction by Fire.

THE inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the expense attending the use of Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial*, we would invite the careful attention of all interested in such articles, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or 1 in. of much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most candidly and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a several local and many years trials is as reliable and as good as when first put on, without change or decay.

A Revolution in the Hunting World.

Reuthe's Patent Spring Gun Animal Trap.

More certain of its prey than the most perfect Rifle in the hands of the most experienced marksman, without lessening the value of Pelts or Skins, as is the case in ordinary mode of shooting, it effects the capture of the animal, or the dead or (if preferred) alive: the barrel is used in charging themselves, simultaneously with the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its construction neither to get out of nor some nor difficult to arrange.

There are three different sizes, which will effectually operate on Minks, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

LOTTERIES.
THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to attend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Standard*, Nashville *Gazette*, Atlanta *Intelligencer*, and New York Weekly *Day Book*. Write your address plainly, and direct to S. SWAN & CO., Augusta, Georgia.

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of persons in the surrounding towns, surrendered their lives to the insidious inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most invaluable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Those treated by letter, addressed to Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE REGULATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under pretence of or fictious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicine.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is to be found.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 1y

Dye your Hair and Whiskers.

BY using Hutchins' Liquid HAIR DYE, you can color Red or Gray Hair to a beautiful Brown or Black. This is the best article in use. A lady says it is cheaper to use it than to buy caps to cover her gray hair.

Look at that gentleman's whiskers—Hutchins' Hair Dye makes them look so handsome.

A new lot is just received for the accommodation of the public. by

UNITED STATES AND FOREIGN
PATENT AGENCY.
SAMUEL COOPER,
Late Principal Examiner of Patents in the United States Patent Office, at Washington,
HAS REMOVED HIS OFFICE TO
WEBSTER BANK BUILDING,
13 EXCHANGE STREET, BOSTON.
PATENTS secured in the United States, and in all other patent granting countries. Specifications and drawings prepared. Caveats filed. Reconsiderations procured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Re-issues and extension procured, and in general, all business connected with the Patent Office transacted with care and promptness
British and other foreign patents procured through prompt and confidential agents in London and Paris.
Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the time and expense of a visit to Washington.
He begs leave to refer those unacquainted with him to the following testimonials:—
From Hon. Chas. Mason, Commissioner of Patents.
U. S. PATENT OFFICE, Feb 23, 1855.
I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the business of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.
CHARLES MASON, *Commissioner.*
From the Examiners of the Patent Office.
The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.
HENRY B. RENWICK, L. D. GALE, S. H. LANE, T. R. TEALE — *Principal Examiners.*
THOS. T. EVERETT, F. SOUTHGATE SMITH, WM. C. LANGDON — *Assistant Examiners.*
From long acquaintance and intimate official relations with Mr. Cooper, I fully and heartily concur in the foregoing recommendation made by my late colleagues. W. P. N. FITZGERALD,
Late Principal Examiner of Patents.

SEWARD AND JEFFERSON.—The Lecompton journals have made a great ado over what they style the "treasonable and fanatical abolition doctrines" propounded by Gov. Seward's Rochester Speech,—said doctrines being a philosophical statement of the antagonism between the free and slave labor system, ending with a prediction that the United States would become either a Free Labor nation, or entirely a Slave-holding nation. By the extract below it will be seen that a distinguished Southern Statesman, had before propounded the same view:

"But it was found that the public mind would not yet bear the proposition, nor will it bear it even at this day [1821]—yet the day is not distant when it must bear and adopt it, or worse will follow.—Nothing is more certainly written in the book of fate, than that these people are to be free; nor is it less certain than the two races, equally free, cannot live in the same government. Nature, habit, opinion, have drawn indelible lines of distinction between them. It is still in our power to direct the process of emancipation and deportation peacefully, and in such slow degree as that the evil will wear off insensibly and their places be, pari passu, filled up with free white laborers. If, on the contrary, it is left to force itself on, human nature must shudder at the prospects held up."

The author of this "treasonable and fanatical doctrine" is Thomas Jefferson of Virginia. It will be found in his published letters.

A LULL.—But yesterday the New York press breathed nothing but war. Great Britain, it was stated, had renewed its search pretensions, and renewed them in a tone of defiance never seen before. On the top of rumors like these, so manifestly injurious to commerce, the same press has elaborate editorials heavily loaded with statistics of the French and British navies; contrasts them with the smallness of our own navy; and then, with a coolness that is refreshing, exclaims:—"And yet we talk of going to war with a first-class naval power! Who, but the New York press, talk of going out to war? A true and firmly toned national spirit is one thing; but this everlasting gasconade is unworthy of the country and a disgrace to the press.—*Boston Post.*

Truly the gasconade is contemptible—and the national *gas* is not much better. Yet many noted politicians have *risen* on gas, who without it would have been only *mudsills*.

☞ It seems that in the McNulty case, in Boston, when the jury came into the Court room at 10 o'clock on Friday evening, for further instructions, they then stood eleven for a verdict of murder in the first degree, against one who voted against such a verdict.

It is further stated that after again returning to their room, three or four of the jurors who desired, if possible, to return a verdict, changed their votes to murder in the second degree, in the hope that it might bring over the others, including the one who had originally voted against a verdict of murder in the first degree, without stating to his brethren his *actual* position. This movement failed, and the jury finally went back to their original position of eleven for murder in the first degree to one opposed.

☞ The Washington States "protests against the President's recommendation of specific substitute for the democratic principle of *ad valorem* imposts." The States says "the commercial enterprise of the country is just beginning to adjust its calculations by the tariff of 1857, and any change in the present rates of impost would necessarily introduce embarrassment and confusion in the relations of trade." The States understands Mr. Buchanan to be governed in his suggestions by the languishing condition of the iron business of Pennsylvania, and suggests that "a particular interest had better suffer temporary depression, than the party agree to an abandonment of its principles"—especially in relation to a "system of which the chief essential is stability of operation."

☞ Thomas Henry of Mount Pleasant, Ohio, on Tuesday last walked into the parlor of his house and shot down his wife, who was sewing there. He then passed out, and meeting upon the street a woman who was a stranger to him, held the revolver almost to her ear, but the cap did not scap, and her life was saved. Henry is subject to fits of temporary insanity, during which he exhibits a passionate hatred of women. Such a crazy man as he, should work in the State's Prison, where there are no women.

☞ Mr. Montgomery Blair has been appointed executor of the will of Thomas H. Benton, and given bonds in the sum of $20,000.

MYSTERY EXPLAINED.

Several days ago we stated, as we found it in the papers, that James Cook, American Republican, was chosen Mayor of Lowell by a certain majority over E. B. Patch, the Democratic and *Temperance* candidate. We did not know but it might be so, tho' we had never heard of any such large temperance man there as Mr. Patch. But we see now very plainly what *kind* of temperance men they were who put up Mr. P.

From the Lowell News it appears that on Saturday night the friends of temperance met, and the committee appointed to question the various candidates as to their position on the liquor law, reported at some length, stating that the greater part of the American Republican nominees had answered their questions in the affirmative; some had neglected to reply, but none had written a negative answer. The committee concluded by expressing a regret that the matter had not been entered upon at an earlier day, and recommending as the best thing under the circumstances, that no temperance ticket be this year nominated, but the course of the party for next year be governed by the result of the present election upon the liquor traffic. The report was accepted.

Quite a long debate followed, and at its close—

The report that had already been accepted was taken up *again*, on the question of acceptance or adoption, when *Dr. Fox* moved to re-commit with instructions to the committee to report the name of E. B. Patch (the Democratic nominee) for Mayor. Jona. Weeks moved to substitute the name of James Cook. The amendment was lost, and the original motion was passed.

During one of the speeches here, the *Democratic* caucus in Jackson Hall had adjourned, and some 200 of its members, mostly *Irish*, had come into the meeting, and then nearly *all voted* for Mr. Patch and against Mr. Cook, deciding the vote in each case. Dr. Cleaveland, who sat on the rostrum, here arose and made a *humorous* allusion to this fact, showing that the thing was understood. It was then moved to adjourn, and although the noes largely predominated, the chairman (Dr. Holt) declared the motion carried, and the meeting dissolved.

So Mr. Patch was made the *temperance candidate* by the motion of Dr. *Fox* and the cackle of 200 *geese*, or rather *gulls*.

FACTORIES ON FIRE.—On Friday afternoon a fire broke out in the picker room of the Naumkeag mill, in Salem, accidentally occasioned by friction. A small quantity of cotton was burned; but the building being fire-proof the doors were closed and the flames extinguished.

On Friday morning, says the Lowell Courier, as the overseer of the picker room on the Tremont corporation was standing near the machine, with his face towards the bin in which the cotton is deposited after passing through the picker, all at once a flame spread over the entire surface of the bin, and in a moment it was all over the room. The water was immediately let on, and the fire finally extinguished without much injury to the building, except that it was slightly charred. The whole damage will probably amount to only about one thousand dollars. There is no doubt but that the fire was caused by the contact of a stone with some part of the machine, which runs at great speed.

SAD CASE.—A letter from Lynn, to the Traveller, says, a few hours subsequent to the fire on Friday morning, Dec. 10th, which consumed a barn on Boston street, belonging to Mr. Albert Hitchins, that gentleman received a note from a young man named James H. Berry, (delivered in person) stating that he set the fire, and that he (Berry) ought to be taken care of. Accordingly Mr. Hitchings entered a complaint, and the young man was taken to Salem Jail. On Wednesday morning he was found dead in his cell, and a post mortem examination developed the fact that he died of inflammation of the bowels and hemorrhage into the stomach. It is pretty certain that the young man was insane, but probable that he really set the fire.

General Eyre, now in Canada, has offered a prize to the Montreal Snow-Ball Club, to be awarded to that member who shall fire the greatest number of snow-balls in a given time.

Fire a snowball? How can they *fire* a snowball?—We can *fire* a gun, or *fire* a house. But we *throw* a snow ball, and *throw* a stone. The Yankees only say fire snowballs, so far as we have heard.

☞ Five female shoplifters, elegantly dressed, were arrested in Stewart's dry goods palace, New York, on Friday. They had stowed two pieces of silk, worth $150 and $75, under their capacious crinolines, and were examining other costly articles, when a clerk saw what they were at, and the police were called in, who took the whole crowd to the lock-up.

WASHINGTON ITEMS.

The Traveller's correspondent says:

We have gained a signal victory over the combined Democratic forces on the fight over the contested Maryland seat.—Mr. Pinckney Whyte contested the seat of Mr. J. Morrison Harris, and was sustained by the administration, as Harris was said to be an American with Republican proclivities, while Whyte is a Democrat. The case was the special order of this morning. Two resolutions were taken up, one declaring the seat vacant, and the other, not giving it to the contestant, but giving him the same privilege as is now enjoyed by the territorial delegates, a seat on the floor of the House, with the right to speak, but not to vote on any question. The fight was made on a motion to quash the whole proceedings by laying the resolutions on the table. The matter was now "reduced to its lowest denomination," and a strict party vote was polled. All within the pales of the Democratic party, with three exceptions, voted against the motion.—They were Seward of Ga., a very moderate man; Garnet of Va., an ultra; and Keitt of S. C. The Republicans, most of the Americans, and the greater part of the anti-Lecompton Democrats, voted together. Among the latter class were Clark and Haskin of New York, and Adrain of New Jersey. The result, as you have already heard, was a vote of 106 to 97—from which you see what we can do when the party line is fairly drawn, and the contest commenced.

Saturday's dispatch gives an account of a fracas between Montgomery and English, as follows:

A difficulty occurred between two Congressmen, Messrs. English and Montgomery, on Pennsylvania avenue this morning.

They happened to meet for the first time this session, when Mr. English, extending his hand, said, "How are you Mr. Montgomery?"

Mr. Montgomery withheld his own hand, and uttered an insulting expression, something like—"I don't speak to puppies."

Whereupon Mr. English struck him a severe blow over his head, breaking his cane to pieces, and knocking Mr. Montgomery into the gutter, but not entirely down.

Mr. Montgomery, rising, hurled a brick at Mr. English, striking him on the boot, but doing him no injury.

Mr. English states to his friends that he was entirely unarmed, and was not aware that Mr. Montgomery had any ill feeling toward him up to the time of the rencontre.

Mr. Montgomery, in strength, is superior to Mr. English.

The Washington correspondent of the Boston Advertiser says:—"Mr. English's assault on Mr. Montgomery has caused much excitement. Mr. Montgomery states—and all who were present have corroborated it in writing—that he passed Mr. English without speaking to him. Mr. English followed him, and struck him from behind a severe blow on the head. When Mr. Montgomery turned and attacked him, English ran away out of sight.

THE FRANKING PRIVILEGE.—The Post Office Department intends to resort to stringent measures in all cases where offence of using borrowed franks to cover private correspondence, so prevalent in Washington, can by any possibility be traced to the guilty parties.

AMENDMENT TO THE ENGLISH KANSAS BILL.—An effort will be made in the House to-morrow to introduce a resolution instructing the Committee on Territories to report a bill repealing so much of the English Kansas bill as prohibits the formation of a State until the population is sufficient for a Representative to Congress, according to the federal ratio. It is to be presented as a test question.

SHOCKING CATASTROPHE IN WARREN, MS. At a festival of the Methodists, in Warren, held in Union Hall, Wednesday evening, on the occasion of a pastoral visit, the floor of the hall gave way, and about two hundred persons, men, women and children, fell through into the Union store below. The scene was for a time heart-rending. One woman, whose name we have not learned, rushed from the place to Mr. Blair's store, at a short distance, exclaiming, "I am scared to death!" when she fainted, and remaining in an unconscious state, expired at 2 o'clock Thursday morning. No external marks of injury were found on her person, and it is supposed that she died from fright. The wife of Dr. Calvin Cutter had a leg broken, was much injured in the back, and was badly scalded by the falling of a large boiler of hot water. The stove and boiler, which was heated for the purpose of making tea for the festivities, fell through into the midst of them. It was early in the evening, and all who intended to be present had not arrived, or more fearful results might have ensued. As it was, it caused intense excitement throughout the town. As soon as the confusion subsided, the sufferers were taken care of, and may all recover.—*Worcester Spy.*

☞ Monday morning, a little before 8 o'clock, the large picker building on the the Massachusetts Corporation, in Lowell, took fire in the lower story, and the flame rushed like a flash of lightning to the upper (fifth) story, where a terrific explosion, that was heard throughout the city, took place, blowing out the solid end wall of the two upper stories, and killing two men and seriously injuring several others. The victims were Irish operatives. It is feared still another man is killed. Whether the explosion was caused by a leakage of gas, or otherwise, was not known.

SPECIAL NOTICES.

CONVULSIONS.—Spasmodic symptoms, whether depending on functional derangement, or a disease of the nervous centres, are happily modified by the tonic and alterative power of the PERUVIAN SYRUP; the terrifying convulsions cease, and order is restored by removing the exciting cause, and the prevention of the predisposition.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L—, a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—they finally been cured with **R. R. RELIEF.** In the month of December, 1852, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up the next, his business the next morning. He continued well until the beginning of April in 1853, when he went to Mamaroneck, to put up some country seats, where, by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which made him worse—came back to New York, took the Ready Relief, and was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was applied; at twenty minutes past six he was free from pain. On Monday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

R. R. R. Office, 162 Fulton street, New York.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes Tan, Sun burn, Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED. THIS GIN, Distilled in London, rom sound Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES OF THE URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., whilst the weaker sex will find it invaluable in the cure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Ried Professor of Chemistry, New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he ever tasted."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in quarts at $1 per bottle, pints and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of Imitations. Buy only CHARLES'—NONE OTHER IS IMPORTED.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st.; M. S. Burr & Co., 1 Cornhill; S. K. Pecker, 20 Cornhill; J. Shaw, 116 Blackstone st.; M. Davis & Co., 5½ Blackstone st.; R. Smith & Co., 20 Exchange st.; Gilbert, Abbott & Co., 1 Brookline st; and by Druggists and Grocers, and other dealers. In Portland, Me., of H. H. Hay & Co., C. W. Atwell, and C. C. Mitchell & Son.

DR. DUPONCO'S

French Periodical Golden Pills,

FOR FEMALES;

Infallible in Removing Stoppages or Irregularity of the Menses.

THESE Pills are nothing new, but have been used by the Doctor for many years, both in France and America, with unparalled success in every case; and he is urged by many thousand ladies who have used them to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using the Pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to both; otherwise these Pills are recommended full and explicit directions accompany each box.

Price $1. Sold in Portsmouth by JOSEPH H THACHER, in Dover by Chas. A. Tufts, in Exeter by C. A. Merrill, and in Newmarket by J. A. Prendergast. They will supply dealers at the Proprietor's prices, and also send the Pills to the Ladies (confidentially) by mail to any part of the city or country, on receipt of $1, through the Post Office.

N. B.—Ladies will be particular in asking for *Dr. Duponco's Golden Pills.* Observe the signature *J. Duponco* is upon each box. You will then obtain a Pill you can rely upon.

LOCAL.

Messrs. Editors:—Will you have the goodness to publish the accompanying note, as showing the noble generosity of a kind-hearted sailor? Yours truly,

—— N. MEDBERY.

PORTSMOUTH, Dec. 20, 1858.

Dear Sir:—A sailor who had been robbed by a shipmate, on board of a vessel recently arrived at this port, and who subsequently recovered the sum lost, has brought in the accompanying English sovereign, $4.84, with the request that it shall be expended for the relief of the families of destitute seamen in this city, or for their widows and children.

I take the liberty of requesting you to carry out the good intentions of this benevolent sailor, feeling confident that you will take pleasure in seeing the sum expended for the relief of those intended to be benefitted by the commendable donor. I am, very truly, your friend and servant,

WILLIAM H. HACKETT.

Rev. N. Medbery, State street.

☞ Rev. A. J. Patterson is to deliver the next Lecture before the Mutual Improvement Temperance Society, on Wednesday Evening, at Academy Hall.

☞ On Saturday evening last, about two hundred gentlemen and ladies—friends of Rev. J. Hall, pastor of the Methodist church—*surprised* him by a visit *en masse*, which literally filled the house. A brief speech in behalf of the visitors was made by John Trundy, Esq., which was responded to in a neat and affecting manner, by the pastor. At an early hour the visitors departed, leaving fifty-five dollars in money, besides valuable articles of clothing.

☞ The Re-opening and Dedication of the Stone Church will take place on Saturday morning, Christmas Day, when appropriate religious services will be attended, at 10 o'clock.

☞ The Bank of New Hampshire in this city declared a dividend of three per cent., payable on the 15th of January; to holders of stock on the 10th.

☞ An unoccupied house, known as the Varrell House, situated near Sandy Beach, in Rye, was destroyed by fire last Saturday. It was insured for $200 about six years ago; but the policy ran out three months since, and it was uninsured at the time of its destruction. We are obliged to suppose it an incendiary fire;—but are at a loss to find a motive for the incendiary act. Was the incendiary drunk, or was he crazy?

☞ We learn that the Court Street Christian Society at Newburyport, are to hold a Fair on Wednesday Evening, Dec. 29; and have engaged the Portsmouth Cornet Band to furnish the music on the occasion. We are glad our Band have this opportunity to be heard in Newburyport; and our friends there will not be disappointed, if they expect some good playing. The Band has excellent instruments, and performs uncommonly well for so new an organization. We understand that a number of friends of the Band from this city, will also go over with them.

THEATRE BURNED.—*New York, Dec.* 19. A fire broke out last evening in the theatre attached to the Odeon Lager Beer Saloon, No. 49 Bowery, owned by Gustave Lindenmuller. The fire was first discovered among some Christmas trees, whence it spread with such rapidity that in a few moments the entire building was enveloped in flame and smoke. Two persons, playing billiards on the second floor, were compelled to jump from the window to the sidewalk. They escaped uninjured. Mr. L. Garde came near losing his life. His son succeeded in getting him to the head of the stairs, when, becoming overpowed himself by the smoke and heat, he retired. The next instant his father became insensible and fell, when he was rescued by his son. Mr. Garde has sustaied some injury from burns on his face and hands. One or two of the occupants of a tenant house in the rear of No. 29 Chrystie street, were obliged to jump from the windows to escape suffocation. It is also rumored that a servant girl in the employ of Mr. Lindenmuller was severely injured in jumping from a window. Loss $25,000.

SUDDEN DEATH.—In South Hampton, N. H., Dec. 13th, Mr. Samuel J. Woodman, who had been confined to his house for a few days by an abscess, was taken in a fit and died before medical assistance could be called. A medical examination by Drs. Sparhawk and Hurd, disclosed a disease of the heart. Mr. Woodman was one of the Selectmen of South Hampton, which office he has held for two years. He was a member of the Freewill Baptist Church of Amesbury, and was respected by all who knew him. He leaves a wife and two children to mourn his loss.—*Village.*

AN APPEAL TO MANHOOD.

Fathers, sons and brothers all,
Would you do your duty?
Would you save our precious lives,
And help preserve our beauty?
Buy us then a new Machine,
One to do our sewing;
One of Grover & Baker's make,
It is the best one going.

Would you like our faces bright
As a sunny morning?
Would you see the the rose of health
The cheeks you love adorning?
Buy us then a new Machine,
One to do our sewing;
One of Grover & Baker's make,
It is the best one going.

Would you have the forms you love
Rivalling the graces?
Help to make their labor light,
For care will leave its traces.
Buy us then a new Machine,
One to do our sewing;
One of Grover & Baker's make,
It is the best one going.

Now let each one do his part
To make his own home sunny,
Don't think that you'll accomplish this
Without a little money,
But buy at once a new Machine,
One to do the sewing;
One of Grover & Baker's make,
It is the best one going.

WOMAN IN THE EARLY PERIOD OF THE WORLD.—Of Eve we have but a very faint account, though it appears from Scripture that she had a very numerous family, and tradition makes her the mother of thirty-three sons and twenty-three daughters; but beyond this we have not the slightest record of her mode of living, or the manner of her death; thus proving that even in the very earliest age woman's existence was so completely swallowed up in the stronger one of man, that it was not thought necessary to recognize her as a helpmeet for man. During what is called the patriarchial period, the condition of woman was one of degradation. With regard to marriage, the ties of consanguinity were disregarded, for Abraham married his half sister, Sarah; and Nahur, their brother, wedded Milcah his neice.

The affecting episode of Hagar shows that Abraham entertained a very high estimate of the value of woman. But with the exception of the pleasing conduct of Job, who had but one wife, and who extended the same indulgence to his daughters as he did to his sons, the whole Jewish history teems with evidence that woman, except in brilliant instances, was regarded in no better light than a bond woman. The pastoral ages present us with the spectacle of women following the most wenial employments. In the time of Moses we find the daughters of a priest of Midian taking care of their father's flocks, which sort of work, according to the account given by Josephus, it was customary for the women to do.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the cast.ngs being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Douglas and the Senatorial Caucus.

Last Thursday week, the Democratic Senators in caucus, decided to depose Senator Douglas from the Chairmanship of the Committee on Territories. It was not done, however, without strong opposition. The debate in the caucus lasted several hours, and was very animated. Senators Green, Toombs, Brown, Clingman, and other distinguished Southern members were for Douglas. Toombs, finding that the majority were bound to depose Douglas, left the caucus in disgust, and Brown of Miss. very shrewdly remarked to the members that they had better remember the effect such indignities offered to Democrats by the Senate had heretofore produced, referring to the rejection of VanBuren as Minister to England, an act which contributed more than any other to bring out the Kinderhook gentlemen for the Presidency; and he might also have suggested to them the rejection of Isaac Hill of this State, appointed by Jackson to a Comptrolership in the Treasury, an act, on the part of the Senate, of petty spite which did much toward inducing the people to send Hill to the same Senate which had thus insulted him and the Democracy of his State. But Senator Brown's cautions were unheeded, Douglas was ousted by a vote of 17 to 7.

Judge Douglas will survive this pitiful exhibition of Senatorial spleen; and had his friends directed the movement, nothing could have been devised by them better calculated to increase his popularity among the people than the action of these small-potatoe, time-serving, partizan Senators.—Note our prophecy: In less than half a dozen years these same doughty Senators will be on their knees soliciting from Douglas favor and patronage for themselves and their friends. We are glad to see that the Northern, Western, and all of the Southern Democratic press that is or has been worth anything to the party, condemn the dirty little trick, or attempt to excuse it upon grounds the suggestion of which prove that they disprove the action. Commenting upon it, the N. H. Patriot says,

"A more foolish and suicidal movement could not have been made by the Democratic enemies of Judge D. It cannot harm him, while it may injure the Democratic party by alienating from it men who are quite as useful to it and whose co-operation is quite as essential to its success as that of the movers in this petty act of spite. We are glad to learn that this proceeding was discountenanced by the President."

We should be glad to learn that the last sentence of the Patriot's comments is correct. We fear our venerable President is not over-anxious to discountenance any movement, whether by Democrats or Black Republicans, which has a tendency to injure Douglas, even if to ordinary minds, the success of the movement might not appear to insure any great profit or honor to the Democratic party. That's the way it strikes us. We repeat, we should be glad, yes, superlatively happy, to learn that we are mistaken.

The Journal of Commerce, one of the ablest defenders of the Democracy, in an article upon the refusal of the Senate to reject Douglas, well says:

"It may be wise as a political movement. Without pretending to any great familiarity with political management, we must be allowed to doubt its policy, while such action certainly can have nothing outside of political considerations to recommend it to public favor.

If the President and his friends desired to promote the political prospects of Senator Douglas in the future they could hardly have taken a more efficient means of doing so, than that adopted by the Senate Caucus. It would have been wiser, as it seems to us, whether viewed as a political matter, or as a question affecting only the public interests, to have continued that gentleman in the position he has long and so ably filled."

Mr. Douglas' speech at Memphis Tenn., presents the leading points of his various addresses in the late canvas. The following is what he said upon the Territories:

Whenever a territory has a climate, soil and production, making it the interest of the inhabitants to encourage slave property, they will pass a slave code and give it encouragement. Whenever the climate, soil and production, precludes the possibility of slavery being profitable, they will not permit it. You come right back to the principle of dollars and cents. I do not care where the migration in the Southern country comes from; if old Joshua R. Giddings should raise a colony in Ohio and settle down in Louisiana, he would be the strongest advocate of slavery in the whole South; he would find when he got there his opinion would be very much modified; he would find on those sugar plantations that it was not a question between the white man and the negro; but between the negro and the crocodile.

He would say that between the negro and the crocodile, he took the side of the negro. But, between the negro and the white man, he would go for the white man. The Almighty has drawn the line on this continent, on one side of which the soil must be cultivated by slave labor; on the other by white labor. That line did not run on thirty-six degrees and thirty minutes, for thirty-six degrees and thirty minutes runs over mountains and through valleys. But this slave line meanders in the sugar fields and plantations of the South—(the remainder of the sentence was lost by the confusion around the reporter.) And the people living in the different localities and in the Territories must determine for themselves whether their "middle bed" is best adapted to Slave or Free Labor.

Hence, under the Constitution, there is no power to prevent a Southern man going there with his slaves more than a Northern man.

JUDGE DOUGLAS' POSITION ON SLAVERY IN THE TERRITORIES.—The only point upon which there is like to be any difference of opinion among the National Democracy, is in reference to the power of the inhabitants of an organized territory over African slavery within the borders of their municipal government. Many leading southern statesmen and southern papers, and among the latter, the Washington Union, take the ground that the Territorial legislature can not prohibit slavery in the territory, and if it does that Congress should intervene and pass laws for the protection of that kind of property. The Democracy of the North and North-west almost universally take the ground that the people of a territory like those of a State, can regulate their own domestic affairs in their own way, both being alike subject to the Constitution of the United States.—*Cin. THE GREAT WONDER
Of The Nineteenth Century.
PROFESSOR WOOD'S
HAIR RESTORATIVE.
Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Malta, which speaks glowingly of the superior merits of his hair dye, and such evidence must have its effect, when coming from a reliable source. If certificates are guaranteed of truth, the Dr. needs no encomiums, nor useless puffery from the press:
BATH, ME., Jan. 20, 1856.
PROFESSOR O. J. WOOD & CO.:
GENTLEMEN:—Having had my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application for one of your bottles, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy; as it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, uses it with the same effect.
The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my testimony. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one in the adjoining towns. Any one you may make of the above, with my name attached, at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,
BALTIMORE, Jan. 23, 1858.
WOOD'S HAIR RESTORATIVE.
Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy; no words can express my obligations to you in giving to the afflicted such a treasure.
FRANK JOHNSON.
The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Methodist church in Brookfield, Mass. He is a gentleman of great influence, and universally beloved. WM. DYER.
Brookfield, Jan 12, 1858.
Professor Wood—Dear Sir: Having used trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing dandruff, dirt, etc., and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have no hesitancy in recommending it to the same pleasure or profit.
Yours truly, J. K. BRAGG.
The Restorative is put up in Bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!
PREPARED BY DR. SANFORD,
Compounded Entirely from GUMS,
IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.
These Gums remove all unhealthy matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, causing food to digest well, purifying the blood and giving tone and health to the whole machinery, removing the cause of the disease—effecting a radical cure.
Bilious Attacks are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.
One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.
Only one dose taken before retiring prevents **nightmare.**
Only one dose taken at night, will move the bowels gently, and **cures costiveness.**
One dose taken after each meal will cure **Dyspepsia.**
One dose of two teaspoonfuls will immediately relieve **Sick Headache.**
Only one dose immediately relieves **Colic.**
One dose often repeated, cures **Chronic Diarrhea** in its worst form, in the case of children, and **Bowel Complaints** yield almost as quickly.
A few bottles will cure **Dropsy** by exciting the absorbents.
We are daily adding to our testimonials, such as for **Fever and Ague, Chill Fever,** and all Fevers of a **Bilious type.** It operates with certainty, and thousands are willing to testify to its virtues. Price 50 cents.
All who use it are giving their unanimous testimony in its favor.
Mix water in the mouth with the Invigorator, and swallow both together.
PRICE, ONE DOLLAR PER BOTTLE.

Patent Mastic Roofing.
Impervious to Water, and a Sure Protection against Destruction by Fire.
THE inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by fire and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial*, we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respect we do not strongly assert that ITS EQUAL IS NOT KNOWN!
This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.
We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most candidly and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a experience of many years, it stands as reliable and as good as when first put on, without change or decay.

A Revolution in the Hunting World.
Reuthe's Patent Spring Gun Animal Trap.

More certain of its prey than the most powerful gun in the hands of the most experienced marksman, without lessening the value of Pelts or Skins as the case in ordinary modes of shooting, it effects the capture of the animal either dead or (if preferred) alive; the barrels discharging themselves, simultaneously with the hooks inbedding themselves in the mouth.
It is simple, yet strong and perfect in its construction neither cumbersome nor difficult to arrange.
There are three different sizes, which will effectually operate on Minks, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

LOTTERIES.
THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity to participate, and the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, and orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $5 halves, $3; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number upon each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to puzzle the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers
☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Standard*, Nashville *Gazette*, Atlanta *Intelligencer*, and New York Weekly *Day Book*. Write your address plainly, and direct to S. SWAN & Co., Augusta, Georgia
☞ Prizes paid in full—no percentage deducted from prizes as in other lotteries.
All communications strictly confidential. m18 1y

DR. J. B. HUGHES,
KNOWING that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines may be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.
Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.
DR. HUGHES can with *safety* say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.
Patients treated by letter by addressing Dr. Hughes, post paid, with a remittance, or all over the country, carefully concealed from scrutinizing friends.
Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense and destroying what is the great pillar of life, a healthy constitution.
This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. They are safe, specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.
The Dr. cautions the public to beware of impositions that are being practiced by advertising a worthless article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.
All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only Howard street, Boston where the genuine are sold.
These pills can be sent to any part of the country with directions. Remember the number—18 Howard street, Boston

American and Foreign Patents.
R. H. EDDY, solicitor of Patents,
(*Late Agent of U. S. Patent Office, Washington, under the Act of 1837.*)
No. 76 State st, oppo. Kilby st, Boston.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britian, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remmitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL, AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents."
Boston, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
R. H. EDDY,
Boston Jan 1, 1859. No. 76 State St.

THOMAS WHITTEMORE.

We have just risen from the perusal of a new book, pleasant, original and rare—a truthful Autobiography of Thomas Whittemore, known *now* to the public as the old and successful editor of the Trumpet, as a distinguished and beginning-to-be venerable Universalist minister, as the vigilant president of a railroad, and the solid president of a bank—as the writer of many books, and the author of a Commentary on the Revelation.

But Mr. Whittemore comes not before the public in this book to speak of these things, or such as these. He goes back to the days of early poverty, youthful orphanage, juvenile folly, providential preservation, and gracious advancement.

He drew for his children's view, a picture of his first twenty-five years, beginning in 1800, and running through a course of toil, obscurity and privation, up to a period when he had emerged into popular and prosperous life, and was making his mark on the world, which at the same time was making him a "man of mark." And at this period he stops short. Very well. We know him, and the world knows him, too, as a public man—and we have known him thus for many years.

But here, in this book, he carries back, as he devised these pages in a period of illness, his own mind and his children's with the readers, to the history of his early days.

The work bears on every page the marks of simple truthfulness, of reliance on God as a Father and Friend, of a desire to know, and of a willingness to be known and read of all men, as a living epistle of Christianity and an earnest defender of the gospel.

The book is published by the author's friend, James M Usher, Boston; and will be widely read—not only by those who know and love the writer; but by many who know him only by name, and who will gain wisdom by its perusal.

On "The Other Side of Jordan."—About four weeks ago an account appeared in the papers of the escape of a company of ten slaves from Virginia—how they were overtaken and fought a fierce battle in one of the southern counties of Pennsylvania, in which they were triumphant, one of the noble fellows heroically throwing himself before his old master just at the moment a comrade was to deal the latter a deadly blow—with other interesting particulars, all showing how well the brave fugitives were "fitted for freedom." Since, there have been many inquiries as to the final fortune of these men. It is now ascertained that the entire body, on the Sunday morning after our Thanksgiving day, rested their weary feet on the soil of Canada, and drew in their first free breath. They had passed from a republic where they were beasts with "no rights that white men are bound to respect," to a monarchy where equal privileges are decreed to all men, whether Providence has seen fit to give them skins of one hue or another.

A Singular Dream Verified.—The Abington Standard relates that while Mr. O. G. Tinkham of North Bridgewater was recently on a visit to Vermont, he dreamed that a valuable dog which he left at home had been stolen by three Irishmen, and carried to a thicket in Abington, where he was pitted against another dog; from thence conveyed to North Abington, where another fight was got up, and the animal being killed was buried near by. Mr. Tinkham returned home, and found the dog missing. He immediately visited Abington, and was informed by an Irishman, residing in the thicket, that his dog had been brought there by three men, and afterwards carried to North Abington. On going to the spot indicated in his dream as the place of burial, he probed the earth with a ramrod, and struck *the body of the dog*, which was dug up and conveyed to North Bridgewater, and the skin taken off and stuffed. The three Irishmen have been arrested and held for trial in April. One of them got bail, but the other two will probably spend the winter in jail. The trio committed other misdemeanors while on their sporting excursion, for which they were tried and fined.

☞ Dr. Charles F. Gillett, who was sentenced to the Worcester County Jail a few weeks since, for the crime of bigamy, died in his cell last week of consumption. He left five or six wives, but we doubt if they will all mourn his loss.

Scandal will rub out like dirt, when it is dry.

☞ The Exeter News Letter informs us that Prof. J. G. Hoyt, of Exeter Academy, has been invited to be Chancellor of Washington University, at St. Louis, Missouri, with a salary of $3000 per annum. Mr. Hoyt stands deservedly high as a scholar and a teacher, in New England; and he will adorn his new position, if he takes it. His well earned reputation, moreover, will add strength to the institution to which he lends his name and gives his talents.

We shall be sorry to lose him from New Hampshire; but there is more room in the West;—and we can find more like him here—perhaps.

Teeth Mislaid.—The Lewistown (Me.) Advocate relates that a citizen of that place upon waking one morning missed his teeth, a false set, and having heard that such articles had sometimes been swallowed, he made an examination and found them, as he supposed, sticking in his throat. Two doctors were sent for, but they could not raise them, and proposed cutting a hole through from the outside. He then set about making his will, and his daughter going up stairs for the stationery, found the teeth in a bureau drawer.

☞ In Lynn, Mass., injuries were received by City Marshal Patch, at an Irish row in Amity street, on Sunday evening, 12th inst., of a serious nature. The injuries to the head proved to be of the most dangerous character, and it has required the almost constant supervision of the attending physician to ward off an attack of brain fever. This is a beautiful commentary on the fact that there is not now a temperance mayor in Essex county, but every city has virtually voted to be governed by rum. Every one knows that Irish rows and assaults come from the groggery—and from no other source.

Dr. B. F. Hatch, the husband of Cora L. V. Hatch, the celebrated spirit medium, announces that nine years of intimate acquaintance with spiritualism has fully convinced him of its demoralizing and ruinous tendency, and he now intends to expose its sophistries, and the gross evils which flow from it.

A large proportion of the reading public, and the best portion too, will receive Doctor Hatch's revelations with much caution. They will remember the unfortunate difficulty between him and his wife, and exercise their own judgment as to his faithfulness.

Congress.—Monday, Dec. 20, in the *Senate*, the joint resolution to adjourn from the 23d December to 4th January was adopted.

Mr. Crittenden moved to take up the French Spoliation Bill for the purpose of assigning some day for its consideration, and gave notice that he would call it up on January 6th.

The Pacific Railroad bill came up as the order of the day.

Mr. Foster of Conn. discussed the merits of the road, chiefly in regard to the question of the tariff on the material, and moved as an amendment that the road be built *exclusively* of American iron. This elicited considerable discussion, and was carried by yeas 25, nays 23.

Mr. Rice of Minnesota offered a bill, which was read twice and referred to the Committee on Territories, to organize the Territory of Dacotah.

House.—Mr Hughes of Indiana introduced a resolution instructing the Committee on Ways and Means to inquire into the expediency of reporting a bill making an appropriation for taking the next census. Adopted.

The House adopted the Senate resolutions to adjourn from 23d of December to 4th January—98 against 94.

☞ The Memphis Eagle tells of a farmer who sold a yoke of oxen for a fifty-dollar bill. He put the bill in his tobacco box, and the ensuing night he waked up, and wanting a chew of tobacco, he opened his box, and by mistake took out the bill, "chewed" it up, and spit it away.

☞ Benjamin Lott, the man who some twenty years since blew up Brock's monument on Queenstown Heights, died at Milwaukie last week, from the effects of poison administered, as is supposed, by a partner who went with him on a trading voyage to Mackinaw.

☞ The notorious negro convict Dade escaped from the prison at Jackson, Michigan, on Wednesday morning, by cutting through a plank six inches in thickness.—He had chains on weighing 25 pounds when he escaped.

☞ The Indiana State Sentinel is urging upon the people of that State the necessity of establishing a State sub-treasury for the safe keeping of the funds of that commonwealth.

☞ Mr. Slidell declares that Mr. Douglas in New Orleans was in the hands of the Thugs, as Americans are termed there.—Genuine Democrats are said to have kept aloof from him.

The Affray at Washington—Statement of Mr. Montgomery.—*Washington, Dec.* 19.—The account of the affray between Messrs. English and Montgomery, given by the Washington Star, and telegraphed to the papers on Saturday, is pronounced by Montgomery incorrect and one-sided. His statement, as given shortly after the occurrence, is as follows:

"I have not spoken to English this session or taken any notice of him when we met, as we have occasionally. The reason is, that he made a speech to the crowd who serenaded him on the night of the passage of his bill, in which he said that he had associated with me and other anti-Lecompton Democrats only to find out our plans and defeat us. From that time I have looked on him as a treacherous spy, and an unfit associate for gentlemen.

"About noon to-day I was walking down Pennsylvania avenue, and had crossed Fourteenth street, when I saw English coming towards me, holding out his hand, saying, 'How do you do, Mr. Montgomery?' I made no answer, but passed on without any sign of recognition. I had walked but a few steps, when I received from behind a very violent blow on the left side of my head, with such force as for a moment to stagger and confuse me. I had not the least idea who or what had struck me, but, turning round, I saw English with a large cane, which he held in both hands, and from the position in which he stood, and the direction of the blow, must have so held it when he struck me. He exclaimed, 'G—d d—n you! I'll teach you to insult me in that way.' He stepped back quickly as he spoke. I rushed at him, and as I was about to close with him, he drew a sword from a cane, and presented it at me. As I had no weapon of any kind, I stepped off the sidewalk and picked up a piece of brick, which I threw at him, hitting him on the leg.—He kept retreating and before I could find another missile, he had got to such a distance that it was useless to pursue him."

Three persons, William Couch, Daniel Cox, and Thomas Keiver, who were witnesses of the transaction, confirm the above statement in every particular. Montgomery's face was badly bruised, and he has kept his room since, attended by a physician. Mr. English has been held to bail for the assault. Montgomery had already passed English twice on Saturday without speaking.

The Yacht Wanderer Case.—*Savannah, Dec.* 20.—Two witnesses, Dr. Hazlehurst and Collector Malroy of Darien, were examined. The former testified that he professionally attended some negroes at Jekyl Island; that they appeared to be freshly imported and were unable to understand English.

Mr. Malroy testified that the Wanderer had no appearance of being a slaver. The prisoners were remanded for further examination. A large number of witnesses have been subpoenaed from different parts of the coast of the State. The trial will probably occupy many weeks. It is generally admitted that the Wanderer brought no Africans, but that the ship which *did* bring them was scuttled and sunk.

Steamship Ariel—Death of her Commander.—*Halifax, Dec.* 20.—Steamship Ariel which left Southampton on Wednesday, the 2d inst., for New York, put into this port this afternoon in charge of her first officer, short of coal. The Ariel experienced severe weather on her passage. Dec. 8th during a heavy gale a sea struck the ship, instantly killing her Commander, Capt. Ludlow, and severely injuring the 2d officer and two seamen.—The 1st officer was also slightly bruised.

The Atlantic Cable Working.—*New York, Dec.* 20.—Cyrus W. Field received from Newfoundland to-day a despatch, stating that on Saturday last some very good currents were received over the Atlantic Cable, and the word "Henley" was distinctly recognized, at about the hour when, according to the advices received by the Arabia, Mr. Henley's large machine was to have been working.

Trial of City Officials.—*New York, Dec.* 20.—The case of the indicted city officials was brought up in the Court of Oyer and Terminer to-day. Only three of the indicted parties were present. A *nol. pros.* was entered in the case of ex-Mayor Wood. The bonds of all the non-appearing parties to the nun ber of nearly sixty were forfeited. The bail in each case was $500.

Another Tragic Result of Spiritualism.—Thursday, at East Cambridge, Elisha Magoun, 52 years old, committed suicide; he was an active spiritualist, and has a daughter who is a lecturer on that subject. His attention to that belief is stated to be the cause of the state of mind which led him to take his life.—*Lowell News.*

☞ The colored students who were refused admission to the Berkshire Medical College, a few months ago, were received at Yale College, where they are pursuing their studies.

☞ Messrs. Allibone and Newhall were acquitted in Philadelphia on charges of fraud against the Bank of Pennsylvania. The District Attorney abandoned the case after the arguments for the defence had been made.

☞ Roger A. Pryor, Esq., is to be presented with a service of plate for his energetic action in the Democratic Convention lately in session at Petersburg, Va.

☞ Bishop McIlvane, of Pa., preached at Milan, Italy, 11th October.

☞ Some of the farmers in Northern Ohio and on the borders of Indiana, have commenced the breeding and raising deer as they do sheep, and they bring them to market; hence the plentitude of venison.

☞ Mrs. Earl Rathbun of St. Louis, has sued William Flukes for biting off the tail of her pet spaniel. She lays the damages at $20. Rather a costly bite.

A Considerate Darkey.—'Cæsar,' said a planter to his negro, 'climb up that tree and thin the branches.' The negro showed no disposition to comply, and being pressed for a reason, answered: 'Well, look heah, massa, if I go up dar an fall down and broke my neck, dat'll be a thousand dollars out of your pocket. Now, why don't you hire an Irishman to go up, and if he falls and kills hiself, dar won't be no loss to nobody.'

Don't believe a word of it, that the editor of a Down East paper has proposed the Dred Scott Decision instead of the Declaration of Independence, to be read at the next 4th of July celebration! The thing is unreasonable.—*Bath Times.*

☞ Rev. E. W. Allen of Salem, has received and accepted a unanimous call from the Congregational Church and Parish in South Berwick, Maine.

It requires more magnanimity to give up what is wrong, than to maintain what is right; for our pride is wounded by the one effort, and flattered by the other.

SPECIAL NOTICES.

CONVULSIONS.—Spasmodic symptoms, whether depending on functional derangement, or a disease of the nervous centres, are happily modified by the tonic and alterative power of the PERUVIAN SYRUP; the terrifying convulsions cease, and order is restored by removing the exciting cause, and the prevention of the predisposition.

R. R. R.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L—, a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheuming disease, which he cured with **R. R. RELIEF.** In the month of December, 1852, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1858, when he went to Mamaroneck, to put up some country seats, where, by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which made him worse—came back to New York, took the Ready Relief, and in a few hours was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 Jane street, who constantly keeps a supply of this Ready Relief for his house, for a bottle. Ten minutes past six, P. M., it was applied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to be a Ready Relief for all complaints, whether internal or external—whether Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevent them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of Gaudner's Parisian Pimple Destroyer, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

The Original and Only London Gin Imported.

THIS GIN, Distilled in London from sound Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of those valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES OF THE URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., whilst the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Fox Valentine, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in quarts at seventy five cents, and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—None Genuine as is imported.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 1 Cornhill; S. E. Peker, 20 Tremont st; J. R. Morse, 116 Blackstone st.; M. Davis & Co., 57 Blackstone st.; R. LOCAL.

RUFFIANISM.—There is a rumor on the street that, some eight or ten days ago, a burly rowdy drew a revolver and bid defiance to the City Marshal, as he attempted to arrest him for some disturbance.

On Friday evening last this same rowdy, gnashing his teeth in the most violent manner, passed by a gentleman on Vaughan street, and as he came up with a lady, he struck her a back-handed blow on the face, without any provocation, and proceeded on towards Congress street.

This same ruffian Monday evening, on Market Square, got into a quarrel with an orderly-looking stranger, and would have done him bodily harm, had not certain persons interposed.

It is also rumored that this fellow is preparing for a prize-fight, to come off in this vicinity soon.

We hope the City Marshal will either attend to the enforcement of the law, or resign his office. CIVIS.

☞ The programme for the Continental Harmonists' Concert next Sunday Evening, published in our advertising columns, as will be seen, is excellent—and it will be performed in a manner well befitting the music, the occasion, and the choir—which comprises about a hundred performers, vocal and instrumental; who, when they 'join, and offer notes divine to their Creator's praise," form one of the heaviest and richest choruses ever heard in this city.—The exercises of the evening will be opened with prayer by one of our city clergymen, as usual. This will be one of the best, and doubtless one of the most successful entertainments ever given by the Old Folks Choir—which appears to be the only living and moving (vocal) musical organization in the city.

☞ We learn that a lithographic likeness of Rev. Dr. A. P. Peabody, of this city, is in preparation at Oakley's excellent engraving establishment, 204 Washington Street, Boston. It will be of the usual library size, and is nearly completed.

The beautiful lithographic print, illustrating Whittier's "Maud Muller," just published by Mr. O. Hall, Newburyport, is also from Oakley's celebrated establishment.

☞ Rev. A. J. Patterson is to deliver the next Lecture before the Mutual Improvement Temperance Society, on Wednesday Evening, at Academy Hall.

RYE CENTRE, Dec. 21.

Messrs. Editors:—Please to inform the gentlemen owners of those fast trotters, that Rye Beach at low tide is free of ice and snow; and many lovers of sport would like to see That Trot on this famous Beach. W.

MARINE CHRONICLE.
PORT OF PORTSMOUTH.

Ship Belle Wood, Bush, adv at New Orleans 11th, for Liverpool, wtg 500 bales.

☞ The Washington correspondent of the Tribune says:

Mr. Conner, U. S. District Attorney for South Carolina, is here at the request of the Administration to devise some measures, it is said, to suppress the slave trade on our Southern coast.

The anti-Lecompton Democrats have had several consultations respecting the course which they will take on the Oregon bill when it comes up, but have as yet agreed to no scheme or combined action.

☞ Senator Slidell has published a card in the Washington Union denying the charge that he spoke of Douglas' slaves as being badly treated. He concludes by saying: "Mr. Douglas has, by authorizing and countenancing anonymous attacks on me, through a person officiating as his private secretary, lost all claim to the explanations that I would otherwise have promptly volunteered to give him."

☞ Rev. S. S. White, a preacher of the Christian denomination who preached last year at Little River in North Hampton, has of late joined the Baptists, and taken charge of the Church in Effingham.

The new Methodist meeting-house at Candia, was dedicated, Dec. 2.

The Methodist meeting-house at Derry, has been refitted and opened by appropriate religious services. The sermon was by Rev. J. Hall, of Portsmouth, N. H.

ANGELIC PLEASURES.—Men who can devote themselves to intellectual pleasures despise inferior joys. The latter are generally costly, but rational delight freely and equally diffuses itself and costs nothing but the truth of seeking it. The mind itself proves a Canaan, overflowing with milk and honey.

AN APPEAL TO MANHOOD.

Fathers, sons and brothers all,
Would you do your duty?
Would you save our precious lives,
And help preserve our beauty?
Buy us then a new Machine,
One to do our sewing;
One of Grover & Baker's make,
It is the best one going.

Would you like our faces bright
As a sunny morning?
Would you see the rose of health
The cheeks you love adorning?
Buy us then a new Machine,
One to do our sewing;
One of Grover & Baker's make,
It is the best one going.

Would you have the forms you love
Rivalling the graces?
Help to make their labor light,
For care will leave its traces.
Buy us then a new Machine,
One to do our sewing;
One of Grover & Baker's make,
It is the best one going.

Now let each one do his part
To make his own home sunny,
Don't think that you'll accomplish this
Without a little money,
But buy at once a new Machine,
One to do the sewing;
One of Grover & Baker's make,
It is the best one going.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,

Congressional Slave Code.

Upon the point referred to in the second paragraph of the Message, relative to the rights of American citizens in any of the Territories to take and hold whatever "is held as property under the laws of any of the States under the guardianship of the Federal Constitution," we suppose there may be no issue raised, if by that language the President designs to convey the idea that Congress is bound, in the absence of Territorial legislation to protect and watch over slave property until the admission of the State. A large portion of the Democratic party will not probably sustain such a position, which indeed may not be the proper construction of the sentiment intended to be conveyed. We reserve all discussion on this point.—*N. Y. Journal of Commerce.*

We would like to see this bull taken by the horns. Our Black Republican opponents, bereft of their dazzling Kansas humbug, divided and distracted by the inroads which popular sovereignty has made upon their political creed, and by the want of harmonious views on the Tariff, Cuba, Mexico and other questions likely to arise, see but one chance of escaping the destruction to which the returning good sense of the people has doomed their rotten party. They are eagerly anticipating that the Democratic party will adopt that vile and villainous proposition, originated by the Charleston Mercury, and adopted by that valuable "organ," the Washington Union, whereby Congressional interference for the protection and encouragement of slavery in the Territories, without regard to the will and wishes of the inhabitants thereof, is to constitute one of the planks in the Democratic platform. But our opponents and the self-constituted dictators of Democratic faith count without their host: no Democratic journal, nor politician in the North or West, advocates any such policy. Little wish about it, because it is believed that a doctrine so monstrous and suicidal as this, will speedily die of its own accord. It is to our mind full as absurd, as unconstitutional, and as undemocratic, as the Black Republican doctrine of intervention to restrain and prohibit slavery in the Territories. Indeed, if forced to choose between the alternative of Congressional intervention as advocated by the Washington Union, and the intervention that is proposed by the Black Republicans, we believe a very large majority of the Democrats in this and every free State, would unhesitatingly prefer the latter. Were we citizens of a Territory, we would consider the question of slavery in its moral, social and political aspects, and did we believe it for the interests of our political community to tolerate it, and a clear majority of the people were with us in that belief, we would insist upon having it, and would laugh at and defy the unconstitutional efforts of Congress to prevent the exercise of our popular sovereignty rights, but if, on the other hand, a majority believed it against the interests of the people, we would as certainly resist and trample down all the slave codes which a tyrannical Congress might invent.

And such is the feeling throughout the Democratic party, so far as we know anything of its sentiment. Whether the President did or did not intend, in the sentence quoted from his Message, to convey the idea intimated by the Journal of Commerce, will not effect the question. The Democratic party is superior to any of its members; its rule is the voice of two millions of voters, and no one man among them is authorized to add to or take from its platform of principles, one sentiment or syllable. The Democracy will repudiate all such arrogant assumptions, come from what source they may.—*N. H. Gazette.*

A gentleman was traveling, while afflicted with a very bad cough. He annoyed his fellow travelers greatly, till one of them remarked, in a tone of displeasure: "Sir," "that is a very bad cough of yours!" "True, sir," replied he, 'but you will excuse me—it's the best I've got.'

☞ The Manchester American charges that the Ward officers and managers of Ward 5 are guilty of gross frauds, and says: They do not dare to submit the matter to an investigation. They refuse to submit the check list to inspection. But they must come to time. We give them notice now and here that their games are not to be tolerated.

☞ A reporter of the Albany Knickerbocker says that he lately saw a man shoveling snow from a roof, and that he had on a life-preserver.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and world-wide reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon the article, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing virtues.

"**My Mother's Salve**" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues peculiarly combined in a Salve or Ointment.

"**My Mother's Salve**" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"**My Mother's Salve**" is a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"**My Mother's Salve**" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "**My Mother's Salve**" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply its proportions, renewed as often, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in Rheumatism. In any case of pain, a good result follows the use of this Salve. Prepared by A M Beck, BURRILL & HUNTING, SOLE PROPRIETORS, No. 8 Tremont Street, (Two doors south of Court st.,) BOSTON.

Will be found at all Apothecaries and Family Stores in the country. o15 1y

Indian Physician.

Dr. B. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. G. would also respectfully invite all in need of Medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.—Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fever and Ague, Piles, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsy, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 15, 1858.

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentlemen in Maine, which speaks glowingly of the success of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, ME., Jan. 20, 1858.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite thin, and turning very much grey; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished, and I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certifiy to the world that the grey and white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy; as it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above is all I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of this letter, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.

BALTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood! Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FENDY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DEAN.

Brookfield, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to bald spots, to which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasant result.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small; and the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These **Gums** remove a disordered or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, enabling food to digest well, **purifying** the blood, giving tone and health to the whole machinery, removing the cause of the disease, effecting a radical cure.

Bilious Attacks are cured, and the patient better, prevented by the occasional use of the Liver Invigorator.

One dose after taking is sufficient to relieve the stomach and prevent sickness from rising and souring.

Only one dose taken before retiring, prevents **nightmare.**

Only one dose taken at night, loosens the bowels, and a few doses cures **costiveness.**

One dose taken after each meal will cure **Dyspepsia.**

One dose of two teaspoonfuls will always relieve **Sick Headache.**

Only one dose immediately relieves **Colic.**

One dose taken at night, relieves the bowels, and a few doses cures **Chronic Diarrhœa** in a short time.

One dose taken after each meal will cure **Cholera Morbus,** and a preventive of **Cholera.**

Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.

One bottle taken for **Jaundice** removes all sickness, and leaves a healthy color from the skin.

One dose taken a short time before setting gives vigor to the appetite and makes the food digest well.

One dose when repeated, cures **Chronic Diarrhœa** in a short time.

Liver and Bowel Complaints yield almost to the first dose.

A few bottles will cure **Dropsy** by exciting the absorbents.

We are pleased in recommending this medicine as a preventive against **Ague, Chill Fever,** and all Fevers of a **Bilious type.** It relieves with certainty, and thousands are willing to testify to its wonderful virtues.

PRICE, ONE DOLLAR PER BOTTLE.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial*, we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced of its practical* value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most candidly and unhesitatingly assert that the article we now offer has not been surpassed by any *prior to anything of the kind yet discovered*, and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that no one can be at a loss about them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile Register, Charleston *Standard*, Nashville *Gazette*, Atlanta *Intelligencer*, and the *Weekly Day Book.* Write your address plainly, and address to S. SWAN & Co., Augusta, Georgia

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18 1y

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious hands of certain disease maladies who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to any part of the country, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empirics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path to be preyed on by experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless. Females have got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

IMPORTANT TO
TOBACCO CHEWERS.
DR. GUSTAV LINNARD'S
TASTE RESTORATIVE TROCHES,
The Great Substitute for Tobacco.

IT is a well known and incontrovertable fact that the use of Tobacco is the promoting cause of many of the most severe

MENTAL AND PHYSICAL DISORDERS

to which the race of man is subject, as careful analysis and long and painful experience have clearly proven that it contains certain narcotic and poisonous properties most dangerous in their effects, which by entering into the blood derange the functions and operations of the Heart, causing many to suppose that organ to be seriously diseased.

TOBACCO affects also the entire nervous system, manifesting itself—as all who have ever used the noxious weed will testify—in Lassitude, Nervous Irritability, Water Brash, Dyspepsia, and many other disorders of a similar character.

THE TASTE RESTORATIVE TROCHES are designed to counteract these baneful influences, and have proved entirely successful in a multitude of cases, and wherever used. Being harmless in themselves they exert a beneficial effect upon the system, restoring the taste which has become vitiated or destroyed by great indulgence, completely removing the irritation and accompanying tickling sensation of the Throat—which are always consequent upon abstaining from the use of Tobacco, and by giving a healthy tone to the stomach, invigorate the whole system.

Persons who are irretrievably undermining their constitutions and shortening their lives should use these Troches immediately and throw off the injurious and unpleasant habit of Tobacco Chewing.

These Troches or Lozenges are put up in a convenient and portable form at the low price of 50 Cents per Box. A liberal discount to the Trade.

Prepared solely by the undersigned, to whom all orders should be addressed.

UNITED STATES AND FOREIGN
PATENT AGENCY.
SAMUEL COOPER,
Late Principal Examiner of Patents in the United States Patent Office, at Washington,
HAS REMOVED HIS OFFICE TO
WEBSTER BANK BUILDING,
13 EXCHANGE STREET, BOSTON.

PATENTS secured in the United States, and in all other patent-granting countries. Specifications and drawings prepared. Caveats filed. Reconsiderations secured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Reissues and extensions procured, and in general, all business connected with the Patent Office transacted with care and promptness.

British and other foreign patents procured through prompt and confidential agents in London and Paris.

Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.

He begs leave to refer those unacquainted with him to the following testimonials:—

From Hon. Chas. Mason, Commissioner of Patents.

U. S. PATENT OFFICE, Feb 23, 1855.

I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with this office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.
CHARLES MASON, *Commissioner.*

From the Examiners of the Patent Office.

The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as entitle him for the business in which he is about to engage.

THURSDAY, DECEMBER 23, 1858.

A STUBBORN WILL.

The Will of Augustus Thorndike, of Boston, is published in full, by the Traveller. It is a fiendish document, which ought to be repudiated at once by executors, devisees, heirs at law, and the Courts. The writer must have been possessed of a jealous, revengeful, vindictive devil. And the fact, that he, in this fiendlike will, provides that *if* this one should *not be proved*, (as he evidently thought it *might* not be,) then his *other wills* before made, should stand good,—is a good reason why the Courts and the heirs and devisees should throw off the whole, and let the law divide the property.

Harvard College should first purge itself of all connexion with such a will,—then Mr. Augustus Thorndike Perkins, the residuary legatee, then the sons, the widow, &c.

We have known such a course taken with a will, after being proved.

Mr. Thorndike left about $500,000. And Uncle Toby remarked, as he read the story, that the gentleman did not seem to have laid up much treasure in heaven, but left it on the earth, guarding it, as well as a dying man could, like the envious dog in the manger, who *could* not eat the hay himself, and *would not* let the oxen eat it. That dog must have died some time ago—and Mr. T. died too. But this,—as Sterne often says,—is a digression.

It has before been stated that a daughter of deceased offended her father by marrying against his will, she being at the time twenty seven years of age. It is stated that the father reached the place of marriage a few moments after the ceremony had been performed, but, finding that he was too late, he left the house, and ever since has evinced his hostility to this daughter, repulsing her from his bed-side on the occasion of his last sickness. This will, which is of great length and in the hand-writing of the deceased, is one of the most remarkable documents of the kind ever drawn up. The deliberate design exhibited in every paragraph, to cut off his child from any participation in his accumulated wealth, because she had, at full age, obeyed the dictates of her own heart in the choice of her companion for life, is sad to contemplate.

The mother is forbidden to give aid to the child of her love; the brothers and sisters are debarred from the exercise of their fraternal affection; all who are named in the will are subject to the same penalties. Old Harvard has a donation of $20,000 for a Professorship of Music, but with the like provision if a copper should go to aid the proscribed couple or their children. A pittance of $400 per annum, to save the law, is alone awarded to the discarded ones. His wife is liberally provided for, but only on condition that she remains a widow.

The wife is now absent from the country. She is, however, upon her journey from Europe, and upon her arrival the question of Probate will be decided. If admitted, an appeal may be taken to a jury of the Supreme Court on the question of the sanity of the Testator.

It may be without impropriety added, that the husband of the offending daughter is described by one of the Executors named in the will, as a person of most excellent character, who holds a high position in the community. They have several children. It appears that a son has also offended his father by contracting a marriage without his consent, but in that case the father contents himself with casting off, as far as possible, the relations of his son's wife from any participation in the division of the property.

☞ The Boston Post says :—"While at Rome they have been busy in making Jews, *nolens volens*, Christians; the thieves and the assassins are said to be thriving in the Romagna, and waging war upon the helpless subjects of his holiness with unprecedented audacity and without hindrance from the Papal police. At Bologna especially, both within and without the walls, robberies, attended very often with violence, are frequent. The Marquis Pepoli, a nephew of Prince Murat, had a narrow escape recently. He had already taken his place in the diligence for Turin, but an incident preventing his departure, the diligence which should have conveyed him was stopped within a mile of the city and rifled. Why the police do not interfere is perhaps explained by the following answer, made some time ago by a chief brigand, who, being questioned how it happened that he was left unmolested in his vocation, answered very simply and ingenuously, 'I don't meddle with politics.'"

☞ Congress has agreed to take a fortnight's recess for the Christmas and New Year's holidays. A little generous, considering that the members get $3000 for the short term.

☞ The Whigs and Americans of Virginia are to hold a Convention for the purpose of nominating a candidate for Governor in opposition to John Letcher.

THE EAST BOSTON MURDER.—The second trial of this important case was commenced on Monday. The evidence for government was similar to that offered at the first trial, with the important exception of that given by Wm. Joyce, who is under indictment as a participant in the murder. He now undertakes to give a full history of the circumstances attending the tragedy, stating that a proposition was made by McNulty to go on an expedition to Lynn to rob a jeweler's store; that they sallied out, purchased pistols and a dark lantern, went to Lynn in company with Hares; got into trouble there; started on foot back to Boston. On reaching North Chelsea, McNulty broke into Mr. Fenno's store, Joyce taking no part in the transaction, except to devour a quantity of doughnuts, which McNulty brought out of the store; that they were frightened away from the store and got separated, when he (Joyce) made the best of his way to the East Boston Ferry, and thence to Boston, reaching the house of Mr. Price, in North street at between 4 and 5 A. M., (the murder was committed a little before five,) the same day. McNulty returned, confessed to him and Price that he had committed the murder, and in a day or two left the city. Such is his story. If its credibility is not impaired, it will prove an important element in the case.

☞ The grand reconciliation between the Hard and Soft factions of the New York Democracy, reported to have been effected by the President at Washington, seems to have one of its main spokes loose. Mr. Fernando Wood writes to the press on Saturday last that "no person authorized to represent the anti-Tammany Democracy has recently been to Washington for an adjustment of party difficulties." He has no faith in the Tammany rulers and says :—"From their selfish and corrupt rule we have appealed to *the people*, and to that power alone will we submit our case."

PLYMOUTH COUNTY, MASS.—The following sentences were imposed by the Court of Common Pleas for Plymouth County: Catharine Myers and Fanny Burns of Plymouth, single sales of intoxicating liquors, $10 and costs, and 25 days House of Correction each; Maria E. Zahn and John Burns of Plymouth, George W. Richmond, Mercy A. Rogers, and Olive McAlpine of Wareham, and David Burke of North Bridgewater, common sellers, each $50 and four months in the House of Correction; George Stevens of Abington, two single sales, $20 and costs, and 50 days House of Correction.

☞ Mr. Lewis Tappan of New York has published a very clear statement about the Amistad negroes, showing them to be freemen, and not slaves. In addition to all the considerations of natural right and justice, the Supreme Court of the United States decided that these negroes were free, that the Spanish claimants never had any legal property in them, and that they had the same right to rise against the Spaniards that any other freemen would have against pirates that had captured them and were carrying them into slavery. Yet President Buchanan recommends for us to *pay the pretended owners* for these very negroes. When Congress votes on it, the yeas and nays will have some interest.

HASTE TO BE MARRIED.—It appears by the evidence in a divorce case now on trial at New Haven, brought by a Mrs. Dr. Bennett against her husband, and revealing the most unhappy life imaginable for years, that the young lady married upon short acquaintance, and without her father's approbation or consent; he had never, in fact, seen the bridegroom till after the marriage. The results that followed this hasty and ill-considered union were just what might have been expected.

AN OLD LADY.—The oldest lady in South Carolina is Mrs. Singleton of Williamsburg. She is one hundred and forty years of age, and has been blind for sixty years. She is a member of the Methodist Church. Her youngest grandaughter is over fifty years old.

☞ A National Convention of *blacklegs* was held in Chicago last Thursday, delegations being present from nearly every State in the Union. They are a splendidly dressed set of men, and wear *jewelry* in great profusion. The revision of Hoyle and the modification of the laws of poker, &c., were the objects of the Convention. What next?

☞ Mr. Slaughter said, in recent debate in the Georgia Senate upon reopening the African slave trade, that these men (Washington and Jefferson) "had very enlarged, but very incorrect views, in regard to the rights and equality of mankind."

MRS. STOWE'S NEW BOOK.

Phillips, Sampson & Co. of Boston have got out the new little book, by Mrs. Stowe, which will sell everywhere and be read everywhere, and by almost every body. A copy of it has come to us from Mr. J. H. Foster, and is a very neat affair.

On the outside, we read, as the title, "Our Charley, by Mrs. Stowe." And this is the story which has been so widely read, in the papers, and is so very popular.

This is only a quarter of the book, however. Besides this, there are : The Happy Child; Leaves from the Life of a Fairy; Uncle Jerry's Dream; Take care of the Hook; Fairy Tales; and a Talk about Birds.

All these pieces have the true ring of humanity about them; of trust in God and good will to man. An admirable Christmas and New Year present, indeed.

LAWRENCE.—We have the pleasure to announce, says a Lawrence paper, upon reliable authority, that the sum ($1,800,000) necessary to operate Washington (formerly Bay State) Mills has been subscribed. The mills will therefore, without doubt, be put in operation very soon, probably within a month, or at least as early as the new corporation can be efficiently organized.

SPURIOUS COIN.—Counterfeit halves and quarters of dollars are in circulation in Portland. The spurious coin is lighter than the genuine, and has a greasy feeling when rubbed with the fingers. They are well executed, however, and are calculated to deceive the public unless critically examined.

SOLD.—The Charleston (Va.) Republican tells the following, as happening in the vicinity of Mount Pleasant, in that State, not long since :—

"Not far from Mount Pleasant, back in the country like, there is a tavern, called the Franklin House. Mr. Franklin, the proprietor, has two deaf and dumb daughters, sprightly, intelligent and interesting. By signs they often carry on animated conversations, especially with each other and members of the family. Last week two foot travellers stopped for the night at this house, and, after supper with the family, were shown to a room, in which was a good fire and bed, for their accommodation. The kind host, on entering the room in the morning, found that the bed had not been occupied, and that his guests had flown. He however, found on the table money for their supper, and a note, stating that in consequence of signs made at the supper table, by the young ladies, they did not think it safe to go to bed, and therefore paid the bill and took their departure!

THE NORTHWEST.—Seven States, Ohio, Illinois, Indiana, Michigan, Wisconsin, Iowa, and Minnesota, poll 1,263,000 votes, or one hundred thousand more votes more the fifteen Southern States; three times as many as New England, and nearly a third of the vote of the whole Union.

Just as an auctioneer in Hartford was saying "gone!" a few evenings since, his audience went through the floor into the cellar, but happily, without hurting one of them. The auctioneer, as soon as he found his legs, remarked that the accident would enable him to sell *lower* than before, and called for a *bid*, and they bid him "good night." This will balance the case of shop-*lifting* of the day before.—*New Haven Register*.

☞ It is thought that some of the prisoners who escaped from Rochester jail were drowned in attempting to swim the river; not having been heard from since; although Lock and others have been recaptured.

☞ The Assembly of the Harvard Law School have passed a vote of thanks to the gentleman who has anonymously given $8000 for the creation of a gymnasium for the use of the college.

☞ Rev. William H. Fenn has accepted the call to the Pastorate of the Franklin Street church, Manchestr, (orthodox congregational.) Mr. Fenn is to be ordained in February.

The New London Institution had the past year, 370 different students. The fullest number at one term was 206. It is controlled by the Baptists.

The Northfield Seminary had in the year 389. The spring term was the fullest—215. It is controlled by the Methodist.

New Hampton Institution had 472.—The largest term was the spring—252.—There is a Theological Department, which had 19 students. The Institution is under the control of the Free Will Baptists.

The New York contractors get Bibles for the public institutions for thirty cents each, and charge them a dollar in the bills.—They don't wish to see the blessed book undervalued.—*Atlas*.

SEWING MACHINE

ON EXHIBITION

AT ROOM NO. 1 FRANKLIN HOUSE.

This Machine takes a stitch that cannot be pulled out, and is the best machine before the public.—The people of Portsmouth are requested to call and examine the machine and its work, whether they wish to purchase or not.

Being the sole Agent for New Hampshire and Vermont, I can sell you a machine at the same price you will have to pay in Boston or New York, and save all the expense of going to purchase one, and also the expense on the same.

Any lady having nothing to do, will please call and have it done on the Machine free of charge.

THE GROVER & BAKER

SEWING MACHINE CO.,

18 SUMMER STREET, BOSTON,

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE;

PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They

HEM, FELL, GATHER, AND STITCH

in the most superior manner, and are the only machines in the market that are so well and simply made,—that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn how to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE,

and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States, who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine can be obtained, more expeditiously, more durably, more beautifully done by hand?

SPECIAL NOTICES.

CONVULSIONS.—Spasmodic symptoms, whether depending on functional derangement, or a disease of the nervous centres, are happily modified by the tonic and alterative power of the PERUVIAN SYRUP; the terrifying convulsions cease, and order is restored by removing the exciting cause, and the prevention of the predisposition.

AN INTERESTING CASE.

TO THOSE WHO DOUBT.—Mr. Sylvanus L——, a well known builder in the city of New York, a worthy resident of the Ninth Ward, has been troubled more or less, for fifteen years, with Rheumatism—has finally been cured with **R. R. RELIEF.** In the month of December, 1862, he had a severe attack—was confined to his bed for a week. The Ready Relief was applied one night, and he was up about his business the next morning. He continued well until the beginning of April in 1863, when he went to Manaroneck, to put up some country seats, where, by exposure, he was prostrated with Fever and Ague. He was treated according to the old mode of treatment, which made him worse—came back to New York, took the Ready Relief and Regulators, was cured entirely in thirty-six hours. On or about the 1st of September, he was again attacked with Rheumatism—by the advice of a neighbor tried some home-made remedy, reckoned by the good housewife a never-failing cure; but, unfortunately for the worthy builder, it did no good. He lingered in pain until Sunday, Sept. 4th, 6 P. M., when he determined to give Radway's Ready Relief another trial. He sent to the residence of his son-in-law, No. 76 Jane street, who constantly keeps a supply of the Ready Relief in his house, for a bottle. Ten minutes past six, P. M., it was supplied; at twenty minutes past six he was free from pain. On Tuesday morning, Sept. 6th, he called at the **R. R. R.** office, and stated that he was entirely cured, that he would never again throw aside the **R. R. R.** "It has always proved itself to me a Ready Relief for all complaints, whether internal or external—for Rheumatism, Dysentery, or Fever and Ague. It has cured me of each."

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples on the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming clogged, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original Parisian "Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

THIS GIN, distilled in London, from sound Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though intended solely as a medicine, it is recommended by physicians of the first rank in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES OF THE URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., while the weaker sex will find by its adoption a sure relief from those distressing nuisances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

For sale in quarts at seventy-five cents, and in pints thirty-eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE OTHER is genuine.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 1 Cornhill; S. K. Ricker, 20 Elm st; J. Morse, 116 Blackstone st.; M. Davis & Co., 57 Blackstone st.; R. DR. DUPONCO'S

French Periodical Golden Pills,

FOR FEMALES!

Infallible in Removing Stoppages or Irregularity of the Menses.

THESE Pills are nothing new, but have been used by the inventor for the last twenty years, both in France and America, with unparalled success in every case; and he is urged by many thousand ladies who have used them to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these Pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to health; otherwise these Pills are recommended. Full and explicit directions accompany each box.

Price $1. Sold in Portsmouth by JOSEPH H THATCHER, in Dover by Chas. A. Tufts, in Exeter by C. A. Merrill, and in Newmarket by J. A. Prendergast. They will supply dealers at the Proprietor's prices, and also send the Pills to the Ladies (confidentially) by mail to any part of the city or country, on receipt of $1 through the Post Office.

N. B.—Ladies will be particular in asking for *Dr. Duponco's Golden Pills. Observe the signature, J. Duponco* is upon each box. You will then obtain a Pill you can rely upon.

J. DUPONCO, Proprietor,

PARTICULAR NOTICE.—Dr. Clarke's Potent Cherry Syrup never fails to cure Croup in five minutes. We have positive proof of that in more than one thousand cases. B. Hutchings, Agt.

LOCAL.

☞ Fond fathers, kind mothers, rich and liberal uncles and aunts, lovers and friends, in fine, all persons who wish to make a present, can find a rich variety of elegant trifles, as well as the most substantial and elegant valuables, at the bookstore of James F. Shores, Jr., Congress Block.

There is the Drum for Little Charley, who will make music in the household loud enough to wake all the babies; and there is the paper doll and the paper house for the little girl who will play quietly and disturb nobody, according to her nature.

Mimic and miniature statuary, sacred and classic, patriotic and comic, stands side by side with toy tea sets and miniature household stuff. Charms and lockets, work-boxes and desks, gems of art, and last, but not least, gems of literature, in books elegantly bound and fancifully gilded, complete as choice a collection of holiday gifts as we have seen anywhere, and a much larger and richer one than we have commonly seen here. We do not pretend to enumerate the varieties; and his advertisement only names the principal things. The whole display must be seen to be appreciated.

☞ Respecting the communication of "Civis," in Tuesday's Chronicle,—the City Marshal requests us to say that the tipsy young fellow referred to, drew no pistol on him, or any officer, or other person, so far as the Marshal knows; and he certainly had none, when searched in the Watchhouse. As to the row, Monday evening, the Marshal says a half-drunken fellow from Kittery began it.

☞ On Monday, as some carpenters were repairing a large house for Mr. Robinson Foss, in Rye, the stage fell, on which four of them were at work, throwing down three of them from a height of 20 feet, among the rubbish. The fourth held on by the roof. The men who fell were injured, but no bones were broken, and they are recovering.

☞ The Atlantic Monthly for January, 1859, is promply on our table from Federhen & Co., Boston, and J. P. Morse, Portsmouth. We have peeped at the Professor at the Breakfast Table, and pronounce it capital.

IMPORTANT FROM MEXICO.—*New York, Dec.* 22.—The steamship Black Warrior arrived last evening, from Havana 16th.

Senator Douglas stopped at Havana.

The Spanish Mexican imbroglio is settled, Gen. Garza of Tampico having refunded all the moneys obtained from Spanish subjects by way of forced loans, and the present government of Mexico have acceded to all the demands made by Spain, the Spanish flag is saluted by twenty-one guns from the forts of Tampico. The Spanish frigates Ferdinand and Isabel Second had arrived with over 2000 soldiers from Spain.

ALBANY, Dec. 21.—The State canvassers have decided to refuse certificates of election to six Congressmen from this State, for the reason that the returns in each case read "for member of Congress," instead of "for Representative to Congress."

NEW YORK, Dec. 22.—The Mount Vernon Festival Ball, at the Academy last evening, was a magnificent affair and well attended, but owing doubtless to the severe storm, was not so crowded as was anticipated.

WHAT IT COSTS TO GOVERN NEW YORK. *New York, Dec.* 21.—The Comptroller's tax budget for 1859 was sent to the Common Council last evening. It calls for nearly eight millions of dollars.

MILES STANDISH'S PIPE AND PISTOL.—At the administrator's sale of the effects of the late Zachariah Standish, in Albany, N. Y., on Wednesday last, the veritable Pipe of Captain Miles Standish, which came over with him in the Mayflower, and was smoked by him till the day of his death was sold. It is a little iron affair, of about the size and shape of a common clay pipe, and though somewhat dilapidated by time, is still capable of being smoked. It was struck off to Mr. Gates, of Lebanon, for $15.

A Pistol, which also belonged to the Puritan hero, was sold at the same time. It is of antique make, worn and rusty, and is past military service. It brought $15 from Mr. McCammon—cheap enough, considering the antiquarian interest which will always attach to it.

☞ Nearly 800 brick and stone houses have been erected in Montreal during the last thirteen months.

☞ The Philadelphians are to have two more steam fire engines—fire companies being the contractors therefor.

WASHINGTON ITEMS.—Congress is taking its usual Christmas vacation, having voted in both houses to adjourn from Dec. 23 to Jan. 4. The Washington correspondent of the Boston Advertiser says:

The vote in the House, on the question of ousting Harris of Maryland, American, from his seat, is considered by some persons to possess more significance than is really due to it, on account of the fact that all the Douglas delegation from Illinois voted to eject Harris, while all the Douglas democrats outside that State voted to retain him. The proposition was tabled by a majority of nine.

The police reports of Washington show that hitherto, during this administration, the majority of persons residing outside the District, arrested for drunkenness and disorder, are Pennsylvanians. This week the preponderance is likely to be in favor of New York. All the Sachems of Tammany and of anti-Tammany have immigrated to the White House for a grand pow-wow in the presence of their National Chief, whose patience and eloquence have both been drained for two successive evenings in the work of reconciliation—which will never be effected so long as the collector of the port of New York has the distribution of five hundred offices at his disposal, until the millenium comes and the lion and the lamb, Fowler and Schell, lie down together. Until the delegations leave the city, the omnibus drivers suspend the regulation which is painted in large letters inside their vehicles, "Intoxicated persons not admitted."

The U.S. *Senate* Dec. 21, passed the bill making appropriations for the improvement of the St. Clair flats, by yeas 29, nays 22.

Mr. Bright, from the Building Committee, reported that the new Senate chamber would be ready for occupancy Jan. 4.

In the *House*, Mr. Phelps of Mo., from the Committee of Ways and Means, reported bills making appropriations for the consular and diplomatic service, and for the support of the army.

Mr. Kellogg of Ill. asked, but did not obtain, leave to introduce a resolution instructing the Committee on Territories to report a bill providing for the election of local officers in the organized territories by the people.

Mr. Cavanaugh of Min. introduced a bill to organize the territorial government of Dacotah.

The House then went into Committee of the Whole on the Soldiers' Pension bill.

The Pension Bill was changed from the Committee into the House. An attempt was made to destroy the call, but failed. Mr. Savage, of Tenn., offered a *substitute*, which had been agreed upon in caucus. This was accepted, 133 to 61—and will pass. Pending the question on the passage of the amended bill, the House adjourned.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,
IT WILL BAKE QUICKER,
IT WILL WEAR LONGER,
THAN ANY RANGE IN MARKET.

Reuthe's Patent Spring Gun Animal Trap.

More certain of its prey than the most perfect Rifle in the hands of the most experienced marksman, without lessening the value of Pelts or Skins as it throws in ordinary mode of shooting, it effects the capture of the animal either dead or (if preferred) alive: the barrels discharging themselves, simultaneously with the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its construction neither cumbersome nor difficult to arrange.

There are three different sizes, which will effectually operate on Minks, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which require hunting.

YOU HAD BETTER TRY

MY MOTHER'S SALVE.

This celebrated preparation has stood the test of time and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their protection against spurious imitations of this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Palm Relieving Properties never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A M Beck.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN.

Consumption of the first stage, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhœa, Cholera Morbus, Cancers, Dropsey, Worms, all Blood diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

Our philosophy of practice is founded on the laws of Nature, our theory of disease on long experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858

THE GREAT WONDER

Of The Nineteenth Century

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press.

BATH, ME., Jan. 20, 1856.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now confidently say to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy than it has been before for twenty-five years. I am now sixty years old: my good wife at the age of fifty two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to complain of my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any one you may make of this use, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,

A. C. HINCKSWOOD.

BALTIMORE, Jan. 28, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair has grown thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FRANKLIN DOUGLASS.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DREW.

Brookfield, Jan 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching of the scalp, which has been troubled from my childhood: and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, and retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These **Gums** remove all morbid or bad matter from the **Liver**, supplying in their place a healthy flow of bile, invigorating the stomach and bowels, and throw out at one well, **purifying the blood**, giving tone and life to the whole machinery, removing the cause of the disease, effecting a radical cure.

Bilious Attacks are cured, and what is of great importance, the occasional use of the Liver Invigorator.

One dose after eating, is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents nightmare.

Only one dose taken at night, loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure **Dyspepsia**.

One dose of two teaspoonfuls will always relieve **Sick Headache**.

Only one dose immediately relieves **Colic**.

One dose often repeated is a sure cure for from **Chills and Fever**, supplying in their place a healthy flow of bile, invigorating the stomach and bowels, and throw out at one well, **purifying the blood**, giving tone and life to the whole machinery, removing the cause of the disease, effecting a radical cure.

Jaundice removes all yellowness or unnatural color from the skin.

One dose taken a short time before eating, gives relish to the appetite and makes the food digest well.

One bottle taken for **Jaundice** removes all yellowness or unnatural color from the skin.

One dose taken at night, will cure **Dropsy** by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for **Fever and Ague**, **Chills and Fever**, and all Fevers of a **Bilious type**. It invariably will certainly, and we have testimonials ready to testify to its wonderful virtues.

All who use it are giving their unanimous testimony to its virtues.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of frost and heavy attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the second trial*, is enabled to invite the capital attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects it may do not strongly assert that IT'S EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Shap or Flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most confidently and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a experience of many years, it stands as reliable and as good as when first put on, without change or decay.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interest of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket to every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Mercury*, Nashville *Gazette*, Atlanta *Intelligencer*, and New York Weekly *Day Book*. Write your address plainly, and direct to S. S. SWAN & CO., Atlanta, Georgia.

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of persons in the surrounding towns, searching for a remedy for the numerous inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by letter have testified to Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying health, or the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 18 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE ENVIGORATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under similar pretences and the same name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine can be had.

These pills can be sent to any part of the country with directions. Remember the number—18 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 diy

COURT OF COMMON PLEAS.—The Court commenced its November term for Hillsborough County on the second day of November, and adjourned last Saturday the 18th day of December. It adjourned over for Thanksgiving, and for the Law Term of the Supreme Judicial Court for this District. The length of the term, exclusive of the adjournments, was thirty-five days. The Court was actually in session only twenty-nine days. The old docket contained 613 actions, of which 363 have been disposed of. Two hundred and fifty actions only remain. There have been thirty-four jury trials, more than one a day on an average, although the three first occupied two weeks.

There were 413 new entries, of which 238 were continued, so that the February docket will contain 488 actions, 125 less than the November docket. Very few old actions remain. Of those which do remain, very many remain to save attachments, for reports of auditors, &c., and for disclosures of Trustees. Exclusive of the riot cases for Manchester, there is very little for actual trial on the old docket.—*Manchester American.*

A FINE PICTURE.—Bro. E. W. Jackson, the G. S. of Maine, has just published the "American Prohibitionist," a fine picture, consisting of a group of seven likenesses of individuals who have been connected with the prohibition movement in this country. In the centre is E. C. Delevan, Esq., of New York; on the top is Hon. Neal Dow, of Maine; on the right and left, and midway between Dow and Delevan, are John Belton O'Neall, of South Carolina, and John H. Cocke, of Virginia; at the base base is S. F. Carey, Esq., of Ohio, and at the right and left, between Cary and Delevan, are S. L. Tilley of New Brunswick, and M. D. McHenry of Iowa. The design is beautiful, and the whole is executed in the highest style of the art. The size is sixteen by twenty inches.—The price is $1. Wm. R. Stacy, Esq., 11 Cornhill, has the engraving for sale. Every prohibitionist, every temperance man, should have a copy. —*Boston Temp. Visitor.*

So many and so various are the characteristics of men with whom the editor is thrown in contact, that no editor can escape fault finding. He learns to expect it and take it philosophically when it comes; although some men seem to imagine that he can easily be annihilated with the breath of their nostril, by the mere expression of their dissent at his independence, with the words: "stop my paper." But they find him taking the matter with the utmost indifference, as nothing but the most ordinary transaction in the world, and keeping right on in his course the same as before. Irate patrons would not be astonished at this, if they knew how "used to it" the editor has become.—*Albany Express.*

American and Foreign Patents.
R. H. EDDY, solicitor of Patents,
(*Late Agent of U. S. Patent Office, Washington, under the Act of 1837.*)
No. 76 State st, oppo. Kilby st, Boston.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britian, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remmitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber, and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON, Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents."
Boston, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN AP PEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.
E. H. EDDY.

MANCHESTER MATTERS.—The Mirror has an editorial on the election, in which it says:

It has been industriously circulated by a partizan press that the election of Capt. E. W. Harrington was a Democratic victory, which is responded to that it was no party victory, but a triumph of rum and fraud. * * * * It is not true that his election is a Democratic triumph, in full; neither the Mayor elect nor his warmest friends consider it in that light.

Now as to *rum and fraud*. Since the second election of Abbot, three years ago, the liberal portion of the Republican party, many of them *practical* temperance men, but not *Maine law* men, have opposed those who favored Abbot. Drawn up on their side would be found, of *course*, men who *sold rum*. The friends of Abbot generally favored Smith, and so this liberal party, including *liquor sellers*, opposed him. Smith was brought forth by some of his friends as a temperance man, but liquor selling never had such unbridled license since we lived here as during his administration, and never was it sold at so many places. Personally their interests were well enough in his hands. But they had been, for three years, connected with a *party* who generally opposed the Smith party; and so most of them went for Capt. Harrington. But his triumph was no triumph of rum; that triumphed years ago; the Maine law was killed "dead as a coffin nail" under Abbot, as far as Manchester was concerned. Rum selling asked for no victory, and got none. * * *

If they could prove a fraud, they would; and if they cannot, they have no right to charge it. So we say neither Democracy, rum nor fraud, nor all combined, elected Capt. Harrington, but that he is as near a Citizens' Mayor as anything.

Well, says Uncle Toby, if it is *not* a rum victory, we are very glad—but it looks so much like it that we shall wait and see, before we give three cheers.

It is a remarkable coincidence that there are *citizens'* mayors in all the cities in Essex county, and "not a *temperance* mayor among them," as is said by the Newburyport Herald.

We are compelled to look at this as a sign that the supporters and lovers of the groggeries, driven by public opinion and law from rural districts, manage to control the rummy cities.

NO MERITS.—The Washington correspondent of the Boston Courier, speaking of English's attack on Montgomery, says,—

As I have said, there are no merits about the case, and it would be well if the tone of public sentiment were such that an affray so very ridiculous in its origin and brutal in its issue, could not be dignified by any further notice than that which it will receive at the bar of the police court—and superadded to that, the universal contempt of the community.

This would be very well, if the writer had only told us on whom the contempt should fall! whether on the ruffian who made the assault, or on the citizen whom he assaulted!

"The President's Message furnishes a schedule of bold, practical measures, foreign and domestic, upon which the Democracy may unite and carry everything before them henceforward to 1860, including the election for the succession."

This is obviously true, and if the Democracy do not accept these measures as rallying points, the lolly and the mistortune will be theirs.—*Boston Post.*

The four cardinal points are Kansas and Cuba, Mexico and the Tariff.

To Lecomptonize the first, seize the second, conquer a peice of the third, and make the fourth protective, seems to be the programme.

But the party will not agree to more than half of them.

WILD SPORTS.—All men who love wild sports, and all who love to read about them rather than to join in them, will gratify themselves to a high degree by purchasing of J. F. Shores, Jr., in this city, or of Crosby, Nichols & Co., Boston, the publishers, a new and interesting book entitled—

"Wild Sports in the Far West. By Frederick Gerstaecker. Translated from the German. With eight crayon drawings, executed in oil colors, from designs by Harrison Weir."

The book is written with great ease and freedom, and translated as freely. It is one of the most entertaining volumes we have taken up for a long time—and appears to be as instructive, in its proper line, as it is amusing.

☞ An affray at Key West between the soldiers and citizens grew out of the lynching of a burglarious defender of his country. The citizens whipped him, thinking the Mayor's fine of $25 for house breaking insufficient, A body of soldiers attempted to retaliate, and took armed possession, but the matter was finally settled without bloodshed.

☞ By the following communication from Prof. J. G. Hoyt, it will be seen that he has accepted the appointment of Chancellor to the University of Missouri, at St. Louis, and withdrawn his name as a candidate for the nomination for Congress in this District:—

To the Republican Electors of Congressional District No. One:

An appointment, just received, to a responsible position in an Educational Institution in a distant State, induces me to request, as I now do, that my name be no longer mentioned in connection with the Congressional nomination in this District. In thus withdrawing from the canvass and from the State, it is, perhaps, proper for me to do no more—my feelings certainly will allow me to do no less—than to tender my grateful acknowledgements to the partial friends who have sought to make me a candidate for their political suffrages, and to express the hope that their choice may fall upon a true man and unflinching advocate of Republican principles. Very respectfully, J. G. HOYT.

Exeter, Dec. 18, 1858.

CHAPLAINS IN THE NAVY.—In the U. S. Senate on the 4th inst., Mr. Hamlin presented a memorial of Rev. Joseph Stockbridge, formerly of Yarmouth, a minister of the Baptist denomination, who is a chaplain in the Navy of the United States. In presenting the paper, Mr. Hamlin said:

The memorial is somewhat remarkable in its features, and I ask the attention of the Naval Committee for two minutes to the statement which he makes. He sets forth, in the first place, that while in the discharge of his official duties, he was requested by the commodore and lieutenant who were in command of the vessel on which he was serving, to use the Episcopal liturgy, under an intimation that if he did not use it he would be superseded.—Following that immediately was a series of indignities, which he attributes solely to his refusal to use the forms which they prescribed rendering his services useless, and he himself insulted. He concludes his memorial in this language:

"Your memorialist believes there is a design to fasten on the Navy the Episcopal liturgy, not only from what he has stated above, but from the fact that already several non Episcopal chaplains have conformed, and also from the significant fact that your memorialist was refused permission to preach on board the razee Independence, in the harbor of Rio, on the ground that he would not read his prayers. He therefore asks the enactment of such laws as will protect him in future, and punish offenders."

The memorial was referred to the committee on Naval Affairs.

JEWISH DISABILITIES IN NORTH CAROLINA. North Carolina is the only State in the Union that excludes Jews from holding offices of profit or trust within its limits. Many ineffectual efforts have been made to remove this proscriptive feature from the Constitution of the State, and a resolution to this effect has engaged the attention of the Legislature now in session, but has failed to receive its favorable action. The House Committee to whom the subject was referred have made a singular report, which, admitting that the proposed reform is desirable, and that the restriction upon the Jews is bigoted and unjust, and contrary to the principles of a republican government, nevertheless deem it inexpedient to alter the constitution by legislative enactment in any particular whatever, because, as they say, the people of the State have expressed no desire for a change.

☞ On Wednesday, in the U. S. Senate, a resolution passed, calling on the President for such correspondence as shall explain the suspension of diplomacy between this country and Mexico. Several messages were received from the President, but their contents have not been made public. The House passed the pension bill for invalid soldiers, and the bill appropriating $181,000 to the West Point Academy. A motion to refer the several subjects in the President's message to appropriate committees, gave rise to a discussion.

Mr. Morris of Pa., gave notice of his intention to introduce a bill laying specific duties on certain classes of imports, to increase the revenue. Mr. Davis, of Miss., was refused leave to offer a resolution for the preparation of a bill authorizing the President to take possession of Cuba until our government is offered satisfaction.

☞ The Methodists have a rare preacher among them, if we are to believe a correspondent of the Memphis Christian Advocate, who says of a Rev. F. E. Pitts, one of their pulpit orators: "I have repeatedly heard the most famed men of America, but there are times when the flame of his pathos licks the everlasting hills with a roar that moves your soul to depths fathomed by few other men."

☞ The average salary of clergymen of the Church of England, high and low, is $1400. The average pay of clergymen in this country is hardly one-fourth of that sum.

PHILADELPHIA, Dec. 16, 1858.

Messrs. Editors:—As our rumsellers lay hold on everything which tends to strengthen their right to furnish drams to any one who has the money to pay for them, I thought the enclosed, which I took from a New Orleans paper, would be a good article to furnish them with, recommending them to label all their bottles with a copy of it in good large letters.

This story, which accidentally became known, only furnishes one of many thousands of the same kind, which are daily occurring, and are only known to the few among whom they live and die. c.

A CHILD SUSTAINED BY ITS MOTHER'S BLOOD.—The fable so felicitously embodied in the coat of arms of Louisiana, of the Pelican feeding its young with its own blood, has received an illustration in a recent occurrence in Cincinnati, which, for harrowing interest, we have rarely heard equaled in the horrors of city life. The account we take from the Enquirer of that city, which further states that ample relief was afforded to the miserable family as soon as it was discovered:

We yesterday heard of a case of destitution which we believe to be unparalleled in the annals of want and misery. A serving girl in the employ of Mr. McGrew, of the firm of McGrew & Co., the well-known jewelers, who resides in Eighth street, between Cutter and Linn, on Wednesday afternoon last threw some garbage into an alley in the rear of the house. She observed a couple of little children, girls, the eldest not over twelve years old, rush at the pile of refuse, and selecting portions of it, put it to their mouths and eat it most ravenously. Struck with this exhibition of extreme hunger on the part of the children, she asked them if they would like to have some bread, to which they eagerly replied in the affirmative, intimating that they would be glad to take anything that would keep them from starving. She then took them into the kitchen and gave to each a portion of a loaf.—When the children left, she watched them, and saw them enter an old and quite dilapidated stable on the opposite side of the alley. The servant girl then informed Mr. McGrew of what had happened, and that gentleman, in company with a neighbor, visited the stable, and there witnessed a scene which almost beggars description. Stretched upon the floor, on some damp and mouldy straw, were a number of children huddled together, seeking warmth by contact with each other, and some clothed with but a single garment, and that of the thinnest texture. In the corner was seated a woman, "clothed in unwomanly rags," huddling to her bosom a child apparently about two months old, and vainly endeavoring to give it sustenance, but instead it drew nothing but blood from her exhausted breasts.

The woman was apparently not more than thirty-five years old, although the mother of seven children, all of whom were with her in the miserable hovel where she was found. Her story was soon told. She had been well raised, and had seen better days, much better—she could not have seen worse days—and until a period of two years after her marriage had known no want. But her husband yielded to an appetite for liquor, became first a drunkard, then a sot, and finally abandoned her. Three or four days previous to being found by Mr. McGrew, her landlord had turned her out of house and home for nonpayment of rent. She then, with her little ones, wandered about the streets until she found the deserted stable, and had remained there ever since, absolutely without food. Her babe had soon exhausted the maternal nourishment which nature supplied.

may readily learn how to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE,

and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States, who would permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

SPECIAL NOTICES.

CONVULSIONS.—Spasmodic symptoms, whether depending on functional derangement, or a disease of the nervous centres, are happily modified by the tonic and alterative power of the PERUVIAN SYRUP; the terrifying convulsions cease, and order is restored by removing the exciting cause, and the prevention of the predisposition.

TESTIMONY.—Dea. J. E. N. Gould, Niles' Block, Boston, says Dr. Clarke's Sherry Wine Bitters have done his family more good than any others they ever used. They are essentially a very valuable medicine. Mr. J. H. Thacher has a fresh stock. d24

WHY SUFFER WITH PAIN?

When we are sick, the human system is in an unnatural condition. The longer the body is afflicted with disease, the greater time will be required to restore it again to its natural state of health. We believe it wrong to prolong the sick as much as possible, and not to let the victim linger in pain. The **R. R RELIEF** remedies are prepared on this principle. No useless time is wasted, for the very moment they are taken or applied, a great change in the sick one's body takes place. If there is pain, or nervous irritability, or Rheumatism, Neuralgia, Diarrhea, or Pains of any sort, R. R. Relief, is an instant, telegraphic in pain-relieving influence to every part of the diseased body. The lame, the cripple, the stiff-jointed, have felt its effects in a few seconds, for it imparts strength to the weak, emaciated, and feeble parts. The Renovating Resolvent will cure the most obstinate cases of Scrofula, Syphilis, Rickets, Nodes, Tumors, Ulcers, Sores, Coughs, &c., in an incredibly short time. And the R. R. Regulators regulate every organ to a healthy action. Let not the sick linger in pain. The **R. R. R.** will raise you from your bed of suffering in a few hours.

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, from various causes, and clogging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GAZOWAY'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and improved, and is presented to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

THIS GIN, Distilled in London, from sound Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from all other Gins, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., and the weaker sex will find by its adoption a sure relief from these distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in quarts at seventy five cents, and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of Imitations. Buy only CHARLES'.—NONE GENUINE IMPORTED.

French Periodical Golden Pills,

FOR FEMALES;

Infallible in Removing Stoppages or Irregularity of the Menses.

THESE Pills are nothing new, but have been used by the Doctor for many years, both in France and America, with unparalled success in every case; and he is urged by many thousand ladies who have used them to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these Pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to health; otherwise these Pills are recommended. Full and explicit directions accompany each box.

Price $1. Sold in Portsmouth by JOSEPH H THACHER, in Dover by Chas. A. Tufts, in Exeter by C. A. Merrill, in Newmarket by A. Prendergast. They will supply dealers at the Proprietor's prices, and also send the Pills to the Ladies (confidentially) by mail to any part of the city or country, on receipt of $1 through the Post Office.

IMPORTANT TEMPERANCE MEETING. — A very important Temperance meeting was held at Dr. Dwight's church, in Portland, on Monday evening. S. L. Carleton, Esq., chief of the order of the Sons of Temperance, presided.

Reference being made to a certain letter written by a clergyman of New York, and published in the Weekly Record of London, to the effect that the new Maine Law had failed to be very effectual in closing the dram shops in Portland, Mayor Jewett, in an address marked by great precision and force, unqualifiedly denied the statement, and proved its falsity by an array of facts bearing directly upon the point, and exhibiting a very encouraging view of the cause of Prohibition in Portland, and in other parts of the State of which he had been advised.

The Mayor was followed by Peter Sinclair, Esq., of Scotland, who, in a very able and eloquent address, commented on these facts, contrasting them with the state of the cause in Great Britain, and urging upon our citizens the necessity of sustaining the Law, not only for the benefit we derive from it ourselves, but also because of its benign influence upon other States and countries, and especially upon his own beloved Scotland, the scene of much labor and many sacrifices for the rights of Humanity.

At the close of Mr. Sinclair's address, Ex-Mayor Cahoon offered the following resolution, prefacing it with very appropriate remarks. He wondered and regretted that any clergyman should forward to Great Britain a statement so wide of the truth as that to which the resolution refers:

Whereas, Reports have gone from this country to Great Britain, from professed friends of Temperance, declaring that the present Maine Law "has failed to do any thing very effectual at home, and thus far has been powerless in its influence abroad, and no wonder; if it cannot shut up dram shops in Portland, can it be expected to affect the dram shops of Boston or New York,"—be it, therefore,

Resolved, That such reports are alike false and injurious; that the Law, although imperect in some of its provisions, is adapted to suppress the traffic in ardent spirits wherever it is vigorously enforced; that already its moral effect has been to banish all wholesale establishments from this city, and to diminish the number of retailers at least one-half, without prosecution, and although imperfectly enforced in many places, yet such has been its general effect in Maine; and that it only requires the earnest and persistent efforts of the friends of Temperance to render the law effectual to the complete suppression of the traffic throughout the State.—*Advertiser*.

☞ The Dover Enquirer understands that the Belknap Congregational Society have disposed of their lot in the rear of the Strafford Bank Building, and have purchased the old Durell estate, next south of the City Hall, on which, the coming season, they design to erect a church edifice in connection with a block of handsome stores. This is one of the most central locations in the city, for such a purpose, and the designated improvement will add much to the appearance of Central Square, the City Hall and its surroundings.

SHIPWRECK AND LOSS OF LIFE.—A despatch from Scituate, states that the schooner Sally Badger, of Pittston, Me., washed ashore at that place, and that one body was found on the beach. It is supposed all hands were lost. This is the vessel that was seen bottom up a few days since in the Bay, with the crew clinging to the wreck, by the schooner George Edward, Capt. Baker, since arrived at Philadelphia.

NEW YORK, Dec. 23.—Tom Hyer denies the authorship of the card yesterday, offering to fight Heenan or any other man in America.

The anniversary dinner of the New England Society last evening was a happy affair. Among the speakers were the Governor elect, Mr. Morgan, Mayor Tieman, and Charles Hale of the Boston Advertiser.

Mr. J. C. Tucker sent yesterday an unmistakeable challeng to Mr. Sickles.

The Washington correspondent of the Tribune says that high words took place in secret session yesterday between Senators Toombs and Mallory on the subject of the naval nominations.

INDIANA SENATORSHIP. — *Indianapolis, Dec. 22.*—The House yesterday refused to pass the Senatorial election bill over the Governor's veto, by yeas 49, nays 48, two less than a constitutional majority.

The Legislature this afternoon, by concurrent resolution, elected Henry S. Land and Wm. M. McCarty U. S. Senators in the place of Senators Bright and Fitch.—The former till 1863, and the latter till 1861.

ST. LOUIS, Dec. 21.—The steamer Aubrey met with an accident a few miles above here last night, by which four or five lives were lost. The boat ran into the wreck of a sunken steamer, bursting the steam pipe connected with the mud receivers, which caused a panic among the deck passengers, who, rushing into the yawl, upset it, and several were drowned. Their names are unknown.

TORONTO, C. W., Dec. 21.—The government inspector has ordered the stoppage of passenger trains on the Northern Railway, considering it unsafe to allow them to be run. Freight trains, with a passenger coach attached, will, however, continue to be run at reduced speed. Considerable excitement exists in consequence of this, along the line of road.

THE DEAF AND DUMB ASYLUM AT HARTFORD.—Lt. Gov. Trask and several members of the executive council of this state visited this institution on Tuesday. Massachusetts has 78 out the 220 pupils in the asylum, and their average annual support costs $200 each. The institution has a permanent fund of $312,000, and is the oldest and most successful school of its kind in this country. During the examination of the highest class, on Tuesday, one of the visitors gave a boy the following skeleton of a sentence; *Douglas—population—prevent—smart—instantly*. The boy clothed it thus.

Senator *Douglas* is a very *smart* politician and ambitious into the bargain. A large part of the population of Illinois like him and think there is nothing to *prevent* his becoming president in 1860.—If he should be elected I have not the least doubt that he will *instantly* change his politics and become a fire-eater all over.

This was written *impromptu*, and it is a sample of the performance throughout—saving the politics.

THE BUTTER TRADE OF NEW YORK.—We give below a single county's shipment of butter for one week to this city:

From Monday to Saturday night last, 302 loads of butter passed through the Willwich toll-gate, in Ulster county, for this city via. Rondout steamers. These loads averaged 20 firkins. Calculate each firkin at 90 lbs., and we have 543,600 lbs., or over 26 tons of the best butter in the market, passing this one point. Its cash value, as prices now rule, is not less than $135,000.

This relates to the business of but a single week at one point, and from one county.—*Post*.

NOTICE TO POSTMASTERS.—We are requested to state for the information of Postmasters, particularly at distributing offices, that large quantities of transient printed matter, such as specimen copies of newspapers, circulars, &c., are being mailed at various offices, or are smuggled into the mails without the pre-payment of postage; and that the instruction of the department is, when such matter arrives at a distributing office without being prepayed by postage stamps, that it be returned to the mailing office, or the place of publication.—*National Intelligencer*.

FIRE.—The hatters shop of George Robinson, above the Genie, was burnt about 2 o'clock on the night of the 17th inst. The loss including stock was about $800. Insured for $400 in the Belknap Co. office.—*Dover Enq.*

To the Hon. Judge of Probate for the County of Rockingham:

Respectfully represents, Susan T. Dennett, of Portsmouth, in said County, that she is the widow of Mark Dennett, late of said Portsmouth, deceased; that said Mark Dennett died seized of certain Real Estate situated in said Portsmouth, to wit: a Farm or tract of land containing one hundred and eight acres, more or less, bounded as follows, viz: northerly, by land of William Roach and others, by land of heirs of Aaron Hodgdon and land of Butterfield Larkin, east, by land of Butterfield Larkin, by the lane leading to said farm from North Road, so called, the land of Benjamin Murray and land of Benjamin Hodgdon; southerly, by land of Benjamin Hodgdon and land of Wm. Roach and others; westerly, by land of William Simes and others, and of Wm. Roach and others; together with a Dwelling House, Barn, and other out-buildings thereon; which property at the time of said Mark Dennett's death, and long prior thereto, was occupied by him and your petitioner, as his wife, at his and their home and dwelling; that your petitioner has continued to occupy the same as her home and dwelling, ever since the decease of her said late husband, and that she has never waived or released her right of homestead therein;—Wherefore she prays that a homestead to the value of Five Hundred dollars may be assigned and set off to her out of said Estate, agreeably to the provisions of the act of 4th of July, 1851.

SUSAN T. DENNETT,
by her Attorney, J. M. EDMONDS.
Dated December 22, 1858.

ROCKINGHAM, ss. Probate Court at Exeter, in said County, Wednesday, Dec. 22d, A. D., 1858. Upon the foregoing petition, it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Exeter, in said County, on the Wednesday next following the third Tuesday of February next, at ten o'clock, A. M.; and that the Petitioner notify all persons concerned or interested therein, to appear at said Court, and show cause, if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court. By order of the Judge.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling P aces.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,
IT WILL BAKE QUICKER,
IT WILL WEAR LONGER,
THAN ANY RANGE IN MARKET.

Beuthe's Patent Spring Gun Animal Trap.

More certain of its prey than the most perfect Rifle in the hands of the most experienced marksman, without lessening the value of Pelts or Skins, as is the case in ordinary mode of shooting, it effects the capture of the animal either dead or (if preferred) alive; the barrels discharging themselves, simultaneously with the hooks imbedding themselves in the mouth.

It is simple, yet strong and perfect in its construction neither cumbersome nor difficult to arrange.

There are three different sizes, which will effectually operate on Mink, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

YOU HAD BETTER TRY
MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and world-wide reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and enjoyment, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to all, and offer to all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" in a BURN or SCALD, takes out the fire, soothes the inflamed pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the part smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A M Beck.

Indian Physician.

Dr. B. S. GOODWIN

Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, to here his practice consulted in all the Diseases that may is subject to, at his residence and office, No. 9 Market street. Dr. G. would respectfully invite all in need of medical advice to call on him.

ADVICE FREE.

Dr. Goodwin would assure all that his Medicines are purely Vegetable, and prepared by himself, and will invigorate, purify the blood, and eradicate all diseases from the system.

THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN. Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Urinary Orgnes, Dyspepsia, Fevers, Palsey, Fits, Gravel, Diarrhea, Cholera Morbus, Cancers, Dropsey, Worms, all Disease peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.

No Mercury! No Bleeding! No Blisters!

Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Materia Medica, the boundless Forest. Portsmouth, Oct. 14, 1858.

THE GREAT WONDER

Of The Nineteenth Century
PROFESSOR WOOD'S
HAIR RESTORATIVE.

Says the St Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press.

BATH, ME., Jan. 20, 1858.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what it had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certifiy to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy! as it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a resident of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.
BALTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854. I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Methodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DYER.

Brookfield, Jan 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to headache, to which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

YOURS TRULY, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These **Gums** remove all morbid or bad matter, and by their action on the liver, supplying in their place a healthy flow of bile, invigorating the stomach, causing the system to digest well, **purifying the blood**, giving tone and vigor to the whole machinery, removing the cause of the disease—effecting a radical cure.

One does often repeated is a sure cure for **Cholera Morbus**, and a preventive of **Cholera.**

Only one bottle is needed to throw out of the system the effects of medicine after a long course of calomel.

Bilious Attacks are cured, and, what is of more importance, the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents nightmare.

Only one dose taken at night, loosens the bowels gently, and cures costiveness.

One dose taken after each meal will cure **Dyspepsia.**

One dose of two teaspoonfuls will always relieve **Sick Headache.**

Only one dose immediately relieves **Colic.**

One bottle taken for **Jaundice** removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating prevents the appetite and makes the food digest well.

One dose, often repeated, cures **Chronic Diarrhea** in its worst form, while **Summer Complaints** yield almost to the first dose.

A few bottles will cure **Dropsy** by exciting the absorbents.

We take pleasure in recommending this medicine as a preventive for **Fever and Ague, Chills** and **Fevers**, and **Bilious type.** It operates with certainty, and without griping or nauseating to testify to its wonderful virtues.

All who use it are giving their unanimous testimony to its virtues.

Mix water in the mouth with the Invigorator, and swallow both together.

ONE DOLLAR PER BOTTLE.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now after *Five Years of the severest trial*, we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most confidently and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all prizes here have the right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year; all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2 50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Mercury*, Nashville *Gazette*, Atlanta *Intelligencer*, and New York Weekly *Day Book*. Write your address plainly, and direct to SAM'L SWAN & CO., Nashville, Tenn.

Prizes paid in full—no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18 1y

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of young men in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most invidable secrecy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of secret diseases, which he positively treated by empyrics have come under his care, and more than three-fourths of them number are incurable through the agency of quacks.

Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

The medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. They action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 diy

FRAUD.—The Boston Journal informs us that Amos Cummings, Jr., of Reading, Secretary of the Howard, Atlantic, and Tremont Loan Fund Associations, was arrested last week at the instance of the Directors of the first-named Association, for having loaned money contrary to the provisions of the charter, and for being unable to account for a considerable sum of money paid into the Association. Of about $153,000 received into the Howard, there are only $47,000 left to pay out. It is charged upon Mr. Cummings that he has freely appropriated the funds to his own uses, and that at the time of his arrest he was about leaving for Europe. It is said that the Howard and Atlantic Associations are about going into chancery on account of their extensive losses.

☞ The Aroostook Pioneer states that quite a large number of Friends, or Quakers, as they are popularly called, are about to make a settlement in the town of Fort Fairfield, in Aroostook county. Such settlement cannot fail to be of benefit to all parties. There is a law of order with the Friends which enables them to make their lives useful to themselves and to community. They never become paupers on public charity. They endeavor to illustrate by practical deeds and every day life, the advantages of doing justly, loving mercy, and walking humbly.

JUDGE EDMONDS AND SPIRITUALISM.—Judge Edmonds denies a statement that his faith in Spiritualism is beginning to waver. On the contrary, he declares that his belief is founded upon over eight years' careful investigation, and cannot be shaken by the "pretended exposure of knaves or fools," or by the "denunciations of those who have never investigated" the subject.

SCIENTIFIC CABINET SOLD.—Dr. William Prescott of Concord, N. H., has sold his valuable Cabinet of Natural History, for $3,000, to F. Merrick, Professor of Natural Science in the Ohio Wesleyan University at Delaware, Ohio. It will leave about the first of January. This is one of the most valuable cabinets of the kind in the country.

☞ The Presbyterian Church in Boston has lost its pastor, Rev. Mr. Laren. In his farewell discourse he urged them to sustain their mission, because Presbyterianism is needed as a balance wheel among the sects of Boston.

☞ The Yarmouth Port Register says it is estimated that $30,000 worth of mackerel have been taken by means of nets, in the lower part of the county, during the present fall and winter.

Gen. Case, in a letter dated Monday, while giving his reason for withholding the authoritative censure by this government of the proceedings at Bologna, in the case of the boy Mortara, says, as an individual he has no hesitation in expressing his surprise and regret at the deplorable occurrence in the Papal States, and that it is difficult to conceive how such an act of injustice could take place in the middle of the 19th century, and in the heart of Europe. The judgment of the world, he adds, will condemn it.

THE NEW CARPET SWEEPERS are all the rage. New patterns appear almost daily and if they are not "run into the ground," there is good reason to believe many of them will be "run into the *dirt*." We don't recommend an article that we know nothing about, but we know of some families that have half a dozen or less, self-acting carpet sweepers, either of which we would prefer to all the patented articles in existance. They wear calico and have red cheeks.—*Bath Times.*

PATENT AGENCY.
SAMUEL COOPER,
Late Principal Examiner of Patents in the United States Patent Office, at Washington,
HAS REMOVED THE OFFICE TO
WEBSTER BANK BUILDING,
13 EXCHANGE STREET, BOSTON.
PATENTS secured in the United States, and in all other patent granting countries. Specifications and drawings prepared. Caveats filed.—Reconsiderations procured, of applications that have been rejected upon imperfectly prepared papers. Interferences prosecuted. Re-issues and extension procured, and in general, all business connected with the Patent Office transacted with care and promptness.
British and other foreign patents procured through prompt and confidential agents in London and Paris.
Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.
He begs leave to refer those unacquainted with him to the following testimonials:—
From Hon. Chas. Mason, Commissioner of Patents.
U. S. PATENT OFFICE, Feb 23, 1855.
I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.
CHARLES MASON, *Commissioner.*
From the Examiners of the Patent Office.
The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.
HENRY B. REDWICK, L. D. GALE, S. H. LAWS, T. R. PALES } *Principal Examiners.*
THOS. T. EVERETT, F. SOUTHGATE SMITH, WM. C. LANGDON } *Assistant Examiners.*
From long acquaintance and intimate official relations with Mr. Cooper, I fully and heartily concur in the foregoing recommendation made by my late colleagues. W. P. N. FITZGERALD, *Late Principal Examiner of Patents*

Morning Chronicle.

SATURDAY, DECEMBER 25, 1858.

CHRISTMAS

Will be more generally observed in this city, to-day, than usual, both as a Christian Festival, and as a holiday, free from business and toil.

Besides the usual services of the morning, in the Episcopal and Catholic Churches, St. John's and St. Mary,—the dedication of the Stone Church, at the same time, 10 A. M. will doubtless call out a large assembly.

Many stores, in various lines, will not open,—and most, we presume, will be closed after a little morning business.

The good skating, sliding, and sleighing, will doubtless attract their several and numerous votaries.

Would that we could add, that religious services and innocent recreations would alone engage all our people; but the truth is, that the best occasions and the greatest blessings are too often abused. We hope for better things, however, and would gladly leave out the dark shades of life's picture were it not that truth and fidelity will put them in. The year hastens, and we pass with it, rapidly into the decline of days, and from it into the future life. May that be bright and glorious.

SCHOOLS.—The Augusta Journal says, "the School Committee of Bangor have recently refused a petition of citizens there to have the rule changed so that the schools in the winter shall close the morning session at twelve o'clock, instead of half-past twelve. Many of the citizens of Bangor take their dinner at twelve o'clock, and it is found inconvenient and troublesome to have children return after the dinner hour, and sit in solitude to partake of their dinner. It is said that the petitioners are mechanics, and therefore the inconvenience is of little moment compared with the half hour that would be lost. The time has been when that plea would not stand long in Bangor. The fact is that this little reform is only one of a long list that needs to be effected in that and other cities. We are, adds the Augusta paper, as has been stated, driving the children and youth, by excessive tasks upon the memory, not to thoroughness of education, but to early graves and insane hospitals. There ought not to be one hour of study allotted to children out of school hours, instead of such tasks being imposed as to consume all the evening and some of the hours of the night, amidst tears and groans that distress whole families. We have seen the grave opened too often to receive the remains of those who died from over-tasked powers by the educational system which ignores all that is human except the memory. The reform will come, but how many bright and precious ones are first to be sacrificed time only can reveal."

☞ At the special meeting of the New Hampshire Mission Society, held at Concord on the 15th December, the Resolutions passed at the Annual Meeting in Hampton were rescinded, and thirteen new resolutions passed, which do not present any new or remarkable features. The fact is, that the Society is doing all it can, without an increase of money and a wider field.

Mr. Clark, their State Missionary, thinks that of the 72 towns without Congregational churches, 19 only are accessible to such missions, among them, East Kingston, Kensington, Newington, Sandown, Danville and Fremont in Rockingham county; Lee in Strafford county, &c. But Rev. Dr. Stone, the Secretary, says:

From our knowledge of some of these towns, we should strike off at least three of them, as holding out no encouragement to the New Hampshire Missionary Society to send missionaries to them. There is not a spot in either of them large enough to lay the first stone in a foundation for a Congregational church, and if we mistake not, the same remark will apply to at least one-half of the remaining 16 towns.

The same gentleman says, that besides these 72 places, there are in all not far from 80 churches out of 191, which either are or may be aided by the Missionary Society, and which should be classed under the head of feeble churches.

☞ The Otis School House, in East Cambridge, was burnt on Thursday night. A large three-story building, probably destroyed by an incendiary—and there is some reason to think the great Quincy School House, in Boston, was burnt by the same means. There must be some anti-school fanatic handling the firebrands.

☞ There is a nugget of solid gold now in Fall River which weighs 14 oz. 11 pwts. 6 grs., and is valued at $262.12. It was dug at Sucker Creek, Oregon, by Mr. John Desmond, formerly of that city.

☞ Read Allen & Paine's advertisement.

☞ Opium eating is said to be a growing evil, not only in this country, but in England, where its consumption rapidly increases from year to year. It enters largely into the composition of the cordials, beers and liquors which are vended among the laboring classes. From inquiries made it is judged that very few persons under thirty years of age are addicted to its use, and that of the number who consume it, three-fourths are females.—Mothers and nurses use it largely in the fluid preparations of paregoric and Godfrey's cordial. The infants exhibited by beggar women in the streets never cry or fret, though always of a sickly appearance; they are stupefied by paregoric or Godfrey's cordial.

The effect of opium upon the system is said to be of a tonic, conservative influence, checking the waste of tissues, and favoring reparative processes. Hence a person using opium, or any of its preparations, will not require so much food. Its *primary* action, however, is upon the *nervous* system. The mind is exhilarated, ideas flow more quickly, and a peculiarly pleasurable sensation is experienced over the whole system. It sustains the strength far more than alcoholic beverages, and will enable men to undergo fatigue, privation and continuous exertion, of which they would not otherwise be capable.

But the *secondary* effects are *dreadful*.—"A total attenuation of body," says Oppenheim; "a withered, yellow countenance, a lame gait, a bending of the spine, and glassy, deep-sunken eyes, betray the opium eater at the first glance. The digestive organs are in the highest degree disturbed; the sufferer eats scarcely anything; his mental and bodily powers are destroyed—he is impotent." Only by rigid moderation in the use of the article can these effects be obviated. A person beginning the practice young, will seldom attain the age of forty.

CHOICE TERMS.—In the trial of the Bennett divorce case, in Connecticut, it appears that Mrs. Bennett was not content with calling her husband an "*old* devil," but she wantonly touched upon an infirmity of which a psychologist had vainly attempted to cure him, by calling the doctor a "*deaf* old dev . Her husband did not regard the rapid Horace Smith with favor, but Mrs. Bennett's feelings towards that young man were of an ardent nature, and she longed to be a widow that she might appear in society as Mrs. Smith.—Indeed, her desire was so strong in this respect that upon several occasions she wished the doctor dead, and was heard to say "it would be the happiest moment of her life to follow him to the graveyard;—that she would come back rejoicing."

As the case goes on, some shocking developments are made by the witnesses.—The alleged conspiracy against the doctor's purity, which Mrs. Bennett contrived, calling in the aid of a young woman, Sarah Newman by name, and anything but honest by station, who arrived from New York in silken attire, and armed with smiles innumerable, can hardly be mentioned with propriety. Suffice it to state, that the doctor's innocence remained unsullied, much to Sarah's mortification, who subsequently said in describing an interview with him—"the thundering old fool, he got up and went to the window and whistled." Mrs. Bennett was fond of the society of students, but the doctor appears to have had an admiration for his wife as constant as it was unrequited.

☞ Mr. C. H. Collagan, a portrait painter of West Newton, writes to the Boston Courier, giving an account of portraits of deceased individuals which he drew for Mr. J. V. Mansfield, a professor of spiritualism, who sold them to the relatives of the deceased as being *the work of spirits!* The pictures were drawn from daguerreotypes, or verbal descriptions elicited from the parties ordering them. The number thus palmed off upon credulous people seems to have been quite large.

☞ A scene of great confusion was created a few weeks ago, at the Italian Opera at Paris, by the sudden death of a lady in the boxes during the play. The piece was "Il Giuramento," and Graziana was about to stab Madame Penco, (on the stage,) when the lady, who proved to be Mme. Savory, a handsome and wealthy person of Bordeaux, suddenly fell dead in her box, from the rupture of an aneurism.

☞ A coal oil manufactory is to be started at Bath, Me.

CONGRESS.—In the Senate, on Thursday, a bill was introduced by Mr. Crittenden and referred, to regulate the manner of electing U. S. Senators. An unsuccessful attempt was made to take up the agricultural college bill. The Senate will meet in the new hall at the close of the recess.

In the House, a large number of bills and resolutions on various subjects were introduced and appropriately referred; among others were bills to repeal the English act for the admission of Kansas, to authorize the people of the Territories to elect all their officers, and a homestead bill. The civil, navy, legislative, executive and judicial appropriation bills were reported from the Committee on Ways and Means.

Both Houses adjourned to meet on the 4th of January.

LATER FROM CALIFORNIA.

NEW YORK, Dec. 23.—The steamship Quaker City is below. She has one hundred and twenty passengers, and San Francisco dates of the 6th inst.

The steamship Golden Gate, which left San Francisco on the 6th for New York, had $1,500,000 in treasure for New York, and $330,000 for England.

No arrivals from the Atlantic States were reported. Business was quiet. Light rains had fallen.

The friends of Senator Douglas at San Francisco and Sacramento fired a salute in honor of his success.

The census of Oregon shows that there are 42,850 inhabitants, and 9900 voters.—The Legislature was to meet on the 6th, when Gov. Douglas was to have been inaugurated.

The Governor of British Columbia had issued proclamations revoking the crown grant to the Hudson Bay Company, organizing the colonial government, legalizing his previous acts, and adopting the laws of England.

A severe shock of earthquake was felt at San Francisco on the 26th. It was accompanied with a gale of wind and freezing weather.

Col. Fremont had been ejected from the Mercer Mining Company.

A block of frame buildings was burned at Sacramento on the 2d inst.

There was much excitement at San Joaquin, in consequence of diamonds, rubies and opals being found there.

Whalers had arrived at Honolulu, with an average catch of 612 barrels of oil.

The frigate Saranac was at Guaymas, and the sloop-of-war Vandalia was at San Francisco, last from the Feejee Islands.

FROM EUROPE.—The Galway steamer Pacific, which sailed from that port on the 9th inst., arrived at St. Johns, N. F., on Wednesday.

The Bank of England has reduced its rate of discount 1-2 per cent.

A meeting of the shareholders of the Atlantic Telegraph has has been called to consider the condition of the affairs of the company.

The French government has decided to allow the appeal of Montalembert to go to the Superior Court.

There is a report that the Rising Sun is to be removed from Little River in Lisbon, to Richmond.—*Bath Times.*

That is a great move, certainly,—but *query*, whether it is to go *backward*, as the sun did in Joshua's time? *query*, also at whose bidding this Rising Sun goes? and *query*, third, what kind of a Rising Sun is it? a steamboat? a newspaper? or what? Short items, says Uncle Toby, are often very clever,—and then again, sometimes they are very droll.

FIRE AT MOULTONBORO'.—On Tuesday evening the saw mill of J. M. and Mark Huntress, at Moultonboro' Falls, was entirely destroyed by fire, together with shingle, clapboard and planing machines, and machinery for manufacturing rakes, owned by L. D. Bartlett, with a large amount of material. Messrs. Hantress's loss is $2500, and Bartlett's $1000; no insurance. It is supposed that the fire caught in the rake room.

☞ Hon. Wm. H. English publishes a statement to the effect that his collision with Montgomery was on his part wholly unpremeditated and without malice—an impulse based upon an unexpected and unprovoked indignity. He does not deny the details of the transaction as established by the witnesses, nor does he give any particulars or produce any testimony.

☞ The New Pension Bill, which was adopted in the House by a two-thirds vote, and will pass, is in substance as follows:

To give $96 per annum to those who have been in actual battle, without regard to the period of service, and include within its provisions the regular army, State and Territorial troops, volunteers or militia, together with the Marine corps. The pensions are secured against attachments for debt.

In the event of the death of a pensioner, his widow is to receive the pension during her natural life. The pensions are regulated as follows: For twelve months' service and upwards, $96; for six months and upwards, and not exceeding twelve months, $75; and for sixty days and upwards, and not exceeding six months, $50 per annum.

THE GROVER & BAKER

SEWING MACHINE CO.,

18 SUMMER STREET, BOSTON,

Having greatly increased their facilities for manufacturing, offer the CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE;

PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made,—that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn how to use them, and keep them in order. They make upwards of FIFTEEN HUNDRED STITCHES A MINUTE, and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States, who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

SPECIAL NOTICES.

CONVULSIONS.—Spasmodic symptoms, whether depending on functional derangement, or a disease of the nervous centres, are happily modified by the tonic and alterative power of the PERUVIAN SYRUP; the terrifying convulsions cease, and order is restored by removing the exciting cause, and the prevention of the predisposition.

TESTIMONY.—Dea. J. B. N. Gould, Niles' Block, Boston, says Dr. Clarke's Sherry Wine Bitters have done his family more good than any others they ever used. They are essentially a very valuable medicine. Mr. J. H. Thacher has a fresh stock. 424

R. R. R.

WHY SUFFER WITH PAIN?

When we are sick, the human system is in an unnatural condition. The longer the body is afflicted with disease, the greater time will be required to restore it again to its natural state of health. We believe in curing the sick as quick as possible, and not to let the victim linger in pain. The **R. R RELIEF** remedies are prepared on this principle. No useless time is wasted, for the very moment they are taken, or applied, a great change in the sick one's body takes place. If there is pain, or nervous irritability, or Rheumatism, Neuralgia, Diarrhea, or Pains of any sort, R. R. Relief, in an instant, telegraphs its pain-relieving influence to every part of the diseased body. The lame, the cripple, the stiff-jointed, have felt its effects in a few seconds, for it imparts strength to the weak, emaciated, and feeble parts. The Renovating Resolvent will cure the most obstinate cases of Scrofula, Syphilis, Blotch, Nodes, Tumors, Ulcers, Bad Coughs, &c., in an incredibly short time. And the R. R. Regulators regulate every organ to a healthy action. Let not the sick linger in pain. The **R. R. R.** will raise you from your bed of suffering in a few hours.

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, and in all cases proves to attending operas and parties.

The original recipe has been purchased by the present proprietor, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

THIS GIN, Distilled in London, from sound Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and is the most valuable restorative of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STONE, DISEASES OF THE URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., whilst the weaker sex will find its adoption a sure relief from those distressing annoyances which frequently attend their delicate organizations.

Dr. Valentine Mott, of New York, the eminent medical authority, pronounces Charles's London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted for residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in quarts at seventy-five cents, and in pints thirty-eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—New Drugs in Increase.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 1 Cornhill; S. R. Pecker, 20 Hanover st; J. Morse, 138 Blackstone st; M. Davis & Co., 51 Blackstone st; T. ORTHODOX IN THE PULPIT, AND HETERODOX OUT.—It was with surprise that some received the announcement that Rev. Henry Ward Beecher would deliver one of the course of *Fraternity* lectures in Boston.—That course of lectures was understood to originate with the society of Rev. Theodore Parker. The fact that Mr. Parker was to deliver four lectures of the course, and the additional fact that the other lecturers generally engaged for the course, were in sympathy with Mr. Parker, gave an infidel aspect to the whole. Why, then, should Mr. Beecher consent to become associated with the (French?) *Fraternity?*

It was imagined by some that Mr. B. thought it wise to avail himself of an opportunity to impress correct sentiments upon those who were accustomed to Mr. Parker's teachings.

Great, then, was their surprise, on reading in a report of the lecture, that Mr. Beecher expressed the sentiment that "selfish men always believe in total depravity"—which sentiment elicited *great applause.* If this expression was used by the lecturer, how can it be considered as anything short of treachery to the *Preacher's* professed pulpit sentiments? and treachery under the worst of circumstances?

The reported expression legitimately conveys the inference that a belief in total depravity is the result of one's own selfishness—and "the applause" showed that the speaker was understood as stigmatizing believers in the doctrine, rather than in any way supporting that doctrine. In Worcester, also, where Mr. Beecher delivered the same lecture a few evenings afterwards, he was understood to convey the idea that he was not a believer in that doctrine. If Mr. B. is Orthodox in the pulpit, he should feel that his responsibility does not end when he exchanges the pulpit for the rostrum.—*Congregationalist.*

This looks like setting Mr. Beecher over to the heretics, as the Lecompton men in Washington set Forney and Douglas over to the "black republicans."

☞ The correspondent of the New York Evening Post has the following political item:—

"Among the Presidential movements now going on is one having for its standard bearer ex-President Pierce. It is stated, upon good authority, that Mr. Pierce was sent abroad to avoid the clamor of politics in the United States, and to remain away until 1859 or 1860, when he will re-enter his country, and landing at a southern port, make a tour north, stopping, of course, for the spontaneous demonstrations which may be gotten up on his way at the principal cities in the Southern States."

The Mayor of Portsmouth, Va., is taking measures for the arrest of every one who is heard swearing in the street.

The Georgia Legislature has adjourned *sine die.* The bill to prohibit the marriage of first cousins was lost.

Stage lines from Bath to Brunswick, and from Portland to Saco, are competing successfully with the railroads.

In Wisconsin they call a bribe a "pecuniary compliment."

MARINE CHRONICLE.
PORT OF PORTSMOUTH.

Brig Whitaker, Leighton, sld fm Georgetown, S. C., 15th, for this port.

WASHINGTON, Dec. 23.—The Catholic priest who opened the Senate with prayer to-day, was Father Boyle of St. Patrick's church, this city. The Senate was full of priests in the dress of surplice and cassock. It is the first occasion since the foundation of the government, that the entire vestments of the Romish clergy have been seen in either Chamber. The Rev. Father read from the breviary Bishop Carroll's prayer for those in authority. The Chamber happened to be crowded, and much interest and curiosity was manifested, with every appearance of devotion in the Senators and spectators.

NEW YORK, Dec. 23.—Ship Daniel Webster, from London, arrived here to-night, fell in with the British ship United Kingdom, of Belfast, from Quebec Nov. 14, in latitude 50 17, longitude 29 30, and rescued the captain, officers and crew, 29 in number. Although it was blowing a gale, she hove to under the lee, and took all off and brought them to New York. The United Kingdom had at the time five feet water in the wells, and leaking three feet per hour. The crew were exhausted by labor at the pumps, and the ship almost unmanageable.

☞ There was something like a Tariff victory achieved in the United States Senate on Monday last—that body having by a vote of 26 to 23, voted that American iron, exclusively, should be used in building the Pacific Railroad! This vote should be passed to the credit of the late Pennsylvania election.

☞ The wife of Hon. Freeman H. Morse, M. C., of Bath, Me., slipped on the ice in that city on Wednesday, and broke the small bone of her leg a few inches above the ankle joint, and also broke the inside of the joint itself, thus making a very complicated injury.

☞ The Memphis Avalanche of the 15th inst. notices a sale of 1520 bales of cotton for $77,000, being the largest single sale ever made in that city.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,
IT WILL BAKE QUICKER,
IT WILL WEAR LONGER,
THAN ANY RANGE IN MARKET.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and world-wide reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty they owe to the public for their generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and effectual, and all those troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, SORES, FILES, and like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" is a BURN or SCALD, takes out the fire, soothes the smarting pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using **"My Mother's Salve"** are simple. Every mother knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A.M. Beck.

Reathe's Patent Spring Gun Animal Trap.

More certain of its prey than the most perfect Rifle in the hands of the most experienced marksman, without lessening the value of Pelts or Skins as it throws no ice is ordinary mode of shooting, it effects the capture of the animal alive then dead or (if preferred) alive: the barrels discharging themselves, simultaneously with the hooks imbedding themselves in the mouth.

IT is simple, yet strong and perfect in its construction neither is it cumbersome nor difficult to arrange.

There are three different sizes, which will effectually operate on Mink, Woodchucks, Otters, Wildcats, Lynx, Foxes, Wolves, Deer, Panthers, Tigers, Bears, Buffaloes, etc.; in fact, on all animals which repay hunting.

THE GREAT WONDER

Of The Nineteenth Century

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have the effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, ME., Jan. 20, 1856.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third, while my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now say to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy; as it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above is freely given due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a native of this city, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly yours, A. C. RAYMOND.

BATTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and in words can express my obligations to you for giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DUNN.

Brookfield, Jan. 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood: and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.

These **Gums** remove a all morbid or bad matter from the system, supplying in their place a healthy flow of bile, invigorating the stomach, giving tone and health to the whole machinery. In removing the cause of the disease—effecting a radical cure.

Bilious Attacks are cured, and, what is seldom prevented with the occasional use of the Liver Invigorator.

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

Only one dose taken before retiring, prevents **nightmare.**

One dose taken at night, loosens the bowels gently, and cures **costiveness.**

One dose taken after each meal will cure **Dyspepsia.**

One dose of two teaspoonfuls will always relieve **Sick Headache.**

Only one dose immediately **relieves Colic.**

One dose often repeated is a sure cure for **Cholera Morbus,** and a preventive of **Cholera.**

Only one bottle is necessary to clear out of the system the effects of medicine after a long sickness.

One bottle taken for **Jaundice** removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating prevents languor in the appetite and makes the food digest well.

One dose, often repeated, cures **Chronic Diarrhœa** in its worst form, while **Summer and Bowel Complaints** yield almost to the first dose.

A few bottles will cure **Dropsy** by exciting the absorbents.

We take pleasure in recommending it as a medicine as a preventive for **Fever and Ague, Chill Fever,** and all **Fevers of a Bilious type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Mix water in the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of tarr and Deany attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest climates,* invite the particular attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects it is confidently asserted that ITS EQUAL IS NOT KNOWN!

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most confidently and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered,* and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and are carefully that the business conducted with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to make orders for tickets in any of the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes are from $40 to $20,000; every prize being drawn, and result of drawing forwarded to all purchasers.

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta, Mobile Register,* Charleston *Courier,* Nashville *Gazette,* Atlanta *Intelligencer,* and New York Weekly *Day Book.* Write your address plainly, and direct to S. SWAN & Co., Augusta, Georgia.

Prizes paid in full, and the percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m181y

DR. J. B. HUGHES,

KNOWING that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, are constrained to make, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of obstinate disease have been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

Patients treated by mail or addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

To the Hon. Judge of Probate for the County of Rockingham:

Respectfully represents Susan T. Dennett, of Portsmouth, in said County, that she is the widow of Mark Dennett, late of said Portsmouth, deceased; that said Mark Dennett died seized of certain Real Estate situated in said Portsmouth, to wit: a Farm or tract of land containing one hundred and eight acres, more or less, bounded as follows, viz: northerly, by land of William Rosch and others; by land of heirs of Aaron Hodgdon and land of Butterfield Carkin, east, by land of Butterfield Carkin, by the lane leading to said Farm on North Road, so called, the land of Benjamin Murray and land of Benjamin Hodgdon; southerly, by land of Benjamin Hodgdon and land of Wm. Rosch and others; westerly, by land of William Simes and others, and of Wm Rosch and others; together with a Dwelling House, Barn, and other out-buildings thereon; which property at the time of the said Mark Dennett's death, and long prior thereto, was occupied by him and your petitioner, as his wife, as his and their home and dwelling; that your petitioner has continued to occupy the same as her home and dwelling, ever since the decease of her said late husband, and that she has never waived or relinquished her right of homestead therein;—Wherefore she prays that a homestead to the value of Five Hundred dollars may be assigned and set off to her out of said Estate, agreeably to the provisions of the act of 4th of July, 1851.

SUSAN T. DENNETT,
by her Attorney, J. M. EDMONDS.
Dated December 22, 1858.

ROCKINGHAM, ss. Probate Court at Exeter, in said County, Wednesday, Dec. 22d, A. D., 1858.
Upon the foregoing petition, it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Exeter, in said County, on the Wednesday next following the third Tuesday of February next, at ten o'clock, A. M.; and that the Petitioner notify all persons concerned or interested therein, to appear at said Court, and show cause, if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court. By order of the Judge.

American and Foreign Patents.
R. H. EDDY, solicitor of Patents,
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
No. 76 State st, oppo. Kilby st, Boston,
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britian, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
TESTIMONIALS.
I regard him as one of the most capable and succesful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents."
Boston, February 8, 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.
R. H. EDDY.

TUESDAY, DECEMBER 28, 1858.

FRAUDS IN COTTON.—The verdict of the coroner's jury, given in Lowell, on the Irishman killed in the Massachusetts mill, reveals the fact already known to many that nearly all the bales of cotton opened there are found to contain from 8 to 12 per cent of sand, gravel, &c., and not unfrequently nails, friction matches, and other substances which are liable to strike fire in the machines used. The jury probably did not deem it their province to state how these substances get into the cotton, but they might have stated truly that they are put in by the Southern producers to increase their weight. This fraudulent adulteration frequently diminishes the value of a single bale some $60. The Advertiser says that single stones weighing 28 pounds have been found in these bales, which sell at from 11 to 16 cents a pound to our manufacturers. The object of the intermixture of matches is not so evident, unless it be to destroy the bales and thus increase the demand for the article. This wholesale fraud is *murderous* as well as knavish, as is proved by the loss of life just caused in the Massachusetts Mills, and at least two other fires caused within a week in the same manner, by which lives were imperilled, though providentially preserved. It is time, says the Lowell News, that a general protective movement be made by all those whose lives and property are thus daily put in danger.

THE ORGAN GETTING BOLD.—The Washington Union thinks it "highly probable that a cargo of slaves have been landed in one of the States of the Union." It also declares that in the case of the slaver Echo our institutions have failed—"failed to the extent of screening instead of punishing offenders." Recurring to the Wanderer's proceedings, the Union infers that they have been in accordance with the public opinion of Georgia, and says: "We need not express the horror and disgust of an honest, law-abiding people at such scenes of recklessness, depravity and fanaticism." This is strong language, but very just, says the Boston Journal; and we wonder how the official organ ever mustered up the courage to use it. But perhaps the desperate situation of the Democracy, caused by its devotion to the slaveholders and their treacherous repayment, makes silence impossible for the time. We want to see, however, what the administration will do about it.

SHARPENING THE EDGE.—Mr. Washburn, of Wisconsin, seems to have been very little concerned at the belligerent menaces of Mr. Shorter of Alabama. On Monday he rose to correct the reports of the debate, which had made him say: "I have no doubt the citizens of Alabama are brave, as has been illustrated by their Representatives here to-day." He declared that he did not use the plural, but referred to Mr. Shorter alone. The latter appears "willing to accept the amendment."

CONFESSIONS OF A TABLE MOVER.—Mr. Geo. P. Paine of Worcester, who has for a long time been known as a powerful "physical medium," and has made hundreds of converts to spiritualism by his manipulations, has, according to the Evening Post, made a public confession in New York that he has cheated from the beginning, deceiving his wife and most intimate friends. He declared his belief that most of the reputed spiritual phenomena are sham, although of opinion that some of them are real. Mr. Paine exhibited a piece of No. 2 wire as the veritable apparatus by which he had moved tables, and converted hundreds to Spiritualism. Mr. Paine's confession was hastened by a sharp examination of his manifestations by Mr. Coles, a former medium, Smith, the razor strop man, and another gentleman, who cornered him, and he owned up. Paine says he resorted to deception to meet deception, and ultimately expose it.

David Merrill of East Boston has been in jail over three years, awaiting trial for the alleged murder of his wife, and the government has decided to discontinue proceedings against him. What redress has Merrill for three years of punishment before conviction?

He has none: but it is not quite certain whether he has been in jail a long time innocent, or whether a guilty man goes clear of the rope.

Some of the Lynn shoe manufacturers are now making to order large quantities of ladies' skating boots. They are made thick and strong, and cut to reach above the ankle.

NAVAL.—U. S. Store-ship Release, (Lieut. Parker) from New York for Paraguay was spoken on the 23d of November, in Lat. 23°, Long. 36° 30, 22 days out, all well. A letter from an officer of the Release, dated at sea, Nov. 24, remarks: "We are just twenty-three days out to-day, and are certain of having a very long passage to Buenos Ayres. We have had a very tedious time; the first part continual calms, and for the last week nothing but calms."

Lieut. Commanding William H. Macomb, and Lieuts. Moore, Fairfax, and Chilley, ordered to the steamer Metacomet, chartered for the Paraguay expedition, have arrived at Pensacola. The Metacomet has also arrived there from New Orleans, and will shortly be ready to sail.

U. S. storeship Relief sailed from Aspinwall, Dec. 7, for New York.

U. S. frigate St. Lawrence and Corvette Falmouth were at Rio Janeiro, 11th ult.

☞ Mr. Adams is engaged in a tour through Cheshire county, giving Temperance Lectures. In Swanzey 120 came forward and signed the pledge; in Chesterfield Factory Village, 50; in Westmoreland a large number; in East Jaffrey 50; in Chesterfield Centre 100; in Walpole a good number. In most of the towns they are making arrangements for a permanent organization. The results thus far have been such as to cheer the hearts of the friends of temperance. God bless the efforts of all engaged in the glorious cause of humanity.

CORONER'S VERDICT.—The Lowell News says that the coroner's jury in the case of James Brannon, one of the victims of the explosion on the Massachusetts corporation, finished their sittings and returned the following verdict:—

That the said James Brannon came to his death on Monday morning, Dec. 20th, 1858, between half-past 8 and half-past 10 o'clock, from injuries received by the fire and explosion, which occurred on the Massachusetts corporation, about two hours previous to that time, while he was at work in the picker-house, on said corporation; and the jury find from the evidence before them that the fire, explosion and loss of life were caused by the revolving steel knives of the beater coming in contact with some hard substance which was in the cotton then being worked thro' the opener, so called; and the jury further present, from the evidence before them, that in nearly all the bales of cotton opened is from 8 to 12 per cent. of sand, small stones, &c., and frequently nails, friction matches, and other substances, which are liable to cause fire and other damage, while being worked through the necessary machinery to prepare it for the card room.

THE LIQUOR CASES.—Heretofore, in this county, conviction has been the exception and acquittal the rule, in all trials under the liquor law. The juries of the present Court of Common Pleas reverse this, and render verdicts with great fidelity to the facts presented in each case, without regard to their own opinions as to the constitutionality or propriety of the law.—On Saturday, Edward Fitzgerald of Chicopee was convicted of keeping liquors with intent to sell. The defense in this, as in the similar case of Elihu H. Blood, tried before, was that the liquors belonged to other parties. One witness testified directly in the Blood case that the liquors belonged to him, and in convicting Mr. Blood the jury therefore indirectly convicted this witness of perjury.—*Springfield Republican.*

ALTERATION IN GEORGIA LOTTERY LAWS. *Augusta, Ga. Dec.* 23.—At the recent session of our Legislature, some important laws were passed in relation to the subject of lotteries. In the amended tax bill, it is provided, section 3d, that each manager of any lottery, authorized by the laws of this State, shall pay to the State Treasurer $1000 annually, free of all costs of collection; and in case of failure to pay the same, the said manager or his agent, shall be subject to the same penalty and collection of taxes as is now provided for defaulting Banks. An act was also passed, providing that from and after the 1st day of June, 1860 all laws and parts of laws authorizing lotteries in the State of Georgia or the vending of lottery tickets in said State be, and the same are hereby repealed.

The Boston Advertiser understands that Mr. John Sibley, the librarian of Harvard College, has been for many years collecting materials for a complete and elaborate biography of all the graduates of that institution, and that it will be published as soon as practicable.

Moses Bailey, an employee at the Washington foundry, Baltimore, Md., was roasted alive on Tuesday. He was sent into the cupola to attend to something, and fell into the furnace, overcome by the fumes of the charcoal.

A negro boy, thirteen years old, the property of John C. Houston, near Harrisburg, Va., attempted to poison the whole family, by putting arsenic into the coffee. All were made sick, but their lives were saved by the use of remedies.

☞ In Minnesota where the aggregate population is 150,000, there are 25,000 more males than females, and 22,398 naturalized to 26,737 native voters.

FROM EUROPE.

NEW YORK, Dec. 26.—The steamship Kangaroo, from Liverpool 8th, arrived at this port this afternoon. Her news is mainly anticipated by the Pacific, at St. Johns N. F.

The Irish potatoe crop is the finest since 1840.

A local telegraph system, on the most extensive scale, is projected in London.—Messages are proposed to be delivered within a radius of 4 miles of Charing Cross for four pence for ten words.

At Lyons, the speculators who brought up a large portion of last year's silk crop have been forced by the abundant supply this year to sell at a great loss.

A Berlin dispach says Baron Humboldt was dangerously ill.

THE PRACTICAL GOOD OF IT.—In refering to the purchase of a slave recently landed on the coast of Georgia the Augusta Dispatch asks and answers as follows:

The question has often been asked, What practical good can result from the agitation of the revival of the slave trade? We point to this cargo of sturdy laborers, delivered from the darkness and barbarism of Africa, to be elevated and christched on our soil. We point to the price paid for this jolly son of the jungles, and compare it with the exorbitant prices paid for the fancy and less valuable negroes here. And we claim that these results are the beginning of the blessings to flow in upon the South from the fearless advocacy of the revival of the slave trade by one or two independent presses in this State and South Carolina. This trade may be called piracy, by a false construction of a foolish law, but the day will come when the South will make it the right arm of her legitimate commerce. And then there may be some chance for even us poor editors to own a sooty skin or two. Who knows?

"BLOODY AND BRUTAL" DOCTRINE.—The "Bloody and Brutal" doctrine of Gov. Seward, says the Providence Journal: That in process of time and by the free agencies of civilization the superiority of free labor over slavery would be vindicated, and that people would everywhere learn that the toil that is sweetened by the hope of reward is the most profitable as well as the most honorable, was not by any means first advanced by him. The same "bloody and brutal" sentiments were declared by George Washington and Thomas Jefferson. The following is from a letter addressed by Washington to Lafayette, in 1798:—

"I agree with you cordially, in your views in regard to negro slavery; I have long considered it a most serious evil, both socially and politically, and I should rejoice in any feasible scheme to rid our States of such a burden.

The Congress of 1789 adopted an ordinance which prohibits the existence of involuntary servitude in our noth-western territory forever. I consider it a wise measure. It met with the approval and assent of nearly every member of the States more immediately interested in slave labor. The prevailing opinion in Virginia is against the spread of slavery into the new territories, and I trust we shall have a confederacy of free States."

☞ Mrs. Sigourney and Mrs. Senator Dixon arranged a series of tableaux at Hartford, Conn., for Christmas, representing scenes in the life of Washington, beginning with his childhood, the story of the hatchet and the cherry tree, in which the children will take part, with other scenes from his youth. Proceeding on to more romantic and sentimental affairs, they represented his wooing of the fair widow Custis, while his steed stood waiting at the gate.

NEW YORK, Dec. 27.—George W. Burr, clerk of the New York Central Railroad, was instantaneously killed on Christmas day while attempting to leap from a ferryboat before she had touched the pier.

THE GROVER & BAKER
SEWING MACHINE CO.,
18 SUMMER STREET, BOSTON,
Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale
A NEW STYLE MACHINE;
PRICE $50.
It is no longer questioned that these Machines are the best in use for family sewing. They HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so vivid and simply made,—that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which
A CHILD OF TEN YEARS
may readily learn how to use them, and keep them in order. They make upwards of FIFTEEN HUNDRED STITCHES A MINUTE, and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of ONE CENT AN HOUR.
Is there a husband, father, or brother in the United States, who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

SPECIAL NOTICES.

CONVULSIONS.—Spasmodic symptoms, whether depending on functional derangement, or a disease of the nervous centres, are happily modified by the tonic and alterative power of the PERSIAN NERVINE; the terrifying convulsions cease, and order is restored by removing the exciting causes, and the prevention of the predisposition.

TESTIMONY.—Drs. J. B. N. Gould, Niles Block, Boston, says Dr. Clarke's Sherry Wine Bitters have done his family more good than any others they ever used. They are essentially a very valuable medicine. Mr. J. H. Thacher has a fresh stock. d24

R. R. R.
WHY SUFFER WITH PAIN?
When we are sick, the human system is in an unnatural condition. The longer the body is afflicted with disease, the greater time will be required to restore it again to its natural state of health. We believe in curing the sick as quick as possible, and not to let the victim linger in pain. The **R. R RELIEF** remedies are prepared on this principle. No useless time is wasted, for the very moment they are taken or applied, a great change in the sick one's body takes place. If there is pain, or nervous irritability, or Rheumatism, Neuralgia, Diarrhea, or Pains of any sort, R. R. Relief, in an instant, telegraphs its pain-relieving influence to every part of the diseased body. The lame, the cripple, the stiff-jointed, have felt its effects in a few seconds, for it imparts strength to the weak, enervated, and feeble parts. The Renovating Resolvent will cure the most obstinate cases of Scrofula, Syphilis, Rickets, Nodes, Tumors, Ulcers, Bad Coughs, &c., in an incredibly short time. And the R. R. Regulators regulate every organ to a healthy action. Let not the sick linger in pain. The **R. R. R.** will raise you from your bed of suffering in a few hours.
R. R. R. Office, 162 Fulton street, New York.
N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.
Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square fach of the skin, which, becoming diseased, prevents them from discharging their constituents, thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.
The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It will remove in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.
THE ORIGINAL AND ONLY LONDON GIN IMPORTED. THIS GIN, Distilled in London, from sound Barley, under the surveillance of the British Excise, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of many eminent men, the purest and safest stimulant or diuretic thing in use.
It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.
Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GENERAL DEBILITY, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c. Even the weaker sex will find by its adoption a sure relief from those distressing annoyances which frequently attend their delicate organization.
Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any others, but the best article of the kind he has ever seen."
It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and climate.
For sale in quarts at seventy-five cents, and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE OTHER IS IMPORTED.
May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 1 Cornhill; E. Pecker, 20 Elm st; J. Moran, 116 Blackstone st.; M. DEDICATION.

The Stone Church in this city, (Rev. Dr. Peabody's) was dedicated on Christmas day, with appropriate services. The music was by a large choir, accompanied by the fine new organ.

The reading of the Scriptures and opening prayer, were by Rev. Dr. Lamson, of the Baptist Church, and the Sermon and Dedicatory Prayer by Rev. Dr. Peabody, the pastor. A very large audience were present on the occasion.

The building has undergone extensive alterations the past season; seventeen feet have been added to the length; and new circular black walnut pews now take the place of the old-fashioned square wall pews and large aisle pews with doors.

The interior has been entirely remodelled, and replastered with a beautiful paneled ceiling; the walls are ornamented with pilasters, surmounted with corinthian capitals and cornice, and tinted so as to leave the pilasters white, which gives greater apparent height to the ceiling.

The organ, which is one of the best in the country, is placed behind the pulpit, with ante-rooms on either side for the accomodation of the Pastor and the Choir, and passages leading to the street in the rear of the church. Over the organ there is a beautiful canopy supported by corinthian columns. Tablets bearing appropriate inscriptions are placed over the doors leading to the ante-rooms on either side of the organ.

The choir is separated from the pulpit platform by a heavy balustrade of black walnut. The pulpit is of black walnut, in the form of a pedestal with rich carved trusses on either side, while the front is a moulded panel bearing a shield, surmounted with foliage.

On the right hand of the pulpit and level with it, is the communion table, also of carved black walnut, with a white marble top. On the left hand is one of the most beautiful white marble fonts in the country.

The font is a gift to the Society, from Wm. Sheafe, Esq., to whose generosity they are much indebted for aiding liberally in making the present improvements. The pews are furnished with cushions, and the church is carpeted throughout.

The carpets for the choir and pulpit platforms and the Pastor's room, are a present from Wm. P. Jones, Esq., of this city.

The organ was built by E. and G. G. Hook of Boston, and cost about three thousand dollars. The font was executed by Jos. Carew, of Boston, from an original design. The designs were furnished by S. S. Woodcook, Esq., architect, of Boston, whose ability as an architect has been well sustained in this building, as well as in the new Rockingham Bank of this city.

The plastering and stucco work were done by John Mack of Dowell; the carpenter work by George Hanson of Maldon, and the mason work by Thomas J. Whidden of Boston. This church is now one of the finest, and largest in Portsmouth.—Its entire length is about one hundred and twenty-five feet, by sixty-six feet wide.

☞ Edwin Burnham will preach at the Advent chapel Tuesday, Wednesday, Thursday and Friday evenings. Friends interested are invited to come and hear—particularly those who heard his last lecture in the Temple last spring.

MUTUAL IMPROVEMENT TEMPERANCE SOCIETY.—There will be a temperance lecture in the Academy Hall, on Wednesday evening, the 29th of December, by Rev. Dr. Peabody, commencing at 1-4 before 8.

☞ Prof. Grimes, the Physiologist, lectures in the Temple, this evening, on and against Spiritualism; and from his general success and mental power, will interest his audience.

☞ The Robinson Sisters are to give a Concert at the Temple, on Thursday evening.—The Rockland, Me., Gazette, after their concerts in that neighborhood, commends their performance, and says,—

As pleasing vocalists, we bespeak for the generous patronage of the public where they may appear, and as young ladies whose personal worth renders them deserving of any favors which may be bestowed upon them, we commend them to the courtesies of our editorial brethren, wherever a kind word from the press may do them service.

☞ The Catholic Fair commences at Jefferson Hall this evening. The object for which it is held will doubtless ensure its success.

Joseph Cressey, in undertaking to walk from Bennington, Vermont, to Woodford, on Sunday night week, fell in the snow, from too much drink, and perished almost immediately, though his brother was with him.

CONDITION OF THE EASTERN RAILROAD.—During the three years previous to May 31, 1858, the whole debt of this company was reduced in the sum of $770,307 06.—The whole debt, May 31, 1858, was $2,367,487. The whole debt, Dec. 22, 1858, was $2,077,000—a reduction, in seven months of $290,487. This company owns lands in East Boston to the value of $300,000. If the city should free the East Boston Ferries, it must have the effect of increasing the value of this property, and the company would gladly avail themselves of an opportunity to sell at reasonable rates, and use the proceeds to reduce the debt.

This road, under the superintendence of Mr. Prescott, seems to be managed very efficiently, and is now doing an excellent passenger and freight traffic. The directors and superintendent, in arranging their trains for both winter and summer, endeavor to accommodate the local travel; and the result is a general good feeling along the line towards the corporation.—The employees of the company are civil, hard-working men, and seemingly are interested in the success of their employers. When there is a good understanding between the community and the railway company, and between the company and the men it employs, it seldom happens that it does not do a good business.—*Traveller.*

WASHINGTON, Dec. 27.—Government has advices that the schooner Susan has returned to Pensacola, having landed her cargo of fillibusters at a rendezvous, undisturbed. Telegraphic orders have been sent to detain her, but they are anticipated.—*Boston Journal.*

The correspondent of the Tribune states that there has recently been a free interchange of views among many leading Republican Senators and Representatives, and they came unanimously to the opinion that parties and politics are so shaped in this Congress that nothing will be done during the session concerning the Pacific railroad or a modification of the tariff.

☞ The sleeping room of Mr. G. W. Powers, proprietor of the hotel at Orford, N. H., was entered on the night of the 15th inst., and robbed of $350 in money, and papers of the value of $1000.

THE

BAY STATE RANGE.

The subscriber invites the attention of the public to THE BAY STATE RANGE, a new cooking apparatus of great capacity, having

Two Large Ovens

AND

Six Boiling Places.

The Ovens will bake SIXTEEN LARGE LOAVES OF BREAD AT ONE TIME—and are superior to any Stove Oven for Roasting Meats.

A Water Back can be added to the Range, with which a barrel of water can be kept boiling without any increase of fuel.

THE RANGE IS

PERFECT IN ITSELF,

and can be set in a chimney or out in the room as is most convenient.

It will warm the coldest kitchen in the city, and an extra room if desired.

Wood or Coal may be used for fuel, the castings being of

DOUBLE THICKNESS,

will resist the action of a coal fire and the abuse of servants.

The Range has been in use since March, and operates finely:—

HEAR WHAT A PURCHASER SAYS OF IT.

"I am delighted with the Range, it will perform so much at once.

I can do more cooking with it in an hour than I can with my Stove (a large one) in half a day, and with much less fuel too.

The ovens are splendid. I have baked flour cakes in them in twelve minutes, with a coal fire.

In fact, IT IS PERFECT—and I would not part with it, if unable to replace it."

Please call and examine the Range; it will be found to verify all that is said in its praise.

Housekeepers Buy One,

AND

SAVE

Your Time, Labor and Fuel.

ITS ADVANTAGES ARE NUMEROUS.
IT COSTS LESS,
IT OCCUPIES LESS SPACE,
IT REQUIRES LESS FUEL,
IT WILL KEEP FIRE LONGER,
IT WILL DO MORE WORK,
IT WILL BAKE QUICKER,
IT WILL WEAR LONGER,
THAN ANY RANGE IN MARKET.

TRIAL OF ATTENTION.—A day or two since, in Cincinnati, a rather "hard case" took it into his head to frighten his wife, and see if she cared as much as she ought to about him. He accordingly purchased some arsenic, and threw it away, but retained the paper which contained it, on which was printed the word "arsenic."—After he got home he went to bed, previously placing the paper on a stand beside him, so that it would not fail to meet the eye of his wife, who shortly noticed it, and asked him rather coolly if he had swallowed the arsenic. He made reply that he had, and that he didn't suppose he could live half an hour. The wife "smelling a rat," merely remarked that she did not suppose he was such a big fool as to kill himself, but she reckoned it couldn't be helped now—it was no use in her getting her feet wet in going for a doctor, as she didn't suppose he could do any good if he came.

The husband jumped from the bed in a rage, and told her he had only made believe he had taken poison, to try her affection for him, and he was now perfectly convinced that grief for his death would never kill her. So enraged was he that he struck her, and raised such a disturbance that the neighbors came in, and had him arrested; and the result was, that he was taken before Judge Pruden, and sentenced to a term of imprisonment for committing an assault and battery upon his wife, who simply declined going into "hysterics" in expectation of his sudden death.

CURIOUS NEGRO LABOR.—Most of the loading and discharging at Rio is done by lighters—there being but one wharf. The merchandise is conveyed from the lighters to the shore by negroes, who wade up to their middle in the water, carrying the goods on their heads. On shore, these fellows walk in a long procession, singing a monotonous song. They seem to prefer carrying burdens on their heads—transporting the very heaviest articles in this way. I have seen as many as sixteen men carrying a pianoforte, locking step as they walked, and all joining in the song, which in this case was of real importance as it enabled them to keep step. It is said that when the railway to Petropolis was being built, the negroes insisted on carrying the hand-barrows which were furnished them, on their heads, turning the wheel in front with the hand in time to the song.—*Minturn's New York to Delhi.*

DEATH OF AN INVENTOR.—Timothy Alden, the inventor of the machine for vetting and distributing type, died in New York, on the 4th inst. The deceased was a native of Barnstable county, Mass., and learned the printer's trade in the office of the Barre Gazette. Immediately upon entering his apprenticeship, he formed the intention of inventing and constructing a machine to set and distribute type, a problem which has occupied the attention of some of the best minds of Europe and this country, and amidst poverty and sickness, and in spite of the sneers of the indifferent and the kindly counsels of friends, he pursued the idea until death closed his labors, a period of upwards of twenty years. But he did not die until the long years of toil, anxiety and suffering had been recompensed by the knowledge that his invention was successful, and that his name in the future would be connected with a monument of genius and study fully equal to the invention of the stocking loom or the magnetic telegraph. Mr. Alden's machine, we are told, sets and distributes types perfectly, at a rate three or four times as fast as by human fingers, and if the expense does not form an insuperable objection, it will be generally introduced into book publishing offices.—*Boston Journal.*

A coquette residing near Dancyville, Pa., caused a young man named Jones to commit suicide on Sunday, the 12th inst. She had promised her hand to two young men, of whom Jones was one, and had appointed the 16th inst., in each case as the day for the wedding. The state of affairs became known to the two lovers, one of whom relinquished his claim to his rival Jones. Whether Jones was aware of this turn of affairs is not known, but on the 12th inst., he went to his room, attired himself in a suit of clothes that he had obtained for the wedding, and shot himself through the heart.

STATE TEMPERANCE LECTURER.—The Concord (Congregational) Journal says:

Mr. Gerald's Lectures in this city have been attended with large audiences. On Monday evening he spoke with much effect in the City Hall, which was literally crowded. There never was a time when a new impulse to the cause of Temperance in this community was more needed than the present, and we hope Mr. Gerald's labors among us will be followed with a greater interest and effort in its behalf.

HOME LECTURERS.—The Dover Enquirer says:

The lecture on Tuesday evening, by Daniel Hall, Esq., was a vigorous and polished production. With gentlemen in our own city capable of giving us such intellectual entertainment as we have had thus far at our free Lyceum, we need not go abroad for lecturers.

DECREASE OF MARRIAGES.—There has been a decrease of 33 per cent. upon last year in marriages, in Boston during the year nearly closed. Whether this is in consequence of hard times, the extravagance, or scarcity of women, does not appear—only the fact itself.—*Atlas.*

QUERY.—May there not be a scarcity of men?

☞ The Sons of Malta, of Cincinnati, have contracted for five thousand loaves of bread, which they will distribute among the poor of that city on Christmas day.

Dr. R. S. GOODWIN
Would respectfully inform the friends of the Indian Practice of Medicine and the public generally, that he has permanently located in Portsmouth, where he may be consulted on all the Diseases that man is subject to, at his residence and office, No. 9 Market street. Dr. Goodwin asserts that he is respectfully invite all in need of Medical advice to call on him.
ADVICE FREE.
Dr. Goodwin would answer all that his Medicines are purely Vegetable, and prepared by himself, and are calculated to purify the blood, and eradicate all diseases from the system.
THE FOLLOWING ARE SOME OF THE DISEASES SUCCESSFULLY TREATED BY DR. GOODWIN. Consumption in the first stages, Coughs, Asthma, Bronchitis, Erysipelas, Diseases of the Liver, Jaundice, Dyspepsia, Fevers, Fever and Ague, Fits, Diarrhœa, Cholera Morbus, Cancers, Dropsy, Worms, all Diseases peculiar to Females, Humors of all descriptions, Inflammations of all kinds, Rheumatism and all kindred Diseases.
No Mercury! No Bleeding! No Blisters! Our philosophy of practice is founded on the laws of Nature; our theory of Disease the theory of experience and evidence; our Medicine Herbs, the boundless Forest. Portsmouth, Oct. 14, 1858

THE GREAT WONDER
Of The Nineteenth Century
PROFESSOR WOOD'S
HAIR RESTORATIVE.
Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates of cures are proof of truth, the Dr. needs no encomiums, nor useless puffery from the press:
BATH, ME., Jan. 20, 1856.
PROFESSOR O. J. WOOD & CO.:
GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whole appearance was thus changed. In three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week, and have found no symptom of another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy than it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.
The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the past thirty years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service. I wish to preserve the health of nature in others as well as myself. I am, truly yours, A. C. RAYMOND.
BRIDGEWATER, Jan. 23, 1858.
WOOD'S HAIR RESTORATIVE.
Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1853, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no one can express my obligations to you in giving to the afflicted such a treasure.
FINLEY JOHNSON.
The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.
Brookfield, Jan. 12, 1858.
Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled from childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.
Yours truly, J. K. BRAGG.
The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. in proportion, and retails for $3.

The Liver Invigorator!
PREPARED BY DR. SANFORD,
Compounded Entirely from GUMS.
IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.
These Gums remove all morbid or bad matter from the system, employing their place a healthy flow of bile, invigorating the stomach, causing food to digest well, **purifying the blood**, giving tone and health to the whole system, removing the cause of the disease—effecting a perfect cure.
Bilious Attacks are cured, and what is better, prevented by the use of the Liver Invigorator.
One dose after eating is sufficient to relieve the stomach and prevent the food from rising sour.
Only one dose taken before retiring, prevents **nightmare.**
One dose taken at night, loosens the bowels gently, and a cure effected.
One dose taken after each meal will cure **Dyspepsia.**
One dose of two teaspoonfuls will always relieve **Sick Headache.**
Only one dose immediately relieves **Colic.**
One dose often repeated is a sure cure for **Cholera Morbus**, employing a preventive of **Cholera.**
Only one bottle is needed to throw out of the system the effects of medicine after a long sickness.
One bottle taken for **Jaundice** removes all yallowness or unnatural color from the skin.
One dose taken a short time before eating gives vigor to the appetite and makes the food digest well.
One dose, often repeated, will relieve **Diarrhœa** in its worst form, while **Summer and Bowel Complaints** yield almost to the first dose.
A few bottles will cure **Piles** by expelling the absorbents.
We take pleasure in recommending this medicine as a preventive for **Fever and Ague, Chill Fever, Remittent Fever** and **Bilious type.** It operates with certainty, and is entirely free from injuring to testify to its wonderful virtues.
All who use it are giving their unanimous testimony in its favor.
Mix water in the mouth with the Invigorator, and swallow both together.
PRICE, ONE DOLLAR PER BOTTLE.
Dr. SANFORD, Proprietor, 545 Broadway, N. Y.

E. P. RUSSELL'S
Patent Mastic Roofing.
Impervious to Water, and a Sure Protection against Destruction by Fire.
THE Inventor of this Roofing labored many years to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Sun and Frost of Tar Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial*, we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!
This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over shingles or Tin, at much less expense than the first, and at about half the cost of the latter.
We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most candidly and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

LOTTERIES.
THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that every thing is conducted with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interest of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to the agents of lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers
☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta, Mobile Register*, Charleston *Mercury*, Nashville *Gazette*, Atlanta *Intelligencer*, and New York Weekly *Day Book*. Write your address plainly, and direct to S. SWAN & Co., Augusta, Georgia
Prizes paid in full—no percentage deducted from prizes as in other lotteries.
All communications strictly confidential. m18ly

DR. J. B. HUGHES,
KNOWING that there are at the present time thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consulting a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.
Full and explicit directions will accompany every package, and the most invidable secresy preserved.
DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of diseases of the Urinary Organs, properly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.
Patients treating by letter or addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.
Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and pretentious medicines at the expense of destroying what is the great pillar of life, a healthy constitution.
This medicine can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities, their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.
The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are destitute of medical virtue, and get up by miserable pretenders who are entirely ignorant of the efficacy of medicines.
All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is to be found.
These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.
P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 diy

Dye your Hair and Whiskers.
BY using Hutchins' Liquid HAIR DYE, you can color Red or Gray Hair to a beautiful Brown or Black. This is the best article in use. A lady says it is cheaper to use it than to buy caps to cover her gray hair.
Look at that gentleman's whiskers—Hutchins' Hair Dye makes them look so handsome.

To the Hon. Judge of Probate for the County of Rockingham;

Respectfully represents, Susan T. Dennett, of Portsmouth, in said County, that she is the widow of Mark Dennett, late of said Portsmouth, deceased; that said Mark Dennett died seized of certain Real Estate situated in said Portsmouth, to wit: a Farm or tract of land containing one hundred and eight acres, more or less, bounded as follows, viz: northerly, by land of William Roach and others, by land of heirs of Aaron Hodgdon and land of Butterfield Carkin, east, by land of Butterfield Carkin, by the lane leading to said farm from North Road, so called, the land of Benjamin Murray and land of Benjamin Hodgdon; southerly, by land of Benjamin Hodgdon and land of Wm. Roach and others; westerly, by land of William Simes and others, and of Wm Roach and others; together with a Dwelling House, Barn, and other out-buildings thereon; which property at the time of said Mark Dennett's death, and long prior thereto, was occupied by him and your petitioner, as his wife, as his and their home and dwelling; that your petitioner has continued to occupy the same as her home and dwelling, ever since the decease of her said late husband, and that she has never waived or relinquished her right of homestead therein;—Wherefore she prays that a homestead to the value of Five Hundred dollars may be assigned and set off to her out of said Estate, agreeably to the provisions of the act of July, 1851.

SUSAN T. DENNETT,
by her Attorney, J. M. EDMONDS.
Dated December 22, 1858.

ROCKINGHAM, ss. Probate Court at Exeter, in said County, Wednesday, Dec. 22d, A. D. 1858. Upon the foregoing petition, it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Exeter, in said County, on the Wednesday next following the third Tuesday of February next, at ten o'clock, A. M. and that the Petitioner notify all persons concerned or interested therein, to appear at said Court, and show cause, if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court. By order of the Judge.

SAMUEL COOPER,
Late Principal Examiner of Patents in the United States Patent Office, at Washington,
HAS REMOVED HIS OFFICE TO
WEBSTER BANK BUILDING,
13 EXCHANGE STREET, BOSTON.
PATENTS secured in the United States, and in all other patent granting countries. Specifications and drawings prepared. Caveats filed.—Reconsiderations procured, of applications that have been rejected upon improperly prepared papers. Interferences prosecuted. Re-issues and extension procured, and in general, all business connected with the Patent Office transacted with care and promptness.
British and other foreign patents procured through prompt and confidential agents in London and Paris.
Persons residing at a distance may obtain all necessary information, and have their business transacted, by writing to the subscriber, without the trouble and expense of a visit to Washington.
He begs leave to refer those unacquainted with him to the following testimonials:—
From Hon. Chas. Mason, Commissioner of Patents.
U. S. PATENT OFFICE, Feb 23, 1855.
I take great pleasure in stating that during the time I have been acting as Commissioner of Patents, Samuel Cooper, Esq., of Boston, has been engaged as Solicitor, and has been in that capacity in constant correspondence and intercourse with the office; he has evinced a thorough acquaintance with the Patent Law, and with the rules and practice of the office, a close attention to the interests of his clients, and a marked candor and courtesy that has rendered the transaction of business with him a pleasure. I have no hesitation in stating that I regard him as one of the very best agents for the transaction of business with this office with whom I am acquainted.
CHARLES MASON, *Commissioner.*
From the Examiners of the Patent Office.
The undersigned, Principal and Assistant Examiners in the United States Patent Office, have for several years been well acquainted with Mr. Samuel Cooper, late a principal Examiner in this office, and take pleasure in stating that he is a gentleman of the highest moral character, of unquestioned knowledge in the business and practice of the office, and that his scientific attainments are such as eminently fit him for the business in which he is about to engage.

HENRY S. RENWICK, L. D. GALE, S. H. LAWS,	*Principal Examiners.*
T. R. PEALE THOS. T. EVERETT, P. SOUDGATE SMITH, WM. C. LANDON,	*Assistant Examiners.*

From long acquaintance and intimate official relations with Mr. Cooper, I fully and heartily concur in the foregoing recommendation made by my late colleagues. W. P. M. FITZGERALD,
Late Principal Examiner of Patents.

Morning Chronicle.

WEDNESDAY, DECEMBER 29, 1858.

PLANS.—The New York Tribune recently proposed two plans to the Louisville Journal, one of which was, that the Republicans should propose a candidate for Vice President, leaving the non-Republican wing to nominate a man for President, on condition that he should be understood as determined in favor of employing all proper means to restrict slavery to its present limits. The Louisville Journal can assent to nothing of the kind, but makes the following counter proposition, and seems to make it seriously, viz:

We propose that the entire opposition shall assemble by representation in a Union Convention at Washington, in the summer of 1860; when we of the non-Republican wing will engage to present a candidate for the Presidency whom the whole opposition can consistently and heartily support without the condition in question, [that named by the Tribune,] if the Republican wing will engage to name a candidate for the Vice Presidency whom the whole opposition can support with equal zeal and propriety.

The Boston Journal says:

We do not know that we need make any comment on the above. We merely remark, however, that the recent elections have indicated the strength of the two wings of the opposition to be as follows:

	Electoral Votes.
American Republicans	127
Non-Republicans (all kinds)	6

We think this is pretty strong comment—and a very plain one.—*Eds. Chron.*

☞ The Crittenden meeting in Washington, was not an attempt to galvanize any old party, or to nominate Mr. C. or any body else for the presidency. It was a preliminary conference among gentlemen who are strongly opposed to modern Democracy, but have not yet identified themselves with the Republican party, although some of the recognized members of this party were present. They talked over the political character—and characters—of the times, had a very pleasant occasion, and ended off with a supper. The Washington correspondent of the New York Times gives the following account of the meeting:

"The discussions of the evening were in excellent spirits. Everybody declared that he had no candidate, and all expressed an earnest desire for the union of all the opposition forces against the Democracy.—Southern gentlemen present declared themselves as hostile as Northern gentlemen to slavery propagandists, and concurred in the propriety of having a Presidential candidate who represents that sentiment.—Some favored the construction of a new party, and desired to issue an address, but the general sentiment was against this course. The position of the Republican party as a great power was fully recognized, and a decided majority conceded that the organization would be neither politic nor desirable; that said party has vitality and force which must be availed of in any effort to change or reform the administration of the federal government. The meeting adjourned in excellent temper, without any action having been decided upon.

The effect of this movement tends towards the fusion of all sections of the old position, upon whatever ticket shall in due time seem most likely to achieve a substantial victory."

SILVER COIN.—There is much complaint in some quarters of the accumulation of silver coin. It is only a legal tender to the amount of five dollars, and a merchant at New York, who received three thousand dollars of it from the West last week, found that he could neither pay any of his debts with it nor deposit in the banks.—The New York banks now have so large a quantity that they refuse to receive it at par in large amounts. The brokers have put up notices at their windows offering to sell "U. S. silver coins at 1-4 or 3 8 per cent. discount."

An act of Congress, making silver coin a legal tender to the amount of $50 or $100 in one lot, it is thought, would relieve the trouble. The Journal of Commerce thinks that the government should at least be paid in their own coin for Custom House transactions, &c., for any and all debts. Besides this, the anomaly is presented of bank notes (discouraged by the Treasury) being available at par, convertible into coin, at 100 cents per dollar, while the "money" of the United States (alluded to in the Constitution) is hawked about at a discount.

☞ The editor of the Pendleton (S. C.) Messenger has lately exhumed in a cellar of that village the old wooden press that the Messenger was first issued on. It is the identical press that Gen. Greene printed the despatches of the army with. It is made mostly of mahogany.

☞ The Amazon River falls but a foot in fifty miles; the Rhine one foot in a quarter of a mile; the Loire a foot in one and a half miles.

SENATOR DOUGLAS.—One of the principal topics of speculation at Washington now is, how Senator Douglas will bear the affront put upon him by the administration, in assigning him the second place on the Committee on Territories. It is fully apparent that there can be no truce between Douglas and Buchanan. One or the other must succumb at last, and it seems pretty evident that whoever will, Douglas won't. The bitterness of this warfare will not be confined to Washington; letter-writers assert that every effort is making to ensure his defeat in the Legislature of Illinois; and it looks as if Douglas would have one more hard fight, at least, before his next Senatorial election is secured.

LIFE AND DEATH.—In Washington, D. C., Wednesday evening last, a daughter of one of the City Councilmen was married at her father's residence, and shortly after the ceremonies were over, a venerable grandmother of the bride departed this life in the same house. Her demise is supposed to have been caused by excitement over the expectation of meeting all her descendants—children and grand children—on the occasion of the wedding; one of whom came from New Orleans to be present. They did all assemble; first, around the happy couple, and in a few brief hours, around the dying couch of their venerable relative.

CHINA.—Hong Kong dates are to Oct. 29. Lord Elgin's negotiations at Shanghae had proved satisfactory.

The American Commissioner had not returned from Japan.

The Emperor of Japan is reported dead.

Canton was perfectly quiet, and trade had been resumed. Foreign missionaries were locating themselves in various parts of the city and suburbs. Eighty-four chops of tea had been disposed of. The stock was estimated at 200 chops.

AFFAIRS IN KANSAS.—The Jefferson City (Mo.) Examiner learns from a reliable source that Fort Scott, Kansas, on the night of the 15th inst., was attacked by Capt. Montgomery at the head of 200 men, and the town taken. When the Examiner's informant escaped, five or six persons had been killed by them. The object of the attack, it was presumed, was to release one of Capt. Montgomery's men, who was confined there under an indictment. It was feared the town would be entirely destroyed.

A dispatch from Kansas City, says the Harrisonville (Mo.) Democrat, of the 25th, states that on last Monday, a band of thieves and assassins from Kansas territory entered Vernon county, Mo., and killed David Cruse, and stole a lot of cattle, 20 horses and 11 negroes. About the same time, Captains Brown and Montgomery entered Missouri, on the Little Osage river, and stole a negro woman, and took Mr. Larned prisoner, carrying the latter into the territory, but releasing him on the following day.

An express had been sent to Gov. Stewart, of Missouri, for assistance to protect life and property.

We shall probably get some other version of this story before long.

SUNDAY IN NEW YORK.—The New York Times gives a sad account of the mode in which many thousands of the German population of that city spend the Sabbath, in drinking and gambling saloons, theatrical exhibitions, bowling alleys, shooting galleries and other diversions. In a small triangular block, not far from the City Hall, the reporter counted 29 lager beer saloons and dram shops, some of them accommodating 200 or 300 persons, open and mostly filled. Within a distance of 300 feet square, he found no less than 50 of these centres of intoxication and crime, and all over the city they appeared to be scattered, more or less, in numbers. All this Sunday desecration is in direct violation of the law, but the offenders are probably so numerous that the police are powerless against them.

☞ The New York Herald's Washington correspondent states that great anxiety exists in Augusta, Ga., and its vicinity, concerning the Africans brought there by the Wanderer. These negroes are kept secreted near the city, but so unpopular is the movement there to revive the slave trade, that only one of the negroes had been sold as yet, and he was bought by a colored barber in Augusta.

☞ A leisure moment has enabled Uncle Toby to look through the Christmas number of the New York Saturday Press, edited by Clapp & Aldrich; and he would do injustice to his own feelings, and to their talents and industry, if he failed to say, they make a literary paper of great merit and rare independence.—They deserve the most abundant success.

FROM EUROPE.

SANDY HOOK, Dec. 27.

The steamship Asia, from Liverpool, Saturday 11th, inst., has passed this point. Her advices are two days later than those of the Pacific.

Fifteen young men, occupying respectable positions, have been arrested near Cork, charged with being members of a society having for its object the invasion of Ireland by American filibusters.

Pressure was being brought upon government to secure a guaranty of 4 1-2 per cent on half a million sterling new capital of the Atlantic Telegraph Co. Memorials from all parts were influentially signed, and if so, a contract for a new Cable will be forthwith made.

The meeting of the French Legislature is postponed till February.

Montalembert's appeal is fixed for Dec. 24.

The Bank of France has gained 26,000,000 francs in specie during the month.

A French negro emigration vessel is reported to have been overhauled by a British cruiser on the African coast, and compelled to discharge her negroes although the shipment was perfectly regular.

The Emperor of Japan is reported to have died.

Canton was quiet and trade resumed.

The Australian mail with Melbourne dates of Oct. 15th, has reached Suez with £130,000 in gold. Trade was quiet; and large shipments of gold were being made to England.

The Bank of England on the 9th inst., reduced their rates of discount from 3 to 2 1-2 per cent. The step was quite unexpected. The English funds had been dull prior to this event, but upon its becoming known, an improved tone set in.

HOW A BOSTON PUBLISHER WAS NOT TAKEN IN.—Mr. Fields, the Boston publisher, has a wonderful memory, and his knowledge of English literature is so available that when a friend wishes to know where any particular passage may be found he steers at once for the corner and consults the man who is very likely to give the desired information. A pompous would-be wit not long ago thinking to puzzle him and make sport for a company at dinner, informed them prior to Mr. F's. arrival that he had himself that morning written some poetry, and intended to submit it to Mr. F. as Southey's, and inquire in which of his poems the lines occurred. At the proper moment, therefore, after the guests were seated he began: "Friend F., I have been a good deal exercised of late trying to find in Southey's Poems his well known lines running thus—can you tell us about what time he wrote them?" "I do not remember to have met with them before," replied Mr. F., "and there were only two periods in Southey's life when such lines could possibly have been written by him." "When were those?" gleefully asked the witty questioner. "Somewhere," said Mr. F., "about the early period of his existence when he was having the measles and cutting his first teeth; or, near the close of his life, when his brain had softened and he had fallen into idiocy. The versification belongs to the measles period, but the expression clearly betrays the idiotic one." The funny questioner smiled faintly, but the company roared.—*N. Y. Evening Post.*

A CARD FOR A LECTURER.—The Keene Republican says:

Those who heard Geo. S. Phillips lecture before the Lyceum last week say unequivocally that he is a humbug—no lecturer at all. And yet he has the endorsement of "our first literary men."

The Keene Sentinel adds:

Our neighbor should have heard Mr. Phillips. "The everlasting, ubiquitous African" did not crop out at all during the lecture, but the spirit of modern democracy was conspicuously the motive power that apparently enabled the speaker to begin in the middle of his lecture and read both ways. Mr. P. assuredly has the endorsement of our 'first literary men,' but they are probably ignorant of his habits and easily beset sin. Mr. P. doubtless would have sustained his reputation as a lecturer in this place, had he not unfortunately, while in the cars, fallen in company with the notorious Warren Walker, who is a portable battery of rotgut and bad whiskey. As it was, we had a first rate temperance lecture for those who make the proper application.

FASHION IN DISTRESS.—The noon train from Fitchburg on Thursday had a scene of much ludicrous tribulation. An elegant and fashionably dressed lady was forced to travel ten miles standing in the passage way of the car, not being able to compress her garments so as to enter the seat. Several gallant gentlemen offered her their seats, although there was a plenty of vacant ones in the car. The fair one made sundry endeavors to force herself into a seat, but finally gave up in despair. Hoops with crinoline proved inexorable.—*Cambridge Chronicle.*

STEAMER WRECKED.—LOSS $100,000.—*Cincinnati, Dec. 27.*—The Metropolis, from Pittsburg for New Orleans, went ashore yesterday morning, during a heavy fog, some fifty miles below this city, immediately broke in two, and is now a complete wreck. No lives lost. The Metropolis had a cargo of five hundred tons produce and Pittsburg manufactures. The boat was owned in P., and valued at $26,000; insured for $14,000. The whole loss is estimated at $100,000.

☞ An Ohio editor says: "What can be more captivating than a beautiful woman, say about four feet eleven inches high, and eleven feet four inches in circumference, passing along the aisle just as divine worship commences!"

THE UNKNOWN DEAD.—In New York, it is stated, there are in the course of a single year at least three hundred persons picked up in the streets and rivers, dead, who are unknown, and who are never identified by their friends. In Boston the number is much smaller, not over fifteen or twenty a year who, having no friends to care for them, are buried at the expense of the city. Some, perhaps, have relatives who would gladly perform the last sad office did they know the fact of their death. It is a remarkable circumstance, that of the seven persons killed on the track of the Worcester Railroad, near the Brookline crossing, by an accident to a train of the Western Railroad, six or eight years ago, four were never identified. The only notice that their relatives had of their death was probably the fact that they never returned to their homes.—*Trav.*

GROVER & BAKER.

The Programme of the Musical Performances.—which will be of a superior order—will be shortly announced.

C. C. WHITTEMORE,

Agent for Grover & Baker Sewing Machine Co.

Portsmouth, Dec. 24, 1858.

THE GROVER & BAKER

SEWING MACHINE CO.,

18 SUMMER STREET, BOSTON,

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE;

PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made,—that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn how to use them, and keep them in order. They make upwards of FIFTEEN HUNDRED STITCHES A MINUTE, and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States, who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

ON EXHIBITION

AT ROOM NO. 1 FRANKLIN HOUSE.

This Machine takes a stitch that cannot be pulled out, and is the best machine before the public.—The people of Portsmouth are requested to call and examine the machine and its work, whether they wish to purchase or not.

Being the sole Agent for New Hampshire and Vermont, I can sell you a machine at the same price you will have to pay in Boston or New York, and save all the expense of going to purchase one, and also the expense on the same.

Any lady having stitching to do, will please call and have it done on the Machine free of charge.

SPECIAL NOTICES.

CONVULSIONS.—Spasmodic symptoms, whether depending on functional derangement, or a disease of the nervous centres, are happily modified by the tonic and alterative power of the PERUVIAN SYRUP; the terrifying convulsions cease, and order is restored by removing the exciting cause, and the prevention of the predisposition.

TESTIMONY.—Des. J. B. N. Gould, Niles' Block, Boston, says Dr. Clarke's Sherry Wine Bitters have done his family more good than any others they ever used. They are essentially a very valuable medicine. Mr. J. H. Thacher has a fresh stock.

R. R. R.

WHY SUFFER WITH PAIN?

When we are sick, the human system is in an unnatural condition. The longer the body is afflicted with disease, the greater time will be required to restore it again to its natural state of health. We believe in curing the sick as quickly as possible, and not to let the victim linger in pain. The **R. R RELIEF** remedies are prepared on this principle. No useless time is wasted, for the very moment they are applied, a change for a great change in the sick one's body takes place. If there is pain, or nervous irritability, or Rheumatism, Neuralgia, Diarrhœa, or Pains of any sort, R. R. Relief, in an instant, telegraphs its pain-relieving influence to every part of the diseased body. The lame, the cripple, the stiff-jointed, have felt its effects in a few seconds, for it imparts strength to the weak, emaciated, and feeble parts. The Renovating Resolvent will cure the most obstinate cases of Scrofula, Syphilis, Rickets, Nodes, Tumors, Ulcers, Bad Coughs, &c., in an incredibly short time. And the R. R. Regulators regulate every organ to a healthy action. Let not the sick linger in pain. The **R. R. R.** will raise you from your bed of suffering in a few hours.

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of CAMPBELL'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranteed to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

THIS GIN, Distilled in London, from round Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berries, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES OF THE URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., whilst the weaker sex will find by its action a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever tasted."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of climate and air.

For sale by the quarts at seventy cents, and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE GENUINE IMPORTED.

May be had in Boston of G. C. Goodwin & Co., 11 Mainshall; M. S. Burr & Co., 1 Cornhill; S. K. Pecker, 20 Elm st.; J. Morse, 116 Blackstone st.; M. Davis & Co., 57 Blackstone st.; R. Smith & Co., 20 Exchange st.; Gilbert, Abbott & Co., 79 Broad st.; Jones, Ayer & Co., 34 Kilby st., and others. In Portland, Me., of H. H. Hay & Co., C. W. Atwell, and C. C. Mitchell & Son.

The Great English Remedy.

SIR JAMES CLARKE'S

Celebrated Female Pills.

Prepared from a prescription of Sir Jas. Clarke, M.D., Physician extraordinary to the Queen.

THIS invaluable Medicine is unfailing in the cure of all those painful and dangerous disorders incident to the female constitution. It moderates all excess, removes all obstructions, and a speedy cure may be relied on.

TO MARRIED LADIES

it is peculiarly suited. It will, in a short time, bring on the monthly period with regularity.

Each bottle, Price One Dollar, bears the Government Stamp of Great Britain, to prevent counterfeits.

CAUTION.

These Pills should not be taken by females who are pregnant, during the FIRST THREE MONTHS, as they are sure to bring on Miscarriage, but at every other time and in every other case they are perfectly safe.

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain iron, calomel, antimony, or any thing hurtful to the constitution.

Full directions accompany each package.

Sole Agent for the United States and Canada

JOB MOSES,

(late I. C. BALWDIN & CO.) Rochester, N. Y.

N. B.—$1 and 6 postage stamps enclosed to any authorized Agent, will insure a bottle of the Pills by return mail.

[For the Chronicle.]

A SURPRISE.—The undersigned desires to express the most grateful acknowledgement of one of the most *complete, agreeable* and *successful* surprises on record, at his rooms on Monday evening, 27th inst. At about half past seven o'clock my study, in fact the whole house, was suddenly and completely "taken by surprise." Not the *slightest suspicion* had entered my mind that such an entertainment was contemplated. Being accustomed to receive company on that evening, I at first supposed it only fortuitous that the number was a little larger than usual. This delusion, however, was soon dispelled, for they continued to come, pouring in like the rush of waters, until the house was filled to its utmost capacity. Not far from two hundred were present.

But the surprise was as *agreeable* as it was complete. If mischievous glances of laughing eyes, hearty shakes of well-clasped hands, joyful congratulations all around, and overflowing, soul-swelling laughter; the whole harmonized and sanctified by the sweet notes of holy song and the voice of earnest prayer, be indicative of that which is agreeable, then was this surprise *agreeable*. As an indication of its *success*, I need only humbly and gratefully acknowledge the receipt of $118, *clean cash;* for which, as well as for other similar favors previously received, I desire to express both to our All-Father and to the liberal donors, unfeigned gratitude. May Heaven's richest blessings rest upon the Christian Society of Portsmouth.

THOMAS HOLMES, Pastor.

SITTING IN CHURCH.—*Messrs. Editors:* Almost the only drawback from the great pleasure I enjoyed on Christmas Day, in the dedication services at the Stone Church in this city, was occasioned by the tiresome posture of sitting, which the congregation maintained, for nearly two hours.

The ministers, each performing part of the services, had their alternations of posture, standing and sitting; the singers stood up half a dozen times, to sing; but the people all sat from the opening voluntary to the closing doxology, in which last they joined, rising.

Now, Messrs. Editors, let me say, not to one church, but to all congregations, that it is easier, more pleasant, graceful, and, above all, more apparently devotional, to stand in singing, and kneel or stand in prayer, than to *sit* like mere spectators or judges. Our ideas of worship are "let the people praise thee," O God, let *all* the people praise thee, not only with the heart, but with the knee, the voice, the whole person. PAUL.

☞ Our new Custom House, with its present temporary roof, presents a strange appearance to strangers, who mistake it for a permanent affair, and sometimes express their opinion of its style of architecture, in no very flattering terms. A gentleman from the country remarked to one of our citizens the other day that it was a singular looking roof to put upon such a handsome building, and besides not suiting his taste, declared it out of proportion, and grotesque in its appearance.

☞ All persons interested in the establishment of a Young Men's Christian Association in this city, are requested to meet at the Temple Vestry, this (Wednesday) evening at half past seven o'clock.

☞ The Concert of the Robinson Sisters, Thursday evening, will be a rare musical treat, worthy of a large audience and full treasury.

MUTUAL IMPROVEMENT TEMPERANCE SOCIETY.—There will be a temperance lecture in the Academy Hall, on Wednesday evening, the 29th of December, by Rev. Dr. Peabody, commencing at 1-4 before 8.

☞ We were misinformed as to the present of carpets to the Stone Church, said to be made by Wm. P. Jones, Esq.—We make the correction on the best authority.

☞ At Camp Floyd, Utah, the officers and men are diverting themselves with theatricals. The company is made up of enlisted men, and the feminine part is from the "Great Salt Lake City."

☞ John H. Prentice, of New York, whose house suspended last fall, with liabilities of nearly one million of dollars, gives notice that he is ready to pay in full all demands, whether compromised, or otherwise.

Strayed,

Jeff. Davis' Speech Again.

Jefferson Davis had been speaking of the triumph of Republicanism, or Abolitionism, as he styled it, of the type disclosed in the recent harangues of Senator Seward, which he was criticising. He quoted the monstrous assertions of Senator Seward to the effect that the party to which he belonged would wage implacable warfare upon the institutions of the South, that there should be no peace till free labor filled the rice swamps of South Carolina, or slave labor cultivated the rye fields of New England, that this great antagonism should go on without cessation, till the stronger section triumphed over the prostrate institutions of the weaker. In the event of the triumph of a party on this [illegible] abolition platform, as laid down by Seward, Davis said to the people of Mississippi:

"I should deem it your duty to provide for your safety outside of a Union with those who have already shown the will, and would have acquired the power, to deprive you of your birthright and to reduce you to worse than the colonial dependence of your fathers."

In this matter, Senator Davis speaks the sentiment of the united South; and were the contingency he mentions to actually take place, (a probability about as great as the burning up of the Atlantic ocean,) the Democratic party of the North would take care that in its efforts to preserve its birthright outside of the Union, the South had its sympathy, and, if necessary, its active co-operation.

When the administration of our national affairs passes into the hands of a political party, whose only political principle is hostility to Southern institutions, we give that portion of the Union credit for bravery and patriotism enough, to believe they would dissolve at once and forever, all connection with a Union in which they would become the helpless victims of federal tyranny. The South asks nothing but equality in the Union and in the joint property of the several States, and she neither will nor ought to accept less. Jefferson Davis uttered the sentiments of three millions of citizens embracing the national, Union-loving men of all sections, when he declared that:

"If it should ever come to pass that the Constitution shall be perverted to the destruction of our rights so that we shall have the mere right as a feble minority unprotected by the barrier of the Constitution to give an ineffectual negative vote in the halls of Congress, we shall then bear to the federal government the relation our colonial fathers did to the British crown, and if we are worthy of our lineage, we will in that event redeem our rights even if it be through the process of revolution."

☞ Of the six Congressmen elected in New York, to whom the State Canvassers deny certificates, on the ground that they were voted for as "Members of Congress" instead of "Representatives to Congress," four are regular Democrats, namely, Sickles, Barr, Marlay, and Cochrane; Clark, (anti-Lecompton) and Briggs, Republican. If this trick works, it may seriously affect the Democratic chances of carrying the organization the next of the Congress. We doubt if the Democrats submit to so patent an imposition.—*Gazette.*

ROCKINGHAM AGRICULTURAL SOCIETY.—At the adjourned meeting of the Rockingham Agricultural Society, holden in Exeter on the 23d inst., the following officers were chosen for the ensuing year—being an entire new board:

President—N. Porter Cram, Hampton Falls.
Secretary—William Crawford, Sandown.
Treasurer—Levi B. Tucker, Plaistow.
Trustees—William Boyt, Danville; M. M. Coffin, Hampton; C. N. Healey, Stratham; T. P. Melvin, Chester; Jos. H. Weare, Seabrook.

The meeting was fully attended, and considerable discussion had upon topics of vital importance to the society's future welfare. A vote was passed admitting a Male Life Member and wife to the Society's Exhibition *Free.*

A vote was passed to apply for an act of incorporation at the next session of the Legislature.

The Treasurer's Report showed that the receipts of the Society were $100 over and above the expenditures for the year. The Funds of the Society, $1,700, are invested at 7 per cent. Number of Life Members about 500, and yearly increasing. c.

Douglas will return North immediately, and report says will publicly announce that he is not a candidate for the Charleston nomination.—*Exch's.*

Report sometimes tells fibs, but we hope she has truth on her side in this instance. We want to see Douglas back in the Senate again. Several gentlemen need to be handsomely combed down, among them Jack the Joker, whose insulting and foolish tirade over the President's message no one has as yet appropriately noticed. And in regard to Douglas' announcing that he is not a candidate for the Charleston nomination, we hope he will do so; for while such a course would not prevent his getting it, should the Democracy conclude to place him in that position, it would serve perhaps to change the course of sundry Democratic politicians who are now so intent upon destroying Douglas that they have never a blow left for the Black Republicans.

Nothing can be gained by dragging forward Presidential candidates at this time. The friends of Senator Douglas are doing him a positive injury by publicly naming him at this early day in connection with that office. We need some oil on the waters before any selection of candidates is made. And we trust we are going to have it. Next fall will be full soon enough to talk up favorites for the succession.—*Gazette.*

THE GREAT WONDER
Of The Nineteenth Century
PROFESSOR WOOD'S
HAIR RESTORATIVE.
Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a lady residing in Maine, which speaks glowingly of the superior merits of his hair dye. Such testimonies must have its effect, when coming from a reliable source. It certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:
BATH, ME., JAN. 20, 1858.
PROFESSOR O. J. WOOD & CO.:
GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my head, which had become quite gray, probably one-third white; my whiskers were of the same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some; I can now certify to the world that the gray or white hair has totally disappeared, both on my head and beard, and my hair has resumed its natural color, and I believe more soft and pliant than it has been before for twenty five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.
The above notice I deem due to you for your valuable discovery. I am assured that whoever will register two, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last fifteen years, and am known to nearly every one living in this and adjoining towns. Any one you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of my wife to others as well as myself. I am, truly yours,
A. C. RAYMOND.
BALTIMORE, JAN. 28, 1858.
WOOD'S HAIR RESTORATIVE.
PROFESSOR WOOD: DEAR SIR:—Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.
FERAY JOHNSON.
The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.
WM. DYER.
Brookfield, Jan. 22, 1858.
Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflammation, dandruff and a constant tendency to Itching with which I have been troubled from my childhood: and has also restored my hair, which has become gray, to its original color. I have used no other article with anything like the same pleasure or profit.
Yours truly, J. K. BRAGG.
The Restorative is put up in bottles of three sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least one-third more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!
PREPARED BY DR. SANFORD,
Compounded Entirely from GUMS.
IS ONE OF THE BEST PURGATIVE AND LIVER MEDICINES now before the public.
It does not remove one dose often removes all morbid or bad matter from the system, supplying in their place a healthy flow of pure and invigorating the stomach, causing food to digest, and imparting to the **blood**, giving tone and health to the whole machinery removing the cause, and not merely the disease—effecting a radical cure.
Sick Headache and **Attacks** are cured, and, what is better, prevented by the occasional use of the Liver Invigorator.
One dose after eating is sufficient to relieve the distressed stomach, prevent the food from rising and souring.
Costiveness is cured by taking one dose before retiring, prevents **nightmare.**
Only one dose taken at night, will leave the bowels gently, and cures **costiveness.**
One dose taken after each meal will cure **Dyspepsia.**
One dose of two teaspoonfuls will always relieve **Sick Headache.**
Only one dose immediately relieves **Colic.**
One dose often repeated, cures **Chronic Diarrhea** in its severest form, while **Summer and Bowel Complaints** yield almost to the first dose.
A few bottles will cure **Dropsy** by exciting the kidneys.
We take pleasure in recommending this invaluable medicine as a preventive for **Fever and Ague, Chill Fever,** and all Fevers of a **Bilious type.** It operates with certainty, and thousands are willing to testify to its wonderful virtues.
All who use it are giving their unanimous testimony to its favor.
Mix a small quantity with the mouth with the Invigorator, and swallow both together.

Patent Mastic Roofing.
Impervious to Water, and a Sure Protection against Destruction by Fire.
THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by Sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial,* the wonderful properties of the material are the attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and economy, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN!
This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on over Shingles or Tin, at much less expense than the first, and at about half the cost of the latter.
We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most or them have proved complete failures, but we do most confidently and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything that has been put forward,* and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

LOTTERIES.
THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings, and certify that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the rapid sale of all prizes, and the right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of the State. A lottery will be drawn every Saturday throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scale one ticket in every quarter must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to mystify the buyer. Prizes vary from $40 to $70,000; every prize being drawn, and result of drawing forwarded to all purchasers.
☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers—New Orleans *Delta,* Mobile *Register,* Charleston *Standard,* Nashville *Gazette,* Atlanta *Intelligencer,* and New York Weekly *Day Book.* Write your address plainly, and direct to SWAN & CO., Augusta, Georgia.
Prizes paid in full—no percentage deducted from prizes as in other lotteries.
All communications strictly confidential. m18ly

DR. J. B. HUGHES,
KNOWING that there are at this moment thousands of persons in the surrounding towns, surrendering their lives to the insidious inroads of certain dangerous maladies who still suffer from the relentless hand of quackery their complaints, and consult a physician, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.
Full and explicit directions will accompany every package, and the most inviolable secrecy preserved.
DR. HUGHES can with safety say during the last year of his practice, he has treated and cured hundred cases of disease which have been improperly treated by empyrics have come under his care, and more than three-fourths of this number had received no benefit from their treatment.
Patients treated by letter by addressing Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.
Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with false and fictitious remedies at the expense of destroying what is the great pillar of life, a healthy constitution.
His medicines can only be obtained at the Office of Dr. HUGHES, 13 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtues in removing all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.
The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, having been got up by miserable pretenders who are entirely ignorant of the efficacy of medicine.
All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is for sale.
These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.
P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 diy

Dye your Hair and Whiskers.
BY using Hutchins' Liquid HAIR DYE, you can color Red or Gray Hair to a beautiful Brown or Black. This is the best article in use. A lady says it is cheaper to use it than to buy cigars to cover her gray hair.
Look at that gentleman's whiskers—Hutchins' Hair Dye makes them look so handsome.

To the Hon. Judge of Probate for the County of Rockingham:

Respectfully represents Susan T. Dennett, of Portsmouth, in said County, that she is the widow of Mark Dennett, late of said Portsmouth, deceased; that said Mark Dennett died seized of certain Real Estate situated in said Portsmouth, to wit: a Farm or tract of land containing one hundred and eight acres, more or less, bounded as follows, viz: bounded on the land of William Roach and others, by land of heirs of Aaron Hodgdon and land of Butterfield Larkin, east, by land of Butterfield Larkin, by the lane leading to said farm from Portsmouth, so called, the land of Benjamin Murray and land of Benjamin Hodgdon; southerly, by land of Benjamin Hodgdon and land of Wm. Roach and others; westerly, by land of William Simes and others, and of Wm Roach and others; together with a Dwelling House, Barn, and other out-buildings thereon; which property at the time of said Mark Dennett's death, and long prior thereto, was occupied by him and your petitioner, as his wife, as his and their home and dwelling; that your petitioner has continued to occupy the same as her home and dwelling, ever since the decease of her said late husband, and that she has never waived or relinquished her right of homestead therein;—Wherefore she prays that a homestead to the value of Five Hundred dollars may be assigned and set off to her out of said Estate, specially to the provisions of the act of 4th of July, 1851.

SUSAN T. DENNETT,
by her Attorney, J. M. EDMONDS.
Dated December 22, 1858.

ROCKINGHAM, ss. Probate Court at Exeter, in said County, Wednesday, Dec. 22d, A. D. 1858.
Upon the foregoing petition, it is *Ordered*, that a hearing be had thereon at a Court of Probate to be holden at Exeter, in said County, on the Wednesday next following the third Tuesday of February next, at ten o'clock, A. M.; and that the Petitioner notify all persons concerned or interested therein, to appear at said Court, and show cause, if any they have, why the prayer of said petition should not be granted, by causing said petition and this order to be published three weeks successively in the Chronicle, a newspaper printed at Portsmouth in said County, the last publication whereof to be at least thirty days prior to said Court. By order of the Judge.

American and Foreign Patents.
R. H. EDDY, solicitor of Patents,
(*Late Agent of U. S. Patent Office, Washington, under the Act of 1837.*)
No. 76 State st, oppo. Kilby st, Boston.
AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britian, France, and other foreign countries. Caveats, Specifications, Assignments, and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.
This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by, if not immeasurably superior to, any which can be offered them elsewhere. The testimonials below given prove that none is MORE SUCCESSFUL, AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove, that at no other office of the kind are the charges for professional services so moderate.—The immense practice of the subscriber during twenty years past, has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These, besides his extensive library of legal and mechanical works, and full access of patents granted in the United States and Europe, render him able, beyond question, to offer superior facilities for obtaining Patents.
All necessity of a journey to Washington to procure a patent, and the usual great delay there, are here saved inventors.
I regard him as one of the most capable and successful practitioners with whom I have had official intercourse. CHAS. MASON,
Commissioner of Patents.
I have no hesitation in assuring inventors they cannot employ a person more competent and trustworthy, and more capable of putting their application in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,
Late Commissioner of Patents.
Boston, February 8 1858.
Mr. R. H. Eddy has made for me THIRTEEN applications, on all but one of which patents have been granted, and that one is now pending. Such unmistakable proof of great talent and ability on his part leads me to recommend all inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART.
From Sept. 17, 1857, to June 17, 1858, the subscriber, in the course of his large practice, made on *twice* rejected applications, SIXTEEN APPEALS, EVERY ONE of which was decided in his favor, by the Commissioner of Patents.

Morning Chronicle.

THURSDAY, DECEMBER 30, 1858.

For the Chronicle.

YOUNG MEN AND TEMPERANCE.

There are as many as twenty of them in one small country town, who profess to be respectable, and quite a number of them church members, and they are not interested in the cause of temperance.—There has long been a Temperance Society in active operation, and they have never taken the pledge, and scarcely one of them has been seen at temperance lectures.—They seem opposed to temperance efforts; some of them have rejoiced at failures to execute the prohibitory law, and it is believe that they drink moderately, as it is called.

Strange indeed! Young men, on whom the hopes of the future good in the progress of virtue and peace, must rest, on the wrong side. Members of a church, and not for reform! I wonder what kind of religion they have. Do they suppose it is "pure religion?" Young men, whom the Bible represents as "strong," and as having "overcome the world," exerting no strength for one of the greatest reformations; and instead of overcoming wicked influences, they give countenance and encouragement to that curse that will lead some, if not themselves, to drunkenness and ruin.

O, how I lament that any one who professes respectability and goodness, and especially that young men should be indifferent, or opposed to temperance. I should think they would feel that tipplers themselves would frown upon them as weak cowards; that every young lady of respectability and moral worth would despise them; and that Heaven would almost regard them as made in vain. If a young man of the class like that here indicated reads this, I earnestly entreat him to no longer, by example or any influence, give support to the practice of using intoxicating drinks. J.

☞ The new law of Murder, in Massachusetts, is a practical abolition of capital punishment. Mrs. Gardner of Hingham, who poisoned her husband by repeated doses of arsenic, was convicted of murder in the second degree; and now in Boston, McNulty, who shot a policeman in the discharge of his duty, is convicted of the same offence. It is a good thing, at all events, to secure convictions in murder cases. As it is, no criminal has been convicted of murder in the first degree, since the passage of the present law.

☞ Col. Thorne, of New York city, says the Evening Post, is unfortunate in his family relations. One of his daughters marrying against his will, became an opera singer, and at last accounts was getting her living by singing in South America. Another daughter, who married a French baron, (the same lady, by the way, who is represented as the type of American beauty in Winterhalter's picture of the Empress Eugenie and her Court) has, in conjunction with her husband, instituted a suit against her father, to recover a promised dowry.

☞ There has been a great excitement among the negro population of Elmira, New York, in consequence of the passage through that town of an old slave, who, finding he could not provide for himself, and had the prospect of suffering in his old age, had sent for his master to take him back. The master went to Canada for him, but at Elmira a crowd assembled, threatened the master with violence, and even threatened to kill the slave, rather than have him go back. Neither threats nor persuasions, however, could persuade the negro to remain any longer in freedom, and he was finally got off.

☞ Dispatches have been received at the Navy Department from Commodore Lavalette of the Wabash, dated Beyrout, Nov. 2, but they add nothing new to what is already known concerning his investigation of the outrages on American citizens at Jaffa. The Commodore had transferred all the documents in the case to our Minister at Constantinople, and thinks there will be no delay in obtaining justice. The Wabash would cruise along the coasts of Syria, Palestine and Egypt.

The Macedonian was lying at Smyrna, but had been ordered by the Commodore to the coast.

☞ The Rev. Ronald Nicholson, of Ottowsy, Ill., was arrested in Louisville, Ky., on Monday, on a charge of swindling. In his pocket was found a pair of false whiskers, which he said he wore for a sore throat.

SAVE ME FROM MY FRIENDS.—The Dover Gazette has a nice correspondent in Concord, who writes politics with a perfect looseness. He gives Mr. Buchanan the following high praise, in his letter of Dec. 20.

In my last I promised I would say something about the message by way of review. In the first place let me say that whenever James Buchanan puts his pen to paper we may expect something able, something clear, something substantial, something dignified, nothing very new, nothing very bold, nothing rash, and nothing for Buncombe. Mr. Buchanan's message comes *fully up* to *that* expectation.

But in the same letter, a few lines below, he gives him the following compliments over the left. They are so rich that any comment of ours must seem poor and lean. The writer says:

Perhaps the President might have spared us *his rehash* of Kansas affairs. We have had so many unsavory dishes of Kansas served up to us that we have got heartily *sick* of *that* kind of diet. Besides we consider most of what he has said on the matter an attempt to re-argue a case already decided, *and decided right*. I am willing he should try to place himself right in history, there is no danger of a false chapter on that subject, the seal has been set, and I have simply to say, Mr. Buchanan, *your* covenant with "Lecompton has been disannulled and your agreement with" the English bill "shall not stand." There is but one opinion here in regard to the action of those democratic Senators who were instrumental in deposing Judge Douglas from the head of the Committee on Territories in the Senate. It is universally pronounced an act of hitherto unexampled *meanness* and *petty* malice. Whether the *President* discountenances it or not, its influence for *evil* in the Democratic party cannot be prevented.

☞ "Burleigh," the New York correspondent of the Boston Journal, who is understood to be the Rev. Mathew Hale Smith, Mrs. Cunningham's counsel at one stage of her case, corrects a paragraph which we copied from the Rochester Union. He states that Mrs. Cunningham lives in Forty-eigthth street.

She is not in "easy circumstances," but is reduced and poor. The "elegant mansion" is a house in a block on the new upper street, for which she is indebted to the kindnes of the owner till Spring. Her house is not entirely furnished; the most of it not all; and what is, is of the commonest style. She has wasted all the property she had, and is not able to take a house of comfort. All the ordinary avenues of employment open to most women, are closed against her. The prejudices against this woman was never stronger than now, and having spent all she had to defend herself in courts of law, she is now very poor, and would keep a boarding-house or do any honorable thing to get a living, if she could do so. Her daughter Augusta has not been "married to a Southern planter," but to a young man in this city, who has not one dollar to rely upon but what he earns from day to day; and the rumor about Helen is as apocryphal as the rest of the story.

TROUBLE AMONG THE SAINTS.—The advices from Utah state that the saints are in trouble amongst themselves. Dates to Nov. 18 inform us that about 350 of the brethren and sisters are cast out of the Mormon fold. The precise nature of the affair is not known, but it is said to be on account of the "affinity" shown by the females to the troops, which are quartered at no great distance from the Mormons.—Brigham Young evidently intends to make a fearful example at the outset. It is also said that there are several hundred discharged teamsters at the Mormon settlement, who knock round with perfect looseness, who don't care a copper for the whole brotherhood of the church, but who manifest particular regard for the sisters, who, in many instances, are not loth to receive attentions from the roystering gentlemen.

They freely express their opinions about Brigham, and the other elders; they enter buildings, and if a brother objects to their familiarity with his wives, they end the matter by handling the objector out of his own house into the street. Their conduct is so outrageous that Brigham is anxious now to have a U. S. military patrol, although but a twelve month since, he pronounced all the anathemas imaginable against our soldiers.——*Atlas.*

LOUIS NAPOLEON AND THE HAYTIENS IN PARIS.—Faubert, a young man of color from Hayti, obtained the highest prize—the prize of honor—at the concourse of all the colleges in France, held at Paris. On the reception of this news, the Emperor immediately sent him one hundred and fifty handsomely bound volumes. A company of National Guards were dispatched to wait upon him with a band of music, and he was invited to dine and did dine with the Minister of Public Instruction, occupying a place between his lady and Prince Napoleon. Besides this young man, two other young Haytiens took prizes. In a country like France of the highest culture, where the course of study is severe, and where *honor* is everything, and the contest for it very great, this achievement does credit to the Haytiens.

The bodies of thirteen men have been taken from the ruins of the sugar refinery which was lately blown up at St. Louis. Some twenty laborers were employed in the building, not one of whom appears to have escaped sufficiently unharmed to give any coherent account of the catastrophe he experienced.

☞ Rev. Baptist W. Noel, London, in his recent work on the Government of India, makes the following singular, and doubtless, authentic statement:—

"In the Madras Presidency there are now 8,292 idols and temples receiving from Government an annual payment of £89,-678. In the Bombay Presidency there are 26,589 idols and temples under State patronage, receiving grants to the amount of £30,587 10s.; to which must be added the allowance for temple lands—giving a total for the Bombay Presidency of £89,859 6s. In the whole of the Company's territories there is annually expended in the support of idolatry, by the servants of the Company, the large sum of $171,558 12s."

In view of these facts, it is not surprising to learn (as we do through the Dublin University Magazine) that a prize of 50 guineas has been offered for the best Essay on the position which the Government of India ought to assume towards Christianity and Christian Missions.

☞ Before a prisoner is executed in Mexico, he is put in the "*Capilla*," which is thus described:

"About forty-eight hours before a criminal is to be executed, he is cloistered with spiritual advisers in a small chapel. He is beset by the worthy advisers, who by a well-regulated system of relays keep at him urging him to implore forgiveness, and to give himself up to God. In order to inspire the doomed with the liveliest sensations of fear, a death-bell is kept tolling in the same appartment with him.—In this way he is kept in the duty of preparing for death, until a short time before the fatal hour. He is then allowed some refreshment, and again forced to resume his preparations until blindfolded and marched forth to the place of execution, to which last point the ceaseless noise of the muffled bell and the exhortations of the padre confessor pursue him."

FROM WASHINGTON.—The correspondent of the New York Commercial Advertiser says:

"It has been intimated by prominent members of both Houses that after the resumption of the session next week, there will be nothing of importance done except to pass the appropriation bills."

The correspondent of the Journal of Commerce, says:

"There is no prospect that *any one* of the special recommendations of the President will be carried out. The recommendations as to the change of the tariff, and as to the Mexican protectorate, and a provision for the purchase of Cuba, &c., must all fall to the ground."

☞ The New York Evening Post's Washington correspondent says Sen. Mata is the active friend and agent of Comonfort, and that he offers our Government the six Northern Mexican States for the consideration of $12,000,000, and the recognition of Comonfort as head of the Republic. These statements are given for what they are worth.

The Post says that Mr. Hamilton intends to contest the seat of Mr. Maclay as Representative of the Fifth District in the next Congress, on the ground that the deduction of the illegal votes obtained from the Navy Yard and other sources will give him a clear majority.

☞ Mr. Franklin Lovejoy of Rockland died very suddenly on board the Augusta and Rockland stage on Monday evening last. He was sitting on the box with the driver on the way to Rockland, and as the driver thought fell asleep. He was taken off and placed inside, and when the stage arrived in Rockland was found to be dead. He probably died of disease of the heart.—He was a young man about twenty-five years of age.

☞ Peter Dawson, the "King of the Fourth Ward" of New York city, who slipped so easily through the hands of justice on Thursday, has got his deserts at last. The Judge of Sessions in Brooklyn sentenced him to the State Prison for nine years and six months for assaulting Wm. J. Potts with a knife.

☞ The Buffalo people have organized a skating club, hired a "lot" of land, caused it to be flooded with water, which it expected will freeze, built a retiring room for ladies, and hired a man to take care of the ice, keep it clear of snow, &c., at an expense of $1000, for their sports this winter.

☞ The Augusta Age thinks it not unreasonable that a Down East editor should propose to substitute the Dred Scott decision for the Declaration of Independence, at the next celebration of the 4th of July, because, it adds, "we know of a down-east paper that wants the *arguments* of the Justices in the Dred Scott case incorporated into the body of the constitution."

☞ In Portland, the proper authorities are steadily and gradually crushing out the open sale of intoxicating drinks. In the Municipal Court, on Tuesday, the liquors and vessels recently seized at the store of John Foley, no one appearing to claim the same, were declared forfeited to the city.

GRAND ENTERTAINMENT
—OF—
Vocal & Instrumental Music,
AT THE TEMPLE, IN PORTSMOUTH,
TUESDAY Evening, Jan. 18th, 1859.

Tickets, One Dollar.

1000 numbered Tickets will be sold,—and at the close of the Musical Exercises, a Committee of three gentlemen chosen by the audience, will distribute among the ticket-holders,

TEN NEW SEWING MACHINES
from the celebrated Manufacturing Co. of
GROVER & BAKER.

The Programme of the Musical Performances,—which will be of a superior order—will be shortly announced.

C. C. WHITTEMORE,
Agent for Grover & Baker Sewing Machine Co.
Portsmouth, Dec. 24, 1858.

THE GROVER & BAKER
SEWING MACHINE CO.,
18 SUMMER STREET, BOSTON,

Having greatly increased their facilities for manufacturing their CELEBRATED FAMILY MACHINES, with all the recent improvements, have reduced their prices, and offer for sale

A NEW STYLE MACHINE;
PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They

HEM, FELL, GATHER, AND STITCH

in the most superior manner, and are the only machines in the market that are so well and simply made,—that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn how to use them, and keep them in order. They make upwards of

FIFTEEN HUNDRED STITCHES A MINUTE,

and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States, who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

C. C. WHITTEMORE,
d24 Agent in Portsmouth.

I. M. SINGER & CO.'S
$50
SEWING MACHINE
ON EXHIBITION
AT ROOM NO. 1 FRANKLIN HOUSE.

This Machine takes a stitch that cannot be pulled out, and is the best machine before the public.—The people of Portsmouth are requested to call and examine the machine and its work, whether they wish to purchase or not.

Being the sole Agent for New Hampshire and Vermont, I can sell you a machine at the same price you will have to pay in Boston or New York, and save all the expense of going to purchase one, and also the expense on the same.

Any lady having stitching to do, will please call and have it done on the Machine free of charge. **IRA MITCHELL,**

Agent for New Hampshire and Vermont.

ENGLISH WALNUTS & ALMONDS,
Filberts, Castans, Pecan and Pea Nuts; a fresh supply at **STAVER'S,**
d18 **No. 12 Market Street.**

PLAYING CARDS in great variety for sale by CHARLES C. HARVEY.

SPECIAL NOTICES.

CONVULSIONS.—Spasmodic symptoms, whether depending on functional derangement, or a disease of the nervous centres, are happily modified by the tonic and alterative power of the PERUVIAN SYRUP; the terrifying convulsions cease, and order is restored by removing the exciting cause, and the prevention of the predisposition.

TESTIMONY.—Des. J. B. N. Gould, Niles' Block, Boston, says Dr. Clarke's Sherry Wine Bitters have done his family more good than any others they ever used. They are essentially a very valuable medicine. Mr. J. H. Thacher has a fresh stock. 624

R. R. R.

WHY SUFFER WITH PAIN?

When we are sick, the human system is in an unnatural condition. The longer the body is afflicted with disease, the greater time will be required to restore it again to its natural state of health. We believe in curing the sick as quick as possible, and not to let the victim linger in pain. The **R. R RELIEF** remedies are prepared on this principle. No useless time is wasted, for the very moment they are taken or applied, a great change in the sick one's body takes place. If there is pain, or nervous irritability, or Rheumatism, Neuralgia, Diarrhea, or Pains of any sort, R. R. Relief, in an instant, telegraphs its pain-relieving influence to every part of the diseased body. The lame, the cripple, the stiff-jointed, have felt its effects in a few seconds, for it imparts strength to the weak, emaciated, and feeble parts. The Renovating Resolvent will cure the most obstinate cases of Scrofula, Syphilis, Rickets, Nodes, Tumors, Ulcers, Bad Coughs, &c., in an incredibly short time. And the R. R. Regulators regulate every organ to a healthy action. Let not the sick linger in pain. The **R. R. R.** will raise you from your bed of suffering in a few hours.

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Radway's Regulators.

W. R. PRESTON agent for Portsmouth.

The only place in Portsmouth where a fine Melitotype (taken on Glass and by the aid of heat brought in the glass,) can be procured, is at Salen's Daguerrean Gallery, Congress Block.

Melainotypes, beautifully colored, (imitation of Ivory Painting,) taken in superior style, on light or dark ground. Photographs, Ambrographs, Ollographs, plain and splendidly finished in oil, any size up to Life Size, from $3 to $25. Pictures taken on Patent Leather, Enamelled Cloth and Bristol Board for sending in letters, or to put in Hats, Caps, Porte-Monnaies, Albums, very cheap.

Please call at Salen's Daguerrean Gallery, Congress Block, only one flight of stairs.

N. B.—Any size of picture taken from a small likeness of a Deceased Friend.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them discharging their contents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, who can guarantee to the ladies of America to be the original "Parisian Pimple Destroyer." It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

To the Citizens of New Hampshire.
Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED. THIS Invaluable Medicine is distilled from malt Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the rarest valuable restoratives of the venerable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic things in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, COLIC, DROPSY, GRAVEL, CHOLERA MORBUS, FEVER AND AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., whilst the weaker sex will find by its agency a sure relief from those distressing annoyances which frequently attend their delicate organization.

Dr. Valentine, of New York, the celebrated medical authority, pronounces Charles's London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of water and air.

For sale in quarts at twenty five cents, and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE OTHER IS BRITISH.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co., 1 Cornhill; S. K. Decker, 20 Elm st; J. Moran, 116 Blackstone st.; M. Davis & Co., 57 Blackstone st.; R. Smith & Co., 20 Exchange st.; Gilbert, Abbott & Co., 78 Broad st.; Bird & Co., 36 & 38 Elm st. and others. In Portland, Me., of H. H. Hay & Co., C. W. Atwell, and C. C. Mitchell & Son.

The Great English Remedy.
SIR JAMES CLARKE'S
Celebrated Female Pills.

Prepared from a prescription of Sir Jas. Clarke M.D., Physician Extraordinary to the Queen.

THIS invaluable Medicine is unfailing in the cure of all those painful and dangerous disorders to which the female constitution is subject. It moderates all excess, removes all obstructions, and a speedy cure may be relied on.

TO MARRIED LADIES

It is peculiarly suitable. It will, in a short time, bring on the monthly period with regularity.

Each bottle, Price One Dollar, bears the Government Stamp of Great Britain, to prevent counterfeits.

CAUTION.

These Pills should not be taken by females not are pregnant, during the FIRST THREE MONTHS, *as they are sure to bring on Miscarriage, but at every other time and in every other case they are perfectly safe.*

In all cases of Nervous and Spinal Affections, Pain in the Back and Limbs, Fatigue on slight exertion, Palpitation of the Heart, Hysterics, and Whites, these Pills will effect a cure when all other means have failed, and although a powerful remedy, do not contain iron, calomel, antimony, or any thing hurtful to the constitution.

Full directions accompany each package.

Sole Agent for the United States and Canada
JOB MOSES,
(late I. C. BALWDIN & CO.,) Rochester, N. Y.

N. B.—$1 and 6 postage stamps enclosed to any authorized Agent, will insure a bottle of the Pills by return mail.

For sale, wholesale and retail, by W. R. PRESTON, Portsmouth, and by Druggists in every town in the United States.

Boarding.

MISS WENTWORTH has taken the House No. 3 Market Street, recently occupied by Col. Dimick, and is now ready to accommodate Permanent or Transient Boarders, on the usual terms. d221m

☞ Read Allen & Paine's advertisement.

LOCAL.

☞ We learn that the proceeds of the Catholic Fair on Tuesday evening, amounted to one hundred dollars. This is pretty well—considerable more than most Fairs do. We are not prepared to decide upon its merits, as we were not present.

☞ Don't forget the Concert at the Temple, to-night.

☞ A column of political articles on the 4th page of Wednesday's Morning Chronicle, should *all* have been credited to the New Hampshire Gazette, as most of them were. The omission of credit in one instance, made us seem to advocate some doctrines which we do not believe. In our view, slavery has no *rights* anywhere, as it is a wrong from beginning to end. It may, have *power*, but it has just as much right, as theft, robbery and murder, and no more. No man has any *right* to buy or sell me or any other human being. I therefore concede no such *right* of property, or the ownership of a slave. If he *can* hold me, I may not see fit to fight about it,—but if I get a chance to run away,—I shall not trouble my conscience very much about his *rights* of property, or his State equality.

U. T.

☞ The brig Wm. Purington, from Wilmington, N. C. arrived in Boston harbor, on Sunday night, and went ashore on Lovell's Island. A fugitive slave who was on board, and whom the Captain meant to send back, jumped ashore, got aboard a passing sloop which he hailed, and disappeared—probably has gone to Canada.

Judge Russell and other friends of the slave went on board the vessel with a legal process, but of course found no slave.

During some conversation the captain remarked that he had made up his mind to blow the nigger's brains out if any one came on board to molest him, as it was a hanging offence at the South to carry off a nigger. The Judge coolly informed the captain that it was a hanging offence at the North to blow a nigger's brains out.

[We think the judge is mistaken,—the jury could find a verdict of murder in the *second* degree, and he would go to the State's prison.]

The captain found the negro on board, when two days out,—and put back *twice;* once he got within five miles of the port, but was blown off.

After being knocked about in the gale for three days it moderated, and they again bore up for the southern coast, and made Cape Charles, but could not reach Norfolk on account of the head wind. Although the captain was very desirous to land the negro, as he wished to escape being made amenable to the laws of North Carolina, in carrying away a fugitive slave, yet he was compelled by head winds and a scarcity of provisions, to relinquish his object, and accordingly put away for Boston.

The captain in his endeavors to return the slave, met with considerable trouble and expense. When the vessel left Wilmington, they had a fine north west breeze, and the captain calculated that he should make the passage in seven or eight days, but in consequence of his attempting to put back, he lost the opportunity to make a fine run home, and instead of a week he was twenty days on the passage, which increased his expenses about $200. The crew of the vessel was made up entirely of colored men, but we do not learn that the captain suspected any collusion between them and the slave.

McNulty—Moral of his Case.—The Boston Atlas speaks of him thus:

"The prisoner McNulty, has run his race; from this time forth he is to be the inmate of a prison. For him the green fields shall smile no more. His case should be a warning to young men to avoid bad society and eschew evil habits. He might have been a useful member of society, and a support and comfort to his aged mother, but he chose to follow the path which leads to perdition. The evidence shows him to have been a very bad man, and it is believed that the blood of Hodsdon is not the only human blood which stains his hands. He was an undutiful son, a rowdy, a burglar, and at last a murderer, and yet he is but twenty-four years of age. Let his case be a warning to others. We have many youths in this city who are following close upon his heels, and if they do not change their course, they will one day find themselves what he is now, prisoners for life, in a penitentiary."

☞ The New York Post says that Rev. Mr. Spurgeon expresses his intention of visiting this country next spring, and will probably be in that city during the religious anniversaries in May next.

Suicide.—The Coos Democrat states that John Bickford, a pauper of Stratford, committed suicide recently. He had been accustomed to the free use of opium, and being deprived of it for some weeks he became partially insane.

LATER FROM CALIFORNIA.

New York, Dec. 29.—Steamship Illinois has arrived. She brings $1,494,000 in specie.

Sir Gore Ouseley sailed from Panama on the 8th, for Central America, in war ship Vixen.

Valparaiso dates are of Nov. 16, Callao 26th. An immense fire took place at Valparaiso, doing damage to the amount of $3,000,000; insurance $1,726,000. The fire originated in the Union Club. Some firemen were lost, and a number of persons scriously injured.

The U. S. surveying schooner Fennimore Cooper, at Honolulu, reports some ten or twelve reported islands and shoals on the route from San Francisco to Honolulu to be myths.

The ships Eli Whitney, with 185, and Norton, with 500 passengers from Australia, had arrived at Victoria.

The California interior papers state that Col. Fremont had ejected the Mercedes Mining Company from his property in Mariposa county.

[N. B.—The last news before this was that the company had ejected him. There is quite a difference between the two stories.]—*Eds. Chron.*

Anticipated Outbreak in Cuba.—*New Orleans, Dec.* 28.—It is report on the authority of Gen. W. S. Relean, that strong efforts are making by the Spanish authorities of Cuba to induce France to intervene and prevent the success of a revolutionary movement which it is expected will soon break out. A large number of Americans are now in Cuba to aid the movement, and are confident of success if France does not intervene. A Cuban gentleman just from the Island says that the people and a part of the army are ready for the revolution, but fear the intervention of European powers.

New York, Dec. 20.—The Empire City came up unannounced last night, so there was nobody present to receive Senator Douglas, except the committee of the Common Council, who tendered him the hospitalities of the city, and escorted him to his hotel. Judge Douglas remains here three or four days.

A letter from Montgomery, Ala., 24th, to the Times, says the writer has just seen the identical negroes brought from Africa by Capt. Corroville or his accomplices.—They appear to be in the hands of speculators, and will go down the Alabama river this evening in the steamer St. Nicholas.

Indictments.—*New York, Dec.* 27.—Officer Baker has been indicted for allowing Dr. Galliardet to escape from his custody.

Messrs. Turner, Devlin, Vidal, and Taylor have been re-indicted for conspiracy to defraud the city treasury.

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do not pretend to be good; but this cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By removing the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor, health comes anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce SOME effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his best sip, tottering form straighten with strength again; see his lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood has burst out in scrofula till his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which earth could suggest. Give him these PILLS, and mark the effect—see the scales fall from his body; see the new, fair skin that has grown under them; see the tube taper that is about to free them to him whose angry humors have planted rheumatism in his joints and bones; more him, and he screches with pain; he can hardly touch the tortured body of every member of his body with liniments and salves; give him these PILLS to purify his blood; they are not sure him, for, like a thoroughbred, which knows no power can reach him, he walks about with crutches now, and now he walks alone; they have cured him. Give them to the lean, sallow, haggard dyspeptic, whose pining form and sunken eye seem every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man—a new life that was radiant with health and happiness. Give them to the pale, and too early withering away; want of exercise or mental anguish, or some turbing tension, has deranged the internal organs of life, and the liver or secretion, till they do their office ill. Health blood is vitalized, her health is good. Give her these PILLS to stimulate the vital principle into renewed vigor, to cast out the obstructions, and infuse a new vitality into the blood. Now look again—the rose blossoms on her cheek, and where pining form and sunken eye stood from every feature. See the sweet infant wasted with worms. Its wan sickly features tell you without disguise, and painfully distinct, that they are eating its life away. Its pinched-up nose and eyes, and restless sleepings, tell the dreadful truth in language which every mother knows—give it the PILLS in honey down its throat, and these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the jewel of this age? And yet they are done around you every day.

Have you the less serious symptoms of these diseases, they are none the less serious. Costiveness, Headache, Sickness, Heartburn, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout, Stomach Complaints, are all arise from the derangements which these PILLS rapidly cure—Take them perseveringly, and under the counsel of a good Physician if you can, but if not, take them judiciously by such advice as we give you, and the distressing, dangerous diseases they cure, which afflict so many millions of the humanities, are cast out like the devils of old—they will not burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for $1.

Through a trial of many years and through every nation of civilized men, AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of medicine, did but for it, be restored to their friends and usefulness, to sound health and the enjoyments of life, by this all-powerful antidote to the diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and rosy, whisper to the skilled in the Consumption. He tries every thing; but the disease is gnawing at his vitals, and shows its fatal symptoms more and more every all his friends, till he tries CHERRY PECTORAL now; it has stopped his cough and made his breathing easy; his every wound at night; his appetite returns, and with it his strength. The dart which pierced his side is broken. Scarcely any neighborhood can be found which has not some living trophy like this to chalk forth the virtues of AYER'S CHERRY PECTORAL as an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The consumptive colds and coughs which it cures are the seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Tickling, Winter Cough, and all irritations of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it in them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a fireside.

Authenticated evidence of these facts, with directions for the treatment of each complaint, may be found in AYER'S AMERICAN ALMANAC, which we publish three millions, and scatter them broadcast over the earth, in order that the sick every where may flee before them in the Firmament it contains, as the dove from the ark. Its medicine generally have them for distribution gratis, and also for sale these remedies, prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

YOU HAD BETTER TRY

MY MOTHER'S SALVE

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for its GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, that it seems to be left to such testimonials, that the proprietors feel it a duty they owe to the public and generous patronage bestowed upon this article, to make it accessible to rich and poor, that all who need may avail themselves of its healing virtues.

"My Mother's Salve" is a Perfect Chemical compound, prepared from Herbs and Gums, gathered from the forest, and possesses Healing, Soothing and Pain-Relieving Virtues never before combined in a salve or Ointment.

"My Mother's Salve" is safe and effectual, and all show troubled with RHEUMATISM, SALT RHEUM, ERYSIPELAS, GOUT, PILES, and such like diseases, will find in it a great relief, and in most cases a Permanent Cure.

"My Mother's Salve" is a BURN or SCALD, takes out the fire, soothes the irritating nerve and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends is a test of its worth.

Directions for using "My Mother's Salve" are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the Salve freely with Salve. In cases of Croup, Tightness of the Lungs, Sore Throat, and such like, rub on Rheumatism. In any case it will do good. Trust it for love the use of this Salve. Prepared by A M Beck BURRILL & BUNTING, Sole Proprietors,

THE GREAT WONDER

Of The Nineteenth Century

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentlemen in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have the effect, when coming from a reliable source. It certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press.

BATH, ME., Jan. 20, 1856.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months ago to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same character; in three months since I procured a bottle of your hair restorative, and used it. I soon found it was growing what I had wished. I used it about twice a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy; as it has been before for nearly five years. I am now sixty years old; my good wife at the age of fifty two, has used it with the same effect.

I have thus noticed these facts to you for your valuable discovery. I am assured that wherever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of Maine, and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any one you may make of the above, with my name attached to it at your service, as I wish to preserve the beautiful nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.

BALTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1853, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and so much can only be ascribed from to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Methodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.

J. K. BRAGG.

Brookfield, Jan 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been satisfactory in removing inflammation, dandruff and a constant tendency to itching with which I have been troubled for many years, and also in restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly, J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large holds a quart, 40 per cent. more in proportion than retails for $3.

FEED THE WINTER BIRDS.—Last week, says a writer in the Manchester American, I took a trip and called upon an old friend who has an enviable reputation throughout the country as a scientific agriculturist, but who keeps a sharp look-out for the poetry as well as for the business of moral life. My friend has fixed a box of seeds, a small piece of meat, and an ear of corn, in the branches of a young pear tree standing in a sunny nook before his sitting-room windows, and the plump little snow-birds are accustomed to congregate there and eat beef like Britons. A blue-jay, too, frequently comes and displays his splendid plumage whilst feasting upon the corn not quite three feet from the window. I believe the jay usually maintains a dignified silence during these visits. Perhaps he feels that his talents are better displayed in eating than in singing. At any rate, I suspect that he has no reason to be proud of his voice.

My friend says he likes this arrangement much better than he does any cage full of captive linnets or canaries. He would no more harm or scare away purposely his feathered visitors, than he would his herd of cattle. Many people who are at great trouble and expense to keep cage birds would never think of adopting any such device to call the wild dwellers in the fields and forests around their houses. On the contrary, they think it capital sport to shoot every robin and blue-jay that comes within pistol range.

I have sometimes thought that in nothing do men show their true characters more distinctly than in their amusements. The taste for simple and improving pleasures which cause no harm or pain to other creatures is one of the best marks of a truly noble and pure minded man.

☞ The editor of the New York Herald (Bennett) has been called on to respond to a suit in damages by Mr. Haskins, just elected to Congress. The chargeis, that he wilfully altered a record of evidence. Mr. H. seeks only the defence of his good name.

☞ A paper published at Genoa, called *Il Catholico*, has appeared with a deep black border, the mark of mourning denoting the opening of a Vaudois Church in Genoa.

☞ Eleven foreign ships are now in Savannah, or will be there in the next thirty days, after timber. One firm has a contract for forty-seven millions of feet, and some of these vessels are now loading with a portion of it.

☞ An old lady named Button, was actually starved to death last Sunday, in her apartments in Patterson, N. J. She had had nothing in the house for several days, and died shortly after her condition became known to the neighbors.

☞ The Common School Trustees of a town in Indiana say, in a recent report—"No *common* schools—all *uncommon*.—Branches taught, *Euchre, poker, old sledge, vulgarity* and *profanity*.

☞ The Humboldt (Cal.) Times states in addition to nine thousand snipe killed at four shots, by a citizen of Union, the air was full of falling birds for several days!

☞ Plutarch says, in his Life of Alexander, that the Babylonians used during the dog days to sleep on skins filled with water. In those days men sleep on skins filled with bad rum.

☞ The bill for the satisfaction of claims for spoliations committed by the French half a century ago, has been set down for consideration in the Senate for Thursday, the 6th of January 1858.

☞ The London Times, in a leading article, opposes the idea of another great exhibition of the industry of all nations to be held in London in 1861.

☞ The Manchester (N. H.) Print Works have declared a dividend of 4 per cent. The profits of the past six months have been 8 1-2 per cents.

☞ The Charleston papers announce the illness of Mr. J. E. Murdock, the tragedian, in that city.

☞ The bill abolishing all lotteries in Georgia, after June, 1860, has become a law.

☞ Navigation on the river St. Lawrence is now entirely closed.

Morning Chronicle.

FRIDAY, DECEMBER 31, 1858.

DEMOCRATIC STANDARD.

The Concord Standard of the 25th speaking of the Patriot, (and its echoes) says:—

That paper is constantly disavowing slavery in principle, and endeavoring to show that the Democratic party has nothing to do with slavery—that, in fact, it is more of an anti-slavery party than even the Black Republican party. By taking this ground, these tender-footed, demoralized, democratic prints concede the whole argument put forth by the anti-slavery opposition.

We make no such concessions. * * * Let us not put in a disclaimer against slavery, when the great *Party* to which we are attached is *based* upon the very theory of its recognition as a legitimate and lawful institution where it exists, &c. * *

Let the organs of the Democratic party, no longer confess that the institution is wicked in principle, while their own party connections compel them to recognize and defend it. When they have arrived at that position, they have nothing more to do but to join the enemy. They concede the whole argument of their opponents, and leave no ground upon which to stand themselves, for if they admit that slavery is wrong in principle, they have no other course as honest men but to become abolitionists.

"Popular sovereignty" is becoming decidedly popular in many quarters not heretofore supposed to be friendly to the doctrine advocated by the Democrats from 1854 to 1858. Many of the Republicans now seem inclined to support the bill offered by Mr. Morris of Ill., (Anti-Lecompton Democrat), which discards all Congressional interference with the Territories, and authorizes the people thereof to elect their own Governors, Judges, and all Territorial officers. This is turning the political tables, if not the heads of many of the politicians who in 1856 were death on popular sovereignty.—*Journal of Commerce.*

The bill by Morris, provides for a *real* popular sovereignty, in the territories.—The other popular sovereignty referred to, such as Kansas *enjoyed*, in '56, was a cheat, a lie, and a sham.

The father of the Jewish child Mortara is about to settle in France. A letter from Rome, in the Gazette de Liege, states that the Sacred College at Rome has resolved to prevent the recurrence of any case similar to that of Mortara in future, by directing that Christians shall not in future be allowed to enter the service of Jews.

What a wretched piece of priestcraft in religion and donkeyism in government is this! Two wrongs cannot make a right—and these owls, instead of undoing a stupid rule of their old infirmary, make a restrictive rule to the detriment of their own working people.

☞ Perley, of the Boston Journal, writing from Washington, says of Douglas:

The partizans of the Little Giant appear to think that his game is "played out," and that there is great doubt of his reelection as Senator from Illinois! Others, well aware that they are *marked men*, hope that on reaching New York he will come to Washington—take his place in the Senate—defy his enemies, and, if necessary, sink as the old French monarchy did in '89—like a proud man-of-war in a tempest, with colors nailed to the mast, and firing double-shotted guns.

☞ "The States" says—"With some opportunity for observation, it gives us pleasure to say that we have never witnessed better temper, and a greater disposition for peace and harmony in the party than now prevails in the Capital among leading Democrats in and out of public life.

A growing feeling exists, that a thorough union of the Democracy is absolutely *necessary* for success in 1860; and the determination to permit no side issues—no suppositious cases in the future that may or may not arise—no revival of extinct questions, to mar and distract our councils, is prevalent and almost universal with the prominent men of the Democratic party in Washington."

☞ The Washington correspondent of the Journal of Commerce, after declaring that the Administration will not try to prevent Douglas' re-election, though it might do so, says:

"It is now doubted whether it will be Judge Douglas' policy to resist the decree of the Democratic organization of the Senate. Though he is thrown out of the chance of the Charleston nomination for 1860, *he may be the heir to the inheritance of* 1864.

☞ The funeral of a little orphan girl in the care of the Sisters of Charity, at Wheeling, Va., was delayed for a day in consequence of the weather. In the meantime, while one of the Sisters was arranging something about the coffin, the little girl rose up and asked for a drink of water. It is supposed that she was in a trance; and it was nothing but the heavy rain of Monday that averted from her the horrible fate of being buried alive.

☞ The New Market Bank, at New Market has delared a semi-annual dividend of 4 per cent, payable January first.

☞ A miserable, drunken fellow, named Reynolds, has been arrested at Newport, R. I., for stabbing a man named Brennan, on Tuesday last. The cause of the affray was as follows: The wife of Reynolds left her children in charge of a Mr. Hanson, while she went out washing. Reynolds learning that the children were at Mrs. Hanson's, went there for the purpose of taking them away. Being refused admission he broke in and entered. Brennan, who was sitting in the room, endeavored to prevent his taking the children, when Reynolds drew a dirk knife, and stabbed him, inflicting a dangerous wound in the abdomen, just below the ribs. It is thought the wounded man cannot recover.

☞ The proprietors of six religious newspapers in Boston, have resolved to charge, after the 1st of January, for publishing religious notices, obituaries, &c. They divide this matter into two heads, the first comprising appeals for benevolent objects, and obituaries, half a cent a word; the second ecclesiastical notices, resolutions at churches, and the like, one cent a word.

☞ Rev. William A. Fobes was dismissed from his pastoral charge of the Congregational church in Hooksett, on the 23d inst. Mr. Fobes closed his pastoral labors in Hooksett in the Spring of 1857. He has accepted a call from the church in Lebanon, Me.

☞ It is stated that Lieut. M. C. Martin will contest the will of his father-in-law, the late Augustus Thorndike, of Boston, and has already, it is said, employed Hon. Rufus Choate to conduct the case in his behalf. Should he decline then the next will in order prepared by Mr. Thorndike, (of which several have been deposited in the Probate Office) will come before the Court.

☞ Gov. Lowe of Iowa has properly refused to call an extra session of the Legislature of that State, which had been demanded on the ground of the necessity of further legislation in aid of the Railroad enterprises, and the enactment of "relief laws."

☞ The Rev. Mr. Dunham, pastor of the Methodist Church, South Danvers, while engaged in preparing a Christmas tree on Friday last, accidentally fell, and was so badly injured internally, that but slight hopes are entertained of his recovery.

A MISER'S WILL.—A German apothecary, named John Killingling, of Ohio, rich and penurious, died a week since, and left property worth $750,000, the whole of which is to be deposited in a bank, the principal never to be touched, but the interest to be devoted to the education of the Protestant Germans in this country.

☞ John A. Washington, proprietor of Mount Vernon, advertises five negro women and girls and two boys for hire, application to be made at Mount Vernon, 'where the negroes can be seen and examined.'

☞ Starling A. Clayton and Martin Carter, convicted of negro stealing at the last term of Barowell Court, S. C., were sentenced at Columbia, by Judge Munroe, to be hanged on Friday, Feb. 25, 1859.

☞ A young man has been victimizing the clergymen at Rochester, N. Y., by representing himself as a converted Romanist from Montreal, desirous of preparing himself at Beloit College for the Protestant ministry. After bleeding them freely, he decamped.

☞ Philip Dooley was instantly killed, William Morrissey was seriously, and Holt Ingraham slightly injured, in consequence of the falling of a staging used in discharging coal from the schooner Jack, at Portland, on Monday.

☞ Francis Heck had lain in jail at Cincinnati three months, awaiting trial for passing a counterfeit bank note, and when he was arraigned the note was pronounced genuine. For this gross injustice at the hands of the State, he has no remedy.

☞ Rev. Geo. W. Quimby of Cincinnati, has recovered $2500 from an apothecary of that city for putting up for him belladonna, instead of dandelion, by which his health was materially injured.

☞ A letter from Louisville says:—"There is not much going on here, except hog-killing, although that affords considerable excitement. There had been two hundred and twenty thousand killed. One house slaughtered four thousand five hundred in one day."

☞ The Buffalo Republic, in commencing an account of a fight, says: "There was a terrible row in the lower part of the city last night, which broke out in three languages—Irish, English and *profane*."

SPECIAL NOTICE.

To Subscribers to the Weekly Chronicle.

We wish it distinctly understood, that we shall send *no more* copies of our Weekly—certainly no more out of the city, and to persons with whom we have no acquaintance—without payment strictly *in advance*. And all persons whose paid subscriptions end with the year 1858, will receive *no more papers after this number*, unless they forward the pay for another year ($1) forthwith. Those who want the paper on these terms, we shall be pleased to supply—and we have a good list of such, and don't intend to have our books longer cumbered with the names of any other sort. We had rather print one thousand copies for cash, than three thousand for half cash, and one quarter at the end of from one to five years, and the other quarter never.

We have been victimized in this way, till we are tired of it—and shall now stop it. We have no whining or growling to do—nor any favors to ask. It is enough to earn our money once, by printing newspapers at $1 a year—(and often mailing fifty single papers at that)—without coaxing or dunning for the pay besides. All that subscribers, far or near, have to do to get our paper, is to *pay* for it—and in future none but those who *do* pay in advance *will* get it.

On our Daily list (which is mainly in this city and county, and near by in Maine) and our home business generally, our loss has ever been little or nothing;—and we are convinced that the only way to render our distant business equally sure, is to make it exclusively a cash in advance trade.

Postmasters will toward us money, free of expense to subscribers. Our terms are $1 50 per year for arrearages; but with all who this week forward us, in addition to their present indebtedness, $1 for the new year, we will settle at the advance rate for the whole time.

We are not fond of putting dunning notices in our paper—and have seldom done so—for the paying patrons feel them more than the delinquents. But those who need no such notices will excuse us this once—and may rest assured they will be no troubled no more in this way. We shall take other means to collect our back dues.

☞ In one way or other, in the course of years, a number of names have got on our subscription list, for which we receive no direct equivalent—and as the indirect remuneration seems to us in most cases altogether too small, we cannot afford to continue the practice longer. We shall be pleased to enter all such on our advance paying list for 1859.

☞ A new tribe of negroes has been discovered in Australia, who, if the account is to be believed, are entirely without hair. Their complete baldness gives them a strange unearthly appearance, at which, it is said, the Balonne blacks were at first much terrified.

☞ Mr. John A. Hamilton, of the last class at Andover, is preaching to a colony from Dr. Barstow's Church in Keene, which meets in the Town Hall.

☞ Rev. S. M. Blanchard of Bath, has received and accepted a call from the Congregational Church and society in Wentworth.

☞ New York is certainly a great city. They have now a "Dog Boarding House." The keeper will, for $1 per week, board dogs, and train them for $1.50.

"So there's another rupture of Mount Vocilerous," said Mrs. Partington, as she put up her specs; "the paper tells us about the burning lather running down the mountain, but it don't tell how it got a fire."

Any person sending us five new subscribers shall receive a sixth free.

For $6, we will furnish the Daily Chronicle and the Atlantic Monthly, for one year.

For $3, we will furnish the Weekly Chronicle and the Atlantic Monthly, for one year.

The money to be paid in advance, in all cases, of course. The price of the Atlantic is $3 per year—the Daily Chronicle $4, the Weekly $1 per year.

THE LION HAS ROARED FOR THE LAST TIME.—J. H. Thacher and B. Hutchings, Potsmouth, have just received a gross of Dr. Clarke's Potent Cherry Syrup, which has never failed of curing all Throat and Lung Diseases as yet. Consumption can no longer claim its prey.

Henry Bowen, Librarian of Mass. Charitable Mechanic Association Rooms, School street, Boston, says Dr. Clarke's Sherry Wine Bitters are a very valuable medicine—the best he ever used.—All medicine dealers sell them.

Mathes & Varrell sell Dr. Clarke's Bitters.

AN ENEMY CONQUERED.—John B. Jones, of Seekonk, Mass., was cured of Consumption, after three years' standing, by using Dr. Clarke's Potent Cherry Syrup. There was no mistake about this case—it was a great victory. Every hour in the day Mathes & Varrell, Portsmouth, supply the invalid with the same article.

SPECIAL NOTICES.

CONVULSIONS.—Spasmodic symptoms, whether depending on functional derangement, or a disease of the nervous centres, are happily modified by the tonic and alterative powers of the PERUVIAN SYRUP; the terrifying convulsions cease, and order is restored by removing the exciting cause, and the prevention of the predisposition.

TESTIMONY.—Dea. J. B. N. Gould, Niles' block, Boston, says Dr. Clarke's Sherry Wine Bitters have done his family more good than any others they ever used. They are essentially a very valuable medicine. Mr. J. H. Thacher has a fresh stock.

WHY SUFFER WITH PAIN?

When we are sick, the human system is in an unnatural condition. The longer the body is afflicted with disease, the greater time will be required to restore it again to its natural state of health. We believe in curing the sick as quick as possible, and not let the victim linger in pain. The **R. R RELIEF** remedies are prepared on this principle. No useless time is wasted, for the very moment they are taken or applied, a great change in the sick one's body takes place. If there is pain, or nervous irritability, or Rheumatism, Neuralgia, Diarrhea, or Pains of any sort, R. R. Relief, in an instant, telegraphs its patness, lieving influence to every part of the diseased body. The lame, the cripple, the stiff-jointed, have felt its effects in a few seconds, for it imparts strength to the weak, paralyzed, and feeble parts. The Renovating Resolvent will cure the most obstinate cases of Scrofula, Syphilis, Rickets, Nodes, Tumors, Ulcers, Bad Coughs, &c., in an incredibly short time. And the R. R. Regulators regulate every organ to a healthy action. Let not the sick linger in pain. The **R. R. R.** will raise you from your bed of suffering in a few hours.

R. R. R. Office, 162 Fulton street, New York.

N. B.—For Scrofula, Syphilis, Female Complaints, use R. R. Resolvent. For Irregularity, use Rudyard's Regulators.

BEAUTIFUL LADIES.

Many ladies are suffering a disfigurement of their beauty arising from eruptions or pimples upon the skin. They have about three thousand perspiratory tubes to every square inch of the skin, which, becoming diseased, prevents them from discharging their constituents—thus causing the various pimples and eruptions. These can be easily removed by an application of GARDNER'S PARISIAN PIMPLE DESTROYER, which has been used by thousands, and is considered as an infallible cure. This is a celebrated French compound, extensively used by the ladies of Paris, also in all cases previous to attending operas and parties.

The original recipe has been purchased by the present proprietors, and is guaranted to the ladies of America to be the original "Parisian Pimple Destroyer. It also removes in a few hours Ring Worms, Barber's Itch, Boils, Bites and Stings, and all eruptions upon the Skin. For sale by Druggists and Fancy Goods Dealers.

Charles's London Cordial Gin.

THE ORIGINAL AND ONLY LONDON GIN IMPORTED.

THIS GIN, Distilled in London, from sound Barley, under the surveillance of the British Excise Laws, is delicately flavored with a tincture of the Italian Juniper Berry, and some of the most valuable restoratives of the vegetable kingdom, rendering it in the opinion of the most eminent men, the purest and safest stimulant or diuretic thing in use.

It is a delicious tonic, of a soft and delicate flavor, differing entirely from any other Gin, and devoid of that harsh, acrid taste, which renders the article known as Holland Gin or Schnapps so objectionable.

Though not intended solely as a medicine, it is recommended by physicians generally in cases of DYSPEPSIA, GOUT, RHEUMATISM, ASTHMA, DROPSY, GRAVEL, CHOLERA, FEVER and AGUE, STRICTURE, DISEASES of the URINARY ORGANS, the KIDNEYS and the BOWELS, NERVOUS DEBILITY, &c., whilst the weaker sex will find by its adoption a sure relief from those distressing infirmities, which frequently attend their delicate organization.

Dr. Valentine Mott, of New York, the highest medical authority, pronounces Charles' London Cordial Gin, "not only superior to any other, but the best article of the kind he has ever seen."

It is peculiarly adapted to residents in the Northern and Eastern States, as well as for travellers exposed to changes of climate and fatigue.

For sale in quarts at seventy-five cents, and in pints thirty eight cents, by all druggists, grocers, fruiterers and country merchants. Beware of imitations. Buy only CHARLES'.—NONE OTHER IS IMPORTED.

May be had in Boston of G. C. Goodwin & Co., 11 Marshall st; M. S. Burr & Co, 1 Cornhill; S. E. Pecker, 20 Elm st; J. Moran, 115 Blackstone st; M. Davis & Co., 51 Blackstone st; R. Smith & Co., 20 Exchange st; Gilbert, Abbott & Co., 78 Broad st., Deland & Snow, 31 Elm st. and others. In Portland, Me., of H. H. Hay & Co., C. W. Atwood, C. C. Mitchell & Son.

A CARD TO THE LADIES.

DR. DUPONCO'S

French Periodical Golden Pills,

FOR FEMALES;

Infallible in Removing Stoppages or Irregularity of the Menses.

THESE Pills are nothing new, but have been used by the Doctor for many years, both in France and America, with unparalled success in every case; and he is urged by many thousand ladies who have used them, to make the Pills public, for the alleviation of those suffering from any irregularities whatever, as well as to prevent pregnancy in those ladies whose health will not permit an increase of family. Pregnant females, or those supposing themselves so, are cautioned against using these Pills while pregnant, as the proprietor assumes no responsibility after the above admonition, although their mildness would prevent any mischief to health; otherwise these Pills are recommended. Full and explicit directions accompany each box.

Price $1. Sold in Portsmouth by JOSEPH H THACHER, in Dover by Chas. A. Tufts, in Exeter by C. A. Merrill, and in Newmarket by J. A. Prendergast. They will supply dealers at the Proprietor's prices, and also send the Pills to the Ladies (confidentially) by mail to any part of the city or country, on receipt of $1 through the Post Office.

N. B.—Ladies will be particular in asking for *Dr. Duponco's Golden Pills*. Observe the signature *J. Duponco* is upon each box. You will then obtain a Pill you can rely upon.

SKATING.—We are pleased to observe in your paper of the 29th inst. that the citizens of Buffalo are moving in the right direction towards establishing a good skating field, for the enjoyment of this invigorating winter sport. Our neighbors of the city of three hills have been in somewhat a quandary for some weeks past, as to the propriety of flooding the parade grounds on Boston Common. Our humble opinion is that the stockholders of the Metropolitan and Cambridge Horse Railroads, whose cars are filled for some weeks by parties to Jamaica and Spy ponds, are quite well posted as to any deficiency that might be caused by the completion of this universally-conceded grand project.

While the citizens of other cities are obliged to spend thousands of dollars for this purpose, we have two capital ponds at our doors; and with a little expense and care, could have the most convenient skating grounds within an area of many miles. Why shall we not do something for this purpose? Both ponds are securely frozen, but by the accumulation of snows have become useless. Cannot some of your readers propose a way by which they can be flooded, and thus made of service to hundreds of those who are shut up in hot rooms, dingy stores, and illy ventilated school-houses? HORUM.

THE GREAT BAY "SMELT SALOON."—This is indeed an age of progress and go-a-headitiveness. A few years ago, in the winter season, a stranger was seen to pull up a single smelt through a hole in the ice on Great Bay. It was soon discovered this beautiful little fish frequented these waters in great abundance. Then might be seen a small village encamped upon the ice, taking these fish by hook, and transporting the same by a regular *smelt train* to Boston and New York. And now the Messrs. Russel of this city, "to keep up with the times," have constructed a *saloon* for refreshments, &c., and conveyed it up to this smelting encampment! What next? WINNICUT.

☞The Old Folk's Concert, by the Continental Harmonists, on Sunday evening, was completely successful—and was pronounced by all the judges to be the best ever given by this choir. The attendance was large, and the audience one of the most eminently respectable that can be gathered in the city. The musical performances were preceded with prayer, by Rev. Mr. Holmes; and the utmost decorum was maintained throughout, and the closest interest manifested, both by choir and audience.

We learn that the Continental Harmonists will probably give an Old Folks Concert in Greenland, sometime during the winter.

We also learn that a Concert of Sacred Music, of a different and more "classic" order, will be given at the Temple, by a select choir of strangers and citizens, on some Sunday evening soon.

MRS. MACREADY, the talented, excellent Dramatic reader, whose admirable entertainments were so well received some years since, will visit Portsmouth again next week. The exact date of her first appearance we shall probably announce to-morrow.

☞Down East, veritable Down East, is the place for sleighing. In Augusta, they have laid-by their wheels till they are rusty; in Portland they have eighteen inches of snow and ice; and while we have just enough here to grub round on, in Newburyport and Boston they havn't had a bit of a sleigh-ride as yet.

☞Mr. Shores has sent us one of the Calendars he advertises—and it *is* the best we ever saw.

☞Thursday was one of the coldest days of the season—thermometer terrible near zero in the morning.

SOCIAL LEVEE.—The Ladies' Charitable Society of Greenland will hold a Levee at the Academy Hall, on Wednesday evening, Jan. 5th. Admission 25 cents. Collation free. A general invitation is extended.

☞The Rockingham Quarterly Conference of Universalists will be held at Danville, on Wednesday and Thursday, Jan. 5 and 6. Public services on Wednesday afternoon and evening, and on Thursday A. M. and P. M.

☞In Conway, N. H., the snow is over a foot deep, and solid and compact as ice, having been frozen while saturated.

"Jeff, why am you like the cedar?" "I gub's it up, Sam; I can't tell you." 'Cause you stays green both summer and winter!"

MARRIED.

In Great Falls, George W. Tufts of Bartlett, N. H., to Mary P. Langworthy of Great Falls.
In Newburyport, James D. Dodge, of Hampton Falls, to Miss Harriet F. Hadley, of Goffstown.

DIED.

In Alton, Mrs. Mary Jane Durgin, aged 28.
In Effingham, Mahala C. Saunders, aged 15.

MARINE CHRONICLE.
PORT OF PORTSMOUTH.

Ship Eagle Wing, Worth, sld fm San Francisco 1st, for Shanghai.

WASHINGTON, Dec. 29.—Contrary to recent rumors and positive assertions, there is official authority for saying that the government, up to noon to-day, had not received one word relative to the alleged return of the schooner Susan to Pensacola, from Nicaragua. The government is in daily telegraphic communication with the federal officers at the several Southern ports, and is kept advised of the fillibustering moves so far as they can be ascertained.—Every effort on its part is made to suppress them. The recent chartering of a steamboat at New Orleans with this view, was by the authority of the government, in response to the applications for that purpose.

Lord Lyons, according to the latest British advices, will reach Washington about the first of March.

Our government has no recent advices from Mexico.

NEW YORK, Dec. 30.—Advices from the Isthmus state that the American ship Fortitude had been wrecked on Cape Gracios a Dios, and the British frigate Cæsar had gone thither from San Juan to render assistance to her captain and crew, as well as to relieve a British merchantman reported to have gone ashore at the same place.

EMIGRATION TO CUBA.—*New Orleans, Dec.* 29.—It is reported that emigration to Cuba has been going on here quietly and legally for months past, and it is supposed the emigrants have left at the invitation of the revolutionists on that island.

A secret agent of the government is here, but as yet has been unable to detect any illegal emigration.

☞The Savannah Republican of the 22d says—

"The celebrated craft—the Wanderer—appeared in our waters yesterday, in charge of the U. S. officers, and is now lying out in the stream. She is a beautiful vessel, and her tall masts and keen looking hull show that she would be hard to catch in a chase. A rumor was current on the bay yesterday, and by many believed, that fifty Africans, of the recent importation, had been arrested on a plantation up the river, and taken in charge by the U. S. Marshal."

TERRIBLE DEATH FROM CARELESSNESS.—The wife of Mr. Warner Epes, of Chesterfield county, Va., retired to bed Saturday night, during the absence of her husband, with a pipe in her mouth. The house took fire, and just as Mr. Epes returned, the burning rafters fell in, with a crash which sent up a volume of fire and added fuel to the flames within. A search revealed the sad fact that his wife had perished. Her charred remains, burned nearly to a crisp, were discovered and taken from the ruins."

HAVANA.—The N. Y. Times says that the Habaneros were "powerfully exercised with regard to that portion of President Buchanan's message relative to Cuban matters. It has been received with the greatest disgust, a meeting had been held, and a memorial to the Queen, to go to the mother country by the first steamer, was drawn up, deprecating the sale of their "birth-right" for any "mess of pottage" whatever.

THE CELLAR POPULATION OF NEW YORK. A census of the cellar population of the city of New York, taken by James Stewart, M. D., in the year 1850, gives the following aggregate: Number of basements, 3742; rooms, 8,141; basements clean, 2726; occupants clean, 13,033; basements dirty, 1015; occupants dirty, 5423; total number of occupants, 18,456. The proportion of inhabitants occupying cellars is believed to have somewhat diminished since this census was taken.

A rich joke is told at the expense of ex-Senator Foote, who has recently adopted a clever disguise, i. e., dyeing his beard and wearing a black wig. Arriving at his old stumping ground, Jackson, Miss., the other day, he was rejected as an imposter by the democracy, who knew Foote by his silvery beard and bald cranium.

☞John B. Chandler's barn, in Concord, N. H., and a shop adjoining, were burnt night of 27th inst. Mr. Chandler's loss is $300 or $400. No insurance.

Of the Jan. 1st festival in New York, the Herald of that city says—"As the day wears on, the effect of numerous libations begins to tell on the 'gentlemen'—everybody is a 'gentleman' on New Year's day. The gentlemen are more demonstrative to the ladies. The gentlemen talk thickly and incoherently. The gentlemen exhale an odor alcoholic to an unpleasant degree. The gentlemen, not to put a fine point upon it, are drunk. They are emboldened to enter decent people's houses and make pigsties of them. They break the crockery, deface the plate, spoil the carpets, spill the wine upon the ladies' dresses, and altogether make beasts of themselves."

☞The Springfield (Ohio) Republic says that place was the home of the late Lieut. Strain, and a proper person to take charge of his effects may there be found.

"My son, if thou wilt wear tight boots, there are three things thou wilt inevitably suffer—namely, a bad corn, a bad gait, and a bad temper."

A NEW STYLE MACHINE;
PRICE $50.

It is no longer questioned that these Machines are the best in use for family sewing. They HEM, FELL, GATHER, AND STITCH in the most superior manner, and are the only machines in the market that are so well and simply made,—that they may be sent into families with no other instructions than are contained in a circular which accompanies each machine, and from which

A CHILD OF TEN YEARS

may readily learn how to use them, and keep them in order. They make upwards of FIFTEEN HUNDRED STITCHES A MINUTE, and will do the sewing of a family cheaper than a seamstress can do it, even if she works at the rate of ONE CENT AN HOUR.

Is there a husband, father, or brother in the United States, who will permit the drudgery of hand sewing in his family, when a Grover & Baker Machine will do it better, more expeditiously, and cheaper than can possibly be done by hand?

The following remedies are offered to the public as the best, most perfect, which medical science can afford. AYER'S CATHARTIC PILLS have been prepared with the utmost skill which the medical profession of this age possesses, and their effects show they have virtues which surpass any combination of medicines hitherto known. Other preparations do more or less good, but these cures such dangerous complaints, so quick and so surely, as to prove an efficacy and a power to uproot disease beyond any thing which men have known before. By restoring the obstructions of the internal organs and stimulating them into healthy action, they renovate the fountains of life and vigor,—health courses anew through the body, and the sick man is well again. They are adapted to disease, and disease only, for when taken by one in health they produce but little effect. This is the perfection of medicine. It is antagonistic to disease, and no more. Tender children may take them with impunity. If they are sick they will cure them, if they are well they will do them no harm.

Give them to some patient who has been prostrated with bilious complaint; see his head up, tottering form straighten with strength again; see his long-lost appetite return; see his clammy features blossom into health. Give them to some sufferer whose foul blood breaks out in a mass of vile ulcers; see his skin is covered with sores; who stands, or sits, or lies in anguish. He has been drenched inside and out with every potion which ingenuity could invent. Give him AYER'S PILLS, and mark the effect; see the scabs fall from his body; see the new, fair skin that has grown under them; see that his leper that lived in his dwelling has gone, whose angry humors have planted rheumatism in his joints and bones; move him, and he screeches with pain; he too has been soaked through every muscle of his body with liniments and salves; give him these PILLS to purify his blood; they may not cure him, for, alas! there are cases which no mortal power can cure. Behold, here he waits with crutches now, and now he walks alone; they have cured him. Give them to the lean, sour, laggard dyspeptic, whose gnawing stomach has long ago eaten every smile from his face and every muscle from his body. See his appetite return, and with it his health; see the new man—see her that was formerly a pinched-up form and ears, and restless sleepings, tell the dreadful truth in language which every mother knows.—Give it the PILLS to large doses to sweep these vile parasites from the body. Now turn again and see the ruddy bloom of childhood. Is it nothing to do these things? Nay, are they not the marvel of this age? And yet they are done around you every day.

Have you the less serious symptoms of these distempers, they are the easier cured. Jaundice, Costiveness, Headaches, Languor, Loss of Appetite, Foul Stomach, Nausea, Pain in the Bowels, Flatulency, Loss of Appetite, King's Evil, Neuralgia, Gout and kindred complaints, arise from bilious derangements which these PILLS rapidly cure.—Take them perseveringly, and under the counsel of a good Physician if you can; if not, take them judiciously by such advice as your neighbors can give the distressing, dangerous diseases they cure, which afflict so many millions of the human race, are one like the howling wolf of the desert, burrow in the brutes and in the sea. Price 25 cents per box—5 boxes for $1.

Through a trial of many years and through every nation of civilized man AYER'S CHERRY PECTORAL has been found to afford more relief and to cure more cases of pulmonary disease than any other remedy known to mankind. Cases of apparently settled consumption have been cured by it, and thousands of sufferers who were deemed beyond the reach of human aid have been restored to their friends and to perfect health and the enjoyments of life, by this all-powerful antidote to diseases of the lungs and throat. Here a cold had settled on the lungs. The dry, hacking cough, the glassy eye, and the pale, thin features of him who was lately lusty and strong, whisper to all but him (Consumption) He tries every thing else, but the disease is gnawing at his vitals, and shows its fatal symptoms more and more over all his frame. He is taking the CHERRY PECTORAL now; it has stopped his cough and made his breathing easy; his sleep is sound at night; his appetite returns, and with it his strength. The dart at such pierced his side to his heart. Scarcely any wound whatever can be found which has not some living trophy like this to shadow forth the virtues which have won for the CHERRY PECTORAL an imperishable renown. But its usefulness does not end here. Nay, it accomplishes more by prevention than cure. The common colds and coughs which it removes are seed which would have ripened into a dreadful harvest of incurable diseases. Influenza, Croup, Bronchitis, Hoarseness, Pleurisy, Whooping Cough, and all affections of the throat and lungs are easily cured by the CHERRY PECTORAL if taken in season. Every family should have it by them, and they will find it an invaluable protection from the insidious prowler which carries off the parent sheep from many a flock, the darling lamb from many a house.

Authenticated evidence of these facts, with directions for the treatment of each complaint, may be found in Ayer's American Almanac, of which we publish large editions, that we may send them broadcast over the earth, in order that the sick every where may have before them the information it contains. Druggists and dealers in medicine generally have Ayer's distribution gratis, and also for sale these remedies, prepared by Dr. J. C. AYER, Practical and Analytical Chemist, Lowell, Mass.

Sold by WM. R. PRESTON, and all Druggists in Portsmouth, and Druggists everywhere.

MY MOTHER'S SALVE!

This celebrated preparation has obtained an enviable and WORLD-WIDE reputation for ITS GREAT CURATIVE PROPERTIES, and has been the agent of relieving so many sufferers, restoring them to health and usefulness, that the proprietors feel it a duty to the public, and for the generous patronage bestowed upon this Salve, to make it accessible to rich and poor, that all afflicted may avail themselves of its healing qualities.

"My Mother's Salve" is a Perfect Chemical Compound, prepared from Roots, Herbs and Gums, gathered from the forest, possessing Healing, Soothing and Pain-Relieving Virtues never before combined in a Salve or Ointment.

"My Mother's Salve" is safe and efficacious and all those troubled with BRUISES, SCALDS, SALT RHEUM, ERYSIPELAS, COLD, PILES, and such like diseases, will find in its use great relief, and in most cases a Permanent Cure.

"My Mother's Salve" is a BURN or SCALD takes out the fire, soothes the irritating pain, and heals the wound more speedily and effectually than any other preparation.

"My Mother's Salve" is worthy of confidence, and thousands having used it and recommended it to their friends, it is now offered to the public.

Directions for using **"My Mother's Salve"** are simple. Every mother and nurse knows how to spread a plaster and dress a sore, and all who use the Salve will apply it in proportions, renewed at times, as good judgment may direct. For Rheumatism and other pains, rub the parts smartly with Salve. In cases of Cough, Tightness of the Lungs, Sore Throat, and such like ails, rub as in rheumatism. In any case of pain a good result follows the use of this Salve. Prepared by A. M. Bell, BURRILL & HUNTING, Sole Proprietors,

THE GREAT WONDER

Of The Nineteenth Century.

PROFESSOR WOOD'S

HAIR RESTORATIVE.

Says the St. Louis, (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. It certificates are proofs of of truth, the Dr. needs no encomiums, nor useless puffery from the press.

BATH, ME., Jan. 20, 1856.

PROFESSOR O. J. WOOD & CO.:

GENTLEMEN:—Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite gray, probably one-third white; my whiskers were of the same color at the same time months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about three weeks, when I have since procured another bottle, of which I have used some. I can now certify to the world that the gray or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe more soft and glossy! as it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two, has used it with the same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city, and a resident here for the last forty years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service. I wish to see the benefits of nature in others as well as myself. I am, truly yours,

A. C. RAYMOND.

BALTIMORE, Jan. 25, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood: Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1854, I was induced to make a trial of your preparation, and found it the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved. WM. DYER.

Brookfield, Jan 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that in my case it has proved to be a moving inflammation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair which has become quite thin, to its original color. I have used no other article with anything like the same pleasure or profit.

J. K. BRAGG.

The Restorative is put up in bottles of 3 sizes, viz: large, medium, and small; the small holds ½ a pint, and retails for $1; the medium holds at least 20 per cent. more in proportion than the small, retails for $2; the large ho'ds a quart, 40 per cent. more in proportion, and retails for $3.

The Liver Invigorator!

PREPARED BY DR. SANFORD,

Compounded Entirely from GUMS.

IS ONE OF THE BEST PURGATIVE AND LIVER REGULATORS now before the public.

These **Gums** remove all morbid or bad matter from the system, supplying the place of a healthy flow of bile, invigorating the stomach, causing food to digest well, giving health to the whole system, removing the cause of the disease—effecting a radical cure.

One dose often repeated is a sure cure for Cholera Morbus, and a preventive of Cholera.

Only one bottle is needed to throw out of system the true description of the disease been of medicine after a long sickness.

Bilious Attacks are cured, and what is better, prevented by the **Liver Invigorator.**

One dose after eating is sufficient to relieve the stomach and prevent the food from rising and souring.

One bottle taken before retiring, prevents nightmare.

One dose taken at night, loosens the bowels gently, and cures costiveness.

One bottle taken for Jaundice removes all sallowness or unnatural color from the skin.

One dose taken a short time before eating gives vigor to the appetite and causes the food digest well.

One dose taken after each meal will cure **Dyspepsia.**

One dose taken for Diarrhœa in its worst form, while **Summer and Bowel Complaints** will yield almost to the first dose.

One dose and two teaspoonfuls will always relieve **Sick Headache.**

A few bottles will cure Dropsy by exciting the absorbents.

Only one dose immediately relieves **Colic.**

We take pleasure in recommending this medicine as a preventive for Fever and Ague, Chill Fever, Intermittent Fever, and Bilious type. It operates with certainty, and without griping or leaving to testify to its wonderful virtues.

All who use it are giving their unanimous testimony in its favor.

Make sure to take the mouth with the Invigorator, and swallow both together.

PRICE, ONE DOLLAR PER BOTTLE.

Patent Mastic Roofing.

Impervious to Water, and a Sure Protection against Destruction by Fire.

THE Inventor of this Roofing labored many year to combine articles which would answer the above purposes, and obviate the difficulties of Rust and Decay attendant upon Tin and Shingles, and the destruction by sun and Frost of the Pitch and other Cements now in use; this he succeeded in doing, and now *after Five Years of the severest trial*, we would invite the careful attention of all interested in such matters, believing that they will be *fully convinced* of its practical value, both for durability and cheapness, in which respects we do most strongly assert that ITS EQUAL IS NOT KNOWN.

This Roofing can be readily applied to roofs of every description, either Steep or Flat, and can be put on one Shingle or 1 in. at much less expense than the first, and at about half the cost of the latter.

We are aware that the public have had many kinds of roofing brought to their notice within the last few years, and that most of them have proved complete failures; but we do most confidently and unhesitatingly assert that the article which we would bring to your notice is *far superior to anything of the kind yet discovered*, and after a severe test of many years, it stands as reliable and as good as when first put on, without change or decay.

LOTTERIES.

THE Lotteries of Samuel Swan & Co. are chartered by the State of Georgia, and have sworn commissioners appointed to superintend their drawings and see that everything connected with the same is done in a strictly honorable manner. They offer to the public a fair opportunity for investment, the interests of parties at a distance being as well protected as if they were present. The Manager would respectfully call attention to the fact that all persons have a legal right to send orders for tickets to Georgia, as the lotteries of Samuel Swan & Co. are authorized by the Legislature of that State. A lottery will be drawn every business day throughout the year, all orders received being filled in the drawing next to take place after the same comes to hand. According to the scheme one ticket in every ten must draw a prize. Tickets are $10; halves, $5; quarters, $2.50. No tickets sent unless the money accompanies the order. The drawings are upon the principle of one number on each ticket, and are so simple that none can fail to understand them. There is no combination of numbers to puzzle the buyer. Prizes vary from $40 to $75,000; every ticket being drawn and result of drawing forwarded to all purchasers

☞ A list of the numbers that are drawn from the wheel, with the amount each prize is entitled to, will be published after every drawing, in the following papers:—New Orleans *Delta*, Mobile *Register*, Charleston *Courier*, Nashville *Union*, Atlanta *Intelligencer*, and New York Weekly *Day Book*. Write your address plainly, and direct to S. SWAN & Co., Augusta, Georgia

Prizes paid in full, no percentage deducted from prizes as in other lotteries.

All communications strictly confidential. m18ly

DR. J. B. HUGHES,

KNOWING that there are at this moment hundreds of persons in the surrounding towns, surrendering their lives to the fearful inroads of certain dangerous maladies who still suffer from the reluctance to make known their complaints, and consulting a PHYSICIAN, he would state that any of his medicines will be sent by express or otherwise, to all who may order them, provided the true description of the disease be sent by letter and directed as above.

Full and explicit directions will accompany every package, and the most inviolable secresy preserved.

DR. HUGHES can with safety say during the last year of his practice in Boston, more than three hundred cases of disease which had been improperly treated by empyrics have come under his care, and more than three-fourths of this number are inscribed upon his books as perfect cures.

The medicines are all prepared under Dr. Hughes, post paid, and medicines sent all over the country, carefully concealed from scrutinizing friends.

Be particular in finding Dr. Hughes. Do not be lured from the right path, or be persuaded to try experiments with the health and life of others at the expense of destroying what is the great pillar of life, a healthy constitution.

This medicine can only be obtained at the Office of Dr. HUGHES, 19 Howard street, Boston.

DR. J. B. HUGHES UNIVERSAL FEMALE RENOVATING PILLS. These pills are unrivalled in efficacy and superior virtue in regulating all female irregularities. Their action is specific and certain, producing relief in a short space of time. They are acknowledged to be the best in use.

The Dr. cautions the public to beware of impositions that are being practiced by advertising a spurious article under some spurious or fictitious name. They are entirely useless, and have been got up by miserable pretenders who are entirely ignorant of the efficacy of medicines.

All who are in pursuit of the genuine article, had better call on the Dr. at his office, where they will be sure of getting the genuine—the only place in Boston where the genuine is to be found.

These pills can be sent to any part of the country with directions. Remember the number—13 Howard street, Boston.

P. S.—The best of accommodations furnished, with kind and attentive nurses if they wish, at a reasonable rate. jy2 d1y

Dye your Hair and Whiskers.

BY using Hutchins' Liquid HAIR DYE, you can color Red or Gray Hair to a beautiful Brown or Black. This is the best article in use. A lady says it is cheaper to use it than to buy caps to cover her gray hair.

Look at that gentleman's whiskers—Hutchins' Hair Dye makes them look so handsome.
